The beautiful Hall of Mirrors at the Deshler-Wallick Hotel, Columbus, will be the scene of Congress meetings and the banquet, planned to be the best

# Columbus Is Preparing For Congress

## September 9, 10 and 11

**T**HERE'S a new song out, "I Had a Wonderful Time in Columbus," written by a song writer who spent a few days in Columbus some years ago. It might well be the theme song of the committees who are planning for the annual Chi Phi Congress this fall.

Actives and Alumni from Iota and Alpha-Chi at nearby Ohio Wesleyan have been working together to give visiting Chi Phis a royal welcome and a full three days of activity and entertainment. You can see from the following committees appointed and headed by John Harlor, Iota '21, that nothing is to be overlooked.

Members of the Committee for the National Congress are:

*General Chairman*—John Harlor  
*Co-Chairman and Treasurer*—C. Edward Born

*Co-Chairman and Tickets*—W. W. Jeckell

*Executive Committee*—Roy Brenholts, Chairman; W. T. Joseph, Vice Chairman; Leigh Koebel, Haig Bradford, Herb Zelsman, Frank Loehnert, Edward E. Morris, Charles E. Dean, George Simpson, Robert C. Tyler, Roy E. Kirk, Wilburn K. Kerr, Percy Tetlow, John Burkett, A. C. Cochran, Edward P. Leonard, Dr. M. L. Cherington.

*Social Chairman*—John M. Moore

*Smoker Chairman*—Jim Zikas

*Banquet Chairman*—H. O. Platter

*Ball Chairman*—Jack Merritt

*Publicity Chairman*—W. Prentiss Brown

*Hotel Chairman*—Charles Van Thomas

*Sports Chairman*—Larry Snyder

*National Officers Chairman*—Eugene T. Benham

*Ladies Committee Chairman*—Mrs. Russell Kessler

*Registration Committee Chairman*—Mrs. W. W. Jeckell

*Reception Committee Chairman*—William Saxby.

*Transportation Committee Chairman*—Jack Gillette

*Paraphernalia Committee Chairman*—Fred Wollary

*Collaborate with the Chapters*—Wendell Lilley, Alpha-Chi; Dr. Edward Chapman, Iota.

## By W. P. BROWN, Iota '21

Officers of the Chi Phi Alumni Club of Columbus are: President, Lee H. Wears; Vice President, George Simpson; Treasurer, John M. Moore; Secretary, W. W. Jeckell.

While Congress will not officially convene until Tuesday, September 9, Columbus Alumni are planning an informal smoker in the Wallick Suite of the Deshler-Wallick Hotel on Monday evening, September 8. Everyone is urged to come early and attend this get-together. Jim Zikas, Smoker Chairman, promises some fine entertainment.

Congress will get under way Tuesday morning at the hotel. The meetings and the banquet on Tuesday evening will be held in the beautiful Hall of Mirrors in the Deshler-Wallick. The Ladies Committee is planning a round of teas, luncheons and tours of the city for wives of the members who will be

attending meetings. Larry Snyder is in charge of sports and arrangements have been made for golf and recreation at the beautiful University Golf Course and other clubs around the city.

The banquet will be held Tuesday evening, September 9, in the Hall of Mirrors. Wednesday will be taken up with more meetings and climaxed by the Grand Congressional Ball that evening. Another line from the above-mentioned song says, "I Found a Wonderful Gal in Columbus." The Chi Phi Wives and Mothers Club is planning to make this come true for the unattended brothers who will want to attend the dance. Just signify your desires when you register.

Iota and Alpha-Chi Chapters at Ohio State and Ohio Wesleyan, respectively, will send delegations to Congress to help with the entertainment. The Iota Glee Club,

shown below, will show visiting brothers what Ohioans mean when they talk about singing. Men from this chapter can also tell delegates what good relations with college administrations mean. Ohio State's Greek Week is outstanding and the regularly-issued bulletins for fraternities from the Office of the Dean of Men are the means of better understanding of fraternity responsibilities. The Alumni of Alpha-Chi will be good men to corner for ideas about how-to-own-your-own-home, in case you are looking for ideas on that subject.

The Deshler-Wallick Hotel has been designated as Congress Headquarters. With rooms still hard to obtain in most leading hotels you are urged to send your request for reservations right now to Mrs. Catherynne Winebar, Reservation Manager, Deshler-Wallick Hotel, Columbus, Ohio. Don't wait, make your plans now to attend the 1947 Annual Chi Phi Congress in Columbus.

Iota Chapter at Ohio State University will join Columbus Alumni Club in welcoming Congress delegates and guests. Left, Iota's formal dinner dance was given at Beechwood Inn, Columbus. Right, the Iota Glee Club entertained guests at the party. Left to right are Howard Ott, Raymond Opre, Bob Renfrew, Ralph Leppla, Wayne Klein, Dave Nicolls, Bill Stephens, Bob Blewitt, Jack Bacon (behind Bob), Bill Blackburn. John Nutter is the director

James Edward LeRossignol  
Alpha Theta Chi '38

## *Pioneer, Lecturer, Writer*

# THAT IS DEAN LeROSSIGNOL

By **JOHN DAVIDSON CLARK**

*Alpha Theta Chi '05*

**T**HE lengthened shadow of James Edward LeRossignol is indeed found in the very core of the College of Business Administration of the University of Nebraska, but his influence has extended in a notable degree far beyond the campus at Lincoln.

When Dean LeRossignol became a member of the faculty of the University of Nebraska in 1911 as Professor of Economics, the American colleges were slowly yielding to the pressure for courses of instruction for students wishing to prepare themselves for business careers. The ideological contest which was to gain recognition as professional schools for the colleges of business administration had then hardly begun. The traditional courses of instruction in the colleges of liberal arts were here and there infiltrated with a few business courses which were carelessly tolerated by the guardians of the cultural curricula. They could not foresee that they were permitting the introduction of a Trojan horse which would before long threaten to overshadow them.

Dean LeRossignol was little like the man one would expect to be a leader in directing American college education into this new channel. Returning from the University of Leipzig in 1892 with his degree of Doctor of Philosophy, he was thoroughly representative of that early group of American scholars who found in the German universities a solid foundation in economic theory.

His only diversion from the duller precincts of political economy had been a few seasons of study and writing about socialism, in the course of which he spent some time in New Zealand. In many respects he was truly representative of the mythical campus dweller, participating but little in the affairs of the world and in business affairs. Of all of the men of the faculty of the University of Nebraska he was by temperament, training, and intellectual bent the one least likely to welcome a sharp break with the traditions of the American college of liberal arts.

Yet it was Dean LeRossignol who not only inspired and directed the educational shift at Nebraska, but also played an important rôle in determining the character of the college of business administration in all of the universities of the country. The very qualities which seem to be inconsistent with his support of the new institution inspired in him a determined advocacy of a curriculum pattern without which the colleges of business administration might easily have degenerated into vocational training institutes, but little respected in the college world.

The courses in business which he added to the curriculum of his department of political economy won student patronage so rapidly that the regents of the University were moved to convert the department into an organized School of Commerce within the liberal arts college

in 1913, soon enough to permit it to join the more important of the young institutions in the organization of the American Association of Collegiate Schools of Business which has exercised dominant influence in determining the character of the business curriculum everywhere. Dean LeRossignol was from the first an active member of the Association, of which he was one of the early presidents, and he bears much of the responsibility for the early Association policies which have been so powerful in shaping the courses of study of the colleges of business administration.

He discounted the importance of vocational training which may be given, and usually be better given, in the business office than in the class room, while he emphasized the competency of the college to train the student to gather and arrange facts, to analyze situations and problems, and to reach judgments in which he himself has such confidence that he will be willing to act upon them. It is this kind of training, Dean LeRossignol insists, which marks the college of business administration as a professional school and which requires and justifies a curriculum one half of which represents the most significant portion of the traditional curriculum of the college of liberal arts. No greater service to the cause of scholarship has ever been rendered than that rendered by Dean LeRossignol and his colleagues in securing uni-

versal acceptance of this plan of instruction in the colleges of business administration, which are now absorbing the most vital portion of the college world.

When the College of Business Administration was established by the Legislature as an autonomous college in 1919, with Dean LeRossignol at its head, American colleges were entering a postwar period of rapid growth like unto that which they are now experiencing in an exaggerated degree under the influence of the veterans' educational program. The college had already gained enough importance within University to win splendid quarters in the newest and finest of the campus buildings and, under the direction of Dean LeRossignol and of the splendid faculty assembled by him, it grew until it became second in size only to the College of Arts and Sciences. Dean LeRossignol was a familiar figure to all students and he maintained a cordial relationship with all those who became upperclassmen. Their affectionate regard for him has been exhibited on many occasions and in innumerable incidents, none more striking than the invitation extended to him to become a member of Alpha Theta Chi a short time before that distinguished local fraternity became a chapter of Chi Phi.

The extraordinary versatility of Dean LeRossignol has won him distinction in many ways. He is as much at home upon the lecture platform as in the seminar upon advanced economic theory, and his irrepressible wit which imposes upon his intimates the heavy burden of unremitting alertness has made him a most popular after-dinner speaker. Notwithstanding the many calls upon his time which these diversions added to the requirements of his duties as administrator and instructor, he has found it possible to exercise his literary and scholarly qualities in his study with fine success in economic texts and tracts and in a group of novels which carry the reader into the depths of his beloved French-Canadian wilderness where he himself spends his summers with rod and reel. Untouched by advancing years, he

## THE EATONS of Phi

**W**E think the Eatons of Phi Chapter at Amherst have a record—six men in the family are members of Phi and the four sons have been initiated during the '40s. But the record is more than that. We can't think of Phi without thinking of the Chapter Adviser, Brother Louis Franklin Eaton, Phi '15. It has been our pleasure to work with him ever since we had an official connection with Chi Phi Fraternity. He is a loyal Chi Phi and an understanding one. The whole Fraternity appreciates the splendid and devoted work Brother Eaton has done.

Not the least of this has been to inspire his four sons to follow in his footsteps at Amherst. But before we tell you about them, we want you to know more about their father. He was born at Brockton,

---

marked his final active year as dean by publishing an impressive study, *From Marx to Stalin*, with which he rounded out in distinguished manner the special economic work he had entered upon so many years before.

His retirement as dean of the College of Business Administration in 1941 meant for Dean LeRossignol only greater liberty to study and write as he chooses. Pamphlets and articles have flowed from his indefatigable pen. This pleasant work he laid aside for a time to return to the class room when calls into government service, which stripped the faculties of the colleges of business administration of the country, had their effect upon the Nebraska faculty. That emergency having passed, the pen of Dean LeRossignol is again busy, and his eightieth birthday finds him the same familiar figure on the campus and the same beloved companion of his friends, who rejoice in his good health and in the undiminished zest with which he meets each new day.

Louis F. Eaton  
Phi '15

Mass., on Sept. 6, 1893. He enlisted in the Navy on April 17, 1917, and was commissioned Lieutenant (jg). He became Engineer Officer and Radio Officer, instructing at the Naval Academy. He was discharged in 1919. His wife is the former Margaret Ayers of Jacksonville, Ill. The family lives at 74 Highland, Woonsocket, R. I.

Louis Franklin Eaton, Jr., was born on Dec. 20, 1918, while the family was in Annapolis. His Amherst class was '40. Besides following his father in Phi, he, too, became a naval Lieutenant, in 1944. He married Elizabeth Ferguson and they live in Pawtucket, R. I. The second son, Robert Ayers Eaton, Phi '43, was born after the family moved to Brockton on May 4, 1921. He was initiated into Phi Chapter on Nov. 9, 1939. He, too, served in the Navy as an officer.

The Army broke the tradition when Allan Ayers Eaton, initiated into Phi on Jan. 15, 1941, joined it in 1943. Allan's Amherst class is '44. His birthday is May 30—the year, 1922.

Born on June 13, 1926, at Brockton, David Ayers Eaton was initiated into Phi on Nov. 14, 1946. He will graduate from Amherst in 1949.

In addition to his four sons, Brother Eaton's influence turned a nephew, a Beta Theta Pi legacy, into an Amherst Chi Phi. Charles C. Eaton, Jr., Phi '34, is the son of a Brown University Beta.

How's that for a Chi Phi family?

# MEN Who Make

**C**HARLES KELLOGG FIELD, a member of Zeta Xi, inspired by long membership in his fraternity, wrote a poem called "When This New Pin Grows Old." The first stanza of it goes like this—

*We've slipped the bandage from your eyes,  
We've drawn aside the veil  
That hides our sacred mysteries  
From men beyond our pale;  
And now upon your glad young breast  
We pin a badge of gold—  
You cannot know how richly blest  
Till this new pin grows old.*

The men who make the wheels go round in the chapters of Chi Phi realize that Mr. Field's words are true. The men in the chapters with whom they have contact and the national organization of Chi Phi feel their influence constantly.

Continuing the introduction of the men behind the officers in the chapters, we find that gray hair and long years of alumniship are not necessary attributes of good chapter guidance. When the old guard at Gamma stepped aside, Moreton Rolleston, Gamma '39, better known as "Bubber," and James W. Dorsey, Gamma '34, took over, "Bubber" as Chapter Adviser and Jim as Council Representative. Under

their able leadership, Gamma at Emory is now one of the best chapters in the Fraternity.

Delta Chapter is fortunate to have Judge George R. Morrison, Delta '14, of the New Brunswick District Court, as its Chapter Adviser. With Brother Schenck's and Brother Morrison's fine leadership the Rutgers chapter has prospered.

Virginians know Robert Kincaid Brock, Epsilon '97, as Senator Brock because he has served in the State Senate for a good many years. The Hampden-Sydney chapter, his own, knows him as its Chapter Adviser. With the able assistance of John H. Temple, Epsilon '38, Council Representative, he has done one of the most outstanding jobs as the trusted adviser and leader of the chapter. The Fraternity as a whole owes them a deep gratitude.

John J. Wilkins, Eta '20, is the Council Representative at Eta Chapter, University of Georgia, and no abler representative has the Fraternity anywhere. Brother Harry Hayes, Chapter Adviser for Theta Chapter, is a man well known to Chi Phi. The Rensselaer chapter's Council Representative, Frederick Mead Tibbitts, Theta '29, has worked faithfully with him.

From the top to the bottom: John M. Jones, Sigma '14; Woolsey Fennell, Jr., Tau '25; Dr. M. S. Cherington, Alpha-Chi '18; Henry L. Ewbank, Alpha-Chi '17; L. P. Kelley, Beta Delta '25. Center, Edward K. Van Winkle, Omega '24. Right, Robert K. Brock, Epsilon '97

# the Wheels Go Round

Above, top: George R. Morrison, Delta '14; center, Moreton Rolleston, Jr., Gamma '39; bottom, James W. Dorsey, Gamma '34, Alpha-Alpha '36

Kappa Chapter at Wisconsin is in excellent hands with Brother Henry Lee Ewbank, Alpha-Chi '17, as Chapter Adviser and Brother Al Haake, Kappa '14, Council Representative. The Fraternity has been indebted to Brother Haake for many years. He has done fine work in every branch of fraternity work.

Charles Elmer Rowe, Nu '00, Council Representative, assisted by Dr. O. B. Williams, Chapter Adviser, are Nu Chapter's leaders. The Texas group is well advised. The University of Illinois chapter, Sigma, has John Morris Jones, Sigma '14, as its able Council Representative. Alabama's Woolsey Finnell, Jr., '28, is Tau's fine Council Representative. Omega at Georgia Tech boasts a past Grand Delta, Edward K. Van Winkle, Omega '24, as Chapter Adviser and Ed is doing his usual good job for the Fraternity in that capacity.

The Fraternity, as a whole, pays tribute to the two men who have done so much for Alpha-Alpha Chapter. They are J. Maryon Saunders, University of North Carolina '25, Council Representa-

From the top to the bottom: John H. Temple, Epsilon '38; John J. Wilkins, Jr., Eta '20; F. M. Tibbitts, Theta '29; C. E. Rowe, Nu '00. Center, Prof. H. R. Patterson, Epsilon Delta '09

tive, and Roy Armstrong '26, Chapter Adviser. Dr. Maynard S. Cherington, Alpha-Chi '18, Council Representative, and John Hiel Matthews, Alpha-Chi '38, Chapter Adviser, are the men responsible for the Ohio Wesleyan chapter. The Fraternity appreciates their faithful service.

Beta Delta, a chapter of which we are all proud, has, as its Council Representative, Louis Phillips Kelley, Beta Delta '25. Brother Kelley has always done a good job in whatever he has undertaken. The Council has been deeply grateful to Professor Henry Richard Patterson, Epsilon Delta '09, Chapter Adviser, for the wonderful work he did during the war and since that time for what we know will be a magnificent chapter—Epsilon Delta.

Claude Leon Murphree, Theta Delta '28, Council Representative for the University of Florida chapter, has worked hard for that group. He is Professor of Music and has furnished entertainment and pleasure for the Fraternity and the college at various Congresses and meetings. He has the excellent assistance of Brother James E. Chace, Phi '23.

## Will Makes Way

ON the completion of the most successful Founders' Day of this chapter's history one is prone to look with great pride upon the success of this chapter in the past 12 months. For, present at the last Founders' Day banquet in 1946, was the total Active Chapter, consisting of two men. But present also was the undying dream in the hearts of all the Alumni that this chapter would once again spring into life. At that time the chapter, if one could give it the name, was not only without members, but also without furniture for its chapter house. The Alumni Association at that time began its concentrated drive toward the revival of this dormant chapter. The wholehearted financial support of the Alumni was solicited and received. Pledges totaling \$2,400.00 were given for the new furniture.

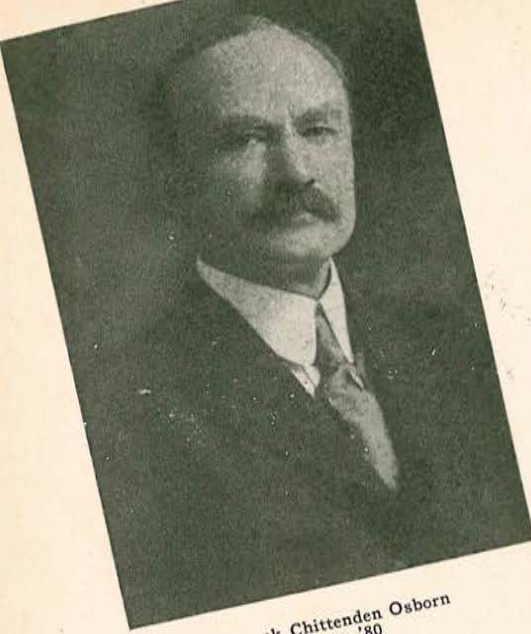

Finally, though many obstacles were to be overcome, the battle was won. There were present at the Founders' Day banquet on May 3, 1947, not two actives, but a total of 19 active members. The chapter now has an enviable house of its own on campus, furnished throughout with completely new furniture.

Thus, as we complete the first postwar year of Gamma Delta's operation, we can look upon Founders' Day not only as the day on which the original chapter was created, but also as the birthday of this growing and progressive postwar chapter.

# Builders

Frank Chittenden Osborn  
Theta '80

Kenneth Howard Osborn  
Theta '08

**“W**E sleep on an idea, then bring it down to the office in the morning, and start an argument.” That, according to the structural engineer, Brother Kenneth Howard Osborn, Theta '08, is the way the great stadiums on 20 American campuses and the baseball parks in 17 cities came into being. Just dreams of concrete and steel, argued into bowls for roaring fans.

But this is not a story of one designer of dreams alone. It is the story of a father and a son and it starts in Greenland, Ontonagon County, Michigan, on Dec. 18, 1857, when Frank Chittenden Osborn was born to Reuben Howard and Livonia Chittenden Osborn. It moved to Rensselaer Polytechnic Institute where the young Osborn was a charter member of Theta Chapter, joining his name to those of Charles Frederick Stowell, Rees Evan McDuffie, Arthur Cobb, Francisco de Assis Cintra, George Washington Gale Ferris, the inventor of the Ferris Wheel, and the original petitioners—William Barret Ridgely and George Edward Thackray on the charter of May 25, 1878. Two years later the Institute granted Brother Osborn the degree of civil engineering. In October of the same year, 1880, he married Annie Paull of Calumet, Michigan, after having embarked on a career as assistant engineer with the Louisville Bridge & Iron Co. For two years he was associated with his Theta brother, G. W. G. Ferris & Co. of

Pittsburgh, inspectors and designers of structural steel works. By 1892 he was in private practice as consulting and designing engineer for structural steel work. In 1900 he became president of the Osborn Engineering Co. in Cleveland, Ohio.

It was while Brother Osborn was with the Keystone Bridge Co. that Kenneth Howard Osborn was born in Pittsburgh, Pa., on July 7, 1886. And of such was his heritage: steel, concrete, Rensselaer, civil engineering, Theta Chapter, and the Osborn Engineering Co.

Kenneth Howard Osborn made good in Rensselaer's Class of 1908. He served as its president in his junior year, on the staff of the 1908 *Transit* (the yearbook), on the class baseball team. In his senior year he was Alpha of Theta Chapter, having held a minor office earlier in his membership which was established in September, 1904. The honors of membership in Sigma Xi and Tau Beta Pi, scientific and engineering societies, were given him.

But his Chi Phi service did not end with graduation. He was Alumni Delegate for Theta Chapter at the Congress in Columbus, Ohio, in 1922.

The elder Osborn evidently held to the opinion that a son can get experience best beyond a parent's eye. After graduation, Brother Kenneth served with the Isthmian Canal Commission, 1908-09. There followed work with the New York Central Railroad Bridge Department, New York City, and with the New York State Railways, Rochester, on track and bridge construction. In September, 1910, Kenneth became an inspector for the Osborn Engineering Co. in Cleveland, staying there until February, 1911, when he became inspector and engineer in the Department of Building Inspection, Cleveland. In September, 1912, he entered the structural engineer office of the Architect of the Cleveland Board of Education.

In August, 1916, he returned to the Osborn Engineering Co. as a

structural engineer, the position he still holds. The following year he was made a director of the company; from 1920 to 1945, he served as secretary and, at present, is vice president.

The elder Osborn died on Jan. 31, 1922. He had been a member of the American Society of Civil Engineers, the Institute of Civil Engineers of Great Britain, the American Society of Testing Material, the Cleveland Engineering Society, the American Railway Bridge and Building Association. Kenneth served as vice president and president of the Cleveland section of A.S.C.E. and was chairman of the Building Code Committee of the Cleveland Engineering Society from 1916-28. He was chairman of the Committee on Safety Code for Grandstands of the American Standards Association from 1931-44. He, too, belongs to the American Society for Testing Materials. *Who's Who in Engineering* contains his biography.

These are the men behind the great sports fields of America: League Park and Stadium, Cleveland; Polo Grounds and Yankee Stadium, New York; Braves' Field and Fenway Park, Boston; Griffith Stadium, Washington, D. C.; Briggs Stadium, Detroit; Sportsmen's Park, St. Louis; Comiskey Park, Chicago; and the minor league fields in Buffalo, Toledo, Kansas City, Indianapolis, Mobile, Akron, and Kalamazoo. The larg-

est football bowl built by the Osborns is Michigan's 77,000-seat stadium. There are the stadiums at Minnesota, Wooster, Oberlin, West Virginia, West Point, Notre Dame, Purdue, University of Florida, Indiana, Western Michigan College, St. Louis University, Ohio University, Southern Methodist University, Ohio Wesleyan, University of Kentucky, Center College, University of Akron, Geneva College, DePauw. High school stadiums are Academy Field, Erie, Pa.; Atwood Field, Flint, Mich.; Rayen High School, Youngstown, Ohio; Shaw Field, East Cleveland; Hackley Field, Muskegon, Mich.; New Castle, Pa.; Ely Stadium, Elyria, Ohio; Harding Field, Marion, Ohio; Lorain, Ohio.

Athletic fields have been constructed for the Meadville, Pa., Board of Education; The Euclid, Ohio, Board of Education (two fields); Alliance College, Cambridge Springs, Pa.; and Firestone Tire & Rubber Co., Akron.

Racing fans watch the tracks from Osborn grandstands at York, Pa., Wooster, Ohio, Hamburg, N. Y., Canfield, Ohio, Clearfield, Pa., and Dunkirk, N. Y.

But Osborns do not build for sports alone. Plants have been built for the chemical, food, paint, ceramics, insulation, metal working, aluminum, power, and air conditioning industries by them.

Brother and Mrs. Osborn, the former Fanny Louise Runyon, went through college again with three of their five children: Dorothy, Western Reserve '33, now Mrs. Lincoln C. Dickey, Cleveland; Eleanor, Denison University '38, now Mrs. David W. Jasper, Jr., of Chicago; and David, a chemical engineer from Lehigh '42. After four years in the Army, David is with Republic Steel Co. The twins, Shirley and Carol, have just graduated from Shaker Heights High School. There are seven grandchildren.

The Osborns have been real builders in American society.

## Fraternal Love Grows with Years

854 Mulberry St.  
Macon, Ga.  
April 2, 1947

DEAR BROTHER ROSSER:

In answer to your request, I am sending a few lines concerning Chi Phi in the good old days. I think that you must be either the son or the grandson of a prominent lawyer in Atlanta when I was in Emory-Oxford. I "rode the goat" into Chi Phi at old Oxford in the spring of 1880. If I do not mistake, Col. Ebenezer T. Williams was Alpha at the time I was inducted. There may be older Chi Phis, but I am sure that old Gamma of Emory has no one older. I am of a Chi Phi family, having two brothers, two brothers-in-law, two sons, and four nephews besides several "in-laws" in Chi Phi. When I visited my son in beautiful Thomas Connally Hall at Emory in 1937, I was struck with the wonderful advancement over the "horse and buggy days" of our Chi Phi at old Oxford. Then we occupied a small upstairs room in a building since burned down. In this building, there were two classrooms below and above two similar rooms, one occupied by Chi Phi and the

other by Kappa Alpha. Just at the top of the stairs a small hall separated the two rooms and we had agreed with the Kappa Alphas to have our meetings on alternate nights for, when there were any initiates, we had to use this little hall to carry out our Ritual.

We little thought of dances and large receptions in those days, but were quite happy to send a committee to Atlanta to purchase cake and ice cream to celebrate our Annual Promenade at Commencement. Commencements were gala days then. On that auspicious night each of us would bring a lady and spend the evening promenading in the charming beautiful grove on our campus. Quite tame in the eyes of modern youth, but Oh! how grand we felt. I remember at one of our Promenades, it was my high and happy pleasure to escort the daughter of Gen. John B. Gordon. In those days it was the rule for the escorter on a previous afternoon to take his escortee for a buggy ride and how important we used to feel. I am sure that none in these days ever felt so important in his Rolls-Royce or Buick. There were four Chi Phis who graduated from our

class in 1883, Carvil Carson, Will Hill, Joseph Stewart, and myself. We never set the world on fire, but we four somehow did manage to get speakers' places and do a little for Chi Phi. Three of our class died early, or I am sure that history would have had something to record of them. Carvil Carson, our senior, was one of the purest gentlemen that I ever met, a man who could always be trusted for the right. He was an uncle of our Dr. W. B. Stubbs. Will Hill was a nephew of Senator Benjamin Hill and had much of the gift of his great uncle's oratory. Only his early death prevented his name from occupying a prominent niche in the Hall of Fame. Joe Stewart did live long enough to become quite a factor in the educational life of our State. His work among the High Schools of the State will not be forgotten. I have lived long enough in old China to become quite an antique. Old men of 83 get garrulous, so I must close.

One thing I would say, no matter how old one gets, it seems that love for old Chi Phi continues more young and virile than ever. Some years ago I happened up on an old Episcopalian bishop in China. He was then bowed down with old age and disease, not far from the day of his death. I knew he was a Chi Phi and, as I shook his old hand, I thought that I would give him the "grip." As I did so, his old face lighted up with a smile and he said something like, "Oh, that old grip!"

With kind regards and best wishes, I am,

Fraternally,

W. B. BURKE

Gamma '83

#### THETA DELTA

Don L. Six '41, after spending several years as Chief Production Engineer with Aeronca Aircraft Corp., in Middletown, Ohio, and a 2-year hitch in the Navy, is a partner in Six Industries, a manufacturing and contracting firm in Springfield, Ohio. He has a son almost three and a daughter six months old.

**H**OW did Alpha-Chi do it? After reading the article in the April issue of THE CHAKETT, that question has been asked in several quarters. Russell L. Guin, Alpha-Chi '17, told about the mechanics of running the successful campaign which resulted in "the plaster coming off." He was too modest to say that he was the fellow who headed up the campaign.

Brother Guin is vice president of Interstate Publishers Inc., Danville, Ill. Remember those attractive brochures which were used in the drive for funds? It takes a printer to know at what cost in paper and shop time those were produced. But Russ is president of Alpha-Chi Alumni Association and that is the way he does things.

After he was graduated from Ohio Wesleyan, he took his Master's at the University of Illinois. He is a member of the State Teachers College Board, of the University Retirement Board, and a past national president of the American Business Clubs. He lives at 207 East Raymond, Danville.

Hats off to Russ!

*Here's to Russ!*

Russell L. Guin  
Alpha-Chi '17

## To Quit Football

PAUL A. DUKE, Omega '47, will play his last football game on Aug. 23 in Chicago when the All-Stars meet the Chicago Bears. Despite offers from professional teams, including one from the New York Giants for \$10,000, Brother Duke will use the training he received at Georgia Tech, accounting for a degree in mechanical engineering and another in industrial engineering, in the employ of Taulman, Inc., an engineering firm in Atlanta.

During the months of June and July Paul will be a director at St. John's Camp, Delafield, Wis.

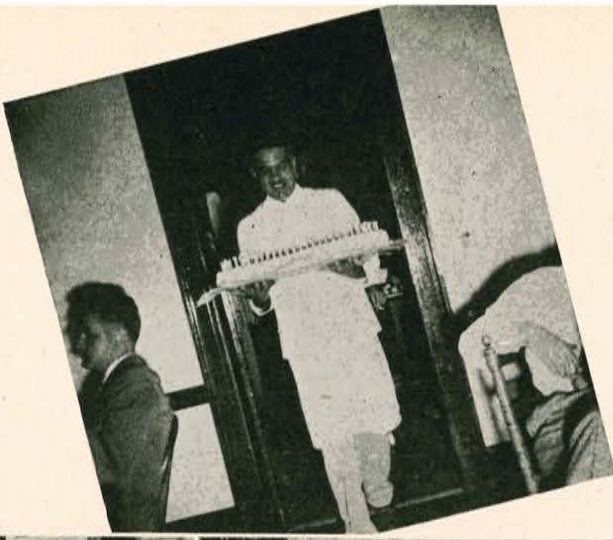

While he was at Georgia Tech, Brother Duke was Alpha of Omega Chapter for two terms and Beta for one term. He was vice president of the Bull Dog Club, and of Interfraternity Council; a class officer, member of Anak, the highest honor given at Tech, and its vice president. In 1945 he was the honor guest at the Rhodes Memorial banquet and presented a watch when he was voted the most valuable man on the football team. He served as captain of the team. In 1946 he was selected the most valuable lineman in the Southeastern Conference and was presented with a trophy by the Touchdown Club at its annual banquet at which he was honor guest. Last fall he was chosen All-Southeastern center and All-America center. His name appears in *Who's Who in American Colleges and Universities*.

Paul lives with his parents at 1200 Oxford Road, Druid Hills, Atlanta. When he was chapter Alpha, his mother was president of the Chi Phi Mothers Club.

#### IOTA

Dr. Virgil S. Counseller '18, head of a section of surgery in the Mayo Clinic, Rochester, Minn., and Professor of Surgery in the Graduate School of the University of Minnesota, spoke on "Vesicovaginal Fistulas" before the Detroit Urological Society at Lansing, Mich., on April 16; and on April 17 he addressed surgeons at the University of Michigan Medical School at Ann Arbor on "Endometriosis."

# Eta Celebrates

Brunswick stew, barbecued chicken, salad, and all the trimmings.

Soon after the luncheon we came back to the house and held memorial services and dedicated a plaque to those members of Eta who gave their lives in World War II. Brother Rutherford Ellis made the dedication address. The plaque read: "This tablet is erected to honor the 195 members of Eta in their country's service and in memory of the ten who gave their lives. Manne P. Adams, '38, killed November, 1944, Bougainville. James P. Allen, Jr., '38, killed February 11, 1945, Luzon. Ernest G. Beaudry, Jr., '46, killed November 21, 1944, Germany. Richard D. Brady, '26, killed March 24, 1945, Germany. William Broods, '86, died March 19, 1943, Texas. John C. Brown, '44, killed in England. Robert T. Brown, '41, killed March, 1944, USS 'Scorpion'. Joseph L. Neel, '43, killed June 23, 1944, England. Thomas E. Witt, '43, killed November, 1942, Africa. Robert Neel, '43, killed March, 1944, South Pacific." Brother Ellis related that he was present at the dedication of the plaque of World War I and that he roomed for a number of years with Richard D. Brady who made the supreme sacrifice in this war. He said to the active members, "You, the young men, must make certain that these men shall not have died in vain."

A business meeting followed with Brother Sibley in charge. A motion was passed that all past directors and presidents were to become *ex officio* members of the Eta Trust Association. It was also stated that plans had been drawn up for an annex for our house. Since there is a new university ruling that each fraternity must have a resident housemother, plans for her apartment were brought up. This meeting was very much enlivened by limericks told by Brother Fitzhugh Knox and other anecdotes re-

Eighty candles decorated Eta's birthday cake. Left, Fitzhugh Knox, Jack Wilkins and Rutherford L. Ellis. Right, Alpha Allen Douglas with Grand Alpha Hugh M. Dorsey. Bottom, the Alumni pose on Eta Chapter's veranda; right, a group at the Sunday tea

**E**TA CHAPTER celebrated its 80th anniversary on April 19-20. Many of the Alumni came for the event. Among those present were: Judge Luther Rosser, William H. Sibley, Rutherford Ellis, John Oliver, Hugh Dorsey, Howell McWhorter, Tom Green, Malon Courts, Bill Hartman, Bobby Troutman, Harvey Hill, William B. Wellman, Harvey Kennedy, Bolling Gay, Alec King, Sam Weyman,

Mayor Robert McWhorter, Jim Regan, Frank Mitchell, Arthur Clark, Henry Grady, III, Jack Wilkins, and Fitzhugh Knox.

The Alumni gathered at the house before noon and met the active members of the Fraternity. As soon as everyone was present, we went to a luncheon given by Brother Jack Wilkins. The luncheon was enough to make everyone's mouth flow like Niagara Falls—

# 80th Anniversary

by EDWIN R. HANCOCK

lated by Dr. Bolling Gay and Brother Harvey Kennedy.

At six o'clock an elaborate supper was served. After supper, Mrs. Rucker, our very esteemed house-mother, presented the Fraternity with an excellent history of Chi Phi, edited in 1924. This book was originally owned by Mrs. Rucker's late husband, Captain Jephtha Harris Rucker, '68, who was a charter member of Eta Chapter. The other charter members were: John Earnest Donalson, '68, Henry Woodfin Grady, '68, Louis Eatton LeConte, '68, and Benjamin Harvey Hill, '69, Peter W. Meldrim, '68, Robert Hugar Johnston, '70, and Alexander Pratt Adams, '69.

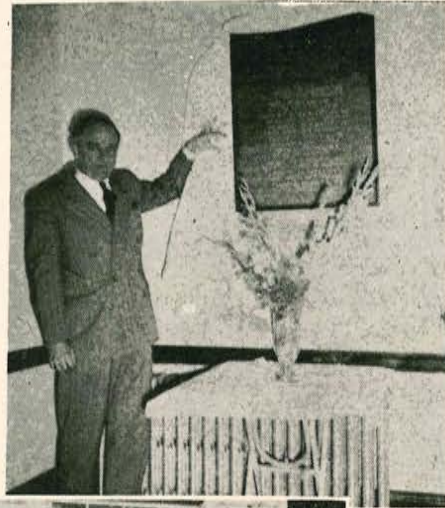

Third generation of the Charter members was represented by Harvey Hill and Henry W. Grady, Jr.

When an enormous cake with 80 candles was brought in, Brother Knox was asked to blow them out. He did it admirably with quite a bit of breath left over. After the cake was consumed, Alpha Allen Douglas called on each Alumnus to say a few words. Brother Sibley, in his talk, pointed out that since our brotherhood is the largest in its history, we must be especially careful not to form cliques within our chapters.

Sunday afternoon was marked by a tea at the Chi Phi house from four until six o'clock which the University Faculty and wives, and other Alumni attended. Assisting Mrs. Rucker in entertaining were the wives of the Alumni and a bevy of lovely sorority girls.

The house was completely renovated for this celebration. Several of the Alumni remarked that it looked better than they had ever seen it.

We, the actives of Eta Chapter, enjoyed putting this on far more than you may realize, Alumni. We hope to see you more often.

Past Grand Alpha Ruddy Ellis dedicated the plaque commemorating the names of members lost in World War II. Left, Brothers William Hart Sibley, Judge Luther Z. Rosser, Grand Alpha Hugh M. Dorsey, seated, and Alpha Allen Douglas, Jack Wilkins, standing. Right, Henry Troutman, Jr., and another Eta active with Bill Sibley. Bottom, a group of actives and a scene at the party.

*Versatile---*

## This Professor

Before the mike, Brother Ziebarth moderates a People's Platform discussion, "Should Teachers Strike?" Left to right: Prof. Theo. Brameld, Laura Farnam, Ed Viehman, Mary McGough, Prof. William Anderson

**T**HE Production Manager for WCCO and Educational Director for WCCO and the Northwest CBS Network, E. W. Ziebarth, Gamma Delta '40, is that unusual example of the highly educated college professor whose attitude and manner bears no distinct label of the classroom. At a social gathering he is apt to be found entertaining grown-ups as well as youngsters with displays of magic that a professional magician might envy. On the golf course he swings a competent club and, while in college, he was inter-scholastic boxing champion.

Beneath this average citizen exterior, however, is an accumulated mass of knowledge, training, and experience that is impressive when seen on paper and extraordinary when seen in action.

As Educational Director for WCCO and the CBS Central Division, Brother Ziebarth develops broadcasts of an informative type for both the Minneapolis CBS station and the network. This may range from programs on public health to school lessons. As production manager, he is in charge of the staff of production men at WCCO, and occasionally takes his turn producing a show, just because he enjoys the work. All this work, com-

Brother Ziebarth collects first editions, records, plays golf as hobbies

bined with Speech classes at the University of Minnesota, makes Bill a very busy individual.

His favorite type of program is the discussion group, such as the "Opinion Please" series of CBS, on which he acted as moderator in broadcasts originating from the Northwest. For these he selects qualified individuals representing varied points of view on subjects to be discussed. As moderator he guides their conversation so the listener may receive the benefit of several informed individuals, speaking on the same subject.

In addition to programs of this type, Bill presents the news at 12:30 Sundays over WCCO, and has a news commentary at 10:15 each Monday, Wednesday, and Friday

evening. His news commentary provides him an opportunity to express his widespread knowledge of world affairs, and ranks a very close second to discussion programs in types of programs he enjoys doing.

Brother Ziebarth did his undergraduate work at the University of Wisconsin, obtaining a B.A. degree. He finished his Master's Degree there and did additional graduate work on his Ph.D. While at the University of Wisconsin he taught radio speech and was a staff member at WHA. During this period of time Bill gained valuable practical experience in the field of commercial radio as a free-lance writer and producer.

In 1936, the University of Minnesota called him to become an in-

TURN TO PAGE 31

# Let's talk it over...

**"LET'S Talk It Over"** ought to be very helpful to the Fraternity at large and to the undergraduate chapters. It is a report on things that have happened, and calls attention to things that we hope will happen.

In reporting to you on things that have happened, we wish to advise that your Fraternity is in better condition than this Council has ever seen it. We are especially proud of the Epsilon Delta Chapter at Oregon State College and the Delta Delta Chapter at the University of California at Los Angeles. We regret that we still have to report that Alpha-Mu Chapter at Duke University is showing no signs of life. The largest number of men initiated in the history of the Chi Phi Fraternity has been initiated this past year. All in all, you are entitled to be very proud of your Fraternity.

Your Fraternity faces many problems. The Council is cognizant of the fact that many of the Brothers in the Fraternity believe in expansion. The Council also believes in expansion, but it has been difficult to expand during the last year because of the fact that the reconversion of the different chapters took all of our time. We hope to do some conservative expansion in the near future.

Many things of national importance are going to be brought up at the Congress which is to be held at the Deshler-Wallick Hotel in Columbus, Ohio, on September 9, 10 and 11, and we earnestly call upon all of the Alumni organizations to send their delegates to this Congress. We are confident that all of the undergraduate chapters will be represented. Such matters as the permanent location of the home of the Council are coming up. This matter has been talked about for years, but nothing has ever been done about it. Brother Hugh M. Dorsey, Jr., Grand Alpha, has appointed a committee, headed by Brother Al Hutchinson of Chicago, which committee will make its report to this Congress. There are

many, many other things, affecting the life of your Fraternity, on which we need your help.

The tentative program of the Congress has set the first session for Tuesday morning, September 9, at 10:30 o'clock at the Deshler-Wallick Hotel in Columbus, Ohio. This session will be adjourned about 12:30 or 1:00 o'clock, and the second session will be called to order at 2:30 that afternoon. The third session is scheduled for Wednesday morning, with some entertainment planned for the afternoon. The closing session will be held Thursday morning, with adjournment about 1:00 o'clock.

Each delegate, whether he be an alumni member or an undergraduate member, is requested to make a reservation with the Deshler-Wallick Hotel, in person, by writing to Mrs. Catherynne Winebar, Reservation Manager, Deshler-Wallick Hotel, Columbus, Ohio.

On August 1, the Council of Brother Hugh M. Dorsey, Jr., will convene for the last time at the Piedmont Driving Club in Atlanta, Ga. The men who have served on this Council have carried the Chi Phi Fraternity through a most difficult period, and the whole Fraternity owes them a lasting debt of gratitude. At the same time Brother Dorsey's Council is meeting for the last time, the Council of Brother Pollard Turman, Grand Alpha-Elect, will have its first meeting. In other words, there will be a joint meeting of Brother Dorsey's and Brother Turman's Councils.

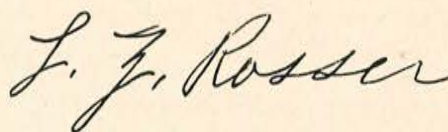

That afternoon at 5:30 o'clock there will be an installation ceremony, at which time the old officers will relinquish their duties to the new officers. This ceremony is something that has grown up in the last few years. It is quite impressive and very beautiful and it should be incorporated in our Three Star Book as part of our ritual.

The Council is planning to publish a new address book, which we know in the Fraternity as the *Blue Book*, carrying the address of every

man in the Chi Phi Fraternity. There has not been a new edition of this book since 1941 and we are, therefore, anxious that every member of the Fraternity let the Office of the Council, 312 Connally Building, Atlanta, Georgia, know his correct address as soon as possible as we want all of them to appear in the *Blue Book* correctly.

Brother Charles T. Winship, Grand Eta of the Fraternity, is to be commended on the intelligent work he is doing toward having a songbook published in the near future. Work on the Pledge Manual is going on. It is slow and tedious, and we haven't received all the information from the undergraduate chapters that we need. However, we hope to get this information in the very near future as it is a vital part of this manual. We call on every chapter to cooperate with us in this matter.

The Council cannot close this year without thanking every Council Representative, every Chapter Adviser, and all the other loyal Chi Phis who have contributed so much to the success of this Fraternity and made the work of the Council so much easier.

NATIONAL DIRECTOR AND EDITOR.

## ZETA

Dr. William Kepner '98, Professor of Biology at the University of Virginia, widely acclaimed as a public speaker and author of several books on biology, spoke at the University Chapel on "Our Bodies Are Not Weak."

## ETA DELTA

John Trollman, Jr. '33, having served several years with the Army in the Aleutians, was discharged with the rank of Major. He has a son two and a half years old. Due to the housing shortage, he is making his home at 2169 Addison Ave., East Palo Alto, Cal., the summer cottage of his parents. He is in the construction business.

# COLLEGE CHAPTERS

## Alpha Man in Raven Society

UNIVERSITY OF VIRGINIA: Having completed a most successful year of activity, Alpha Chapter is now sending most of the brothers off to weather the summer all over the globe. Brothers Bobby Hunter and Skeeter Dashiell are headed to Europe; others will be satisfied with the more familiar stretches of Virginia Beach and the muddy Mississippi. A few will be left to sweat out the humidity of the Blue Ridge and summer school.

In retrospective view of the year we find that, in spite of a few minor setbacks like Brother McGann's abortive attempt to burn the House down, we have got well back on prewar footing. In addition to shining scholastically, the brothers have done a bit of glowing about the University, having knocked up a most respectable record of extramural activity.

Doctor Phil Porter has recovered from his ills of last year and has seen to it that none of the brothers got out of hand. Despite many successful social affairs here, he has kept the House in

first class shape. All damage of the fire has been repaired, and with Alumni help, some paint, new furniture, and redecorating, the near-shambles we found on our return from the service (the Army took the House over during the War) has been most creditably restored to prewar rating as one of the best houses on the Grounds.

The Easter Week Goat party was far and away the most successful we have ever had.

As this is being written, Brother J. B. Jackson is sweating blood. For the past two weeks he has been in charge of the political campaigning of the University Party. Due to his activity this has been the liveliest campaign in the history of the school. Its culminating point last Sunday afternoon has been calculated to cinch the deal in today's polling—J. B. just gets overly nervous about a sure thing.

Brother Dick Fuller is being congratulated for having made Raven Society, one of the highest honors to be received by a Virginia man. Brother Don Hood's name is being bandied about today as he stands for election to the Student Council from Engineering School, having been nominated for the post by  $\Theta T$  Engineering Society. Brother Craig Bradley, in his second year here, has been elected treasurer of University Centre.

All in all, we of Alpha are smugly pleased with ourselves about the House and chapter we have regenerated from the doldrums of the war. We invite and welcome visits of all Chi Phis who are in the least bit skeptical of our ability to prove our worth and give them a good time. Looking ahead to next year, most of the brothers will be back, so we look forward to another successful year to begin, come September.—EDWARD MEEKS GREGORY.

## Beta Installs Repair Shop

MASSACHUSETTS INSTITUTE OF TECHNOLOGY: The most important social event at the Beta Chapter in recent months was the annual Bohemian Ball held in the middle of March. Having as its theme, "A Night at the Burley," this party was proclaimed by all as one of the best Bohemians in many years as well as a high spot of the fraternity party season. A tremendous amount of work was put into the preparations for the affair. Dozens of life-size drawings were made for scenery; the house was put in order and decorated; and the talented brothers got together and turned out songs, skits, costumes, and dances for the show. The occasion began with an excellent buffet supper for the brothers and their dates. Later, good music kept the party moving. Costumes, dedicated to the theme of the evening, were a great source of amusement. The feature of the evening was a complete burlesque show put on by members of the house. This show had everything: a chorus line, an MC, comic routines, a barker, and a stripper. Tom McLeer, as Master of Ceremonies, kept things going smoothly in spite of difficulties. Ike Lee was perfect as barker and sold out completely all the chocolates. Senator Baghorn McDaniels threatened to steal the show from the chorus line, but credit for the best performance of all goes to Miss Dave Gaillard who held the audience spellbound with a torrid strip.

In the way of other entertainment, the chapter has had large representations at a number of recent social functions. The

Alpha Chapter included, front row, left to right: Clare Draper, Pinkney Herbert, Craig Bradley, John Fargason, John Neal; George, the mascot; Douglas Egger, McIlwaine Coupland, Landon Wyatt, Jack Harris, Kenneth Larkey, Richard Leatherman, Bill Kitchen. Second row: Dick Bendall, Dick Hall, Allan Wilson, Frank Nazor, Martin Williams, Horace Worman, J. B. Jackson, Jack Cook, George Langford, Harry Pritchett, Edward Gregory, Frank Lewis, Laurance Higgins. Third row: Dr. Phil Porter, Houston Duer, Frank Thompson, Muscoe Martin, Don Hood, Allen Hopkins, Carrington Herbert, Roach Thomas, Mayo Worseley, Marshall Johnson, David Dashiell, Jim Adams, Bill Guerrant, Eddie Wolcott. Fourth row: Jack Reilly, Richard Fuller, Douglas Millar, Robert Hunter, Ralph Alexander, Shelton Clarke, Hal McCoy, Rick Watson, B. D. Kellam.

Sophomore Prom and the Interfraternity Conference dance, together with their week ends of parties, are among these events. Other fraternity and school dances and the "Tech Night at Pops" have likewise been well attended.

Spring vacation in April was enjoyed by all. Many of the brothers were able to get home for a reasonable length of time by extending the 5-day vacation on both ends. Several men, particularly Brother Ken Phillips, contributed substantially to the policy of restoring the house to first class condition by entirely repainting the upstairs living room. Others at various times have done general painting, papering, cleaning, and repairing of windows and frames.

In spite of much rain and other poor weather, an appreciable amount of outdoor activity has taken place. Weather permitting, the back lot has turned into an automotive repair shop with Ed Hebb and Jack Levedahl as master mechanics and car-traders, and Gabe de Roeth, Don Powers, and Rene Lamadrid as hard-working amateurs. At least five motor jobs as well as other assorted jobs have been done.

Concerning interfraternity athletics, the house baseball team was finally defeated after a good beginning. Our 2-man swimming team of Dave Gaillard and Rene Lamadrid brought in fifth place in a campus meet.

A few week-end trips have been made by our motoring public. Besides the normal commutation to New York and New Jersey, a large gang spent a week end at the Tech Cabin on Massapoag Pond. Other expeditions to Cape Cod have been made and should prove increasingly popular as the weather improves.

As this successful school year draws to a close, things are much more normal. We look forward to the next year with the newly elected officers for the fall term of: Alpha, Milt Daniels; Beta, Denman McNear; Gamma, Ed Hebb; Delta, Ben Ball; Epsilon, Ray Kretschmer; Zeta, Tom McLeer.—DONALD M. POWERS.

Beta Chapter's house at M.I.T. in the spring

On May 11, Beta Chapter looked like this: front row, left to right: Seidler, Stevens, Reals, McNear, Mooney, Shields, Lee, Daniels, Van Ravenswaay. Second row: Shipman, Auriema, Abbanat, Osborne, Kretschmer, Compton, Dibos, Davis, Gaillard, Porter. Third row: Lewis, Ray, Ball, Cook, Hebb, Phillips, Finnegan, Dave Powers, McLeer, Levedahl, Casey

Senator Baghorn McDaniel and Maisie Powers talk it over at Beta's Night at the Burley

Beta chorines made the finale of the chapter's Night at the Burley an act long to be remembered

## Gamma Turns to Scotland

EMORY UNIVERSITY: Outstanding among the spring social events in Atlanta was the annual spring formal given by Gamma on April 18 in the Dinkler Room of the Ansley Hotel. At the banquet preceding the dance, the brothers' dates received corsages of white carnations. Bobby Forbes, Alpha, presented former Alpha Emory Rylander with an engraved gavel on behalf of the chapter for his outstanding service to Gamma this year. The Aces furnished the music for the dance and the hall was decorated in the fraternity colors. After the dance, Kitty Warren, chapter sponsor, and her parents, Dr. and Mrs. W. C. Warren, honored us at a breakfast at Twelve Oaks. The officers and their dates for the formal were: Alpha, Bobby Forbes and Jean Fraser; Beta, Odel Hiaasen and Mary Ann Dahlbender; Gamma, Bobby Cunningham and Elizabeth Seagraves; Delta, Johnny Norman

and Genevieve Kicklighter; Epsilon, Jim Douglas with Betty Ann Ziegler, and Zeta, Barrett Howell and Mary Brown Mahon.

Brother Harold Cole has been elected to AET, a lower division honor society which recognizes outstanding scholarship.

On May 2-3 Emory held its annual Dooley's Frolics. The theme for this year's Frolics was the United Nations. Gamma represented Scotland, and the lawn of the fraternity house was decorated with this country in mind. Gamma brothers and their dates attended the Dooley's costume ball attired in Scottish kilts and costumes. Wiener roasts and intermission parties at the fraternity house added to the week end's festivities.

No formal rush week was held at Emory this quarter, but Gamma pledged three outstanding boys: Robert Cummings, Griffin, and Coleman Budd and Bobby Ingram, Atlanta, are the new pledges. Gamma now has 63 active brothers and nine pledges. Recently ini-

tiated brothers are Hugh Bickerstaff, Columbus; Royce Hobby, Ashburn; Glover McGhee, Rome; Lacy Arnold, Warrenton; and, Frank Conner and Jimmy Bowden, Atlanta.—ED WAITS.

## Delta Coxswain to Holland

RUTGERS UNIVERSITY: Nothing revolutionary has happened here at Delta since our last letter went to press. That's a good sign for it indicates that everything is running smoothly and efficiently.

An election of officers for the summer and fall terms brought Brothers Tom Coughenour '50, Alpha; Al Haynes '49, Beta; Jim McGrath '47, Gamma; Bob Haynes '49, Delta; Ray Heath '50, Epsilon; and Stewart Ray '50, Zeta, into office. The retiring officers served us well and the brothers have implicit faith in the new prexy and his assistants.

In the sports department Delta is still strongly represented on the Scarlet teams. Brother Shorty Wirth '47 is the varsity coxswain and will travel to Holland this summer with the crew on a student exchange. Brother Pete Hofstra '50 has been rowing in the Number 3 position in the first freshman shell. Brother Hank Fishkin '48 is in the 150-shell, and Brother Bob Haynes in the powerful Jay Vee outfit. Brothers Bob Couse and Ray Heath are the varsity and junior varsity lacross managers, respectively. Brother Stew Ray is the top quarter miler on the Red Team's track squad. He hit 50 flat in the Penn Relays and has hopes of breaking the record made by his dad, Brother Harold Ray '22. The Scarlet's powerhouse football team's spring practice boasted Chi Phis in the persons of Jack Griffin '49, Jack Kahle '50, Bob Frisch '50, and George Goldey '50. All these men have had a good deal of experience and certainly figure in the Rutgers' plans for next fall.

We initiated Brother Jack Keller in April.

Our cook departed the week end of the Soph Hop. Our housemother Mrs. Smith—there isn't a more charming, or more efficient one anywhere—did the cooking as well as the planning, and everyone agreed that the week end was a big success. We now have a new cook who is doing an excellent job. All of us at Delta are thankful that we made the choice we did when we were required to secure a housemother.

Speaking of parties, our social season comes to an end this week end. Work details under Brother Sexton, Chief Peasant, are slaving to wax, wash, and burn. Brother Etzel's gardens have been edged and generally beautified, but they are molested intermittently by Chiefie, our "mixed" hound which Brother

Out to break his father's record is Stewart Ray, Delta '50, top quarter miler at Rutgers

Top, Pete Hofstra, Delta '50, is rowing in Number 3 position in the first freshman shell. Bottom, Bob Wirth, Delta '47, Rutgers varsity coxswain, is in Holland this summer with exchange students

Bill Fead, Alpha Tau '44, saved from a policeman's pistol. Exams begin a week after the Military Ball, so this is definitely our last fling as a unit except, of course, for the reunion with the Alumni.

The house is going to be open all summer. Ten or more brothers are going to attend summer sessions, so anyone dropping in for a visit will be received with a warm greeting.

The first session of Sunday sunbathing on the roof has indicated that the end of the school year is not too distant. We at Delta will wish every Chi Phi a pleasant summer and sign off with a word of heartfelt gratitude to our departing seniors. They have made Delta Chapter a better place because of their presence here. It has been a privilege for all of us to associate with them, and we can only hope that we will meet more men like them during and after our college days. To our Brothers Bob Wirth, Bob Couse, Jack Coad, Bob Beaudette, and Jim Dickerson we wish all that is best, and say thank you for what you have done for us and for our Fraternity.—STEWART RAY.

## Epsilon Initiates Largest Class

HAMPDEN-SYDNEY COLLEGE: Epsilon is now back in full swing having initiated the largest pledge class at Hampden-Sydney. Initiated in April were: John Booth, Wilmer Breeden, Bernard Caperton, Val Cesare, Dayton Dixon, Ray Fox, William Harrison, Woodson Harrison, James Hunt, Miles Martin, Fred Nichols, Paul Nichills, Maurice Oakes, Henry Oppenheimer, Tom Powell, William Rixey, Hanie Robertson, Preston Sawyer, Richard Venable, John Wells, and Jack White.

We have been very active in the intramural athletic program. Our athletes finished only 45 points behind the winning Kappa Sigs. In the track meet Brother Page Bullock led all the scorers. Ping-pong artists, Brother Dave Boney and Pledge John McGavick, went through their entire schedule undefeated.

In preparation for finals, the Brothers have been working like mad on our house. We have completely reconditioned the downstairs. Under the direction of Brother Jack Vellines we have just finished building a fence around the house.

We hate to report that graduation will take from us Brothers Dick Hill, Epes Harris, Ranny Hudgins, and Bob Webb.

Elections were just held and the following officers have taken over their new duties: Wes Andrews, Alpha; Grier Woody, Beta; Dave Boney, Gamma; Kemper Lorraine, Delta; Dick Venable, Epsilon; Pres Sawyer, Zeta.—PRESTON SAWYER.

## Zeta Chosen by Phi Beta Kappa

FRANKLIN and MARSHALL COLLEGE: Zeta is preparing for summer and final examinations. The upstairs study rooms are all but deserted now, as the brothers migrate to the great outdoors with books, sunglasses, blankets, et cetera.

Several excellent parties have been held since the last publication of THE CHAKETT. Probably the most notable was our annual cabaret party. Dubbsheim looked more like a night club than most local commercial establishments. Stunt night, sponsored by a college organization, was another big fraternity event on the campus. While Chi Phi took no prizes, in our own opinion we put on the most novel skit—a modified minstrel show including traditional F & M goldfish gulping, and Brother McMullen roaring down the aisle of Hensel Hall on a motor bike.

The end of the present semester finds several changes in the house and its members. Congratulations are in order to Brother Frank Bamberger for taking unto himself a wife. Brother Jim Ross also is planning to take the fateful step following his graduation on June 6. Other brothers about to step out into the cruel world are Dick "The Sheep" Witmer, Rick Barry, Marlen "Master" Klopp, and our distinguished  $\Phi\text{BK}$  graduate, Jimmy Immler. To Jimmy we extend our special congratulations and thanks for adding such an honor to himself and to the Fraternity.

Officers elected for the fall term include Jack Hollinger, Alpha; Art Mylin, Beta; Bill Coombs, Gamma; Ray Pierce, Delta; Ed Vogl, Epsilon; and Sam Hughes, Zeta. The work as treasurer has been split up with Al Yoder taking over as Steward to help out Brother Pierce.

Our new Alpha, Brother Hollinger, has just returned from two weeks in the hospital, where he underwent an operation to remove a piece of shrapnel from his foot. His confinement was not in vain, socially, however, since the chapter now has the names and addresses of some 30 nurses for future reference.

Brother Mac McMullen, Zeta, invaded Franklin and Marshall Stunt Night

When Alpha Chi Omega staged their Olympics at the University of Georgia, Eta's team carried away the laurels

Brother Jerry Neprash, our Faculty Adviser, is almost completely recovered and is back on the campus. He plans to begin teaching again in the fall.

There will be nine men living in the house this summer while attending summer school. Meals will not be served, but the house will be open. Chi Phi's passing through Lancaster are encouraged to stop and see the fellows.—ARTHUR P. MYLIN, JR.

## Eta Wins Two Cups

UNIVERSITY OF GEORGIA: Spring is definitely here at Eta, and our fancies have lightly turned to thoughts of houseparties and hay-rides. Getting the spring quarter off to a fine start was an open house dance held in April. A swimming party was given from 6-9, and then the main orchestra arrived at 9:30 at the house. This band was stationed on the front porch, while the basement, "Sexy Hollow," was reserved for our second band. This was a colored band, T. S. Weaver and his Cotton Pickers, with his soul-syncoption for those who strictly favored jive. The brothers were pretty equally divided on the bands so everyone had a splendid time, and this idea proved to be a rousing success. Our social committee made up of Dan McLaughlin, Reed Mosley, Fonville McWhorter, Tom Methvin, and Frank Foley, has really been on the ball and deserves a special vote of thanks from the entire chapter. Beside the 2-band idea, they have arrived at an ideal solution to the age-old problem of meeting more and better-looking gals. Since there are so many new faces here on campus, we invite one sorority over every week for a buffet supper. This enables everyone to meet the girls here at ole UGA, and a chance to give that little "black book" a shot in the arm or, maybe we should say, a transfusion. We are also discussing plans

for a houseparty between spring and summer quarters.

Our athletic abilities are also coming out with the sign of the first robin. We have copped two trophies in the last month of which we are justly proud—one at the annual G-Day track meet, which is the most outstanding interfraternity sports competition of the year. In this fray we captured three first places. Brother Reed Mosley took the 220-yard dash with ease, while Ed Simple conquered the mile. The relay team, made up of Jimmy Horn, Martin Ellard, Reg Hancock, and Clayton Robinson, took the last event with our anchor man, Clayton Robinson, leading the field beautifully. These first places along with Brothers Charley McMullen's third in the 75-yard low hurdles and Duke McClesky's third in the high jump gave us a comfortable majority of points in this meet. Incidentally we won this cup last year also. Our second trophy was taken in the  $\text{AX}\Omega$  Olympics. Our Alpha, Allen Douglas, started us off in grand style in this meet by catching the greased pig. Other sparkplugs in this meet were: Charlie McMullen, Reed Mosley, Con Robinson, Arthur Waite, Bob Smith, Bill Clay, John McLeod, and Ted Margeson.

The first of the quarter saw the old pledge class initiated and we are proud to list Martin Ellard, Cornelia, Ga.; Tommy Thompson, John Yopp, Fleming Wincoff, Jr., all from Atlanta; Wesley Sherman and Charlton Theus, Jr., Savannah; Ed Simple, Jr., from Coral Gables, Fla.; and, McCulley Harris, Jr., Camilla, Ga., as our new brothers. We were lucky in pledging Sherman Dantzer, Atlanta, recently.

Brother Sam Gardner, president of Blue Key honorary society, completed a campus poll on the extent of cheating in April. Brother Gardner and the Blue Key, with the backing of the majority of the Student Body, have been instrumental in stamping out this menace to the University's scholastic standing.

Brother Henry B. Troutman was initiated into Gridiron early this quarter. The Gridiron is the highest non-scholastic, secret, honorary organization on campus.

The University as well as Eta Chapter join in wishing brothers Walter Calhoun, Dick Gilbert, Harry Nichols, all from Atlanta, and Gean Griner from Savannah, who graduate in June, much success and happiness. And we know that they will be as outstanding Alumni as they have been active brothers.—EDWIN R. HANCOCK.

## Theta Noses Into Third

RENSSELAER POLYTECHNIC INSTITUTE: Ah! Spring has come at last to Troy. After May hail and snowstorms, the sun and twittering birds have finally burst forth. A huge picnic, at which about 90 per cent of the brothers had blind dates with girls from Skidmore College, turned out to be a big success. "Why didn't somebody tell me about this last fall?" has been the battle cry ever since. The mounting telephone bill and the popularity of the Saratoga run are additional evidence of the outing's success.

Theta placed third in the Interfraternity singing contest, but it was the general consensus of opinion that "We wuz robbed." Our float in the annual Grand Marshall parade placed third. We seem to be destined to "show" in everything. Our standing in the Barker Trophy race—you guessed it! Third! A few points behind the leaders, our red hot softball team, who is taking on all comers, intends to put us on top.

The addition of seven new pledges: Fred Dunning, Dick Coons, Stacy Wolak, Bill Woods, Bernie Reynolds, Don Richards, and "Manny" Manwaring, increases the number to 12. They're a swell bunch and I'm sure they will be a credit to the house.

Election of officers was held last week and the following were elected for the coming year: Alpha, Jack Lotze; Beta, Lynn Tranquilli; Gamma, Jack Grant; Delta, Dick Bumstead; Epsilon, Jack Erickson; Zeta, Jack Bartuska.

Soiree, the big spring dance, is here. The house is gaily decorated and a big time is anticipated by all. The usual rounds of parties and dances are planned. Chi Phi is always first on the Hill when it comes to social events. The week end will be completed when R.P.I.'s fine lacrosse team trounces C.C.N.Y. Saturday afternoon.

The week after Soiree, it's back to the books to cram for final reviews and exams. We have to maintain our academic as well as social position. Commencement will see Brothers Williams and Van Houten receiving their Master's in Management Engineering and Civil Engineering, respectively. Brother Van

Houten intends to return to continue work on his revolutionary thesis and teach Soil Mechanics. Brothers Meoli and Parrish will receive their Bachelor of Chemical Engineering degrees; Brother Donnelly, his Bachelor of Electrical Engineering degree, and Brother Sewall, his Bachelor of Mechanical Engineering degree.—JACK BARTUSKA.

## Iota Goes in for Kite-flying

OHIO STATE UNIVERSITY: As the first signs of spring reach the campus they find the Iota Chapter busy with the planning and carrying out of our spring-time activities. The outstanding social event of the quarter was our formal dinner dance which was held May 3 at the Beechwood Inn in Columbus. The dinner started at seven, and, after the dinner, there was dancing from 9 to 12. The Glee Club, under the capable direction of Brother John Nutter, entertained everyone with some fine singing after the dinner. The dance was acclaimed by all as a huge success, thanks to the magnificent planning and operation of Brother Fran Pariso, the social chairman.

As the warm weather began to make itself felt, minds began to wander to the beauties of Mother Nature so we had a picnic on the banks of the Scioto River recently. Everyone had a fine time and, among the highlights of the picnic, was a kite-flying contest between Brothers Dick Klein and Bob Renfrew. Another picnic is planned for the near future.

At the spring initiation a record of 18 pledges were initiated including: Pat Cozzie, Huron; Jim Holway, Raymond Opre, Chuck Woodman, Youngstown; Chuck Scobee, George Matthey, Ernie Santora, Cleveland; Steve Grimm, Chicago, Ill.; Dick Riley, Alliance; John Fellows, Canton; Dave Smith, Jefferson; Ed Porter, Mingo Junction; Bill Mueller, Bill Schmidt, Courtright (Cub)

Ramsey, Chuck Gilbert, Bill Boger and Roger Shearer of Columbus.

New officers elected to carry through the summer quarter are Dave Nicolls, Alpha; Ernie Santora, Beta; Bernard Bernardo, Gamma; Harold Bainbridge, Delta; George Matthey, Epsilon, and Bill Schmidt, Zeta.

We have pledged several new men this quarter: Jack Hall, Keith Babcock, Clarence Miller, and Chuck Faltz. We are now looking forward to the fall rush week.

Congratulations to Brothers Bob Holway, Jim Kessler, and John Hutchinson who will enter the ranks of Alumni, come June. Brother Wayne Klein plans to follow at the end of the summer quarter.

Congratulations to Pledgemaster and Mrs. Fred B. Woolary on the birth of a bouncing boy. 'Tis rumored that Fred has given him his pledge pin. Brother Bill Rodenbach is expecting to become a father sometime this summer. Brother Bob Wagner exchanged vows with Jean Toepfner in April. Congratulations, Bob.

Comes May to the OSU campus and also comes May and Traditions Week. This year Dave Nicolls, our newly-elected Alpha, was honored by being selected for Romophos, the sophomore honorary.

In varsity track, Ohio State's crack mile relay team, which includes Brother Ed Porter, has won its event in all meets to date and is acclaimed as one of the outstanding mile relay teams in the country.

Spring football practice was concluded in May. We had four men playing: Brother George Matthey, Brother Chuck Gilbert, Pledge George Hale, and Pledge Al Singley. Pledge Al Harris is a varsity football manager.

In intramural sports our softball team is leading the league undefeated. Much of the credit may be credited to the stellar pitching of Brother Bob Rawson and steady club hitting of Brother George Matthey. There is one more game to play and we are hoping to add an-

Kappa men at the University of Wisconsin are photographed in the chapter house with their housemother, Mrs. H. F. Janda

other trophy to those that already array the mantel of our chapter house.

Brother Don Johnson has undertaken to landscape the lawn and has done a very fine job.

The chapter is now looking forward to the coming Congress with anticipation of making it a complete success.—BILL SCHMIDT.

## Kappa Reviews Year's Progress

UNIVERSITY OF WISCONSIN: The house was regained from Kappa Delta Sorority on August 16, 1946, and work was immediately begun to ready the house for the fall semester. The majority of the work was accomplished by Madison members, and those attending summer school.

With the return of the house, the Chapter faced many problems of organization. Food had to be bought, dealers found who would sell us meat and estimates made on future food consumption. We were fortunate to have the help of the Alumni in solving these problems. In addition, many of the prewar members were strangers to the newer members, but difficulties quickly cleared away and a solid foundation was laid for the continuance of Kappa's rise.

The fall semester saw the inception of many new things. In line with a University directive, the chapter installed a housemother, Mrs. H. F. Janda. Unfortunately, our former cook, Rose Hunt, was unable to return. She had been with us for 27 years.

The chapter had three formal initiations during the past year and went through two rushing periods. The chapter now has 37 actives and 16 pledges.

The members were active in athletics, but it was not until the second semester that we really got rolling. The chapter won second place in tennis and placed in baseball. Next year the chapter should be ready to take a lion's share of the trophies offered.

Of the parties given, the spring and Christmas formals stand out. The Homecoming party did much to advance our campus standing. A good deal of credit should go to Brother Roger Murphy and his committee, and to the chapter as a whole for cooperation.

The officers for the first semester were: John Burns, Alpha; Don Stehr, Beta; Bill Schweinem, Gamma; John Bentley, Delta; Jim Andrews, Epsilon; and Jerry Holton, Zeta. The officers for the second semester were: John Bentley, Alpha; Roger Murphy, Beta; John Ruppel, Gamma; John Burns, Delta; Jim Austin, Epsilon, and Bob Fellows, Zeta.

The Chapter ranked twelfth scholastically among the fraternities on campus at the end of the first semester, and expects to improve that position at the end of the school year.

In conclusion, the brothers feel they

Lambda Chapter at the University of California are, top row, left to right: Roger Towne, Sidney Peters, Samuel Jones, Brooke Sawyer, Gordon Weston, John Boyle, John Sweeny, William Reordan. Second row from top: Willett Tryon, Jack Bevis, William Gwynne, Kenneth Gilliland, Kenneth Cenedella, Howard Fletcher, Edward Towne. Third row from top: Glenn Martin, Brainerd Beckwith, William White, Robert Oliver, Robert Angell, Stanley Kennedy (fore), Gregory Jones (rear), Robert Gibson (fore), Thomas Jones (rear), John Row (fore), Ralph Schwarze (rear), Charles Tilden (fore). Bottom row: William Winterhalter, Tracy Van Voorhees, Robert Ryan, Jerry Kennedy, Stanard Funsten, James Ransford, Bruce McGuire, George Couper, James Flint

Lambda brothers rigged up a wharf in front of the house for the waterfront dance

have ended a successful year, and expect consistently to improve the position of the chapter.—BOB GEIDEL.

## Lambda Mothers Give Luncheon

UNIVERSITY OF CALIFORNIA: The big party at Lambda this semester was our waterfront dance, which was held in April. Everybody in the house really pitched in and worked on making the dance a success. A wharf extended from the front porch out towards the street and two booms were erected from the porch. Cocktails and dinner were served. "The whole affair was managed by our able social chairman, Kenny Gilliland.

School has been especially rough this term, but has a definite advantage of keeping us busy between week ends. The house has been very active in interfraternity sports, incidentally. Bill Reardon took a first in the swimming meet and Pat Row won the hundred yard dash in one of the preliminary track meets. Our badminton and tennis teams progressed far towards the finals but were unfortunately eliminated. Our intramural sports manager was Chuck Richards, who did a fine job.

Two big parties are in the offing for

Brother Joe Moore, left rear seated, can always be counted on as host on his boat, "Moorease" when Lambda wants a rush party

Lambda before the end of the term. The first of these, the Interfraternity formal, will be held at the Palace Hotel, on May 24, but it will merely serve as a preliminary to the University Assembly to be held at the St. Francis on May 31. The University Assembly, popularly known as the "Big Six Assembly," is composed of the Betas, Fijis, Zetas, Dekes, Sigma Chis, and ourselves. This is the first Assembly held since before the war. It will be an all-night affair and is being managed by Roger Towne, an active, and Bert Meek, our Chapter Adviser. It is significant to note that a special exception to the regular campus rule of no all-night parties was made by the Dean's office for the Assembly.

Lambda held initiation about a month ago and we'd all like to take this opportunity to welcome the following new brothers; Jerry Kennedy, George Couper, Jim Ransford, Tracy Van Voorhees, Bob Oliver, Stan Funsten, Jon "Dutch" Domela, and Brainerd "Sam" Beckwith. A spectacular banquet took place following the initiation at Angelo's, in Oakland.

The Mothers Club held a mothers' and sons' lunch at the house a few weeks ago which was a marked success. This meeting was the first in a series of such lunches to be held once a semester.—HOWARD F. FLETCHER.

## **Mu Stimulates Parents' Interest**

STEVENS INSTITUTE OF TECHNOLOGY: Utter confusion reigns. Everyone seems to have a finger in the spring sports pie. Everyone has a responsibility of one sort or another. And I wouldn't be at all surprised if something interesting emerged from all this apparent turmoil. Kay Humbert and his social committee crew, consisting of Bob Vanasse and George McGrath, have done a masterful job of preparation; and no small thanks are due Bobby Wettach and Mike Condrillo in their handling of the I.F.C. side of the picture. At any rate the week end of week ends is just two days off. The schedule runs somewhat as follows: On Friday night the annual I.F.C. ball will be held at the Terrace Room in Newark with Johnny Long supplying the atmosphere. Saturday the lacrosse team will beat M.I.T. while the tennis team is beating Union and later in the evening the Jacobus Club is holding an informal dance. Sunday promises to be truly a day of rest. Leo Perrault (unthinkingly) invited the whole party down to his home at Bayhead, N. J., for a picnic. The whole week end will be studded with houseparties.

Immediately following the Easter holidays came the end of the spring rushing period. When the tension subsided, we found that we had netted two new pledges: Dave Steel and Tom McGuire. These, in addition to Jack Pflug, who returned to the house shortly after getting out of the service this spring, bring the totals to 18 brothers and 14 pledges.

Here at Mu we are inaugurating a trend which is new since the war—that of trying to excite the interest of the parents, to a greater extent, in house activities. On Mar. 28, we held a Parent-Faculty tea here at the house which brought out a large majority of our parents. We were amused by the mental gymnastics of several of the faculty members and chose this time to broach the subject of the organization of a Mothers Club. The response was immediate and the Club, which chooses to call itself the Chi Phi Mothers, has since had a meeting in which elaborate plans were laid for the future of the organization. In addition we had a father and son dinner on April 28 and hope to make this a bi-annual affair from now on.

The I.F.C. basketball league season was officially closed at the end of last month with Chi Phi taking the plaque—unbeaten. With Hygrade Baker leading the way, Leo "the Prince" Perrault, "Yo-Yo" Mead, Bobby Wettach, Hairless Joe Roessle, Tom McGuire, and Jack Pflug rolled through all competition with little strain.

In school sports, lacrosse saw Beefy Baker, Huxley Humbert, Big Mike Con-

George McGrath of Mu enjoyed the Stevens' chapter party at Bayhead

drillo, Frank Murray, and Fred Roessle finishing up the season with the varsity and Sandy Mead, Jack Pflug, Little Mat McGrath, and Ken DeBaun working out with the J.V. Bobby Wettach and Sid Kelley, our tennis "racketeers," are in the process of concluding their part of the inter-school competition now.

There have been significant changes around the Stute in the past few months. Ed Baetzel, as of April 30, is the proud father of a daughter, Pamela Ann by name. Ken DeBaun presented the house with a baby girl, too. This one barks, has been named Chee Phee, and is at least half collie. And Hoboken, through the efforts of socially-conscious Harry Carpenter and Brian Casey (no doubt), has succeeded in relieving Mayor McFeely of his responsibilities. (Logan is now among the unemployed).

The latest in house activities is that three new officers have been elected: Leo Perrault as Epsilon, replacing Mike Condrillo who is burdened with his new job of treasurer of the I.F.C. in addition to his other activities; Frank Murray as Zeta; and, Dave Neilson as Delta, taking over from Ray McClure who has done a fine job during the past year.

One more note of interest is the School Alumni Day which is scheduled for Saturday, May 24. There will be open house here at the chapter house and we hope to have a good turnout of our wayward brothers.

At this point we should like to register once more our sincere best wishes for Bobby Wettach, Ed Baetzel, and Ed Ruhl who will be leaving us at the end of this term.—DAVID H. NEILSON.

## **Nu House Remains Open**

UNIVERSITY OF TEXAS: At this writing the spring semester is rapidly drawing to a close, and many of the brothers will be leaving for summer vacations and summer jobs. However, under the capable direction of our new housemanager, Brother Byron (Domino III) Damiani, we plan to keep the chapter house open during the summer semesters.

As planned, we had the spring formal on April 11, and everyone will agree that it was one of the finest ever. Prior to the dance, a champagne party was attended by the brothers and their dates at the home of Brothers "A," "E," and "O" Lassberg.

The election of officers for the summer was held at our final meeting: Wilbur Tillett, Alpha; Jimmy Younger, Beta; Doug Ford, Gamma; Byron Damiani, Delta; and Frank Briscoe, Zeta. Brothers Ben Wayne Greig, Jr., and Bob Goodman were elected Delegates to this year's Congress. Brother Bill Sutton prayed to be a double winner when he was elected the outstanding member for the past year—congratulations are due him—and he undoubtedly deserved the honor conferred on him by the chapter because of his many long hours devoted to chapter duties and activities.

Brother Greig seems to be in the habit of attending conventions. During April he was the students' representative to a national convention of Union Boards held at Champaign, Ill. He reported a nice visit with Sigma Chapter during his spare moments.

Although Nu won no trophies in intramural athletics, Brother Leecroy Clifton's men gave a good account of themselves in all games played this year. Particularly thrilling was its 10-inning softball game in which Nu was defeated 5-4 by ΣΧ. Pledge Jack Henderson pitched a 5-hit ball game, but untimely errors by fielders caused the defeat. Head and shoulders above any one else at the plate was Brother Sam Houston who collected four hits, every one of them a home run. In intramural track Brother John Dixon placed second in the fraternity division of the high jump.

Brother Charles Delancey, with the Humble Company in Brenham, was a recent visitor to the chapter.

Our friend cupid seems to be taking his just toll of the good brothers; the following marriages have or will soon take place: Davis Crow and Eloise Burtis on April 2; Pete Andrews and Alice Tatum on May 31; Speedy Kelso and Helen Burleson on June 14; and, Robert Wright and Caroline Porter sometime in June.—FRANK BRISCOE.

Spring at Craigiellea, the chapter house of Xi Chapter at Cornell, is so beautiful that a postcard has been made of it

## ***Xi Members Receive Honors***

CORNELL UNIVERSITY: Xi Chapter has just finished its first postwar Spring Day week end. A traditional holiday at Cornell, classes were excused on Saturday, a welcome experience for all the engineers. A formal dance was held Friday evening followed by the annual float parade and carnival Saturday morning. Various athletic events were held that afternoon, climaxed by a thrilling Cornell crew victory over Wisconsin, Harvard, and Syracuse. Early Sunday morning saw Craigiellea the scene of the renowned Xi milk punch party with a goodly portion of the Hill in attendance. Dates were escorted to the train Sunday afternoon and the brothers wearily began to consider the next week's heavy schedule.

The chapter would like to extend its congratulations to the members on the honors they have received this semester. Bill Busch was elected to Quill and Dagger, a senior honorary society. Dave Cutting was elected a member of both Ye Hosts, the Hotel School honorary society, and Sphinx Head, a senior honorary. Frank Walker was elected to Majura, a social honorary, while "Mo-Mo" Bernard became president of the same society.

Since so many of the brothers are returning for the summer session, Craigiellea will be kept open. If all goes well, the dining room will remain open also.

In the athletic department, it is a little early to predict the standing of the Xi softball team, but Manager Pinkam doesn't appear too worried. Frank Collyer and John McDonald are busy at crew while Hal Hunter is a member of the baseball team. The rest of us retire to the golf course on nice afternoons with "Boswell" Pinkam and Doug Foote leading the way.

Our Alpha, Jim Keck, is to be congratulated on being elected to ΦBK. Our other scholastic genius, Frank Walker, remains in his old position 'way up on the Dean's List.

As the term draws to a close everyone is naturally concentrating on exams. However, plans for next fall's rushing and for necessary work on the house are well under way; Xi is not being neglected.—ALBERT EMANUEL, II.

## ***Omicron Revives Formal Initiation***

YALE UNIVERSITY: Looking back over this spring term we find that it has been one of the most active that Omicron Chapter has experienced in many years. Those who have not known Omicron's house since the war would be amazed to see the changes that have taken place. The most obvious of these are the new dining hall and bar. In addition, there has been a general spring cleaning and redecoration of the entire house progressing steadily throughout the term. Then, of course, there are the new faces which one would expect to find, and of these we have many. We have just recently completed our spring rush and last week formally accepted the 22 men pledged. With the addition of these brothers, the active roll of Omicron is 110, the largest in its history.

Most of the activities during the last two months have centered around our preparation for rushing, the rush week itself, and the informal and formal ceremonies that followed. It has become a practice of the house to have a Record Dance each week end unless a formal dance or a more important activity takes priority. During these dances, which are open to guests of the brothers, we were pleased to meet many of those men whom we later chose to pledge. These dances along with a formal dance pre-

ceded rush week. Rush week is sufficient activity in itself, and the fast pace which that week set was hardly diminished by the following initiation activities. The formal initiation, to which we have returned since the war, has become one of the most lively affairs that a pledge is likely to encounter on any college campus. It has been, thus far, looked on with great favor by the old actives during its progress and by the pledges as a quite memorable experience in retrospect.

To conclude these activities which centered around rushing, the formal initiation took place May 24, and that evening in conjunction with the annual Omicron Trust Association Dinner, the initiation banquet was held.

Now the spring term draws to a close and we find again as every year that we must lose some of our oldest and most valuable brothers who are graduating. We would like to extend our heartiest congratulations to these seniors: Don Balzer, Robert Barney, Dudley Batchelor, Richard Bevier, Thomas Breen, Guy Clayborne, Fred Clinton, Edward Creighton, Franck Darte, Charles Durfee, Robert Huebner, Wilbur McNulty, Harlan Mechelsen, Robert Stokes, Carl Vernon, Roy E. Walsh, Robert Wood, who in a matter of weeks, will take their places with our Alumni.—THOMAS C. HOCKERSMITH.

## ***Rho House to Be Redecorated***

LAFAYETTE COLLEGE: With the spring term drawing to a close and finals looming on the horizon, Rho Chapter is readying itself for the summer exodus. The house will be completely redecorated during the summer, removing all the wartime scars, and getting ready for the fall term.

The Interfraternity Ball held May 9 was a great success. With 33 guests for the big week end, the house was constantly supplied with fun and merry-making. After the dance Friday night the gang headed for the forest primeval where we had an early morning doggie-roast. Saturday afternoon the brothers battled it out on the baseball diamond with their dates to see who were the best players and followed the game with an old-style country picnic. Saturday night brought a lively house party followed by a hay-ride through the country around Bethlehem.

Rho Chapter competed with 17 other fraternities in Lafayette College's annual Step-Singing contest and walked off with second place honors. Our participation was highlighted by the debut of a new song, "My Chi Phi Girl," written by Brother "Shorty" Connor and Brother Frank Patterson. The song is being sent to National Headquarters for official approval and we're sure you will all accept it unanimously.

Members of Rho Chapter who took part in the Lafayette Step-singing contest are Director Wyman Connor; first row: Tick Brodie, Jim Schwartz, Fred Hintenberger, George Paul, Harry Cobaugh, Paul Keen, John Irvin. Second row: Bill Nielsen, Clark Hanley, John McVeigh, Frank Patterson, Bruce Lutz, Jim Beers. Third row: Bill White, Dick Sigler, and Ad Shaner

Rho recently held elections for chapter officers for the coming year: Alpha, Bill Nielsen; Beta, Bill Curtis; Gamma, Harry Price; Delta, Ted Talton; Epsilon, Lou Goetting; Zeta, Bill White. Alpha Brother Nielson has been elected president of the Interfraternity Council of Lafayette College, another feather in the chapter's hat.

At initiation on April 25, Rho added two new brothers to the chapter—Shipley Mills, New York City, N. Y., and G. P. Jewett, Nyack, N. Y. These new brothers bring the number of new brothers for this year to 13. Rho boasts the largest group of men in its history and looks forward to exceeding its enviable record for this year of campus leadership.

Congratulations are in order for three Rho brothers who have announced plans for marriage this summer; Brother Harry Cobaugh will journey to Los Angeles to marry Miss Margaret Minschner; Brother Jack Hagy will make Miss Ann Ferer his bride in Pittsburgh; and Brother John Speers will marry Miss Jean Dunlap of Alpollo, Pa.

All the brothers of Rho Chapter extend sincere wishes to all Chi Phis everywhere for a good summer, and we'll be looking forward to hearing from you all next September.—WILLIAM R. WHITE.

## **Sigma Mothers Organize Club**

UNIVERSITY OF ILLINOIS: The week end of May 10 brought to a glorious climax the social activities of Sigma for this year. It was our Spring Dinner-Dance formal. Everyone pitched in with lots of spirit to make the decorations for the dance, and the decorations caused a sensation on the campus. The theme

of the dance was a garden party with hundreds of crepe paper flowers attached to a white picket fence with a green background which extended all around the living room. The 15-piece orchestra played under a large canopy which was put up at the end of the room. The outstanding attraction of our decorations was a rock garden with a real waterfall which was built into a fireplace. We all kept our fingers crossed hoping that the waterfall wouldn't leak and it didn't. The banquet before the dance was a huge success. We had a delicious steak dinner, topped off by our special Chi Phi ice cream that has the replica of the Chi Phi badge on it. As everyone went out into the balmy spring night after the dance, they all agreed that our dance was by far one of the best dances on the campus for this year.

On Sunday we had a picnic to bring to a close our gala week end. It was held 15 miles out in the country by a river at Brother Dick Jones's cabin. There were plenty of hot dogs and everything that goes with it to make it a real picnic. We all agreed that it was a fine week end, and that we are now ready to settle down to some hard studying for the last week and a half of school.

The week end of May 3 was the University Mother's Day, and it turned out to be one of the best Mother's Days in Sigma's history. Every mother who could make it came down, and we were very glad to see them. They decided to form a Sigma Mothers' Association, and for their first official act, they plan to purchase bronze ashtrays for our house to match the new bronze light fixtures in our social room.

Sigma has been very active in rushing this semester, and recently we put pledge pins on the following four new men: Nate Gray, Don Weddle, Andrew Scalzi, and Norman Wasson. This swells the

number of actives and pledges of Chi Phi at Illinois to 59.

Elections for the coming year were held two weeks ago, and the new officers are: Alpha, Bill Broom; Beta, George Hammersmith; Gamma, Bernard Christiansen; Delta, Neil Foster; Epsilon, Jim Lee; and Zeta, Bill Beach. These new officers plan to do their best to keep Sigma of Chi Phi at the top on the campus of the University of Illinois.—WILLIAM A. BEACH.

## **Tau Landscapes House Grounds**

UNIVERSITY OF ALABAMA: Tau is still on the move and the past three months have seen an ever-increasing participation on the part of its members in campus, social and scholastic activities. The entire membership at Tau has entered into the fraternity activities with an intense vigor that has given Tau a campus-wide name for leadership.

In March the lawn at Tau was given a complete new lease on life. The chapter undertook the financing of a landscape job of approximately \$500. The landscaper did a beautiful job and the system of payments was so effective that the house is now making plans to completely refurnish and redecorate the living room at a cost of approximately \$3,000. During the last week of April the boys in the house all turned a hand and the result was one of the prettiest floors on the campus. The floor in the living room, which, incidentally, is approximately 55 feet by 25 feet, was sanded, varnished, and waxed. The white oak flooring responded marvelously to such treatment and now returns thanks with a sparkling glow.

Brother Leo C. Turner, Tau '25, of Birmingham, was reelected as Tau's Chapter Adviser. Leo's efforts in Tau's behalf and his words of advice have been of no little help to this chapter. We have recently learned from Brother Sterling P. McDonald, Jr., Tau '27, that the University of Alabama Board of Trustees have approved the request for a lease submitted by the Tau Trust Association and the active chapter, and that as soon as the boundaries can be determined, Tau will once again have possession of a 99-year lease on the property on which the chapter house is situated, which, incidentally, is the largest plot of land a fraternity at this school occupies. Plans are being made to have the exterior of the house repainted and the screens replaced. Brother J. Clemson Duckworth, Tau '28, who is handling the arrangement of these plans, states that this work will be done within a month.

The house has become loaded with honorary scholastic dignitaries. Brother William H. Taylor was elected to Druids, an honorary scholastic organization requiring a 2.0 average plus extracurricular duties, on April 1. Brother James Tyson

was elected to ΦΗΣ, a freshman honorary scholastic organization requiring a 2.5 average for the freshman year. Brother Richard E. Rutledge has been appointed to the campus Cotillion Club, a service organization that recently featured Stan Kenton and Billy Butterfield as campus attractions, and Brother Gerald W. Wiggins has been named a member of the same organization. Brother Rutledge has been reappointed as Tau's representative to the Interfraternity Council and Brother Robert Mills has been appointed as his alternate.

On April 15 a house dance was given with music by Bobby Adair and his Alabama Knights. The house was adorned with spring flowers. The honored guests were the members of the ROTC Rifleteam from Alabama Polytechnic Institute at Auburn, who were on the campus at the time. Our house-mother, "Mom" Steed, graciously presided over the gala affair.

The regular semi-annual elections were held on April 9, with the chapter reelecting Brother Reuben F. Landham as Alpha; Brother Gerald W. Wiggins was elected Beta; Brother William H. Taylor was reelected Gamma; Brother Joseph M. Houston was reelected Delta; Brother Durald F. Dodd was reelected Epsilon; and Brother Robert Mills was elected Zeta.

The pledge class held its election on April 23. Pledge Don Neville was elected president, Pledge Eugene K. Bondurant is the vice president, and Pledge Ed Christopher was reelected secretary-treasurer.

Brother Taylor has been reappointed social chairman; Brother Dodd has been reappointed sports chairman; and Broth-

er Tom A. Howell has been appointed as pledge captain.

Fred V. Legg of Marietta, Ga., a Tau pledge of 1942 who recently returned from the war was initiated on April 9, and an initiation was held on April 30 for Clarence O. Paugh and John D. Whitehead from Roanoke, Va., and Alvis B. Dearman from Eutaw, Ala. William Gardner Dillard, Atlanta, Ga., a 1944 pledge of Omega Chapter at Georgia Tech, was pledged by Tau on April 22. Bill attended Georgia Junior College in Atlanta for one quarter before transferring to Alabama for the spring quarter.

The Interfraternity softball games have been finished and Tau's team is in the playoff for the championship cup. The prospects are really good for Tau to bring in the softball championship this year.

Alabama's conference-contending baseball team this year features Brother "Blackie" Bellis, star pitcher, and Brother D. Joe Gambrell, regular catcher.

Tau Day, celebrating our 27th anniversary, was held on April 30 this year because of a conflict on April 20, which is the date of the establishment of Tau Chapter. A stag banquet started the celebration, followed by an initiation, and ending with a party for the new initiates at Brother Joe James's apartment in Baker Field.

In a recent campaign by the Student Government Association to raise \$7,500 in the semi-annual Campus Community Chest, Tau went 100 per cent.

Love caught up with Brother Rowan Lane. He was married to Ann Cowden in Anniston on Saturday, May 3.—  
I. ROBERT MILLS.

## Chi Favors "Do It Ourselves"

DARTMOUTH COLLEGE: In every field of endeavor Chi Chapter is regaining its prewar reputation for progress. Scholarship is on the upswing, the baseball team has started well with two wins and one defeat, the entertainment committee has just finished sponsoring the best Green Key Week End for many a year, and the house improvements committee are working like beavers. The newest delegation of brothers who joined the Fraternity last fall have not only lived up to the tradition of the chapter, but have in many cases exceeded it.

Green Key was an unqualified success and also the cause for a double celebration. Brothers Thomas E. Baldwin and Emery Lewis announced their engagements to Mary Jane Stimis and Edna Mae Veenaman, respectively. Miss Stimis was housemother over the week end, but that fact had nothing to do with either the timing or the fact of their engagement.

The week end began with the customary sea-breeze party with a picnic following it on the lawn. Dire predictions had been made concerning the probability of rain, but as usual the prophets of doom were wrong. In the evening the formal dance was held featuring Johnny Long at the Gymnasium and Boyd Raeburn at Commons. The Barbary Coast (College) Orchestra assisted Johnny Long during intermissions. The dance was the first all-formal dance at Dartmouth since the war and, with the help of the college in doing a fine job of decorating the Gym, it provided an

University of Alabama Chi Phis are, first row: Fred V. Legg, Murray P. Stovall, Richard E. Rutledge, Lewis C. Davis, Clarence E. Holmes, Charles T. Harbin (pledge). Second row: James G. Owings, William H. Taylor (Gamma), Durald F. Dodd (Epsilon), Joseph M. Houston (Delta), Reuben F. Landham (Alpha), Mrs. L. C. Steed (Housemother), Claude C. Woltz, Charles A. Hershiser (pledge), William O. MacMahon, James N. Smith. Third row: Samuel G. Latta, Sterling P. McDonald, Reginald Richardson (pledge), Isaac R. Mills (Zeta), John W. Weaver, Edward W. Creecy, Frederick J. Hosli, Edward A. Christopher (pledge), Grady W. Hurst, William L. Brakefield, William C. Sullivan, Edwin J. Phillips, John T. McShan, Eugene K. Bondurant (pledge), James M. Basinger. Fourth row: James H. Holloway (pledge), Billy M. James (pledge), James J. Tyson, Thomas E. Brown, Tom A. Howell, Joseph I. Littleton, Thurman E. Brandon, Robert M. Burleson, Clarence O. Paugh, Clifford B. Matthews, John D. Whitehead, Don C. Neville (pledge), Gerald W. Wiggins (Beta), James C. Jones. Not included in picture: Lloyd H. Beasley, Edward T. Bellis, James M. Christopher, Alvis B. Dearman, Maury M. Hampton, Walter J. James, Samuel D. Kilgore, William G. Dillard (pledge), William Boggs (pledge), John Creel (pledge)

excellent release for some of the accumulated spring fever which has been bothering a few of the brothers. The week end was climaxed the next day on Sunday with a tremendous milk punch party and the entire chapter outdid itself with hospitality.

The house improvement committee is making amazing progress in following their program of rejuvenating the house. The downstairs game room has been painted from top to bottom and looks like something out of *Modern Design for Living!* The bar is now receiving a new coat of paint and further improvements are planned for its plumbing and storage facilities. The upstairs head has been thoroughly revamped, painted, and refitted, and, miracle of all miracles, there is now an excess of hot water. The major portion of the campaign is still in the offing, however. The unfinished library, long an eye-sore and a waste of valuable space, is being re-planned by members of the house in order to bring the price for its completion within the probable limits of funds which can be raised in the near future. The Alumni Committee is taking care of the financial end of the project and is now making appeals to all former members. The men in the chapter are working in the meantime to make as much progress as possible with the funds which are already available. Additional improvements are also contemplated, but those will have to wait until the library is well under way before they can be attempted. In general there is a new spirit in the house, one of "Let's get it done ourselves" which is extremely gratifying to all members of the chapter.—SUMNER PLUNKETT.

## ***Psi's Open House Sets Precedent***

LEHIGH UNIVERSITY: This spring semester has been a busy one for us here at Psi Chapter. Outside of social events, improvements on the property have taken up most of our spare time.

Along the social line there have been two big parties here this semester. On March 22 we held an open house for the entire University. The party was a huge success as could be seen by the 400 people who came to enjoy the dancing and refreshments.

The Spring Houseparty was the other event of note this semester. Brothers Ray Carlson and Tom Porter returned to join in the fun. For the Saturday night entertainment the Chi Phis and ΔTs celebrated jointly with a party at University Park. After a night of merrymaking 25 brothers and dates joined Mr. and Mrs. Olwine, the chaperones, in a breakfast picnic at the zinc mines near Freidensville. Brother Olwine demonstrated his culinary skill over an open fire by whipping up an abundance of eggs, bacon, and pancakes in

Psi Chapter had three dozen members on the Lehigh University campus when this picture was taken

jig time. On Sunday, after the girls left the house, the brothers went, as fast as possible, to the nearest bed.

On March 29 the eight pledges from the fall semester were initiated: Cyril Baldwin, South Orange, N. J.; John Baltrus, Wilkes Barre; John Humphrey, Dallas; Julius Iacocca, Allentown; Frederick Porter, Moylan; Thomas and William Ridler, Wilmington, Del.; and Norman Viehman, Manhasset, N. Y.

The election of officers for the spring and fall semesters took place in March: Alpha, Howard de Laittre; Beta, Thomas Rile; Gamma, Charles Messerve; Delta, Donald Fischer; Epsilon, Robert Slater; and Zeta, John Olwine.

Psi Chapter is well represented on the lacrosse team here at Lehigh. Five boys are playing on the team and one other is an assistant manager. Brother Harry Lynn, star of the 1943 lacrosse team, is captain of this year's team.

The house is now being given a new coat of paint on the outside. Other work on the outside, done by the brothers, has been the planting of trees, forsythia bushes, and rhododendron bushes about the property, and the resurfacing of the driveway. The house should really be in excellent shape for the beginning of the fall semester.

Six men will be leaving us this June through graduation. Only three of them are living in the house, but we are not at capacity now so we are counting on at least six new men in the fall.—JOHN C. OLWINE, JR.

## ***Omega Houseparty at Pine Mountain***

GEORGIA SCHOOL OF TECHNOLOGY: With the election of new officers at the last meeting of the winter term, Omega geared itself to the task of keeping itself in the leadership on the Tech campus.

A houseparty was given between quarters at Pine Mountain, Chiple, Ga., at which all of the brothers and their dates spent a wonderful two days.

The beginning of the spring quarter found Omega pledging eight new boys: David Arnold, David Corley, Jimmy

Cutcliff, Garnet Lunceford, Russell Rawls, Courtland Smith, Marshall Stone, and Jimmy Cain.

The interfraternity softball tournament has begun, and Coach Bill Reese and his boys got off to a fine start by winning their first game with Coach Reese's home run blow climaxed the tilt. The team didn't do as well the second game as shaky fielding cost them the victory, but with a few practice sessions before the next few games, Omega is expected to field a winning team. Everyone is looking forward to a new cup to decorate the mantel.

Omega continued its reputation of giving the finest parties on the campus by giving its recent "circus" party. The party was complete with clowns, snake charmers, dancing girls, and an array of side shows. The highlight of the evening, however, was the daring plunge by "Hairsbreath" Hodgson, the "human cannonball." "Hairsbreath" was trying for a new world's record of 748¾ feet. Although he didn't quite make this mark, he did furnish the crowd with many thrills at seeing his body being thrown out of the cannon for a distance of 2¾ feet. The circus had acquired the services of such professional showmen as the original Siamese twins, the world's strongest man, Madam Snakey the snake charmer, and many others. The party went off in fine style with prizes being awarded to the wearers of the most original costumes. Haine Palmour and Al Conway again did a very commendable job directing the show.

A houseparty this coming week end has been planned for quite a while. This is to take place at Pine Mountain again and will feature swimming, boating, fishing, and many other forms of entertainment.

An open house is being planned for week end-after-next, at which the parents of all the brothers and also many Alumni will be invited. This is for the purpose of allowing the parents to become more familiar with the chapter and its activities. A buffet supper will be prepared for the event.

With formal initiation only a week or so off, many pledges will be given the opportunity of becoming members of the most active fraternity on the campus

and will be counted upon by the chapter to keep Omega in the leadership.—  
VEAZEY LECRAW.

## Alpha-Alpha Needs House Funds

UNIVERSITY OF NORTH CAROLINA: Alpha-Alpha Chapter is now closing its first year since the war began as a strong fraternity. We now have 48 active brothers, our largest group in many years.

Recently initiated brothers are: Richard Simpson, James Green, Theodore Huguelot, Maurice Ashley, Jr., Thomas Shelton, Harold Morris, Ivan Rolader, Jr., Bright Crosswell, William Kean, Charles Tanner, III, George Bullock, Edward Burks, Jerry Strader, Jr., John Owens, Clifford Doll, and Robert Simpson.

We are happy to announce our return to our beautiful house this summer, after an absence of four years. A great deal of work needs to be done on it, but the brothers are eagerly awaiting the chance to help get it in shape for occupation.

Our campaign for funds to help in the repairing of our house has been in progress the past few weeks. We urgently need assistance and hope our Alumni will graciously contribute.

New officers of the Fraternity were recently installed: Alpha, John Girard, Jr., St. Petersburg, Fla.; Beta, Floyd Hudson, Cherry Point, N. C.; Gamma, Harold Morris, Fayetteville, N. C.; Delta, Edward Anthony, St. Petersburg, Fla.; Zeta, Richard Simpson, Chevy Chase, Md.; Dale Everts, Meriden, Conn., was reelected housemanager.

Our only social event of any prominence took place the week end of May 16-17. Our Spring Dances, with Charlie Spivak providing the music, enabled us to enjoy a wonderful week end. Of course, all the brothers and pledges had "imports" in, and so the parties carried on until the wee hours of the morning.

Next fall we are hoping to have a house warming in celebration of our house and cordially invite all Chi Phis to be present. The first football game is with Georgia, and plans are now in progress to entertain our brothers from Bull-Dog land.

As we have just one more week before exams and summer vacation, we at Chapel Hill hope many of our brothers will visit us next fall. Activities will be slight this summer as only a few brothers are planning to attend summer sessions.—STUART C. MORTON.

## Alpha-Tau Gives Stag for Alumni

UNIVERSITY OF MICHIGAN: It was really Mother's Day in every sense of the word for the Alpha-Tau Chapter. Forty-five mothers came to Ann Arbor from as far away as Philadelphia for

the week-end party we had for them. A luncheon Saturday noon in the chapter dining room started things off, and they didn't slow down until late Sunday afternoon. Later Saturday, everyone piled into cars and headed for a picnic at a nearby park. Baseball, featuring about 25 men on each team, and six outs to an inning, was played while awaiting the expected arrival of a picnic supper. A couple of hours and many vicious threats for the life of the caterer later we finally headed back to the house and had our "picnic" in the dining room. After dinner we "initiated" the mothers, which they went for in a big way. The mothers, in turn, put on an original fashion show rivaling anything Saks ever saw. There were Chi Phis all over the Michigan campus that night as we made room for our mothers in the dormitories. Up bright and early Sunday morning for breakfast, church, and we then finished up with a big dinner. And as the mothers briskly got ready to leave, it was their tired sons who were scarcely able to drag themselves around, unable to maintain the terrific pace.

Our annual spring formal was a big success. Seventy-eight couples enjoyed dinner at the Red Coach Inn and dancing to the music of Fran WineGar later at the chapter house. Brother Bruce Carey, social chairman, did a fine job of organizing the whole maneuver. Balloons adorned the ceiling of the living room and candlelight dancing was also possible in the dining room. Strangely appropriated flowers brightened up the front hall.

New officers were chosen at a recent chapter meeting: Bill Roberts, Alpha; Terry Catherman, Beta; Bob Rann, Delta; Ralph Schultz, Gamma; Dick Hait, Zeta.

Watch for the next issue of *Chimes*, the chapter newspaper which, the printer willing, will be out soon.

A recent stag party for the Alumni proved a real success. About 20 Alumni turned out and the day was climaxed by a business meeting and party. William Orr and Bob Campbell were elected to fill vacancies in the Alpha-Tau Chapter House Association Board of Directors.—DICK HAIT.

## Alpha-Chi Member Wins Trophy

OHIO WESLEYAN UNIVERSITY: Two outstanding year-end events climaxed Alpha-Chi's 1946-1947 social calendar. On Sunday, May 11, was held the chapter's annual Mother's Day banquet. Nearly 30 guests were entertained on this occasion. During the afternoon the Mother's Club presented to the chapter a bridge set, several smoking stands, and a modern coffee service. On Saturday there was held, in accord with prewar custom, the annual spring outing. At nearby Greenwood Lake the chapter entertained 50 coed guests with a

pig roast and a picnic luncheon during the afternoon followed in the evening by a spring formal at "The Oaks." In the atmosphere of a tropical night club, created by decorations designed by Brothers Bill Bengé and Bob Chapple, there was dancing to the music of Francis Carle's orchestra.

In the spring initiation ceremony on Sunday, May 25, three new brothers were received by Alpha-Chi: James Patterson of Asheville, N. C.; Harry Conrad, Canton; and Kenneth Shilling, Blue Rock.

At the annual Ohio Wesleyan recognition chapel on May 26, Brother Clinton Stevenson was awarded the Jack Dempsey Trophy as the outstanding athlete of the year. At this same time Brother Bud Steel was awarded a bronze medal as runnerup in the intramural badminton playoffs, Brother Don Fagg received an award for excellence in creative writing, and Brother Ray Scroggins was the recipient of an award for excellence in oratory. In addition the chapter was presented the intramural football trophy.

Ohio Wesleyan's spring commencement on June 9, added eight more brothers to the Alpha-Chi Alumni roster. Graduated were Brothers Dick Harshman, Dick Goater, Clinton Stevenson, Philip Alef, Arthur Sponzilli, Oliver Gossard, Frank Schoettinger, and William Read.

During this summer Brother Don Fagg is studying at the University of Oslo in Norway. Brother Fagg, a recent initiate of  $\Phi$ BK and  $\Omega$ AK, is one of five Wesleyan students attending that University.

While the house is occupied by 10 brothers attending the summer session here, work is progressing on the refinishing of the exterior of "The Oaks" and the installation of a new heating plant. Earlier in the year the kitchen facilities were completely remodeled.

Looking forward to the fall term, Brothers Ray Scroggins and John Goble are carrying on an intensive rushing program at this time. In order to replace the soon-to-be-depleted ranks of Alpha-Chi, Brothers Scroggins and Goble urge especial Alumni cooperation in securing for Chi Phi the best men entering Ohio Wesleyan this fall.—HARRY E. WILHELM.

## Alpha Delta Men to Fill Home

PENNSYLVANIA STATE COLLEGE: We of Alpha Delta are preparing to wind up one of our most successful years. The present spring semester ends June 6. At that time we will lose only five brothers at graduation. They are Alpha, Gilbert J. Huber; Gamma, Richard Herr; John F. Ault; Joseph Bondi; and Jack H. Minford. We are sorry to see them leave.

Through the efforts of Brother Bob Frankhouse, Alpha Delta has become a

major political power on the Penn State campus. Bob started from scratch with a handful of supporters, and in two months organized an entirely new political party which swept the college elections, taking every office except one. We are really proud of Bob. In addition to his political activities, he finds time to head the house activities committee, play on three intramural teams, lead cheers at varsity sports, and keep up with a mean schedule in Engineering.

In this issue, we wish to take the opportunity to blush and say, "Thank you" for those compliments from the Alpha Chapter in the last issue of CHAKETT. We were happy to have you visit us, fellows. We are always glad to have visitors from other chapters.

The spring semester brought with it a flurry of social evenings. We had a grand time Interfraternity Ball week end when Boyd Raeburn's band came to State College. The following night, we had our own April formal here at the house sponsored by the chapter and our sister organization, ΔΔΔ.

On May 3, we had a huge, informal spaghetti party, which we will remember for a long, long time. The next afternoon we entertained the XΩs at a tea dance here at the house.

Coming events include a joint dance with the AΘΠs on May 16; a swimming party with four other houses in our softball league, and, to wind up the semester, a Bar B-Q at Black Moshannon Lake on Senior Ball week end, May 24. Then, ough, finals.

Interfraternity sports, directed by Brother Joe Bondi, have been quite successful. The softball team is in a 3-way tie for first place; the tennis team won its first round match and is waiting for a quarter final match now; we expect to field a very strong team in the IF track and field meet on May 20. Brother Dick Herr who won the IF cross country race last fall, will captain the team.

A number of men in the house have decided to have a try at becoming muscle men. Brother Roy McClenaghan, a weight-lifting enthusiast, started it all. Now we have a set of weights and a herd of would-be Sampsons.

Since our last letter, the following brothers have been initiated: Robert C. Altemus, Thomas Daley, Dean Altemus, Donald S. Little, Roy S. McClenaghan, Wally Plonski, William Sansbury, and Charles W. Bartsch.

The house will be open for the summer again this year. During the summer we intend to make several improvements, including the installation of an oil furnace and the leveling of a plot of ground behind the house for use as a tennis court.

We have received quite a few letters from brothers who have completed military service with the occupation forces and will be back at school in the fall. With a large pledge class waiting to move into the house, we may have to

open an annex in the fall. It will be a problem with the housing situation, but we will manage it because it makes for a greater Chi Phi at Penn State.—JOHN J. PFEIL.

## Beta Delta Wins With Iron Curtain

UNIVERSITY OF WASHINGTON: A year of great progress! That was the spirit felt by both the Alumni and the active members at Beta Delta's annual Spring Formal held on April 12. The dance, "Within An Oriental Night," was the highlight of our spring social calendar and a vote of high praise goes not only to Brother Tom Ball as social chairman, but to every member of Beta Delta for making this event a real success. Before the party we were fortunate in being able to use Brother "Buzz" Paysse's beautiful home on Lake Washington. We cannot mention the dance without bringing up the name of immediate past Alpha John Bowerman, who, on that eventful night, took the fatal step. Two weeks later the traditional cigars were passed out announcing his engagement to Miss Barbara Wright, ΔΔΠ. In Bobby's and Johnny's honor an informal exchange dessert was held later that evening between ΔΔΠ and XΦ. This exchange dessert, by the way, was the first real Beta Delta Serenade of the past year.

Shortly after the beginning of the new quarter, initiation was held for Brothers Art Koprulu, Dean Gozum, and Mac Burg. Unfortunately, a few weeks later, Brother Gozum found it necessary to make a business trip to New York,

which necessitated his dropping school for the remainder of the quarter.

Initiation usually brings up the subject of "Hell Week." Although we, as most other fraternities, maintain a policy of having no hazing or rough initiation stunts, there is still room left for good clean fun. The prize stunt this time was having Brothers Art Koprulu and Mac Burg stand at the front steps dressed in officers' uniforms and salute all students passing by on their way to lunch. This alone provoked laughter and attention; but when Art and Mac swept the stairs and wiped the shoes of all actives. Well, that did it!

Again this quarter, rushing was carried on informally with three new prospective Chi Phis added to our list of pledges: Orla Keen, Bob Mac Gilvra, and Don Turner. Bob Mac Gilvra was elected pledge president.

We mentioned intramural crew in the last issue. Well, Beta Delta did not quite live up to expectations. Nevertheless, Bob Mac Gilvra, bow; Ken Ludwick, 2; Tom Ball, 3; Tom Gorton, stroke; and coxswain, Jim Selvidge, made one of the best showings in the race. Still, our chief representative in the water sport remains Brother Bob Harris. Bob rows in the Number one Frosh boat, the boat which took top honors in this year's inter-class races.

One of the paramount activities of Beta Delta during the last quarter was the annual Sophomore Carnival. Around the slogan: "What's Behind the Iron Curtain?" the fellows built a publicity campaign that went all the way from posters, and radio announcements, to parades and girls dressed in chicken-wire skirts—"iron curtains." The booth, jointly sponsored by ΦM Sorority and Beta Delta, was a Russian version of "Truth or Consequences" entitled "You can't tell the Truth—(Because we won't let you)—so the Consequences." The program was emceed by Bob Mac Gilvra. Whenever things started to lag, Brother Tom Ball was right on hand—billed as the Volga Boatman—complete with pajama pants, tee shirt, red sash, and a broken varsity oar. Tom's "Danny Kaye" antics have kept the chapter in good humor all year and the Sophomore Carnival was "proof positive" that the "Tom Ball Special" works equally as well on the rest of the Student Body. That the "Iron Curtain" was one of the "sensations" of the evening was largely due to the many hours spent by Brother Tony Karamatic in organizing the entire enterprise. Of course, it might just be possible that the wonderful coöperation on the part of the chapter was due in some measure to the presence of the Phi Mu girls.

Another example of the lead Beta Delta is rapidly taking in campus affairs is the All-University radio show, "Campus Serenade," heard from 7:30 to 8:00 every Wednesday evening over Station KOL. Three of the four members of the staff are Chi Phi brothers.

Out at the University of Washington Beta Deltans are, front row, left to right: Johnny Bowerman, Bill Liddell. Second row: Dick "Kilroy" Versoi, Ken Ludwick, Chet Neiswender, Willard Teibel, Ken Stroh. Below, Art Koprulu, right, boasts the new Buick, on which Johnny Bowerman leans fondly

## Gamma Delta Likes Orchid Formal

UNIVERSITY OF MINNESOTA: On May 3, as in years gone by, Gamma Delta honored the day of its founding with a Founders' Day banquet at the Normandy Hotel here in Minneapolis. This banquet was not only the 30th anniversary of Gamma Delta, but it also marked the first anniversary of the postwar chapter. For, it was on this same day in 1946 that the first two men, Harold Rainwater and Fred Geyerman, were initiated into the new chapter. At that same banquet plans were formulated to begin a concentrated drive for funds and support to revive the then dormant chapter. Then followed a year of constant struggle against almost unsurmountable obstacles. It is safe to say that this task would have remained unfinished if it were not for the wholehearted support of the Alumni Association and its members. So, at this Founders' Day banquet of 1947, the Alumni Association and the active chapter saw the full and complete realization of their fondest dream, a strong and active Gamma Delta Chapter of Chi Phi.

The program for the day included the initiation of six new men into our Brotherhood in the afternoon: Edward Bachman, Donald Brandt, Earl English, Neal Lano, John Spellacy, and Richard Weiler. The Alumni Association held its annual business meeting at 4:30 in the afternoon here at the house. After this, the entire active chapter and the Alumni proceeded to the Normandy Hotel for the banquet. The program which followed a delicious steak dinner, was ably headed by Vinnie Johnson '20, as M. C. The principal speakers were James Pause '29, the outgoing president of the Alumni Board, J. Stewart Moore '31, secretary of the Board, Edward Vorlander '27, the other outgoing member of the Board, William McMillan and Russell Ekblad ('28 and '30, respectively), the two incoming members of the Board.

The attendance at this Founders' Day banquet was gratifying in all respects, as it was the largest turnout in all of our history. Before leaving the subject of the banquet and the program that followed, mention must be made of the humorous skit which Cecil Anderholm wrote, produced, directed, and starred in. His capable assistant was played by Richard Braithwaite. The two boys really did a fine job of entertainment. Dick, by the way, is our new rush chairman. He's doing a superb job in that respect, also.

The chapter's social calendar has been quite full this past month. Since the early part of last quarter, the Spring and Winter Dance Committee has been busy with the plans for a Spring Dance. Multitudes of ideas and attempts at originality had fallen by the wayside be-

Dignified surroundings marked the spring formal given by Beta Delta in the Chinese Room atop Smith Tower in Seattle. Below, that's Carl Scheuch, Adviser, in the center, foreground

The program itself was originated by Brother Burr Barthel who serves as producer-announcer. At present Brother Les Pope is musical director, occasionally favoring us with some of his own sparkling piano arrangements; and Bob Mac Gilvra is assistant producer. The show will be discontinued during the summer but will return to the air with the start of the fall quarter.

Sunday, May 18, witnessed the revival of an old prewar tradition with the staging of a picnic between  $\Delta\Delta\Pi$  sorority and Beta Delta. The picnic was held at the home of Brother Dick Guthrie on the shores of Puget Sound. As you might have guessed already, the promoter of this affair was Brother John Bowerman.

Elections were held on May 5 with Brother Tom Gorton chosen to fill the office of Alpha through the summer and fall. Those elected to the remaining of-

fices were: Tony Karamatic, Beta; Bill Liddell, Gamma; Willard Teibel, Delta; Dick Versoi, Epsilon; and Les Pope, Zeta.

So far as Alumni news is concerned, two items merit attention. First was the recent election of Brother Carl Scheuch to serve Beta Delta Chapter as Adviser. The second is, at the time of writing, still in the planning stages. Yes, May 28 is the date for the annual Founders' Day Installation banquet.

With that we have fairly covered the Beta Delta highlights during the last quarter. As we said earlier, we feel that we have made some real progress during the past year and as things stand now, it looks as if next year will really put Beta Delta of Chi Phi right on top. 'Till we meet again in the next issue, Beta Delta extends to all chapters the best of luck during the coming year.—BURR BARTHEL.

fore the final theme was picked. Thus, on May 17, Gamma Delta presented its first annual Orchid Formal at the Francis Drake Hotel in Minneapolis. The pictures are not yet available, but watch for them in the next issue of THE CHAKETT. The Orchid motif was carried along throughout the entire affair. On the wall in front of the dinner tables was a large painted orchid and each and every one of the girls was presented with an orchid corsage by her escort. The dinner featured a 1-pound steak for each plate. The entire affair was a complete success and will be repeated annually.

Congratulations are in order for Robert Nielsen, one of the original nucleus of the postwar chapter. Brother Nielsen has found "the right girl" in Miss Eleanore Marie Palko of Minneapolis. Their forthcoming marriage is set for June 14 and, it is rumored, they will spend their honeymoon in northern Minnesota. The best of luck to you, Bob.

Just a note in closing about the teams Gamma Delta has entered in the various competitive sports around campus. Our bowling team took divisional top honors in the interfraternity league this quarter, while both our golf and tennis teams, singles and doubles, show great promise for the future. The track team is, at present, in the throes of competition at the track meet.—GORDON A. ROBINSON.

## **Delta Delta Getting Started**

UNIVERSITY OF CALIFORNIA AT LOS ANGELES: As a new and devoted member of the Chi Phi Fraternity, I feel it to be a privileged obligation to mention again the sincere appreciation we have for our Alumni. Yes, we do have at present an even added reason for giving thanks to their effort. Aside from the fact that a promise of a loan has been received, which was a main obstacle preventing our real plans for building, I can almost say that our progressing chapter is directly due to Alumni of our Southern chapter. Their coöperation, persistence, and personal encouragement have been our inspiration.

With all the seemingly set disadvantages presented to our chapter for purposes of initiation, we, the new initiates, express our satisfaction in receiving the message that Chi Phi represents. The use of the Eta Delta house at USC made us feel even more that we are one brotherhood, only separated by different locale.

Things are starting to buzz now with one of the largest meetings of the year last week, a new house in the offing, and social functions taking place such as a houseparty next week high in the hills of Mt. La Coronada.—HOWARD V. JAMES.

## **Epsilon Delta Hopes for House**

OREGON STATE COLLEGE: We are quite confident that by the time this is printed we will have a house to live in for fall term. The newly formed Oregon State Alumni Association has swung into action and are doing everything in their power to get us on our feet. Negotiations are in progress for a house at the present time, which is causing everyone's hope to run high.

Big Doug Martin (originally of the Class of '43) played basketball for OSC again this year, then left school spring term, going with his father to the Philippines, thence entering into some sort of logging operations. John Mandic '42, basketball star of that year, is again on the campus, this time picking up enough credits to graduate. The active chapter consists of Gail Cantrell, Howard Balleu, Jim Negley, and Chuck Nolan. Before the end of this term, which will be before this goes to press, we will, with the aid of the Alumni, initiate at least 10 of our pledges.

When the Epsilon Delta Chapter once again gets on its feet with a house and all, it will owe a good deal to one man. Without his persistence and perseverance we might not have reorganized. He is Brother Elwood McKnight '34. He has taken much of his own time running down leads, overcoming obstacles in our path and in general, serving as a constant inspiration to all of us. At present he is contacting Epsilon Delta Alumni throughout the State of Oregon, making it known to them that there is a new Alumni Association, and that the chapter is being reestablished, and needs their support. To him we say, hats off, and we are certainly happy to be brothers in Chi Phi with him.

As a point of information it might be well to mention that the Oregon State Alumni Association is functioning with George Spauer as president and Merritt Truax as secretary and treasurer. Brother Spauer is Deputy State Forester of the State of Oregon, and Brother Truax has his own oil company. Both are in Salem, Ore., and can be contacted either through the Deputy State Forester's Office or the Truax Oil Co.

Every day things look more hopeful for the fall term. By that time we certainly hope to be functioning as we were before the war. At present we are attempting to collect some of our belongings together from the prewar days, and that is proving to be quite a task.

We would like to hear from any and all of the Epsilon Delta Alumni and Alumni from any other chapter who happen to be in Oregon. We feel sure that by this fall our address will be Epsilon Delta Chapter of the Chi Phi Fraternity, Oregon State College, Corvallis, Ore.—GAIL L. CANTRELL.

## **Eta Deltan Chosen Student President**

UNIVERSITY OF SOUTHERN CALIFORNIA: Perhaps one of the greatest events experienced by Eta Delta this year, or for several years for that matter, was Brother Paul Wildman's recent election to the presidency of the USC Student Body for the 1947-48 school term. In addition to his duties as this chapter's house president this past year, Brother Wildman has served as chairman of the University's Community Chest drive, chairman of the Student Union committee, co-chairman of the Housing committee, one of the most active members of the Interfraternity Council, and member of Blue Key. With all of these extra-curricular activities, he has maintained an accumulative grade point average of 2.1.

Our recent election of house officers saw Brother Morey Thomas succeed Brother Wildman as Alpha, with other officers including Dave Griesel, Beta; Curt Moore, Gamma; Jim Coronas, Delta; Al Bergum, Zeta, and Roger Williams, social chairman.

The social calendar for the year was climaxed with our annual spring formal, held in the Palm Room of the Beverly Hills Hotel. A cocktail party at the home of Brothers Jim and Hal Hodges started the evening's activities, evolving into what, without a doubt, was the best formal Eta Delta has seen for a number of years. Such was the opinion of Alumni and active members alike, and all are agreed that credit for the greater part of its success is due to Brother Roger Williams who planned the entire affair.

May 10 marked the first postwar revival of our annual alumni-active "beer bust" and baseball game, in which the Alumni emerged victorious due to the referee's calling the game because of darkness. The Santa Monica Uplifters Club was an appropriate setting for this event.

Eta Delta was honored recently in still another way with the announcement that two of its active members, Brothers Carl Gebhart and Ed Lindop, have been elected into  $\Phi\text{BK}$ . Brother Gebhart has been active in house and campus affairs, having formerly served as this chapter's Alpha, associate and sports editor of the *Daily Trojan*, member of Skull and Dagger, and is now completing his presidency of the College of Letters, Arts, and Sciences. Brother Lindop is completing his eighth and final semester with a straight A average.

Building plans for the summer are being pushed with marked enthusiasm, although our position at present does not warrant an all-out remodeling of the chapter house. We hope, however, to have ample additions completed this fall to facilitate the rushing activity we anticipate.—VIRGIL LUBBERDEN.

Spring Frolics at the University of Florida gave Theta Delta a chance to have a costume party and to initiate the use of a new patio

## Theta Delta Adds New Patio

UNIVERSITY OF FLORIDA: "Quiet! Can't you see that I'm trying to study?" That is the general tone of activity at the Theta Delta house, for final exams are to be held beginning the last week in May. However, even though midnight oil is being burned in wholesale quantities, there are many pleasant activities, memories of which are constantly creeping into the ignoble work of us all.

Of prime importance is the addition to the house of a patio, opening from the living room on the south side. Perhaps it should be mentioned that this patio is "handmade," as certain members of the clan were largely instrumental in its conception and construction. Brothers Josh Bennett and Jerry Simmons, future architects, collaborated on the design and drew up plans, while Brothers Joseph Maugans and Vernon Posey undertook handling the program of actual construction. Various other men of the chapter gave assistance as needed, particularly Brother John Adams, who did an excellent job of plastering.

The patio was completed just in time for the big social event of the semester, Spring Frolics, on May 2-3. Plans were laid many weeks ago in order that Theta Delta might have the biggest social week end of its entire year. These plans were not laid in vain, for it turned out to be highly successful.

The Saturday night dance, held at the house, had as its motif, a Costume Ball. The ingenuity of the "guys 'n gals" produced results that were hilariously funny, yet in very good taste. Music was in that "sweet and low-down" style of a small jazz band, imported for the occasion, by the name of Joe Anderson. Joe and his men gave us a jam-session at the close of the dance that was literally "out of this world." In fact, some of the brothers who make a hobby of collecting hot jazz records haven't been quite normal since.

The house was decorated in a profusion of crepe paper streamers and confetti-filled balloons. Noise-makers and favors were provided for everyone, and, at one stage of the evening, the tumult resulting from these noise-makers and popping balloons almost drowned out the music of the band. That is, until they un-muted their instruments. To top off the evening members and their dates enjoyed a late supper-time snack served "grab as you can" style.

That the party was a success is attested to by the fact that a few of the late-dating, and more ambitious, brothers were downstairs early the following morning with shovels and rakes cleaning out the front room and patio. There were literally bales and bushels of crepe paper and confetti—in fact, we're still getting it out of the lampshades at this writing.

Turning to the serious side of the ledger: the reins of chapter leadership were changed with the installation in the traditional ceremony of new officers for the next year. These men are: Howard Weems, Alpha; T. Jackson Farabee, Beta; Joseph Maugans, Gamma; Jim Southern, Delta; Neil Downey, Epsilon; and Layton Whitehead, Zeta. (Gamma Chapter please note: Howard Weems, in his new position, has promised us more jelly on the dinner table.)

THETA DELTA SPOTLIGHTS: Brothers George Cates and E. B. Griffis were recently elected chairman and secretary,

Couples came to the Theta Delta party as colonels and their missus, as pirates, as hula girls

respectively, of the Student Coöperative.

Brother E. B. Griffis was elected to serve as vice president of the campus IFC during the summer session.

Brother Vernon Posey's marriage to Miss Gail Striffler, McKeesport, Pa., was a recent event.

Pledge Stephen Christie's marriage to Miss Eugenia Barnhill, of Miami, Fla., and Conway, S. C., was solemnized in April.

Loren Baxter joined Theta Delta's pledge class a few weeks ago.

Pledges Baxter and John McDonald were tapped for Bacchus, a campus dance society, during Spring Frolics.

Add postscript: The halls of Theta Delta are resounding to the patter of little feet—12 pairs of them, and the sound of little voices. The source of all of this is two puppies and four orphan kittens, all of unknown parentage and undeterminable ancestry.—LAYTON D. WHITEHEAD.

## Versatile---

FROM PAGE 14

structor in Speech. While there he introduced the first credit courses in radio (in 1938) and is now in charge of Radio Speech at that institution.

In the same year he also founded the Minnesota School of the Air, and was director of that division of the University from 1938 to 1945. He is co-author of the book *Six Classic plays for Radio and How to Produce Them*, and has authored a number of articles in the field of radio.

From January, 1944, to July, 1945, he was manager of Radio Station WLB (now KUOM) at the University of Minnesota. He has been with WCCO-CBS since July, 1945.

Despite his heavy schedule in University affairs, Brother Ziebarth has found time to serve as chairman of the Radio Division of the National Association of Teachers of Speech, of which he is still a member. He is a member of the Executive Committee of the National Association of Educational Broadcasters, Program Director of the State Radio Council, a member of the National Association for Education by Radio, is Radio Education Adviser to many Boards of education and educational groups in Minnesota.

Brother Ziebarth is married and has one son, John Thomas, who is a year old.

# ACCORDING TO THE PRESS, Chi Phis did . . .

Maj. Samuel A. Johnston  
Epsilon '18

## Gold Star

JUNE 12, 1946, was the date of the death of **Maj. Samuel Anderson Johnston**, Epsilon '18, at Fort Dix Army Hospital. Major Johnston was one of the first 15 commissioned officers from Virginia in World War I, following his training at Plattsburg in 1916. He served with the Infantry throughout the war and was ordered to active duty in World War II in 1941. He was assigned to Headquarters at Bolling Field, Washington, D. C. From Bolling Field, Brother Johnston was ordered to the Staging Area, Fort Dix, N. J., in November, 1942, where he was put in command of the 17th Service Squadron, First Service Group of the Army Air Forces. He was put in command of the troopship on which he embarked for England in April, 1943. He served in England until the Battle of the Bulge. At this time his group was sent to the Continent to establish airfields for fighter planes.

His outstanding ability to lead men was never more strongly shown than it was on this trip to Britain. While in England he received many commendations both for himself and his squadron. In a report from the Inspector General the following is quoted: "This is the best service squadron this technical supervisor has inspected in this theatre." In a letter of commendation which Major Johnston received in October, 1943, the Inspector General reports that "The morale of the officers and enlisted men of the 17th Service Squadron is excellent. And further that evidence of this high morale was apparent in all phases of the inspection of your unit. It is believed that your outstanding administrative ability is largely responsible for this condition. This Headquarters wishes

to commend you for your excellent record."

After Major Johnston returned to this country he received a commendation from Air Force Headquarters which read: "The undersigned desires to commend you for the superior manner in which you performed your duties as Plane and Training Officer of this station. The program set up by you during the period immediately following cessations of hostilities in Europe helped considerably to maintain the morale of personnel of this station."

Major Johnston returned to this country July 29, 1945, and at the time of his death was on active duty in the Infantry of the U. S. Army at Fort Dix.

Brother Johnston was the youngest son of the late John William and Lucy Thomas Johnston of Bedford, Va. He was educated at Randolph-Macon Academy and at Hampden-Sydney College. He succeeded his father as an exporter of leaf tobacco. He was appointed the American representative of the Swedish Tobacco Monopoly, resigning after 11 years.

Funeral services were conducted at Lochwood Hall, the home of a sister, Mrs. Charles W. Byrd, Bedford County, Va., on June 15. Military committal services were held at the family plot at the Tazewell Cemetery, Roanoke. Other survivors are Major Johnston's wife, Mrs. Catherine Faulkner Johnston of Arlington, Va.; Mrs. Raymond V. Long, Richmond; Mrs. Dannil Rucker, Baltimore, Md.; Joseph E. Johnston of Arlington; and, the late John William Johnston, Jr., Captain in World War I, who died six months after his brother's death.

## In Moscow

**WALTER CRONKITE**, Nu '37, United Press manager for the Low Countries, first reached there with the first troops which set out to free the region from the Germans. In one of the most spectacular maneuvers of the war, he landed with airborne forces at Eindhoven and Arnhem. For the combined American press, he flashed back stories of the parachute and glider landings and the fighting that ensued.

This undertaking was in line with Brother Cronkite's specialty, during the war, of covering air operations. He was a charter member of "The Writing Sixty-Ninth" — eight reporters specially trained to go with high altitude bombing raids over Germany. He was the first correspondent to fly over the French rocket-bomb coast. He covered D-Day from the air.

Earlier he wrote the only eye-witness account of the burning at sea of the transport "Wakefield," and covered the

Walter Cronkite  
Nu '37

invasion of North Africa, the Commando raid on Dieppe.

He was one of the representatives of the American Press covering the Moscow Conference.

Before becoming one of U.P.'s top foreign reporters, Brother Cronkite worked for nearly 10 years on midwest and southwest newspapers, starting on the *Houston Press*. He joined the news service in Kansas City in 1936 and thereafter was a staff member of bureaus throughout Texas. In 1942 he was transferred to the New York cable desk and was soon assigned to the Atlantic Fleet as correspondent. He was born at St. Joseph, Mo., in 1914.

## Gas Supervisor

**HENRY W. NICOLSON**, Mu '17, became general superintendent of Gas Distribution of Public Service Company in Newark, N. J.

After graduation Mr. Nicolson started in the gas business as a cadet engineer with the Seaboard By-Products Coke Company, a division of Koppers Co.

Following service as a fighter pilot in World War I under Captain Eddie Rickenbacker and others, Mr. Nicolson joined the Public Service organization in the Gas Department.

His first assignment was in the gas manufacturing end of the business at the Market Street Works in Newark. In 1922 he was transferred to the Newark District as superintendent. In 1944 he was named assistant general superintendent of Distribution.—*Newark Evening News*. Reprinted in *STEVENS Indicator*.
