New Baird's Manual Available

THE NEW Eighteenth Edition of *Baird's Manual of American College Fraternities*, just published, reveals the continuing growth of fraternities and sororities in America.

The high regard for the worth of fraternities and sororities held by the new as well as the long-established institutions of higher learning on this continent is reflected in the statistics presented in this volume. The book is substantially larger than its predecessor of 1963.

In 1957, there were 3,740 chapters of men's national fraternities; in 1963, there were 4,092 chapters, and in 1967 there were 4,493 chapters.

NPC chapters in 1957 totaled 2,125; in 1963 the total stood at 2,048; and in 1967 there were 2,267 chapters.

The Introduction to the American College Fraternity has again been brought up to date. Included are highlights of history and of essential phases of development. The nature of fraternity is described to show why this vital campus institution has contributed significantly to America as a civilization.

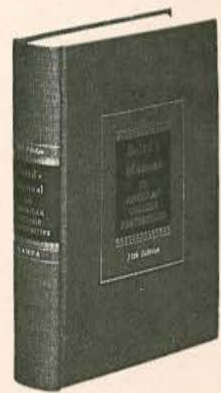

A 193-page directory of universities and colleges where there are fraternity chapters describes the institution briefly and states the type of housing utilized by the fraternities

and sororities. The new *Baird's* lists 1,040 institutions, while the 1963 edition listed but 915. The new edition lists 629 colleges where there are active chapters of either men's or women's fraternities or both; the former edition listed 497 such institutions—a gain of 132 campuses.

The associations according to which Greek-letter groups are classified are National Interfraternity Conference, National Panhellenic Conference, Professional Interfraternity Conference, Professional Panhellenic Association, and the Association of College Honor Societies.

A useful feature of the new edition is the list of nearly 3,000 Greek-letter men and women of prominence, living and dead. This list is part of a 79-page Appendix in which much useful material is presented.

Known as "the bible of the fraternity world," *Baird's Manual* was first published in 1879 by William Raimond Baird, of Beta Theta Pi, who edited eight successive editions. Other editors have been: James T. Brown, Beta Theta Pi, ninth and tenth editions; Francis W. Shepardson, Beta Theta Pi, eleventh, twelfth, and thirteenth editions; Alvan E. Duerr, Delta Tau Delta, fourteenth edition; Harold J. Baily, Beta Theta

Pi, fifteenth edition; George Starr Lasher, Theta Chi, sixteenth edition; John Robson, Sigma Phi Epsilon, editor of the seventeenth edition.

The new *Manual* contains 905 pages. It is set in a modern double-column format in a trimmed size of 6¾ by 9¾ inches, and is bound in a durable green buckram. Copies may be ordered from Office of Council, Chi Phi Fraternity, 3330 Peachtree Rd. NE, Rm. 550, Atlanta, Ga. 30326.

THE CHI PHI CHAKETT is published in September, December, February, and April by the Chi Phi Fraternity, 3330 Peachtree Rd. N.E., Rm. 550, Atlanta, Georgia, 30326. Second class postage paid at Kissimmee, Florida 32741. Subscription rate \$5.00 per year. Single copies \$1.50.

LET'S TALK IT OVER...

CHAPTER OFFICERS face greater responsibilities today than ever before. The larger chapters and the relaxing of school regulations covering student activities have brought the change.

In the "30's" women were perhaps permitted on the fraternity premises a maximum of twelve to eighteen hours on weekends, and only when a chaperone was present. Now women, on many campuses are permitted in fraternities and dormitories at almost any hour of the day, and to a lesser extent at night without the presence of a chaperone.

Thus the chapters must set their own "visiting guests" hours and see that they are enforced. The "non-conformist" or the brother who insists on his "rights and privileges" becomes the problem for chapter officers. More than ever the chapter and the officers must place the rights and the preservation of the group ahead of the individual who places himself outside the realm of chapter regulation.

The newly developed campus freedoms bring with them greater responsibility for the fraternity.

CHI CHARTER SUSPENDED

THE CHI CHAPTER, Dartmouth College, was officially notified on March 22, 1968 that its charter would be suspended on April 22, 1968 unless certain Constitutional requirements were fulfilled by the chapter.

Representatives of the chapter met with the Trustees and the National Director on April 15th to discuss the situation. The charter has been suspended, pending further developments. For additional information contact the president of the Chi Chapter Alumni Association—John Wallace, 67 May St., Needham, Mass. 02192, or Carl J. Gladfelter, National Director.

POSITION AVAILABLE

THE COUNCIL is accepting applications for the position of Assistant National Director.

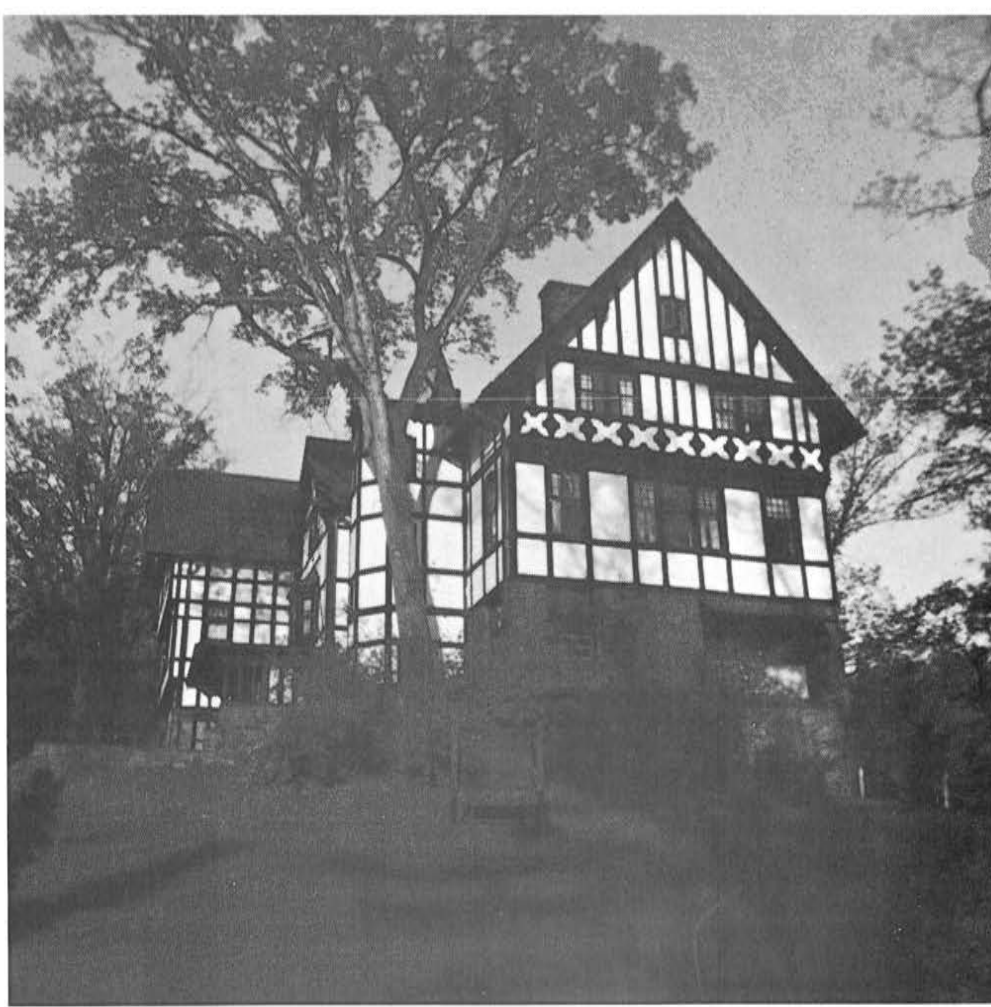

The responsibilities are varied and include: (1) Chapter visitation, (2) preparation of manuals, bulletins and other printed materials, (3) promotion of alumni groups and meetings, (4) fund raising, and (5) administrative detail such as coordination of annual meetings, training seminars, and zone meetings.

Ability to write well and effectively communicate orally are prerequisites. Good health is essential since considerable traveling will be required and the hours irregular. The general age bracket is 22 to 45. Brothers about to complete their military obligation, or who are retiring from a branch of the armed forces, are particularly invited to investigate the opportunity.

Contact the National Director, Carl J. Gladfelter, Room 550, 3330 Peachtree Rd., N.E., Atlanta, Georgia 30326, for an interview or additional information. (Telephone 404-237-7521)

Xi's comfortable chapter house is shown in this dramatic view.

One Hundred Years At Xi

By DANIEL FITZPATRICK, Xi '59 and
PETER R. SHANK, Xi '68

IT WILL BE exactly one hundred years ago on October 13 that the Xi Chapter of Chi Phi was founded. In 1868 Charles Fitch Hendryx '69, a transfer student from Hobart, inspired some fifteen other students with the ideals of our brotherhood. Thus Chi Phi along with Zeta Psi, founded the same evening, represented the first Greek letter societies at Cornell.

In the early 70's Xi held a very prominent position on

Xi Centennial: October 5, 1968

The Xi Chapter will celebrate its 100th anniversary with a dinner at the Statler Club on Saturday, October 5, 1968, 7:00 P.M. Wives and dates are invited.

Dr. Steven Muller, Vice-president of Public Affairs, Cornell University, will be the speaker.

A football game with Rutgers University is scheduled for the afternoon.

Reservations should be made in advance by writing to: The Alumni Secretary, 107 Edgemoor Lane, Ithaca, N. Y. 14850.

the hill. The fate of the fraternity rose and fell with the fate of the University in those early days. By 1890 Xi was firmly established at Cornell.

In 1890 a lot overlooking Cascadilla Gorge was selected as a site for a chapter house. The view from the south side of the house, with the gorge only ten feet away, must truly be seen to be appreciated. The generous offer of noted architect William Henry Miller '72 to design the house was greatly appreciated. The inscription on the plaque under Brother Miller's portrait in the library expresses the brother's gratitude, "All who dwell in this house which he made hold him in grateful remembrance." The house which came to be known as Craigielea (house on a hill) was ready for occupancy in 1891. It is a tribute to such men as Hendryx, Pascal Charles Joseph DeAngelis '71, Robert Henry Treman '78, Frank Irvine '72, John Herbert Ballantine, '89, Arthur Norman Gibb '90, and William Torrey Morris '73 that the strong bond of brotherhood was maintained so long without a house.

Xi had its house then and the 90's were good years for the chapter. Many of the top men on campus such as Waldo Stewart Kellogg '93, Lydon Sanford Tracy '97, William K. Lanman '95 and Henry Mersereau '97 were initiated. In 1898 a stone sidewalk was added and trees presented by Brothers Ballantine were planted. Rapid expansion of the University necessitated expansion of the chapter house.

The alumni, active as always, stepped in to help. Brother Gibb, then secretary of the Chi Phi Chapter House Association, headed a drive for funds and in 1901 the first additions to Craigielea were made. The dining

room was given by Brother J. H. Ballantine. A portrait of him, loaned to the chapter by his son, Herbert W. Ballantine '17, hangs in the dining room. Studies and bedrooms for eight more men were also added. In 1891 Xi had a total roll of 229.

The first part of this century was marked with the initiation of such distinguished men as Paul J. Baumarten '08, Alfred H. Hutchinson '09, Fredrick W. Krebs '12 and John Paul Jones '13. Through the first few decades of the twentieth century Xi continued as strong as ever. In 1911 the members of the chapter were personally congratulated on their scholarship by President Jacob Gould Schuman. The class of 1911 donated the table which still stands in the library. Such men as John L. Collyer '17, Walter W. Krebs '17, E. V. Gouinlock '23, and George B. Lanman '16 joined the lodge.

The year 1914 brought more additions to Craigielea. The kitchen was enlarged, the dining room extended. A library committee room, alumni suite and rooms for four more men were added. Brother Miller again offered to draw the plans for the additions. Brother Morris, known to the brotherhood as Uncle Billy, donated the library. There is hardly a picture taken around the lodge in the early part of this century that does not include Uncle Billy. Brother J. H. Ballantine donated the extension of the dining room.

During the depression years of the late twenties and early thirties the chapter remained strong. The alumni remained active and several repairs were made to the

house. The house suffered a great loss with the passing of Robert Treman '78, the most active Ithaca alumnus to date, in 1937.

With the advent of the Second World War students were scarce and the chapter was forced to close. In July 1943 the Navy moved into Craigielea. Many alumni feared this break in the chain of brotherhood might force the chapter to fold. Through a concerted effort by many alumni the Xi News Letter continued to be published throughout the war.

In July 1945 the brothers were allowed to return to Craigielea. Arnold H. Page '46 sparked the rejuvenation. Two year's use as a Navy barracks had done some damage and extensive repairs were mandatory. Fredrick (Fritz) Krebs led an alumni effort and raised \$10,000 for the restoration. Fritz has missed only two or three initiations since his own initiation in 1908. Eleven plaques were placed in the library under the inscription, MDCCCXLII CRAIGIELEA FRATRES PRO PATRIA MORTUI SUNT MDCCCXLIV to commemorate those brothers who died defending their country. There were still only two Chi Phis at Cornell, but the chapter reopened in 1946. The house ran at a loss during those first years but constant help from the alumni got the chapter on its feet by 1947.

The fifties were good to Xi. In 1953 the last major additions were made to the house. An attic storage area was remodeled providing space for four more men. In

Major Events To Celebrate Xi Centennial

1958 the plumbing and wiring underwent extensive repair.

In the sixties the alumni have again shown their interest in the lodge. The largest single donation ever given to Xi was received from the estate of Brother Morris W. Herriman '19. Led by such men as Edwin J. Fitzpatrick '32, W. Daniel Fitzpatrick '59, W. Barlow Ware '47, R. Davis Cutting '48, John B. Babcock '45, Charles S. Tracy, Jr. '33, William J. Murphy '50, Edmund F. Pfeifer '38, James C. Forbes '36, Charles L. Brayton '23, Lewis H. Durland '30, Walter C. Heasley, Jr. '30, Collyer, Hutchinson, John G. Detwiler '33, Krebs brothers, and Grand Alpha, Joe Rice Dockery '28, the alumni have made plans for extensive renovations of the chapter house. With the prospect of the remodeling, the forty-five brothers and twenty-seven pledges feel Xi will remain a distinct credit to the name Chi Phi.

Many things have happened at Craigielea in the past century. We all have our own fondest memories. Although she has changed greatly, there is a distinct bond that ties together the 1078 people on the Xi roll. Xi remains a living symbol of good brotherhood traditions working in the modern day, and Xi is anxious to remain a fraternity "of the times."

Students rush to and from classes at Cornell University through the "Arts Quadrangle." A statue of Cornell's first president, Andrew D. White, provides a convenient meeting place. In the background is Olin Library, primarily for graduate students, and the famous Library Tower.

Congress, Leadership Seminar, In August

"FAR ABOVE CAYUGA'S WATERS" is the Chi Phi theme song from now until August 21st when the Leadership Development program preceding Congress gets under way.

Combine Congress and Vacation

CONGRESS will convene on the Cornell University campus Friday noon August 23rd and close Sunday the 25th at 1:30 p.m. The delegates will enjoy a Picnic on Friday evening. The Congress Banquet, always a highlight, will be held at the Statler Inn on the campus. A Brunch, followed by a devotional service conducted by Brother Jackson R. Pace, ThD'40, Grand Beta, will terminate the meeting.

The Finger Lake district of New York is a delightful vacation spot and the Congress Committee and Council

invite all alumni to consider combining attendance at Congress with a vacation or long weekend trip. Ladies are invited to attend all events except the business sessions. Naturally there are many things to do and see in and around Ithaca to occupy one's time, pleasantly and relaxingly.

Barlow Ware, Xi'47, heads Congress Committee

THE CONGRESS Committee is headed by Barlow Ware, President of the Xi Chapter House Association, a member of the Cornell University Administration and a long time resident of Ithaca. Others playing a major role in the planning are Daniel Fitzpatrick, Xi'59, Jackson O. Hall, Chi'53, George Bolln, '68, Alpha of Xi Chapter.

Host Chapter—Xi

THE MAGNIFICENT HOUSE occupied by the Xi Chapter since 1890 will serve as Congress headquarters.

The registration center will be located at the house, and the chapter alumni association plan to have the house serve as the center for relaxation and hospitality between sessions of Congress and evenings.

Delegates will be housed in a dormitory. The quarters are good. Alumni will find accommodations at the Statler Inn which is operated by the Cornell Hotel school, or at one of several motels in the area. It is not necessary to pay the full registration fee if you can only attend one day of Congress, or one of the three social events. Individual tickets may be

Is Your Chapter H

"THE FRATERNITY house was reduced to ruins and its housemother died of second and third degree burns when fire raced suddenly through the building...over 30 members of the chapter lost practically all of their possessions...fire loss was estimated in excess of \$150,000.00 ..."

"Seventeen members were left without books, clothing and a place to stay when their fraternity house caught fire and burned for almost two hours last Wednesday... Attempts by the brothers to control the fire with hand extinguishers failed, but no lives were lost."

"A fire demolished the second and third floors of the fraternity house early in the morning. The chapter house is considered a total loss. Fortunately nobody was seriously hurt; two firemen suffered minor injuries. The fire was discovered about 2:00 a.m. and was soon burning out of control. Firemen were hampered by low water pressure from the hydrants and it was about 5:00 a.m. before they were able to control the fire. The sixty-one men living in the house were able to salvage only a few of their possessions."

"Authorities were trying to determine the source of the blaze kindled by flammable holiday decorations. Three students were killed in the fire which started in a 14 foot snowman made of chicken wire and tissue paper. An observer said that there was a wave of flame across the ceiling and the whole place went up."

The preceding four paragraphs are actual news accounts of tragic fraternity chapter house fires which have occurred in the past year. They are a grim warning of the ever-present danger of fire which exists in every Chi Phi chapter house from the oldest wood structure to the newest, most fire-resistant brick building.

Right now, you can do some planning, some checking which may save a total fraternity fire disaster. The American Mutual Insurance Alliance, in a publication on fraternity fire safety which is distributed twice annually to every chapter president and corporation president, suggests these six practical steps for a proper chapter fire-safety program:

(1) Devote an entire evening meeting to fire safety in the chapter house. Have a local fire department officer as a guest speaker. Decide that a fire-safety program is necessary for the well-being of chapter members, even though it may involve some expense and some sacrifice.

(2) Designate a responsible junior or senior as

chairman of chapter fire safety. Give him the power to act and to enforce fire-safety measures. Your lives depend upon it.

(3) Require, as a matter of chapter policy, that members support the fire-safety program.

(4) Require the fire-safety chairman to inspect the house at regular monthly intervals.

(5) Correct any fire hazards within five days of inspection.

(6) Encourage your fire-safety chairman to introduce an IFC program to have regular inspections and workshops for all fraternities on fire prevention.

Common sense indicates the need for a fire-prevention program in every Chi Phi chapter. A survey of 260 chapter house fires showed that careless smoking and match disposal, misuse of electricity by overfusing, and defective heat devices were the three principal causes of fraternity fires. All can be eliminated with proper emphasis by chapter leaders and alumni officers.

© United Feature Syndicate, Inc. 1966

"Is Your Chapter House Fire-Safe?", appeared in the Delta Upsilon Quarterly for January, 1968. Chi Phi is indebted to the Delta Upsilon Fraternity for granting permission to use this article.

ouse Fire-Safe?

Experience indicates that your chapter must have an emergency evacuation plan to avoid panic in case of fire. Planning is vital, especially if there is only one stairway in the chapter house. There should be emergency exits, fire escapes and fire doors in all new chapter houses. Even these protective devices will not prevent fires, but they will lessen the threat of loss of lives.

As soon as you leave a burning building there should be a pre-arranged plan whereby an officer or brother takes roll so that there is no doubt that all who were in the chapter house have escaped.

Here are some additional guidance items:

—New chapter houses should be of as fire-resistive construction as finances will permit.

—New frame construction must not be considered unless it is totally protected by an automatic sprinkler system.

—Chapter house remodeling plans should always be

reviewed to avoid fire hazards.

—Open stairways should be enclosed or have fire barrier doors at their upper end. Such construction should have a minimum fire resistivity of 30 minutes and all such doors should be doubleswinging or self-closing.

—A rigid rule should be adopted that prohibits the wedging open of any fire door or smoke barrier door.

Fire extinguishers of the correct kind and size should be placed on every floor and in the basement. Special hazards like oil furnaces and kitchen areas need special extinguishers. Check with your fire department if you are in doubt.

Although it should be unnecessary to mention, there should be stiff fines for playing with fire extinguishers, alarm systems or sprinklers. Pledge classes should have the location and operation of fire exit and emergency equipment explained to them, along with a statement of chapter policies for misuse of protection equipment.

Chapter party decorations should be of the nonflammable variety, and cardboard, tissue paper, and the like should never be used to block doorways. Candles should be avoided, as should oil lamps or paper-covered light fixtures. Hay or straw should never be used, as the chance of a careless smoker or spontaneous combustion is too great. Party decorations should be removed immediately after the party during the same evening. After every social function, there should be a check for cigarette butts behind and in couches and chairs to avoid fire.

The number of the fire department should be clearly posted permanently in front of each telephone extension in the chapter house and the location of the nearest alarm box should also be indicated.

Every alumnus should consider it his responsibility, also, to check his own chapter house when he visits it. Particularly, chapter Advisers, council Representatives, chapter Trustees, and all others in official positions should be alert for violations of fire-safety practices, should bring them to the attention of the chapter officers, and should persist until they are corrected.

Fire prevention is everyone's business!

A few simple practices may save a life... every major fraternity experiences, on average, one serious chapter house fire a year... Effort can make 1968 fire-safe for Chi Phi.

Fraternity Park, a complex of thirteen houses, opened in the Fall of 1967; photograph at right shows Main Hall at University of Tennessee.

CHI PHI ENTERS TENNESSEE

The University expresses dynamic spirit of the Volunteer State

ONE OF THE OLDEST and largest institutions of higher education in the nation, the University of Tennessee is steeped in the traditions and spirit of the Volunteer State—ever moving forward in the frontiers of expanding knowledge.

Its historical roots go back to 1794, when the legislature of the Territory South of the River Ohio held its first regular meeting in Knoxville and established Blount College, one of the first institutions of higher learning west of the Blue Ridge Mountains. From this beginning, during the presidency of George Washington and even two years before Tennessee became a state, the institution grew into today's multi-campus university, the 23rd largest in the nation.

Twelve years after its founding as a private non-sectarian school, Blount College was made a public institution and named East Tennessee College. In 1840 it became East Tennessee University. Following the Civil War, in 1869, the institution was named Tennessee's Federal Land Grant College; and ten years later, in 1879, the State Legislature designated it the Official State University.

Thus the growing institution acquired educational responsibilities in three broad areas: (1) instruction in the various fields of higher education; (2) research to discover new knowledge; and (3) extension and public service, taking the benefits of instruction and research into every Tennessee county.

A development of the early nineteenth century contributed to the traditions of both Tennessee and the University. This was the national recognition of Tennessee as the "Volunteer State," derived from the unusually large number of Tennesseans answering the call to arms in national emergencies, first in the war of 1812, then in the Mexican-conflict.

Eight Campuses

Today The University of Tennessee has academic campuses in eight Tennessee cities. Its main campus is at Knoxville; the Medical Unit at Memphis; a four-year campus at Martin; a Space Institute at Tullahoma; degree-granting centers at Nashville and Memphis; a branch graduate school and Graduate School of Biomedical Sciences at Oak Ridge; and graduate centers at Chattanooga and Kingsport.

Eleven agricultural experiment stations are scattered throughout the state, as are four 4-H centers,

and five agricultural extension district offices. Extension representatives are stationed in each of the state's 95 counties.

Through the years The University of Tennessee has grown in all of the measurements of a great institution. Its current enrollment is 28,800. Composed of 20 colleges and schools, the University offers study programs in 150 specialized areas of knowledge, leading to the bachelor's degree in 117 fields, the master's in 138, and the doctor's in 50.

A major research center

The University also ranks among the Nation's recognized research centers. Monetary investments in the institution's various research activities total more than \$12 billion annually.

To fulfill its educational role in future years. The University of Tennessee must continue to expand both its faculty and physical plant to accommodate continuing increases in student population.

The institution has an obligation to continue providing instructional and research programs that will contribute to the industrial growth of the state and region.

The University's role in promoting the industrial and economic development of Tennessee is particularly important to world-renowned resources existing in the state: the Great Smoky Mountains National Park, the Tennessee Valley Authority, the Oak Ridge nuclear laboratories, and the aerospace testing facilities of the Arnold Engineering Development Center.

Thus the institution is deeply committed to the future of these endeavors, which are important not only to Tennessee's development but to the welfare of the entire nation.

Fraternity system shows vitality

Chi Phi and Delta Upsilon both established colonies in the Fall of 1967, thus bringing the number of fraternity organizations at Tennessee to 25. The interfraternity Council plans to permit two more fraternities to establish colonies in the Fall of 1968.

Alpha Tau Omega established Tennessee's first Chapter in 1872. In the intervening years, the following fraternities placed chapters on the campus:

Pi Kappa Alpha (1874) Kappa Sigma (1880)
Sigma Alpha Epsilon (1879) Kappa Alpha (1883)

| | |
|--------------------------|-------------------------|
| Phi Gamma Delta (1890) | Zeta Beta Tau (1942) |
| Sigma Phi Epsilon (1913) | Alpha Gamma Rho (1951) |
| Sigma Chi (1917) | Farmhouse (1959) |
| Sigma Nu (1921) | Phi Delta Theta (1962) |
| Delta Tau Delta (1924) | Alpha Epsilon Pi (1963) |
| Phi Sigma Kappa (1925) | Acacia (1963) |
| Pi Kappa Phi (1931) | Phi Kappa Psi (1966) |
| Lambda Chi Alpha (1932) | Beta Theta Pi (1967) |

In 1967 thirteen chapters occupied new chapter houses in the Fraternity Park area, a development sponsored by the University. The building program made a number of older properties available for fraternity expansion, one of which Chi Phi leased from the University Housing Division. The house accommodates ten to twelve men and provides excellent facilities for the overall operation.

Colonizer A Phi Gam

Edward Smith, a member of Phi Gama Delta, and Past President of the IFC and Josip Galetovic A-X '66 jointly directed the colonizing effort during the Fall quarter. Eight men were pledged. Smith's knowledge of the University and the fraternity system and overall ability plus our member from Alpha-Chi provided an unbeatable combination. Brother Galetovic continues to direct the Colony while completing his course work towards a Master's Degree in Geology. Present plans call for chartering the group early in 1969.

The welcome mat is new and out at 1806 Lake Avenue, Knoxville, Tennessee. The Colony invites you to stop by.

Alpha-Alpha Triumphs In Third Southeastern Basketball Tournament

THIS YEAR'S CHAMPIONSHIP game was a repeat with Alpha-Alpha again playing Theta Delta. The results were different, however, as last year's runner-up took the University of Florida chapter in a well played game 43-36.

Brother Dan D. Plaster Eta '49 organized and directed the well-run two day tournament sponsored by the Atlanta Chi Phi Alumni Association. Professional referees, an innovation this year, provided all the elements of a major tournament. A goodly number of spectators were present at the close of the tournament when Brother Rankin Smith, G'46 H'49, presented his most Valuable Player Trophy to Michael G. Benton A-A '69. Brother John F. Oliver Eta '15 awarded his championship trophy to Alpha-Alpha and Bates Black, G'40 H'42, honored the runner-up, Theta Delta, with his trophy. The high scorer for the tournament was Jim Beckham, a member of the strong University of Tennessee colony team, with 65 points.

Eleven elimination games were held on Saturday, February 24 with ten chapters participating. Starting at 10:00 a.m., Florida beat Emory 60-35, Alabama beat the Florida Tech Colony 44-43, Georgia Tech beat Florida State 51-38, University of Georgia beat University of Tennessee Colony 43-42, University of North Carolina beat Auburn 51-34.

In the second round, Florida State beat Auburn 45-35, University of Tennessee Colony beat Emory 63-40, University of Georgia beat Georgia Tech 52-43, University

The finals—Alpha-Alpha vs. Theta Delta. The Chapel Hill chapter reversed last year's results in a fast game. Below, Michael G. Benton, A-A'69, most valuable player, receives award from Rankin Smith, Eta'49.

of Florida beat Alabama 51-22, University of North Carolina beat University of Georgia 52-48 and Florida State beat Florida Tech Colony 49-46. On Sunday in the consolation game, University of Tennessee Colony beat Florida State 40-31. In the championship game, University of North Carolina beat University of Florida 43-36.

The Alumni beat the All-Stars this year. Tommy Tillman, Ome '52 G'53, was heard to gasp to Brother Plaster, "Just forget my phone number next year, I'm too old for this sort of thing." But he'll be back again, along with all the others.

Florida State Colony Becomes Nu Delta

THE TENTH OF FEBRUARY, 1968, saw the work of three long, hard years as a colony come to an end when first in the afternoon in a formal ceremony at the fraternity house, and again in the evening at a formal banquet, The Chakett Club of the Chi Phi Fraternity received its charter and became Nu Delta Chapter. There was a festive atmosphere around 619 W. Jefferson St. all that week as chartering approached. Friday night a spontaneous celebration was touched off when Bill Kiliany '68 and Alex Knight '68 (the present and first Alphas, respectively) came back from a dinner with the National Officers, the National Director, and two alumni from the University of Virginia that have given us more help than we can ever repay, namely George Langford A'50 and Lee Everhart A'49. As was traditional in such a happy time, Bill and Alex were thrown laughing into Wescott Fountain to the cheers of victory of the brotherhood. Saturday was the official day, but with the end of classes Friday, emotions overflowed; the Weekend of the Charter had begun.

There was still plenty of whoopie left in the gang Saturday as all day long the same smile of success was shared by everyone present. At the afternoon ceremony the Grand Alpha read the charter, and long as it was, every one of us heard every word. Bill Kiliany shakingly rose to his feet, held outstretched his faltering hand as tears filled his eyes, accepted the charter from Joseph R. Dockery, Grand Alpha. Bill opened his mouth to speak, thought better of it and swallowed a couple of times before he trusted his voice to the task of thanking the Grand Alpha, the National Officers and Brother Gladfelter for what means more to any of us than we could possibly say. Naturally the focal point of the next ten minutes was that parchment that meant we had made it. After each man found his name in print, the group adjourned to Brother Everhart's house for a gathering at which we could meet some Chi Phis we had only heard about before—the Grand Officers. Brother Everhart brought out some old slides from Alpha Chapter to entertain us with and so those alumni from Alpha

Bill Killiary, Alpha, receives charter from the Grand Alpha. The colony's first Alpha, Alex Knight, admires the colorful parchment.

It was a great day for Donald Verbocy, Gordon Hadlow and Chi Phi.

Chapter could relive the memories of things that they did which looked like what we are doing now only with shorter skirts on the girls.

The banquet was a little more relaxed as we were already old hands at being chartered. The speaker of the evening, Judge Ben C. Willis, a member of Sigma Alpha Epsilon, gave just the right touch to the occasion. Dean Robert Pekarek, ATO, officially welcomed the new chapter into the fraternity family.

When it came time for Brother Dockery to present the charter again, Bill Kiliany stood up with confidence, strode to the lectern, and spoke clearly and distinctly into the microphone to again give thanks to those who helped us most. And those of us that had experienced all of it thought back to the days when it all began, when eleven of us then had gone through all of the fraternity houses on campus during formal rush and decided we wanted some different memories to take with us in addition to the memories of joining a fraternity. We wanted something we could point to and say "Look at that - where that stands now there was nothing three years ago." So we started with an idea to form our own group in which we could add something to the campus that would remain after we had taken our degrees and left.

We didn't know quite where to begin. We wrote the Theta Delta chapter at the University of Florida and the Council Office in Atlanta. After voluminous correspondence Brother Gladfelter came down and met with us, the officers from Theta Delta, and several local alumni. Much to our delight this group found us acceptable to form a colony at Florida State. What happened after that and to this time can be said of all colonies of a fraternity changing only the names and addresses. But we had truly our own fraternity—one that each one of the charter members and each member for years to come can speak of as having helped to build to what we hope will be a position of leadership and importance among fraternities at Florida State.

Nu Delta had a modest beginning as a colony, but we hope to be able to come back as alumni and find it's having a glorious life as a chapter.

Two of the charter members, Brothers Langford and Everhart, were presented Distinguished Service Citations from the Council and Mu Delta by a fellow Alpha alumnus, Brother William Kitchen, Grand Epsilon, in

CAMPUS AND ALUMNI BRIEFS

Herman C. Krannert S'12 Named University of Illinois 'Man of the Century' By News-Gazette

ILLINOIS GOVERNOR OTTO KERNER, issued the following proclamation March 2, 1968:

"The generosity of Mr. and Mrs. Herman C. Krannert is well known to the students and alumni of the University of Illinois and also to those citizens of Illinois who have availed themselves of the excellent cultural attractions that exist in the Champaign-Urbana area. The many art objects they have presented to the University of Illinois and the funds they have donated for so many projects have done much to stimulate interest in the humanities and to enhance the cultural resources of Illinois.

"To be sure, the Krannert contribu-

tions to the cultural resources of Illinois and specifically to the University of Illinois have done much to encourage appreciation for the arts. Outstanding examples of their philanthropy are the Krannert Art Museum and the soon to be completed Krannert Center for the Performing Arts" the proclamation stated.

"This generous and continuous support of the arts makes it most appropriate that Mr. Krannert was selected as the 'UI Man Of The Century.' On behalf of all the citizens of Illinois I congratulate him on his selection and thank him for the valuable contributions he and Mrs. Krannert have made to the cultural life of Illinois."

We're Off—Iowa State

THE NEW Iowa State Colony is going and growing with a nucleus of 9 top quality men, following the recent kick-off activities coordinated by Assistant National Director, Chuck Wilson, in conjunction with the Iowa Chi Phi Alumni Association.

The program got underway on April 13th when many Pi Chapter alumni, together with others met at Room 39 of the Memorial Union for dinner to discuss up-coming plans. Among those in attendance were: L. R. Bock '29, A. C. "Shorty" Schilletter '23, Carl Woodmansee, A-X '29, Herbert Arthur '25, A. H. Pickford '15, A. M. Wenhola '16, and Clint Horlacher '26. 1966 Chi Phi man of the year, Vic Smith, A Th X '36 and Howard Agee, A Th X '35, President of the Alpha Theta Chi Alumni Association came from Omaha, while three members of the active chapter at the University of Nebraska made the long journey from Lincoln, including Alpha Theta Chi President, Walt Radcliffe, A Th X '69. Plans were made! One week later our kick-off rush smoker was held. In attendance were over 40 interested rushees. The following day each man was interviewed individually, and from this group seven men were selected.

A four member "Alumni Colony Committee" is providing direct guidance and support to the enthusiastic new group. The committee is composed of Harold Pickford, president of the Alumni Association and Chairman of the committee; Harold is directing the alumni effort. Robert Lawson, H D '58 (some of you Eta Delta men may remember Bob as a track star for U.S.C.

in the late 50's) is serving as the Colony's Chapter Adviser in addition to his duties as head track coach at Iowa State. Dr. Shorty Schilletter (director of planning and development for the University) is in charge of Colony Internal Operations, while Herbert Arthur is directing the housing effort.

On March 24, 1968, just seven days following our first rush smoker, Chi Phi was officially welcomed to the campus before 2,000 Greeks in attendance at the 1968 Greek Week Banquet. Colony member, Conrad Crawford accepted the plaque on behalf of the fraternity. The plaque read "Greek Week 1968 Welcomes The Chi Phi Fraternity to Iowa State University."

Chi Phi also welcomes the new Colony and is happy to have the following men as charter members of the group: Conrad Crawford, John Atkins, Lee Baldwin, Douglas Bailey, Keith Radke, Ralph Thompson, Gary Mercurali, Rich Wagener and Ken Gallagher.

G. L. Cooper ATHX'27 New President of Utility

THE 250-MILLION-WATT Cooper Nuclear Facility of Consumer Public Power at Brownsville, Nebraska, was dedicated to G. L. Cooper, Jr. in 1967.

Brother Cooper was elected President of Consumer Public Power on January 4, 1968. He is a resident of Humboldt, Nebraska and is Chairman of Board of the O. A. Cooper Company, Humbolt.

Xi Receives Treasured Gift

BROTHER R. H. TREMAN and Mrs. Allan H. Treman of Ithaca, New York presented the Xi Chapter the old register of Chi Phi Chapter House Association Bonds, 1901-1904; and two books of checks, Circa 1903-1916. These final records will be preserved in the Chapter's Memorial Library.

Council Receives Old Badge

RECENTLY, Brother Gail L. McKillip of Sherman Oaks, California presented the Council with a rare old jeweled badge that originally belonged to Brother Bailey Gilfillan, Alpha-Chi '84 who died in August 1945. The Council Archive contains many old and valued badges. The Gilfillan badge is similar to many of the Northern order badges, but still appears to have been hand-carved and thus, varies slightly from any other badge in the Council's possession.

Iota Delta Chapter Wins \$200.00

ON MARCH 6, Chi Phi defeated Kappa Delta Rho, 235-135, in the final round of the Indiana University campus quiz bowl. The victory netted Chi Phi \$200. and the Colonel Shoemaker traveling trophy. This is the second time in its ten year existence that Iota Delta has won the campus wide event, which is sponsored by the Indiana Memorial Union.

The members of the team are John Wellman '70, Tom Shriner '69, former member of The General Electric Quiz Bowl Team, James Hoff '70 and Robert Grant '69.

Tenth Anniversary Iota Delta

JOHN D. CRAFT, President of the Indiana Chi Phi Alumni Association, Inc. announces that the alumni and the Iota Delta chapter will celebrate the tenth anniversary of the chapter on November 17, 1968.

There will be a full schedule of events for the alumni including the football game between Indiana and Minnesota.

In view of the tight motel/hotel situation at that time, Brother Craft recommends that you make reservations immediately through him, R. R. #4, Greencastle, Indiana 46135. A special invitation will go out to all alumni at a future date.

Randy Crews, Sigma '70, who racked up a total of 1333 points in three years of high school basketball was a starter for the Fighting Illini.

New Brother Shines for the Illini

By John R. Goldberg, S '68

SIGMA'S newest Brother, Randy Crews, from Kankakee, Illinois, has had quite an outstanding history, both with the Illini (where he is now a sophomore, majoring in Physical Education) and at Bradley-Bourbonnais Community High School, Bradley, Illinois.

Brother Crews was an outstanding athlete in high school. He participated in football, basketball, and baseball for four years. His sophomore year, he was an All-Conference basketball and baseball player, adding this rating to football in his junior year. In his senior year, he was All-State in football and basketball, adding All-Chicago and All-Southeast Suburban Conference titles in the latter sport to his record. He was also voted the Most Valuable Player in baseball, where he held record batting averages in 1963-4 and 1964-5.

Randy's specialty, however, was basketball. In three years, he amassed 1333 points, with a 20.8 average per game in his senior year. He also holds the school record with a high of 42 points in one game.

Randy's outside activities included: Vice-President of the Freshman Class, Spanish Club, Class Representative in his sophomore year, and also in his

junior and senior years, Varsity Club, of which he was president in his senior year, and also Prom King.

In his freshman year for the Fightin' Illini, Randy, as a starting guard, averaged 19.8 points per game with a .489 field average and an unbelievable .909 free throw average. In baseball, he played first base and hit .454 in the three freshman games. This included a homerun, a triple, and a double, with seven RBI's and six runs scored. Randy won his numerals in both basketball and baseball.

This year, Randy was a starting forward and averaged 10.3 points per game. He was the second highest scorer and had an average of seven rebounds per game (also second highest for the Illini). Randy's highlights for the season came when he was named Honorable Mention for the All-Big Ten team and when he became the second sophomore in the history of the Illini to win the Ralph Woods Trophy for free throws, with a .708 average.

In baseball this year, Randy will pitch and play first base. He is accompanying the Illini on their spring junket to Hawaii—needless to say, all of the Brothers would like to be with him.

Congress

(Continued from page 5)

purchased. The schedule of events and a registration form for alumni appears on page 5. For additional information contact Brother Barlow Ware, 433 Day Hall, Cornell University, Ithaca, N. Y. 14850 or Carl J. Gladfelter, Office of Council, Rm. 550, 3330 Peachtree Rd. N.E., Atlanta, Ga. 30326.

Leadership Program—A New Service

BEFORE CONGRESS opens the Delegates will participate in Chi Phi's first Leadership Development program. The "School" will hold its first session on Wednesday evening, August 21st, at 7:30 following dinner and a briefing for all the conferees.

Purpose of Program

THE PROGRAM is under the direction of Brother Daniel Fitzpatrick, Director of the University of Michigan, Office of Student Organizations and a former Assistant Dean of Men at Cornell. "The two day program", according to Fitzpatrick, "will attempt to provide the chapter officers present with an understanding of the general principles of leadership: group dynamics, motivation and interpersonal relationship. This aspect of the program will be led by a member of the psychology faculty of Cornell University.

"Interspersed throughout the formal part of the training program, there will be seminar groups which will enable the participants to draw from the general presentation, and relate the ideas obtained to the more specific question of leadership within the fraternity chapter house.

"The final morning of the program will be devoted to discussion of current concerns, particularly relevant to chapter operations"

Council to Defray Cost

THIS LONG overdue service to our chapters was assured in 1966 when Congress authorized an increase in pledge and initiation fees, and suggested Council authorize an increase in voluntary alumni dues from \$5 to \$10. Council acted, the alumni responded, with the result that two delegates from each chapter, one from each colony, will be provided five meals and two nights lodging at no cost to the chapter. Each chapter may send additional delegates to the school. The cost per delegate for two nights and five meals will be \$17.50.

BETA

Scott W. Allison '62, Durham, N.C. is Senior Development Engineer in the Commercial Development Dept. of Monsanto Chemical Co., New Enterprise Div.

John N. Macrae '63, Boston, Mass. is attending Harvard Business School.
