## Alumni... Rushing Is Your Responsibility

You can do no greater service for your Fraternity  
than recommend desirable candidates for membership.

With chapters and colonies at thirty-six schools you probably know a young man who plans to matriculate at one of the schools listed on the Chapter roll on the reverse side of this page.

Send the name of the candidate and other information on the recommendation form to either the Office

of Council, Room 550, 3330 Peachtree Road, N.E., Atlanta, Georgia 30326, or to the chapter. Between June 1st and August 31st send all recommendations to the Council office and they will be forwarded to the appropriate rushing chairman at his summer address.

## LET'S TALK IT OVER...

*(I am dispensing with the usual column to report on the Rutgers University Fraternity Evaluation.)*

THE COMMITTEE on Fraternity Evaluation was appointed by Rutgers University President, Dr. Mason Gross, on February 15, 1963 because of a concern, emphasized by the general problem of discrimination, that fraternities were no longer playing the role they had in earlier days and, therefore, a redetermination of their function was necessary. Attendant to this was concern over the inadequacy of present fraternity housing and the lack of suitable accommodations to house new groups desiring to join those already established. The charge from President Gross, in essence, called for a recommendation that fraternities either be continued or discontinued.

The Committee's findings were as follows:

1. The present day fraternity chapters contribute constructively, in a unique way, to at least 40% of the student body, and the Committee therefore recommended the continuance of the fraternity system.

2. The Committee reported that a reasonable proportion of the student body in fraternity membership should be between 45% and 55%.

3. For the non-fraternity student, the Committee felt that the future residence halls should be constructed in such a fashion as to reduce to human scale the groups of undergraduates living in them. These residence halls should have an active social and educational program and should contain dining facilities, libraries, and other common rooms.

4. The Committee found that the majority of the existing fraternity quarters are inadequate and recommended the establishment of a fraternity area, on leased land at the University Heights Campus, to remedy the present housing problem. The Committee's recommendations were illustrated by the method of solution found in the Alumni Interfraternity Council's report on housing. Independence in management and finances of the fraternities appeared to be the most desirable condition to seek.

5. The Committee found that the relations between local chapters and their national organizations were generally healthy, although it recommends that a more systematic procedure of visitation by national representatives should be required by the University.

6. On the subject of membership selection, the Committee concluded that the undergraduate members should have this responsibility and that interference by alumni or

## *Plans and Date Changed*

THE HEART OF INDIANAPOLIS — SITE OF CONGRESS

Congress will convene on September 5, 1964 at the Marott Hotel, Indianapolis, Indiana. The meetings are being held over the Labor Day week-end so as to enable a greater number of delegates to attend. Originally Congress had been scheduled for French Lick Indiana, to start on September 7th. It was found that the date was inconvenient to many chapters and Council Officers.

The Marott is well equipped to handle Congress and its many features and services will help make the meetings both pleasurable and memorable. It is located a few minutes from the heart of the city and provides free parking and an excellent swimming facility. Indianapolis has convenient air and rail service from all sections of the country and is easily reached by highway.

Final plans are not complete at this time, however, the agenda will be about as follows:

### FRIDAY, SEPTEMBER 4

Council Meeting . . . 9 A.M.-4:30 P.M.

### SATURDAY, SEPTEMBER 5

Registration . . . . . 9 A.M.-11 A.M.  
Council Meeting . . . 9 A.M.-11 A.M.

4th Business Session . . . . . 1 P.M.  
Adjourn . . . . . 3 P.M.

All Alumni and undergraduate members are invited to attend Congress and it is urged that you make your hotel reservations early, as the famous Indiana State Fair will be taking place the same week-end and restaurant and hotel facilities in Indianapolis will be at a premium.

For reservations write: The Marott Hotel, 2625 Meridian St., Indianapolis 7, Indiana. For information regarding Congress contact any one of the following:

## CHI PHI 'INTERNATIONAL'

THE next five pages reflect the international flavor of Chi Phi. The story of Chi Phi at the University of Edinburgh, Scotland, is retold. A Chi Phi, and prominent Swedish business executive, tells of the value of fraternity membership. Another article gives a brief sketch of some of our foreign brothers now in school. And finally, for the benefit of our traveling Chi Phis and the brothers residing overseas, a roster of overseas members is listed. Space precludes listing our many Canadian members. We will do so in a future issue.

The Chi Phi family includes many foreign students in addition to American brothers who are currently living abroad

# The Old Theta University of Edinburgh

“Hoce olim meminisse jurabit”

Among the leaders of the school in those days were Henry Burnett, Peter Mitchell Wilson and Robert Bolling Wilcox to whom the writer became bound in the strongest ties of youthful friendship.

The war dragged its course along, times grew harder and harder, some of us were cut off entirely from our homes and when the vacation of 1864 arrived in July, and we bade one another good-bye, it was with a feeling that our school days were over, though our course lacked one year of being completed.

The days of peace came, the war was over, and the whilom school-boys found themselves separated at different Universities. Henry Burnett and Robert Bolling Wilcox at the University of Virginia became members of what is now the Alpha Chapter, and Peter Mitchell Wilson, at the University of North Carolina, became a member of the then Alpha Chapter of Chi Phi. The writer of this sketch was sent to the University of Edinburgh, Scotland, to complete his education, and while there was induced by his old schoolmates to found the Theta Chapter, which came into being in June 1867.

The close of the great civil conflict in America left the South in a most deplorable condition. The general ruin that overwhelmed her reached her institutions of learning, which, as a rule, became so demoralized, that they offered no attractions to those who could af-

ford the luxury of an education. With the passions of the war still rife, Southern parents hesitated to send their children to Northern colleges, and hence immediately after the war, many Southern youths were to be found in European universities.

These influences brought a company of Americans together at that ancient and noble institution the University of Edinburgh, and when it was determined to establish a Greek letter society, splendid material was at hand out of which to build it. “Theta Chapter” sprang into vigorous life, and flourished gloriously. If the college boy in America is attached to his club, imagine the devotion of Americans on a foreign soil to a society which not only brought them together socially but which was a tie to their home, beyond the sea.

The small band passed by degrees beyond the college gates into real life; the softening influences of time healed the wounds of war; the South rebuilt her institutions of learning, the tide of Southern youth stopped flowing to foreign universities, and Theta Chapter ceased to exist.

It lives today only in the records of our Fraternity, and as an imperishable memory in the hearts of its old members.

LUCIUS F. SUTHON

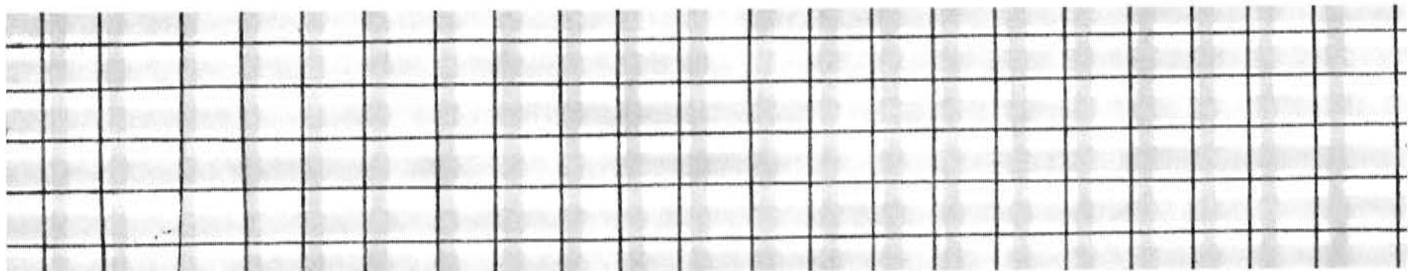

*Chi Phi Quarterly*

January 1891, Vol. XVI, No. 1

A brief sketch of the foundation of the Chi Phi Chapter, at the University of Edinburgh, may not be without interest to members of the Fraternity.

Many years have passed since the writer of this article left his Louisiana home, to attend the famous Bingham school, then located at Oaks, Orange Co., North Carolina. The first battle of Manassas had been fought, and the whole country was in an uproar of excitement. The stern discipline of the Bingham school, and its retired country location, contributed much to keep down the patriotic ardor of the generous youth who filled its halls. Often the whole school would be seized with a desire “to go to the war,” and it required all the tact and judgment of Col. William Bingham to talk the boys out of it.

How well he knew how to manage boys! They all believed in him and loved him. In those golden school days were formed those friendships, and were woven those influences, out of which grew the planting of a chapter of Chi Phi on foreign soil, and at an alien University.

# Swedish Executive Speaks of Value of Fraternity to Foreign Students

By JONAS C:SON KJELLBERG '53

*\*Foreign Students who are fortunate enough to join a fraternity will find this experience at least as valuable as their formal studies,\* says Jonas C:son Kjellberg, Beta '53 executive Vice President, Saab Overseas, Inc., and Saab Motors, Inc.*

Most foreign students with no previous knowledge of the U.S. are probably unaware of the existence of college fraternities at the time of entering an American University. Yet, I believe that those who are fortunate enough to join a fraternity will find this experience at least as valuable as their formal studies.

I believe my personal experiences, which I trust are rather typical to other foreign students, might illustrate the above statement.

In 1949 when I arrived in Cambridge, Massachusetts, I had a very limited knowledge of the English language, and an extremely sketchy understanding of the U.S. in general. So, I had to learn not only what M.I.T. would teach but also the basic facts of the "American way of life."

My brothers at the Beta Chapter could not have been more helpful in correcting my English, both oral and

written; in introducing me to campus life both in regard to studies and to its social habits and activities. As I look back, I don't know how I would have managed during the first year without the tolerant understanding that the Beta brothers showed me.

As time went by, my English improved, the studies became easier to tackle, and campus life appeared familiar. Hospitable brothers would invite me to their homes for vacations, and gradually I learned more and more about this country in general — and not only of its college and fraternity life.

I am confident that a fraternity is of immense importance to any of its members, but I believe that as a foreign student I derived an absolute maximum of benefits from it. The feeling of having "a home away from home" where helpful brothers assist with whatever problems may be pressing and where a foreigner is immediately accepted as an integral part of the group is of such practical and psychological importance that I count my years at Beta Chapter as one of my richest and most rewarding experiences from which I maintain only pleasant memories and the most valued personal friendships.

With the ever increasing number of foreign students attending American Universities and Colleges it is only natural that some of them have accepted invitations to become Chi Phis.

Fraternities are distinctly American institutions, thus membership in one gives the student from abroad an opportunity to associate with American students in a way not available through any other phase of campus activity. He sees the interplay of a group designed to establish and implement its own program. He participates in elections, serves on committees, voices his opinion in meetings, visits various brothers' homes, plays intramural fraternity sports, eats American food, whether he likes it or not, and sometimes just "loafs around" in the best student tradition. The fraternity makes it a little easier to be away from home in a strange land.

Currently men from Australia, Pakistan, Iraq, El Salvador, Singapore, Hong Kong, Peru, Venezuela and the Republic of Panama are either members or pledges.

Kappa's pledge from El Salvador is Ricardo M. Rosenberg. Rico attended the American School in San Salvador and starting with high school, The Putney School in Putney, Vermont.

Rico is a second semester freshman at Wisconsin, majoring in International Relations and Economic Development. He is active in the International Club, International Relations Club and Mock Democratic Convention. His four years in Vermont made him a devotee of skiing in addition to the traditional summer sports of El Salvador.

Beta has had many boys from foreign

# A Home Away from Home in Chi Phi Chapters

countries in recent years. Without exception they have been leaders in the chapter and devoted to Chi Phi. Manmohan (Mark) Khanna is a junior at M.I.T. from New Delhi, India.

Mark has lettered twice in Soccer, is a member of Course IV-2, the honors Electrical Engineering Course, a member of the E.E. honorary society, Eta Kappa Nu, and has missed the Dean's list only once in three years. Last summer he worked for I.B.M. in Poughkeepsie. His Brothers say "He dates Wellesley with an occasional side trip to Radcliff. He plans to take graduate work at either M.I.T. or Stanford."

Issa Isset Khudari's home is Baghdad, Iraq, where his father maintains the General Motors distributorship for Iraq. Issa has four brothers, all studying engineering abroad.

He attended the American Methodist School in Iraq, and has the distinction of being one of the few Moslems accepted by the school. He attended Seaford College in England and is now a junior at Rensselaer Polytechnic Institute where he is a member of Theta. He has traveled widely in Europe, and enjoys life in America but thinks we lead too hurried a life.

While not a foreign student, as an American citizen, Sergio Raymond Poyo, has lived most of his life outside the continental United States. His present home is Buenos Aires, Argentina. He attended Colegio Nueva Granada, an American school in Bogota, Columbia, where his father conducted a General Motors dealership. When ready for high school his father moved to Tenafly, N.J. where he attended high school until 1960, when the family once again returned to South America. Thus, Sergio has lived in three South American countries and brings a strong South American influence to the Gamma Chapter. He is a sophomore at Emory, majoring in Business Administration. He plays varsity soccer and enjoys playing all intramural sports.

An outstanding intercollegiate swimmer and Zeta of Xi Chapter is Peter Gilmour of Victoria, Australia. Peter is studying Agricultural Economics at Cornell and plans to graduate in 1965. He was initiated in April 1962. Also from Xi is Keng-Bin Lee '64 of Singapore, Singapore. Keng is majoring in Agriculture. His college preparatory work

SOMERS H. WHITE, President (standing) of North West Bank, Seattle, Washington, at Teller station complete with stool chair.

## BROTHER WHITE, PHI '53 SETS RECORD AS BANK PREXY

At 32, Somers H. White, Phi '53, is the youngest chief executive of any American bank. White is an Amherst and Chi Phi alumnus. Brother White received his master's degree at Harvard Graduate School of Business Administration. White has served with the old Chase National and the Chase Manhattan Bank of New York, and with the Boston Federal Reserve Bank. He came to Seattle from the Guaranty Bank of Phoenix, Arizona.

Brother White's bank bears his stamp. The Seattle area's 1,000,000 population look upon North West Bank as "different." The bank is located in the corner of a 10 story downtown parking garage, where it maintains free parking privileges for its customers.

Although there is a convenient off-street motor banking window, most customers prefer to turn up the ramp, park and transact their banking business inside.

The customer's first impressions are of red wall-to-wall carpeting, rich teak-wood paneling and the fact that everyone usually wears a smile.

There are other little things that make North West Bank different. No rails separate officers' desks from the carpeted lobby. Tellers stand within a rectangular enclosure near the center of

the banking room. Some of the teller stations have stool-chairs for sit-down banking. And, in the opinion of most of its male customers, tellers and other female employees are among the prettiest girls in the area.

Brother White has other innovations among Seattle banks. North West offers services with a "plus." Examples are: a Check-a-Month savings accounts which enables customers to receive monthly income checks figured at daily interest on deposits, and a free personal checking account service. On the latter, there is no service charge provided a \$500 balance is maintained.

The new bank is completely automated. Not only are North West's checking accounts handled by machine, but so are its savings accounts, savings interest computations, installment loan books and payments, and even its general ledger and payroll accounts. Recently the bank made available certain specialized bookkeeping services to its business customers, using this automated equipment.

Brother White considers the average age (36) of his officers one of his bank's primary assets. However, we feel the main asset of North West Bank is a well-known Chi Phi Amherst graduate.

## Going on 96 and still walks at least two miles a day

Brother Alten S. Miller, Mu 1888, is certainly one of Chi Phi's oldest and most illustrious members. He was born in Richmond, Virginia, October 6, 1868, and was initiated by Mu, April 2, 1886. This month marks his 78th year as a Chi Phi. Brother Miller was not a charter member of Mu, however, he is number fifteen on the Chapter register and Mu's oldest living member. It is possible he is Chi Phi's oldest living member.

His career as a professional Engineer was distinguished, as indicated by the list of societies, clubs and honors listed in Who's Who in America. He holds the degree of Doctor of Engineering. He is the oldest member of the Engineers Club of New York, having joined in 1894. He was elected President of the Union Electric Company of St. Louis in 1909, but left the position in 1911 to return to New York to become a consulting engineer.

During World War I he was a munitions manufacturer specializing in shrapnel with fuses. In 1918 he was appointed Lieutenant Colonel, Army Ordnance and was placed in command of the Department of Design of Army Ordnance. He was detached at the end of the hostilities.

Brother Miller says, "The rest of my business career was spent in consulting

## EDITORIAL

Let's start with this quote from Ray E. Blackwell: "Separated from its institutional affiliation the Chapter ceases to function as an active fraternity chapter."

The University welcomes a chapter with high academic, social, activity, and financial rating. This requires a well organized chapter with good officers who accept their responsibility to the University as well as to the Brothers and Pledges. It is up to them to promote the proper liaison between faculty and chapter.

Scholarship is of prime importance. This means that the Brothers and Pledges must have good grades. A controlled, compulsory quiet period for study is essential. It's a help, too, to have those proficient in special subjects assist and tutor those less proficient. The most important thing, though, is the selection of pledges.

I have noted that chapters who emphasize the social functions above all else and neglect study or quiet hours, the more important extracurricular activities and a sound financial program are among the weaker chapters of our fraternity.

One of the most important assets to a chapter is the close relationship of the advisor to the Brothers and Pledges. This is vital for a successful chapter.

A chapter that has responsible officers, who command the respect and cooperation of Brothers and Pledges, well balanced social and activity programs, a sound financial organization and close contact with the advisor will usually have a good academic standing. To maintain this ideal the chapter must be ever mindful of its mental, moral and spiritual goals when selecting officers as well as during rushing. The result is well worth the effort. This is the kind of a chapter that reflects credit on our National and is approved by both the University and the community.

C. W. STODDART, JR. AD'31

Chapter Advisor*

### GOING ON 96 (Continued)

work. Mainly the work was the determination of the cost and the present value of public utilities and testimony before courts and commissions regarding these items and the efficiency of the operations.

Our socialist supreme court ruined the business by issuing an order that value had nothing to do with utility charges for service. The basis for utility rates must be original cost and, when the dollar goes to nothing the loss is that of the utilities. No appraisals are now useful."

Brother Miller lives in Princeton, New Jersey, still drives his automobile and walks at least two miles a day. On April 2nd the Council sent him the following congratulatory message: "The Council and all the members of the Chi Phi Fraternity congratulate you on the 78th anniversary of your initiation into Chi Phi. Records indicate that you have been a Brother in Chi Phi longer than any other member. Best wishes for continuing good health."

## Request for Nominations of Candidates for Office of Grand Alpha

The Grand Alpha Nominating Committee requests that the names of candidates for the office of Grand Alpha, and their qualifications, be submitted to the committee no later than July 15, 1964.

Section 1, Article XI of the Constitution outlines the duties of the Committee as follows:

"The Grand Alpha shall be elected by the Annual Congress for the year 1922 and by the Congress held every second year thereafter, and he shall be at least twenty-five years a member of the Fraternity at the time of his election. The Grand Alpha-elect shall immediately become a member of the Council and shall attend all Council meetings as a member which are held during the rest of the fiscal year ending July 31st. The Grand Alpha shall hold office until his successor has been elected and qualified.

The Council shall select a committee, at least one year prior to the year in which election takes place, to nominate a candidate for the office of Grand Alpha. The committee shall be composed of five former Grand Officers, two of whom shall be past Grand Alphas. The committee shall select their own chairman. It shall be the responsibility of the committee to circulate a notice among all of the chapters and accredited alumni associations and clubs of the forthcoming election and request the submission of names of candidates and their qualifications for the office of Grand Alpha. The Committee's report will be made prior to the election of the Grand Alpha at Congress, and shall be considered dissolved immediately after the election."

### FRATERNITY-SORORITY EXHIBIT AT WORLD'S FAIR

During the period of August 12 to August 26 the center of attention in the magnificent "Hall of Free Enterprise" at the New York World's Fair will be a special fraternity-sorority display.

The multicolored exhibit, under the title of "Young Partners in Free Enterprise," will be jointly sponsored by the National Interfraternity Conference and the National Panhellenic Conference.

The presentation will vividly portray the contributions of Greek societies to the betterment of colleges and universities and to the constructive development of young men and women in North America. Informed young members of men's and women's groups will be on hand at all times during the course of the exhibit to answer questions, distribute materials and accommodate guests.

You will be proud of *your* exhibit at the World's Fair. Plan to see it in August.

# ALCOHOL

By W. P. SHOFSTALL  
*Dean of Students  
Arizona State University*

WE always have had alcohol with us and we are likely to have it with us for some time yet to come. There are some people who for religious, cultural or social reasons are going to drink, and there are others who for the same reasons are not going to drink. Our difficulties in dealing with the drinking of alcohol do not stem from the people who do NOT drink! Our trials and tribulations stem from all those people who for reasons both good and bad drink alcohol and intend to continue to drink. Our quandary, however, with all those people who drink and who intend to continue to drink can be solved only if we all recognize that one in fifteen is a potential alcoholic. Knowledge about moderate drinking is important but the issue of moderation has little to do with alcohol.

If we could teach the basic information about alcoholism to everybody, we would, surely have answered as completely as is possible questions raised by alcohol on the campus. This basic information must be understood and accepted by ALL students, teachers and

*(Continued on next page)*

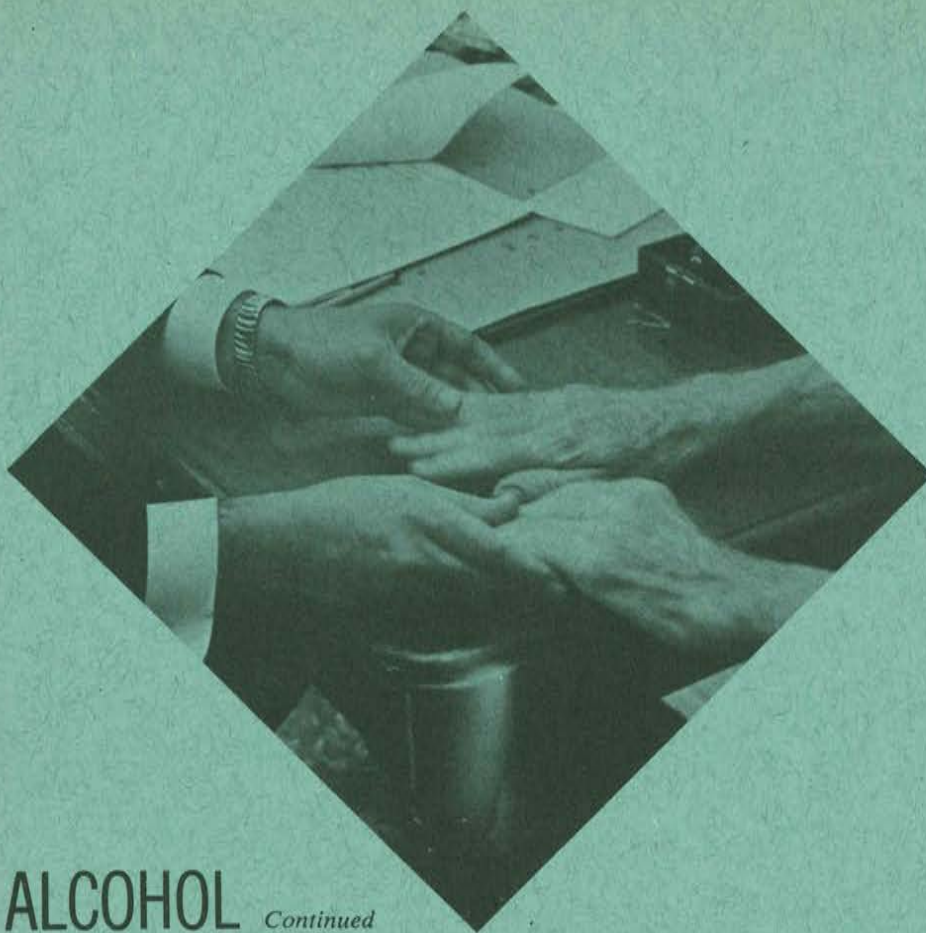

**EDITOR'S NOTE:** I visit many campuses and talk to innumerable college students every year. Most of those I meet are male and members of fraternities. Many of our members do drink beverages containing alcohol. Most of these that do drink did not have their first drink at a fraternity party or a fraternity sponsored party. They drank before college. Most students I meet do not drink during the week. If they do drink it's on weekends.

This article is not published because Alcoholism is a problem or about to be a problem among the members of our Fraternity. It is featured because there exists an aura of ignorance about Alcoholism.

CARL J. GLADFELTER, *Editor*

## ALCOHOL *Continued*

is in any way very effective, until we are able to affect a change in our entire intellectual and spiritual climate so far as alcohol is concerned. The necessity for the creation of this intellectual and spiritual climate might seem to be an impossible task and a sign of hopeless pessimism but, in my opinion, if we might and would provide a significant and valid program for teaching the basic information we now possess about alcohol and alcoholism in our colleges and universities, then and only then could we have, in a reasonably short time, the change in climate which would allow us to influence the conduct of students in relation to alcohol.

### Seven Basic Facts in Alcohol Education

1. Approximately one (1) person in fifteen (15) is a potential alcoholic. Fourteen are not. This ratio holds good in ALL groups.
2. No person can know in advance of his drinking if he is or is not a potential alcoholic. Therefore EVERY person, whether he drinks or not, must know the facts about alcoholism.
3. An alcoholic is a person who REPEATEDLY gets into trouble after drinking but who continues to drink and, as a result, gets into trouble again.

4. An alcoholic can NEVER drink alcohol in any amount however small without having serious consequences.
5. There is no one generally accepted cause, nor is there any known cure, for alcoholism.
6. The symptoms of alcoholism can be observed in people of any educational level, socio-economic group, age, sex, race or creed very soon after the person who drinks is free to drink as much or as often as he desires.
7. Alcohol education is education in a "way of life," plus basic information. Either one without the other is actually harmful whenever alcohol is involved.

### A Program in Brief

1. Every student who gets into any kind of trouble, however minor, should talk with a trained alcohol counselor who can present the basic information without making moral judgments.
2. Every student who gets into serious trouble must be placed upon disciplinary probation with the understanding, shared by the student, his parents and others interested, that suspension from the university is a certain consequence of a second serious incident in which alcohol is involved.
3. An expert speaker on alcohol, preferably a member of Alcoholics Anonymous, should be available to all student groups and the group should be urged to hear such a speaker at least once each year.

### Conclusion

This approach to alcohol education leaves no room for intolerance; it leaves no room for bigotry; it leaves no room for arrogance; it leaves no room for hypocrisy. Above all, it leaves no room for those who cannot learn something new. It requires hard work, intelligence, and faith in ourselves, in God, and faith in others. Above all, we must have the patience of Job and the courage of a fool, without becoming one.

"ALCOHOL" by Weldon P. Shofstall is the second in a series of articles prepared for fraternity magazines by "Operation Challenge" a project of the College Fraternity Editors Association.

Permission to reprint the article or any portion thereof must be obtained from the Author and the Operation Challenge Committee.

The members of the "Operation Challenge" Committee are: Ralph F. Burns, Alpha Sigma Phi, Herbert L. Brown, Phi Sigma Kappa, Robert D. Lynn, Pi Kappa Alpha, Durward Owen, Pi Kappa Phi, John Robson, Sigma Phi Epsilon, Francis Wacker, Delta Sigma Phi, and Carl J. Gladfelder, Chi Phi, Chairman.

### ABOUT THE AUTHOR . . .

Weldon P. Shofstall is Dean of Students, Arizona State University. After obtaining a Ph.D. in Education at the University of Missouri in 1932 he served as Dean of Administration, Stephens College, Columbia, Missouri, until 1946. Following four years as adviser to the Armed Forces in Europe for German Youth Activities, he associated with Arizona State. He has had a continuing interest in the problem of alcoholism and has thoroughly studied and researched the problem. He is a member of Sigma Tau Gamma Fraternity.

# CHAPTER AND CAMPUS BRIEFS

## LAMBDA BUILDS A NEW MUG RACK

Ever since the founding of the Lambda Chapter of Chi Phi, it has been a tradition to present pewter mugs to the new initiates. These mugs are engraved with the brother's full name, nickname, and class. When a brother dies the glass bottom of his mug is shattered as a token of respect.

Associated with the tradition of the mugs is the practice of displaying them on a shelf in the house. The mugs are arranged according to class years, and thus serve as a decorative history of the Lambda brothers.

Through the years various problems had arisen with regard to the mugs on display. Many were stolen during open houses, while others were broken, scratched, or badly dented. It became too costly to keep the mugs on open display, and for the past few years the remains of the old collection were locked in the chapter room.

In the summer of 1963, actives and alumni of Lambda set to work to build a rack which would secure the mugs, yet keep them on open display.

The mug rack, designed and built by Robert Haaf L'50, measures seven feet by ten feet, with thirty individual shelves, has a total capacity of three-hundred mugs. The shelves, made of fine, dark walnut, are each fitted with a sliding bar which closes to lock the handles of the mugs into elbow hooks built into the wall of the rack. This device makes it possible to display all the mugs while keeping them safely locked. Also the mugs can be quickly unlocked and removed when necessary. Special credit is due to William Long ('64) and Barden Wilmar ('65) who assembled the rack.

This rack, filled with mugs, is not only a useful addition to the Lambda house, but is also a striking decoration of the dining room, where it is situated.

Now that the rack is finished and the mugs can be displayed without fear of theft or damage, Lambda urges all its alumni to return or reorder their mugs.

150 Couples attended the annual Chi Phi Alumni Association Dinner Dance at the Ansley Golf Club March 6th. The officers responsible for the arrangements were: l to r: Paul Westbrook, G'56, Secretary; Lamar Swift, H'36, V-Pres.; Charles T. Nunnally, H'52, President; William W. Waller, Ome'55, Treas.; and Ralph King, Ome'55, V-Pres.

## NEBRASKA COLONY TO RECEIVE CHARTER

On May 23, 1964 the Council will install Chi Phi's 35th chapter at the University of Nebraska. The ceremony will take place at the chapter house, 1345 R Street, Lincoln, Nebraska, at 4:00 p.m. Following the installation there will be a reception and a dinner dance at the Cornhusker Hotel.

The colony was established in Febru-

ary, 1963 by Gilbert E. Sobie, Tau Delta '62. It presently has thirty members. The Chi Phi Club of Nebraska headed by Earl Frederiksen, AthX'29, president, and Victor Smith, AthX'25, secretary, guided the chapter through the last year and a half and are responsible for the arrangements May 23rd. All Chi Phis are invited to attend.

## ZETA DELTA ALUMNI ASSOCIATION CONDUCTS VOCATIONAL SEMINAR

In December the Association conducted a Vocational Seminar for the chapter's juniors and seniors at the house. The purpose of the Seminar was to provide some insight into some of the career opportunities available following graduation. Speaking to the group on their own experience in their chosen field were the following Zeta Delta Alumni.

Lee Schelly, '54 — Marketing Management and Graduate School

Larry Johnson '58 — Data Processing

Bob Stone, '58 — Accounting

Tom Carmody, '54 — Insurance, Home Office and Field

Jack Taylor, '57 — Sales as a career  
Art Batchelder, '55 — Military opportunities

Dale Martin '55 was chairman of the program and John Heiser '57 served as moderator. A delicious steak dinner was served before the Seminar — an enjoyable evening, indeed.

## ETA DELTA DEDICATES NEW HOUSE

Eta Delta's new fraternity house was dedicated February 8, 1964. Roger Williams, HD '48, President of the Eta Delta Alumni Association was master of ceremonies. Former Grand Beta, Rev. George Clark, Phi '27, gave the invocation. The Grand Alpha, C. Moreland Thomas, HD '45, introduced national officers and distinguished alumni, and National Director, Carl J. Gladfelter, AT '33, gave a short talk. The house-mother of Eta Delta for the past thirty years and now eighty-four years old, Susie Brannan, welcomed all her boys back. Brother Williams presented the Alpha of Eta Delta with a plaque commemorating the dedication of the new house.

A reception at the home of Brother Elmer Hoffman HD '14, followed the dedication, and then Eta Delta actives and alumni traveled to the Sheraton-West Hotel for a dinner dance. Following dinner the Grand Alpha introduced other alumni and distinguished guests and presented an award to Richard C. Ham, Lambda '33, as the most outstanding Chi Phi of the year.

The new quarters will house 56 men. It cost \$275,000 and was financed through a federal loan through the University of Southern California, and

donations from the alumni. Construction was begun in September 1963, and it was nearing completion at the time of the dedication.

## RHO MODERNIZES

Returning alumni may think they are in the wrong house. Approximately 75% of the planned renovations and improvements have been completed. The Rho Chapter Assn. plans to complete the remainder of the work this summer.

## 50 COUPLES ATTEND EASTERN WISCONSIN CHI PHI DANCE

Chi Phis with class years dating back to the late 20's attended a Leap Year Dinner Dance on February 29th, at Alioto's Restaurant. Jack Kunkel, K'54 and Charles Kleinschmidt K'56 were in charge of arrangements.

## ETA SCORES IN SCHOLARSHIP

Eta, University of Georgia, ranked highest in scholarship among fraternities for the winter quarter. The Georgia chapter has consistently improved its scholarship over the past two years.

## THREE UNIVERSITY OF CONNECTICUT FRATERNITIES PLAN SCHOLARSHIP AWARD

Chi Phi, S.A.E. and Sigma Phi Epsilon have decided to compete for a trophy. The chapter attaining the highest quality point ratio at the end of the official school year will receive the trophy, which will be awarded at the proposed annual Triad Scholarship Ball in September. In addition, each chapter will award a plaque and \$150 to the pledge or brother with the highest scholarship average. Mr. Miller, of the office of Men's Affairs, said of the Triad, "We see the idea of academic competition channeling energy to a constructive purpose, a positive contribution by the fraternities."

## PSI ANNOUNCES PLANS TO EXPAND CHAPTER HOUSE

At the dinner held in conjunction with the Briarfield Association Annual meeting on February 29th, it was announced that in cooperation with the Lehigh University Centennial Development Program, our Fraternity has embarked upon a program to provide a three-story addition to the Chapter House, a major alteration of the present structure and improvement of parking facilities.

Jack Conneen, Psi '30, President of the association led a discussion on the proposed alterations and additions to the house, following a talk by Dr. Charles Seidel, Vice President of Lehigh, on the part played by the Fraternity system in Lehigh's program.

## A STATEMENT OF POLICY BY NORMAN TOPPING, PRESIDENT OF U.S.C.

"The University of Southern California, from its inception, has maintained a policy pertaining to student affairs which is free from discrimination based on race, religion, or national origin. The following—part of a resolution adopted by the Board of Trustees—supports this policy, and appropriate affirmation of it will be required:

All fraternities, sororities and other non-institutional living groups and student organizations shall be free to select their own members free from any express or implied restraint imposing discrimination against such selection based upon race, religion or national origin . . . Said policy . . . shall become effective with the opening of the school year in September, 1964.

It is my conviction that the fraternities and sororities on our campus are a source of great strength, providing leadership complementing the academic objectives of our university. I am confident that they will help provide leadership in this matter, as well.

It is the intent of the policy to insure freedom of choice in the selection of members by each fraternity and sorority. The University recognizes the very valuable contribution made by alumni and alumni advisory groups to the affairs of the fraternity and sorority programs. This policy contemplates a continuance of strong alumni-chapter relationships, including guidance with respect to selection procedures and the selection of members. It should be clearly understood that the University will not require any fraternity or sorority to invite into membership anyone not acceptable to its members.

Most assuredly, the hope of this university's administration and trustees is that fraternities and sororities will continue to contribute, as they have so richly in the past, to the intellectual and social environment of their members, of the University, and of all its students."

## MASSACHUSETTS INSTITUTE OF TECHNOLOGY

The advent of the spring term brought our annual Help Week and that period when many smaller maintenance jobs were done around the house: paint-up and clean-up the order of the day. At the conclusion of Help Week, nine fine men were initiated and we all played host to visiting alumni at the traditional Initiation Banquet. At an award ceremony that evening the chapter was surprised to discover that we had been awarded the Chi Phi Achievement Award for 1963 (not to mention \$100) and the beautiful plaque hangs in our Trophy Room and is admired by all our guests. At the same banquet Norm Cohler, '64, was awarded the Sparks Medal for his sterling scholastic record.

While we are on the subject of scholastics, Beta was delighted to discover that we are listed as seventh among the 35 living groups at M.I.T. for the first term this year.

The new officers for this term are: Alpha, Bob Wild; Beta, Mike Merritt; Gamma, Jim Sweeney; Delta, Warren Kirsch; Epsilon, Ray Pfau; Zeta, Tom Scott. George Eldis is again steward, Alumni Representative is Bob Atkins, and Jim Edgerton is Beta Foundation Representative.

Archie Bleyer, previously the secretary of the I.F.C. at M.I.T., was recently elected to the position of Rushing Chairman of the same organization. Arch was also made a member of Phi Lambda Upsilon, a Chem. and Bio. honorary society, and Mark Khanna was initiated into Eta Kappa Nu, Elec. Eng. honorary.

Study has not pushed out the social side of life at Beta: this year's Cafe Boheme Party was an unparalleled success. The upperclassmen unanimously decided that the Frosh finally saw a real Chi Phi party.

In conclusion, watch Beta's record next term: seventh is not good enough for us—we're going up next term.

## EMORY UNIVERSITY

Gamma Chapter continued to be outstanding on the Emory campus this last year. Our pledge class, although not the largest on the row, could not be equalled in spirit, enthusiasm, or desire to work. As part of their pledge program they were required to write reports on outstanding Gamma alumni. Also they visited the national office where Brother Gladfelter talked to them about the fraternity and its history. Better than half of the pledges were initiated last quarter and the rest are expected to be eligible to be initiated this quarter.

At present the officers of the Chapter are: Rick Preiss, Alpha; Bill Tovell, Beta; Bob Greshman, Gamma; Mike Stoddard, Delta; Clyde Campbell, Epsilon; Jim Massey, Zeta. Our house-mother is Mrs. Marie Bray.

The big social event of this year was our formal. It was held the weekend of February 21 and 22. At the formal we started what we hope will become a Gamma tradition. Many of the old brothers came to the Saturday night party where they had a better time than the actives, or so they said. We hope to make this party an "old troops reunion" from now on.

Looking forward to spring quarter we find ourselves in the midst of rush. Our brothers have been out visiting prospective Emory students and there are plans in the making to have rush parties in several of the towns throughout Georgia, Florida, South Carolina, and Tennessee. Alumni are encouraged to send recommendations.

Our alumni are helping us remodel Tom Connally Hall with plans to acquire a new living room and den rug, new furniture, and new kitchen appliances. Alumni Brother Bill Morgan G'57 is heading this monstrous project.

How many Gamma alumni remember "Deacon Mary?" Remember Mary Kemp? She is our cook and a loyal Chi Phi. If you have a moment, drop her a note. She loves to hear from the old troops.

## RUTGERS UNIVERSITY

The Delta chapter has seen a great many improvements during the year. Several rooms in the chapter house have received new coats of paint. A new rug for the living room and a new television were also welcome additions. The intramural teams have made a fine showing and the outlook is good for the upcoming softball tournament. Socially, one can report that Junior Prom weekend was a success, and plans are being made for a Roman toga party in the near future.

Eight brothers made the Dean's List last semester. Brother Pat Marotto received the Spark's Memorial Award for the second consecutive year and, as Scholarship Chairman, has done a great deal in helping the new pledges with study problems.

Pinehurst pledged eighteen men who will become brothers on April 18. Planned in conjunction with the end of Greek Week, the annual Alumni Banquet will also be held on April 18. We are expecting a good turnout and hope the alumni will take this opportunity to get acquainted with the new brothers.

## HAMPDEN-SYDNEY COLLEGE

In the fall we of Epsilon were fortunate to get an excellent pledge class of sixteen men. With these men, several from out of state, the chapter has taken a more cosmopolitan trend. Their ability and interest in Chi Phi has already been demonstrated in an impressive remodeling of our party facilities.

During the year the chapter has competed well in intra-murals. We were third in football, fifth in basketball and are presently in the finals of both the ping-pong and pool championships. Everyone is optimistic about the forthcoming softball season. We remember last year's tie for first place and are hoping for another good season.

March 15, Brother Buck Davis, representing the school, turned in a credible performance on the General Electric College Bowl.

In the upcoming Student Government elections Andy Button and one of our pledges, John Harvey, are running for president and secretary-treasurer respectively. Epsilon can already boast the president of the Union Philanthropic Literary Society—Steve Gedney. Madison Cummings received the Otis Bradley trophy for this year's most outstanding wrestler.

The chapter is sorry to see leave an excellent senior class. Especially outstanding are Mike Caver who recently received the Woodrow Wilson Fellowship award. Horace Lukens, our present Alpha, who was elected to Omicron Delta Kappa leadership fraternity, and Ham Scherer, Beta, who is president of the German Club.

#### FRANKLIN AND MARSHALL COLLEGE

With April upon us again, most of the brothers at Zeta are fighting increasingly worse cases of spring fever. Another month of work will see the completion of a very successful year at "Dubb-sheim."

The second semester started on a good note, thanks to the diligent rushing activity of the Brotherhood. Seventeen top pledges were taken to increase the house rolls to 71 men. Their fine scholastic average is expected to add impetus to Zeta's program of increased emphasis upon academic achievement.

Realizing the importance of full participation in college activities, Chi Phi's are found lending their leadership ability to Student Council, Student Union Board, Inter-fraternity Council, The Oriflamme (yearbook), and many other campus organizations. As usual, Zetas are active in every spring sport, including the captain of the baseball team.

Of course the fraternal life would not be complete without a well-rounded social calendar. Snowball and Inter-fraternity Weekends, plus many informal parties throughout the semester, were very successful and enjoyed by all. Spring Weekend in the Poconos promises to be one of the greatest weekends in years.

With the purchase of a new stove and the expected acquisition of new dining room tables, Zeta will have completed

a year-long program of capital improvements which has put "Dubb-sheim" in its finest physical condition in recent years. The present financial condition is also excellent in spite of the large expenditures this year.

We at Zeta of Chi Phi can look back upon a great year and forward to many more to come.

*R. William Difley, Zeta*

*Michael W. Graves, Alpha*

#### UNIVERSITY OF GEORGIA

The Eta Chapter entered the school year in a somewhat difficult position since many of its brothers had graduated the previous spring. Fall Rush, however, was very successful. Thirty-five sharp young men were pledged to Chi Phi, and most of these thirty-five have been initiated.

The chapter voted to establish a house maintenance fund of \$1.25 to be added on to each active's monthly bill. The fund to be used for maintenance work on the house during the summer so that the house will be in perfect condition at the start of the school year.

Of particular pride to the chapter was the scholastic average of 78.6 attained by the brothers during the winter quarter . . . the second highest on campus.

Two big events are planned for the chapter during the Spring Quarter. Spring Rush Weekend will take place during the month of April, and the annual Chakett weekend will be held during May.

#### OHIO STATE UNIVERSITY

Iota acquired a new housemother last fall, Mrs. Katherine DeBrick from Bluefield, West Virginia. This is her first experience as a housemother, and she is doing an excellent job. She is becoming well known not only at Iota but in the university community as well. She has youth, a Southern drawl, and a charming personality which is a good asset to the "Mansion on the Hill."

Dr. John C. Weaver, K'36, of the State University of Iowa was appointed vice president for instruction and dean of faculties at Ohio State, and will assume the post on July 1. Dr. Weaver is a Chi Phi from the University of Wisconsin where he graduated with

honors and was elected to Phi Beta Kappa there.

Iota started the winter quarter under new officers: Tom Hirt-Alpha, Pete Raudseps-Beta, Ed Jefferis-Gamma, Bob Kattman-Delta, Al Kohler-Epsilon, and Paul Hirt-Zeta. Iota is growing this year and will continue to grow under the new direction. We have initiated eleven new brothers this fall and winter and will build a strong pledge class through intensified rush this Spring under the direction of co-rush chairmen Don Perry and Phil Hart. We now have seven pledges, and plan to bring this number up to twenty by the end of Spring.

The alumni, under the leadership of Bill Toivonen, I'57, have shown continued interest and enthusiasm in the house this year. We are pleased with recent visits and suggestions from both Columbus and out of town alumni. We are planning a Spring weekend picnic with the alumni; for further information contact the house or Bill Toivonen, 1338 Tiverton Square, South, Columbus, Ohio 43224.

Around the house we are retouching the yard and repainting the upstairs. We have recently acquired a new color television set.

Last fall the brothers reached the semi-finals in intramural football. The brothers were also quite active this winter in intramurals. We had two basketball teams, one of which made the playoffs, and a bowling team, which missed the intramural trophy by seventy-five pins. We will have a slow-pitch softball team and another bowling team this Spring.

#### UNIVERSITY OF WISCONSIN

Our first semester rush, under the leadership of John Mahoney and Bob C. F. Clause, was rewarding in that we pledged twenty-nine men.

Our Homecoming display rated third place on campus due to the enthusiastic leadership of Dick Jones. A concentrated effort by the *conscientious* brothers was undertaken to improve the scholastic rating of the chapter. The results of this were positive. The chapter's grade average improved considerably.

Formal chapter activities were resumed in the spring semester, with the election of new officers. Alpha-Tom Hitt, Beta-John Mahoney, Gamma-Denny Gil-

lespie, Delta-Dave Grohusky, Epsilon-Jules Oravetz, Zeta-Denny Gagan, and Steward-Dick Jones.

After recently initiating 15 new brothers our chapter numbers 45 actives and 20 pledges. Our brothers remained active in campus activities. Jack Brens, returning to school second semester complimented the already complete Wisconsin basketball team. Bob Freimuth, Grant Beise, and Ray Marcin were featured on the Gridiron, while John Stoddard, Denney Gillespie, Joe Oravetz, and Bill Schwaab "paddled" for the crew team.

Though our Christmas decorations won no prizes, their merely being successfully completed was cause for celebration.

Our newly elected slate of officers for the spring term are:

- Alpha—Daniel A. Peck
- Beta—Richard S. Gill
- Gamma—Robert J. Fillinich
- Delta—John G. Van Remoortel
- Epsilon—Alfred Y. Bentley
- Zeta—David H. Cooley
- Steward—Dennis P. Clayton

All in all, Mu has had a great fall semester socially, in athletics, and in academics, and we are looking forward to an even better spring semester. With its never wavering spirit Mu continues to be a leader of the campus.

the University of Texas to raise money for charity. Each fraternity and sorority enters a carnival stunt and a Carnival Queen is crowned at the end of the activities. This year we are sponsoring a Kappa Alpha Theta for queen. Trophies are given for the best show, best concession, and for Queen. Last year Nu won the show division first place with *Chi Phi Obscenes* and the Kappa Kappa Gamma we sponsored was first runner-up for Queen.

The major improvements around the chapter house have been on the terrace garden. We now have adequate lawn furniture due to the gifts of Brother Ball. A barbecue pit is going to be completed by the end of the semester.

During the summer months, Mu had new wood flooring laid throughout the entire first floor. The coming of the fall term then produced many here-tofore unknown floor finishers within the Brotherhood. For fear of slighting the front hall it too received a face lifting consisting of a new slate floor, a new ceiling, and new wall paper. With these improvements, plus the work done by the Brothers in their respective rooms, Green Gate will further add to its undisputed title of, "Finest house on campus."

The fall term was further accentuated by a "Work Week" at its opening and at its close. The second was the direct result of our pledging a few of the prime sophs still left from last term's rushing.

The first "Work Week" saw much work done on the outside of the House by the then pledges. Masons, gardeners, and painters were found to exist within the pledges midst. With the building of new dining room tables the House was in A-1 condition at the start of the fall term.

One of the most joyous occasions of the fall term was the return, from summer quarters, of Remo, our fearless mascot. Being the terror of the campus he is oftimes described as part hound, part hell.

Eight new Brothers were initiated and they have added to the spirit at Mu. Some of this spirit siphoned off onto the football field where Chi Phi had a winning season in the I.F.C. league.

Winter Carnival saw Mu's maintain the legend of the three party weekend.

The high point of the year for Nu chapter was the initiation of our chapter advisor, Mr. Robert Franklin Siddons, Jr. Brother Siddons has given us valuable assistance ever since his son, Bob, was initiated in 1962. The Texas Alumni petitioned National for permission to initiate Brother Siddons, which was readily granted.

The brothers and pledges of Nu are now in the process of working on a skit for Varsity Carnival. Varsity Carnival is sponsored annually by the Greeks at

**NORTHWESTERN UNIVERSITY**

The Brothers of Pi Chapter began the new year amid a whirlwind of activities which, along with academics, will undoubtedly keep the Brotherhood busy until June.

PI's rush week goals were realized early in January with the initiation of twelve new members. Four more men will be initiated early in April. All indications are that this year's freshman class holds a great deal of potential leadership ability, which will be brought into play in the near future.

Pi Chapter's bi-annual Parents' Club Weekend, in Oct. and May, enable both brothers and parents alike to become better acquainted with the families of their Chi Phi brothers. Left to

Right: Mr. and Mrs. S. V. Daccurso, Brother Terry Holtz (shaking hands), Brother Gene Wallace, Mrs. Iona Wallace. Background: Dr. and Mrs. William Holtz.

In winter elections, Joseph Anthony Daccurso was elected Alpha; Anthony Norman Zaugh, Beta; Stephen Anthony DePolis, Gamma; Arnold Phillip Consdorf, Delta; James Herbert Breuhaus, Epsilon; and Anthony Edward Fessler, Zeta.

The last weekend in February, PI played host to this year's Chi Phi Midwest Zone Conference, to which Chi Phi Chapters from the University of Illinois, Indiana University, the University of Wisconsin, University of Michigan, Ohio State University, Ohio Wesleyan, University of Minnesota and the Colony from the University of Nebraska were invited. After the twenty-five delegates registered at the Chapter House, Brother Gladfelter and Midwest Regional Director Maynard Andreae AT'32 conducted three hour conference sessions. Fraternity leadership and responsibility highlighted the discussions, which also included exchange of pledge programs, rush techniques and administrative operation plans.

After an informal social hour, sponsored by Pi Association, the delegates and fifteen area alumni enjoyed dinner at the Chapter House. Among the distinguished participants was Chi Phi alumnus, Judge John B. McCormick K'14 of the Illinois Appellate Court.

On Sunday, March 1, the Brothers of Pi had the honor and pleasure of initiating five pledges from the Alpha Theta Chi Colony, University of Nebraska. The Brothers of Pi welcomed the chance to assist a new colony on its way to becoming a Chi Phi Chapter.

Academically, Pi has had a good year. Thanks to a successful Freshman class and increased effort by the upperclassmen, PI moved up thirteen places in the University scholastic ranks this year. The Brothers expect even greater strides in the months to come.

Physical plant improvements this year include increased electrical power, partial rewiring, kitchen improvements, a dark green slate floor for the entryway and an outstanding stereo-FM combination for the living room. The Brothers also look forward to a new color TV set next quarter.

In intramural sports, Chi Phis have made outstanding achievements this year. In basketball, Bruce Lohse took all intramural high scoring honors with 210 points for seven games. His high game total was 42 points. In bowling, the PI team won its league trophy with an overall record of eight wins and no losses.

In extra-curricular activities, Chi Phis are having a big year. With the all campus Mock Political Convention coming up this spring, Chi Phi will represent the state of New Mexico. This event has al-

ways drawn hearty support from Chi Phi, and from all indications this year is shaping up as one of the best yet for M.P.C.

Brother Jack Rossotti, Night Editor of the Daily Northwestern has recently been appointed Sports Director of Northwestern's radio station, WNUR-FM.

Throughout this year, Brother Joe Daccurso's five piece combo has continued to play for many campus dances and other social functions. The band is made up of four Chi Phis, including Joe.

The middle of April will see Northwestern as host for the Big Ten Interfraternity Council-Panhellenic Greek Leadership Conference. The PI Chapter officers are slated to play a big role in the proceedings.

So far, this has been a busy and successful year for Chi Phi at Northwestern and the Brothers have no doubt that it will continue to be even more so.

Senior Allen Dean, is considered the backbone of the field events of Georgia Tech's Track Team this spring. Allen is the best pole vaulter and high jumper on the team, and despite his size and weight is accomplished in the discus and shot. Freshman Tom Clark won a spot on the Tennis Team and traveled with the team for a week of competition in Florida, March 23-March 28.

Omega's new sweetheart is pretty and personable Bobbie Jean Ketchens. One of her first duties was to act as head cheerleader in the annual pledge-brother football game, (the brothers won 21-6, of course). Led by Brother Rich Suttmeier, the Chi Phi Bowling Team streaked to 3rd place in intramural competition, and player-coach Fred (Sloth) Meyer put the basketball team to a second place in league competition.

Chairman of the Alumni House Maintenance Committee, Pat Story '51, has initiated plans to remodel the upstairs rooms. The chapter is very grateful to Pat and his wife for their work in maintaining the house.

Although final tabulations were not available, Omega is expecting to retain their high scholarship rating for the winter quarter.

The fall of 1963 witnessed a most productive season for house improvement of Alpha Alpha. The switching from coal to oil heat by the purchase of a new furnace and hot water system solved the problem of soot and an overall outdated heating plant. A complete rewiring job of the whole house also brought that facility up to date. These and many other projects were financed by a program of saving \$500.00 periodically.

The success of both fall and spring rush placed the house in a sound financial position to be prepared for deferred rush next year. The future will see many more improvements in a general face-lifting of the house and many alumni activities.

## UNIVERSITY OF MICHIGAN

At the start of this very successful semester we took twelve new pledges. Tom Ittner is our pledge class president. Our pledge class included three legacies: Ross Mahachek, whose father, Ralph E. was a member of Gamma Delta '40, John Saveland's father was a member of Iota '39 and Allen Hawley, whose brother Ernest was a member of Alpha Tau '63.

Since exams fall around the week of May 11-16, most of us have been busy studying for the final haul. One last big fiesta before cramming is Michigras. This year's theme is Michivision and the whole campus is preparing booths and floats with television programs in mind. Under the capable leadership of our chairman, John Eding, we hope to capture first prize with our float that we are making with Sorosis. The float is based on one of our favorite TV shows the 'Fugitive.' It is entitled "That Was The Fugitive That Was" or "Shock for the Doc" and it pictures our friend the "Fugitive" finally getting "his" in the electric chair.

Under the strain of the new tri-mester system we have done very well academically and actually improved our position among the fraternities by moving up 11 places. On the sports scene we have two brothers trying out for berths on the Golf Team. John Lorenzen, Jr. is our hopeful for the Varsity and Jim Rozsypal is a tryout on the Freshman team.

In the student elections Scott Crooks was re-elected to his post on Student Government Council after a very hard campaign and John Lorenzen, Jr. was elected to the Board in Control of Student Publications.

The highlights of the social season were the Pledge Formal and the Hawaiian Party. Our Pledge Formal was held at Inn America. The Hawaiian Party featured a sand covered basement with pools of water, all adding to the Hawaiian decor.

## OREGON STATE COLLEGE

Epsilon Delta started the year with a capacity house of 68 men with 30 pledges. Everyone pitched in and many improvements were made. The front room was redecorated, and our Alumni

Brother Roger Williams, HD'48 (left) President of Eta Delta of Chi Phi Alumni, presents plaque to Alpha Noel Stowe (R), at ceremonies dedicating the new chapter house on Feb. 8, 1964.

Association bought us six new couches.

Our social activities fall term included exchanges and a house dance entitled, "Beach Party." Our winter term house dance was put on by the pledge class. The theme was "When Cotton was King," and we enjoyed live music by a local group, "The Deltas."

Epsilon Delta held elections during winter term and a few changes resulted. The officers now serving are: Wayne Cox, Alpha; John Trollman, Beta; Dennis Ashenfelter, Gamma; John Barnes, Delta; Walt Cunningham, Epsilon; and Phil Kaser, Zeta.

We are very proud of the accomplishments and activities of our members on campus and in athletics. Brother Marv Lee is treasurer of the senior class at OSU, and Brother Marv Crowston, a sophomore, performed very well as a varsity quarterback on the Beaver football team. Brothers Pen Faus and John Schneider were varsity swimmers. Pledge Wayne Chamberland was on the rook swimming team. Brothers Dennis Searcy and Walt Cunningham are working hard on varsity crew. Brother Neil Koozer was on the varsity rifle team. The house also participated actively in intramural athletics.

Air Force, Army, and Navy ROTC are well represented this year in Epsilon

Delta. We have five members of the Navy precision drill team and one member of Arnold Air Society.

In February Epsilon Delta was host to National Director, Carl J. Gladfelter, when he was in this area for the western zone meeting.

## INDIANA UNIVERSITY

If activity is a measure of happy men, then Iota Delta is indeed a happy chapter. All brothers stayed on campus during the semester break and moved into our new house. The house was then incomplete, forcing us to dodge workmen for several weeks. Now we are settled and are looking forward to formal dedication on May 16.

The impetus of acquiring a new house has carried over excellently into rush. March 8 marked the addition of twelve new sons of blue and scarlet. Their class stood third amongst thirty pledge classes in grades. Under the leadership of Rush Chairman, Jim Myers, and Pledge Trainer, David Nelson, the spring pledge class is already showing indications that it will surpass the record of the fall class. Scholastically, the new pledges have an excellent average.

The brothers expect this year to be the comeback year for the Little 500 bike team. After placing fourth 2 years ago, last year we missed a trophy by one place. This year the ample space of the new house has allowed us to establish an exercise room for the riders. They have been put on their training diets and are now well ahead of schedule. We are confident that when Bob Hope makes his ad-lib cracks about the race winner at the Saturday night variety show, it will be Chi Phi he is referring to.

Once we thought that the one advantage of an old house was its adaptability to decorating for parties. After decorating three theme dances in our new house and scheduling two more, we wonder how we could have been so mistaken. On the 14th of March, we had a French theme formal complete with a miniature Eiffel Tower and fountains. On April 6 the scene will shift to ancient Rome when the Brothers and their dates come over for our annual Roman Holiday, complete with togas and grapes.

We have been given a Great Dane puppy. Although she has been bred from a line of show dogs, she acts as any puppy would, always chewing and never

discriminating between people's hands and their shoes.

The chapter officers for the spring semester are: Alpha, Norman Schultz, Huntington, New York; Beta, E. F. Morgan, Bethesda, Maryland; Gamma, James Short, North Judson, Indiana; Delta, Jon Estes, Bloomington; Epsilon, Phil Price, Carmel; Zeta, Brooke Williams, New Bern, North Carolina.

#### UNIVERSITY OF RHODE ISLAND

The P.I.K. chapter of the Chi Phi Fraternity is proud to announce the election of the following officers: Alpha, Raymond Polombo; Beta, Robert Langevin; Gamma, Michael Martin; Delta, Albert Gencarello; Epsilon and I.F.C. Representative, Joseph Rocchio; Zeta, Robert Tetreault; Steward, Kevin Wrenn; Assistant Steward, James Riley; Social Chairman, William Madison; Parliamentarian and Jr. I.F.C. Representative, Robert Briggs; Corresponding Secretary, Richard Howland; Pledge Master, Paul DePace.

Formal rush was officially brought to a close as of March 7, 1964. The chapter took in a total of 18 pledges.

We were also very pleased to have one of our brothers elected to an executive position on the University of Rhode Island's Interfraternity Council. Brother Joseph Rocchio was elected to the position Secretary of the I.F.C. Brother Rocchio has previously served in various positions on the I.F.C.

Our Chapter was recently granted a \$65,000 loan for the construction of a new addition to our present house. The new addition will approximately double the size of the present house. The addition will include a new dining unit, library, six new study rooms, greater sleeping facilities, etc. Construction of the addition is scheduled to be finished by September.

The brotherhood recently elected a new faculty advisor. Our new advisor is Assistant Professor William Jones. Since his appointment, he has taken an active interest in the house, and all indications are that Chi Phi took another step forward with the acquisition of Professor Jones.

Robert Langevin, our present Beta, was recently elected business manager of the "Beacon," the official campus newspaper. Brother Langevin is currently serving as the business manager of the "Grist," the school yearbook.

James Riley was selected as one of the three top sophomores in the R.O.T.C. department's military history course. Brother Riley was awarded a copy of the "American Campaign" from Colonel Elisha O. Peckham, department chairman in recognition of his scholastic achievement.

Raymond Polumbo, our present alpha, was recently selected as one of five U.R.I. students named to take part in a political internship program being launched by Governor John H. Chafee. Brother Polumbo will spend part of his time working in the chief executive's office and part of his time working with and for the senate minority leader.

A pledge committee of five brothers was recently established for the purpose of looking over the pledge-brother relationship and to see what means can be used to help the new pledges with emphasis being placed on the academic viewpoint. The committee has made great strides towards the realization of their goal which will undoubtedly prove to be very helpful in bringing unity and organization to the pledge class. Brothers serving on the committee are the following: Paul Duryea, Paul DePace, Robert Poholek, James Riley and Bob Langevin.

#### UNIVERSITY OF NEBRASKA

The Chi Phi Colony at the University of Nebraska has grown to 25 men. Five

men were initiated at Pi chapter on Sunday, March 1. This brings the total number of actives to 20.

We are very pleased with our house which was renovated last summer by the actives. All furnishings on the first floor are new and whole house was repainted.

On the sports scene, we have participated in intramural football and basketball this year and have teams ready to go in softball, tennis, and volleyball.

The upperclassmen have distinguished themselves scholastically. Daryl Travnick has been initiated into Phi Eta Sigma, Pi Tau Sigma, Pi Mu Epsilon, and Sigma Tau honoraries. Sam Samuelson is a member of Phi Eta Sigma and Pi Mu Epsilon honoraries and Keith McReynolds has been initiated into Phi Eta Sigma honorary.

Several brothers are participating in activities on campus. Kent Gerlach is a member of the cast of the Kosmet Klub stage production, "Bye Bye Birdie." Ken Johannes enjoyed his trip to the Orange Bowl with the Nebraska marching band.

We have had a full social schedule this year with hour dances, exchange dinners, and houseparties. Another house party is scheduled for next weekend and our formal will be held on April 11.

New officers elected for the next year are: Alpha, Garfield Fricke; Beta, Gene Oglesby; Gamma, Al Toews; Delta, Val Policky; Zeta, Jerry Hoff.

We are planning now for the charter we hope to receive in May and look forward to continued success and growth as a chapter.

## Let's Talk It Over (Continued from inside front cover)

others outside the student body was unhealthy. The Committee found that no national fraternity represented at Rutgers has in its constitution any membership restrictions based on race, creed or religion. One fraternity was unable to effect such a change and the chapter was disbanded in 1959. Now that the technical methods of discriminating have been removed, the Committee found that the slower process of enlightened selection is in evidence.

7. In discussing initiation practices, the Committee was unanimous in its condemnation of the distasteful aspects of so-called "Greek Week." The Committee strongly suggests the immediate abolition

of "Greek Week" in its present form. The Committee members were assured that the undergraduate I.F.C. was in the process of investigating a more acceptable initiation week program which will be more in line with the ideal of the fraternities and the University. The Committee feels strongly that the University should take the responsibility for preparing and insuring such a program.

In summary, the Committee recommended to the University and to the fraternities that they establish their common goals in a more consistent fashion to eliminate the slightest doubt about the community of interest shared by the fraternity system and the University.
