*Editor*

L. Z. ROSSER  
*Managing Editor*

THE CHI PHI CHAKETT is published in September, December, February, and April by the Chi Phi Fraternity, 3330 Peachtree Rd. N.E., Rm. 550, Atlanta, Georgia, 30326. Second class postage paid at Kissimmee, Florida 32741. Subscription rate \$5.00 per year. Single copies \$1.50.

**LET'S TALK  
IT OVER...**

PRIOR TO Congress, selected delegates from five regions were asked to present to Congress, their observation of the Fraternity-Sorority situation as observed in their section of the country. The following are highlights taken from three of the reports. I do not believe any additional comments are necessary.

**SOUTH**—*George A. Pyle, Theta Delta '70, University of Florida*

"The Greek organizations are now stressing individuality rather than group conformity.

"I feel optimistic about the future in the south. As the conditions which affect the youth change, however, the traditions must continue to adopt to the environment on each individual campus while continuing the thread of unity from the past."

**MID-WEST**—*Donald Rowlands, Alpha Theta Chi '71, University of Nebraska*

"The over used but none the less valid fact that 'individualism' is the password on the campus.

"Greeks must strive to maintain the group either formally or informally, in order to remain functional.

"Only a tolerant university community coupled with financial stability will permit our brotherhood to continue."

**WEST COAST**—*Michael Gravett, Epsilon Delta '73, Oregon State University*

"We are having problems due to such factors as: a new emphasis on individualism, increasing liberalism on the campus, and in some cases resistance from the administration.

"We feel, however, that our greatest threat comes from the recent improvement of the dormitories and apartments . . . Administration policies concerning dorm living has been relaxed thus adding to their living desirability.

"Priorities have changed. Whereas in the past group conformity has been important, we now stress cohesiveness and group cooperation.

"In summary, the days of fraternities competing against one another for rush-ees are gone. Now we must be able to compete against the dormitory and apartment as well."

*"If you  
do not like  
the way  
things are,  
plant  
new trees . . .  
but do not yield  
to the temptation  
to cut down  
the forest*

## A Message to the 1970 Congress

*The above quote and following remarks were taken verbatim from a talk delivered by Brother Sanders to the 1970 Chi Phi Leadership Conference and Congress, held in Atlanta, September 4, 5, and 6, 1970.*

by CARL E. SANDERS  
*Former Governor of Georgia*

I HOPE all of you are making the most of the tremendous opportunities you have in the field of higher education . . . and I hope you will take full advantage of the opportunities you have in the inter-fraternity system to develop qualities of leadership . . . and I hope that you will use those things in practical ways in politics and government in the years to come.

I don't know of any other place in American society today where real, sensible leadership is needed any more than it is needed on the college campus.

That statement may sound a little rhetorical to you . . . but because I do believe it so deeply I'd like to take a few minutes and reflect with you on what I regard as the critical need for sensible leadership on the college campus.

Most of you, wherever you are in school, have come into contact with members of the so-called "new left", who have attempted to convince you that America is run by a "military-industrial complex", or "war-mongering imperialists", or "Facist pigs". They may very well have attacked you as being uninvolved, complacent "Grecks".

### *No New Left*

THERE IS NOTHING NEW about this new left. They are as old as people in any society who have wanted to take easy ways out of tough problems, who have tried to dismiss exceedingly complex issues with a shrug and a slogan.

I am talking about the student militants who have reduced the educational process to a shambles at many of our finest schools. At best, these self-proclaimed prophets are following a misguided theory of pragmatism which argues that as long as one considers a goal morally right, then he is justified in using any means whatsoever to attain it.

At worst, they are total anarchists, frankly out to completely wreck the fabric of our society.

I have always felt that these extremists who receive so much publicity for their acts of vandalism and revolution are but a small minority of today's young people. I am convinced that most people your age realize that those students who take over buildings, oust deans and present lists of "unnegotiable demands" are destroying the very freedom they claim so loudly to be practicing.

As leaders at your various schools, and especially as fraternity men, you have a special opportunity, and a special responsibility. If I read correctly the mood of many students such as yourselves, it is something like this:

You think our society is far from perfect. There are many, many things you would like to see changed, and you are willing to go along with us in the older generation, and attempt to bring about that change through orderly processes.

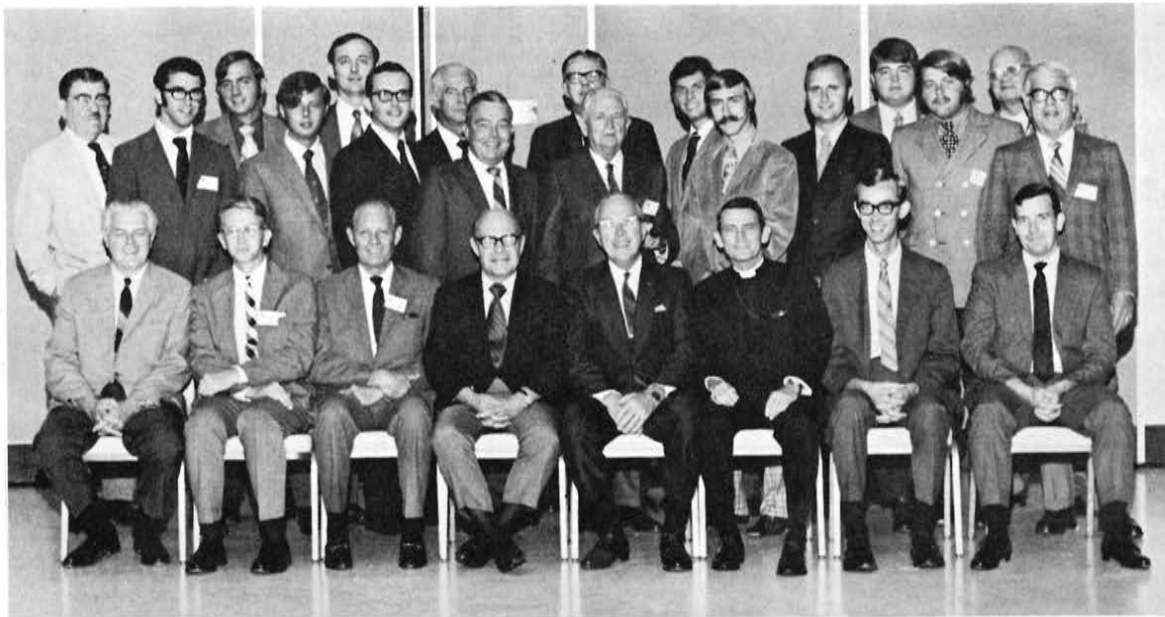

### *My Generation Must Reach Yours*

IT IS MY CONTENTION that if my generation does not make an all-out attempt to reach these young people, and I know I am speaking to many of you in the audience today, we run a grave risk of losing you to the radicals,

*These pictures of the 1970 Congress — as those on the cover, are the work of Bob Emerson PIK '70. The Council is seated on the front row of the bottom picture. Delegates from 41 chapters and 2 colonies were present, and credentials were processed for delegates representing 12 Chi Phi Clubs and House Associations.*

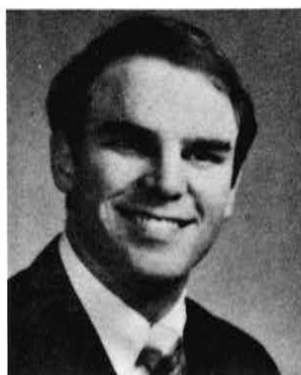

# Two Undergraduates Named on Expanded Council

BROTHER WILLIAM JECKELL, Iota '34, following his election to a second term, announced the reappointment of all Council members serving during his first term of office. He also appointed Thomas Scarponcini, PIK '72 and Mark Huggins, A-A '71 to the Council.

Brother Scarponcini and Huggins are probably the first two undergraduates to serve on the Council, since the Union of the Three Orders in 1874. The 1970 Congress adopted legislation expanding the Council from eight to ten members following a recommendation of the ad hoc Look Forward Committee that two undergraduates be added to the Council. The constitutional

Scarponcini

Huggins

amendment adopted provides that two undergraduate members will be appointed annually to serve for one academic year, and that they and the chapter they represent may not be appointed to a successive term.

Brother Jeckell served as Grand Delta under several Grand Alpha's before his election to the office in

1968. He and his wife Betty reside in suburban Cincinnati. They have two daughters, one married and living in Cincinnati, the other teaches school in Columbus, Ohio.

The Grand Alpha is Vice President and Regional Manager of Commercial Credit Corporation.

The other members of the Council are:

Grand Beta: Reverend Johnson H. Pace, Jr., Th D '40, Pastor, Holy Cross Episcopal Church, Jacksonville, Fla.

Grand Gamma: Wyford D. Jones, Chi (O.W.U.) '34, Manager of Government Sales, Dennison Division, American Brake Shoe Company, Columbus, Ohio.

Grand Delta: Richard C. Ham, L '33, Attorney, San Francisco, Calif.

Grand Epsilon: William R. Kitchin, A '49, Vice President, Morton Frozen Foods Division, Continental Bakings Co., Inc., Rye, N. Y.

Grand Zeta: John D. Craft, I D '60, Underwriter, Grain Dealers Mutual Insurance Co., Indianapolis, Ind.

Grand Eta: Bates Block, G '40 H '42, Attorney, Atlanta, Ga.

Brother Thomas Scarponcini is a Junior at the University of Rhode Island. Tom, when not attending school, resides in Livingston, N. J. He carries a straight B average. He is the Delta of the chapter and serves on the U.R.I. Major Events Committee. He attended the 1970 Congress as the Rho Iota Kappa delegate and fully participated in all deliberations. He was nominated for Council by his chapter.

Brother Mark Huggins is Alpha of his chapter at the University of North Carolina. He is a resident of Hickory, North Carolina. A good student, Mark has been active in chapter affairs and is an able administrator.

and thereby broadening even further the already legendary generation gap. This gap is already a wide gulf making communication between young and old exceedingly difficult.

And it seems to me that without accepting in the slightest the methods sometimes employed . . . student activists are often demanding nothing more than that our education and political processes be more relevant to them by involving them more directly on a day-to-day basis.

As I see it, the demand for relevance has taken two main forms. The first is an increased insistence that students be given more say in matters of curriculum planning, hiring practices, admissions policy, and generally the overall governing of a college community.

Perhaps I am being overly idealistic, but I am convinced that these students are not asking for an easy way out. What they are doing . . . what *you* are doing . . . I think . . . is searching for something to hang on to . . . something that will be meaningful to you within the context of a morning newspaper as well as a final exam.

The second primary form of the demand for relevance has concerned itself with the study of history.

The young study the past in the belief that they can thereby avoid man's previous mistakes.

Some of these interpretations of history are exceedingly far-fetched, simplistic and often quite irritating.

It is difficult for many in my generation to take seriously a 21 year-old who criticizes our government officials as "war lords". We know that the military-industrial complex as he envisions it simply does not exist.

## *Society Perfected By Challenge*

BUT I ALSO FEEL that it is one of the rights of the young to challenge this assertion, and I encourage you to do so. Only in this way can we continue to perfect our society and our government.

What everyone can, and must do, however, is to talk to groups of students such as yourselves, and convince you that we love our country . . . not out of habit, but out of a day-to-day effort to improve it. We must make

# Three Receive Distinguished Service Awards

THREE ALUMNI were honored at Congress for their outstanding service and contribution to the Fraternity. Distinguished Service plaques were presented to Robert Cody, Theta Delta at the Congressional Banquet, and in absentia to Brothers Joe Rice Dockery and Herman C. Krannert.

This is the first time that three awards have been presented in one year. The Council felt that each of the Brothers nominated had served the fraternity long and in such outstanding measure that an injustice would be done to ignore anyone of the three.

Brother Cody, initiated by the University of Florida chapter on February 14, 1937, was honored for his outstanding service to and effort on behalf of the Theta Delta chapter and the Florida Chi Phi Association. Brother Cody was instrumental in achieving a new chapter house for Theta Delta and devoted many hours to raising the funds necessary to build the house, which was dedicated last spring.

He recently served on the Chi Phi Look Forward Committee which studied Chi Phi's future role and recommended important changes in the laws and structure of the Fraternity.

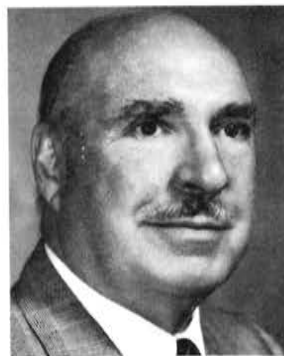

Cody is President of the Cody Publishing Company, Kissimmee, Florida.

Brother Joseph R. Dockery, initiated by the Cornell University chapter on November 20, 1925, is well known to many graduates of the last six or seven years, and to many older alumni for he visited many chapters and clubs during his tenure on the Council and as Grand Alpha from 1965-1969.

The award cannot be presented to an alumnus while serving as a Grand Officer; therefore, the Council presents the award for past service.

Robert S. Cody

Joe Rice Dockery

Herman C. Krannert

Brother Dockery promoted the development of many new chapters during his presidency and the strong position of Chi Phi today is testimony to his leadership.

Dockery owns and operates, Dockery Farms, in Mississippi, and is currently president of the American Rice Council.

Brother Herman C. Krannert has been devoted to Chi Phi since the day he was initiated into Chi Phi as the first member of the University of Illinois chapter on May 17, 1912.

Brother Krannert encouraged the founding of the Iota Delta chapter at Indiana University and through a generous gift helped build the chapter house. Last year he provided the funds which made it possible for a committee, selected by the Grand Alpha, of eleven undergraduates and alumni to come together for three days to study Chi Phi's future role and make recommendations for the future structure and laws of Chi Phi. This year (1970) he created the Krannert Leadership Development project through a gift to the Chi Phi Educational Trust. His vision will benefit Chi Phi for many years.

Brother Krannert is Chairman of the Board, Inland Container Corp., Indianapolis, Indiana.

you understand that our generation has done our best, and is still hard at work, to achieve many of the same goals in which you believe.

In fact, if your generation and mine, working together, can achieve this kind of understanding and appreciation of each others' motives, I would say we would have restored the true educational process to our colleges, because I think a workable definition of education would be the process by which one learns that his teachers were part of the younger generation not too long ago . . . that he will be part of the older generation not too long from now . . . and that all of us are involved in the struggle to make some sense out of human existence, and to do some kind of good for our fellow man.

As student leaders within the "Establishment" of the University, yours is a very special responsibility. It is up to you . . . more than to anyone else . . . to help bridge the gap which exists between my generation and yours. You have the slightly unenviable task of translating the impossible demands of some of your contempo-

aries into workable plans of action which we can all accept. You will have to bear the stigma of being identified with students who disrupt classes and even burn buildings . . . and this will make your job even more difficult.

But, on the other hand, think what a tremendously inspiring challenge you face. You have the potential to be architects of tomorrow's America . . . perhaps even tomorrow's world. You are the innovators, the inventors who will be able to mold the shape of the future into the forms demanded by your ideals.

I would issue only one warning.

In the motion picture "A Man for All Seasons", a confrontation takes place between a young man and Sir Thomas Moore. The young man, eager to achieve change and eradicate injustice overnight, compares the law to a dense forest in which many people lose their way, and which restricts everyone's freedom. He says he wants to cut down the trees to allow people to move

(Continued on next page)

# Krannert Gift Underwrites Chapter Leadership Development Program

"TREMENDOUS, DO IT EVERY YEAR" summarized the reaction of the chapter leaders attending the three day conference which preceded the 1970 Congress. The sponsor of the idea, Brother Herman C. Krannert, Sigma '12, desires and hopes that the schooling effort would, "prepare chapter leaders to better understand their leadership role."

The Leadership Development Program was made possible through a gift of money from Brother Herman C. Krannert, Indianapolis, Indiana and a group of Chi Phi alumni and friends who saw the wisdom and need for such a program. To be called the Herman C. Krannert Leadership Development Program, it will be held annually. The 1971 Leadership Development Conference will be held in August at Morgantown, West Virginia, on the campus of the West Virginia University.

Brother Krannert gave the gift to the Trustees with the stipulation that his gift be matched by a like amount, and that the income from the principle be used to defray an annual leadership conference to be held prior to Congress.

Other major contributors to the fund are Brother and Mrs. William Akers, H'40, of Ormond Beach, Florida; Langdon Quin, G'42, Atlanta, Ga.; Merritt Truax, ED'33, Salem, Oregon; and Herbert Wilkinson, Pi'17, DeWitt, Iowa and Victor D. Smith, AThX '36, Omaha, Nebr. Mrs. Akers presented the gift in memory of her father, John E. Oliver, who had been Chairman of The Chi Phi Educational Trust for 15 years prior to his death.

The school sessions were held on the Oglethorpe

College campus in Atlanta early in September. Eighty Chi Phi undergraduates participated. Several Deans, including Garth Jenkins of Auburn University and Don NeSmith of the University of Georgia, attended as observers and voiced the hope that other fraternities might adopt similar programs.

Dr. E. T. Eggers, director of the Graduate Program for the Management Department at Georgia State University, School of Business Administration, Atlanta, Ga. organized the program contents and assembled the teaching staff.

The National Director and Dr. Eggers felt that the instructors should avoid any reference to the "nuts and bolts" of fraternity operation. Dr. Eggers in his introduction remarks said, "Any good leader must be able to render decisions concerning the people and things which are placed under the jurisdiction; he must be able and willing to delegate to his subordinates concerning the decisions which he has made; and he must be able and willing to communicate in such a way that he can achieve the desired results."

"Any manager works within the organizational structure. Such a structure will always consist of at least three things: the functions or kinds of work which must be done, plus the human faculties necessary to do these kinds of work plus the physical factors would be used by the human faculties in carrying out their assigned functions."

"A major problem for leaders today is to instill or to aid motivational factors. The American people enjoy such a high standard of living that it is difficult to get organizational members motivated unless they become involved in the structure itself."

The topics presented and the names of the teaching staff were: "The Essence of Leadership," Dr. E. T. Eggers; "Motivating Ourselves and Others," Dr. Michael H. Mescon; "Problem Solving for the Leader," Dr. Leon Robertson; "Communicating with Others," Dr. James E. Chapman; "How to Make Progress on Purpose," Dr. David Schwartz; and "Dynamics of Change," Dr. Robert M. Fulmer. All of the staff members are associated with Georgia State University School of Business Administration, Atlanta.

A further feature of the conference was a two hour closed session on topics or areas of interest to the conference bearing on the welfare of the fraternity. The session was open only to those men at the conference who would be delegates to Congress.

Not all was work. The entire assembly had a pleasant late afternoon and evening at the University Yacht Club on Lake Lanier as the guest of Brothers Langdon Quin, G '42, Commodore of the Club, Lamar Swift, H '36, Bob Martin, G '31, John Raine, Ome '38, Bob Watkins, H '53, Dr. Ben Read, X '32, and Bates Block, G '40. Activities included water skiing swimming, boat rides, eating and conversation.

---

*(Continued from page 6)*

more freely.

Moore replies that the trees serve another, altogether different purpose. He says they keep Britain from being blown away and washed into the sea. Cut down the trees, and you are plunged into anarchy.

I can give you no better advice than to tell you that our society is a great deal like that forest. If you do not like the way things are, plant new trees . . . but do not yield to the temptation to cut down the forest . . . for you may never get a chance to start again.

But I am confident as I look at you today that the future of our country, and our fraternity, is in worthy hands. I know that you will continue to practice the ideals of brotherhood which mean so much to us.

I am sure that under your direction, and that of young people like you all over the country, America will continue to grow and prosper, will continue to fulfill her great destiny. I am extremely proud of you . . . and I wish you good luck and Godspeed.

Thank you very much.

## The Florida Chi Phi Association

### A New Dimension in a Fraternal Alumni Association

THE FLORIDA Chi Phi Association was incorporated on March 16, 1943, to serve as the alumni association of the Chi Phi Fraternity which had previously been chartered on the University of Florida campus in 1935.

For 25 years, the Florida Chi Phi Association functioned solely as the alumni association of the Theta Delta Chapter. This function included the raising of funds for acquiring and maintaining the fraternity house on the University of Florida campus. A real highlight for the Association came about this past May when the new chapter house was completed and dedicated. The house is owned and financed by the Association, leased to the Chapter and represents the finest fraternal facility on the University of Florida campus.

The active participants in the Florida Chi Phi Association have been proud of what they have accomplished over the years. However, in the past couple of years, we became conscious of the fact that we were organized and were raising funds as a state organization. This was fine through 1967 since the University of Florida had the only active Chi Phi Chapter in the state. Thereafter, however, other chapters were chartered in the state and we quickly realized we could properly fulfill our mission as a state organization only if we began to incorporate these new chapters into our operation.

Accordingly, the Association has begun to branch out in an aggressive manner to help the two new chapters at Florida State University and Florida Institute of Technology, and further, will plan to bring into the fold any additional chapters that may be chartered in the years to come. The initial activity began with the officers of the Association developing rapport with the officer groups of each of the new chapters, becoming familiar with their situations, their needs and learning of areas where the Association could best assist them. Concurrently, the actives of the three Florida Chapters began to develop rapport among themselves. During the recent Congress in Atlanta, this rapport and spirit advanced to the point that the actives decided to establish a state-wide program among the three schools and arrange for periodic get-togethers to exchange ideas on such

things as how to handle rush, alumni relations, etc. The furthering of this kind of spirit, not only among the actives, but at the alumni level as well, is what we hope to engender.

As a part of this program, we have already done several things, including requesting special donations from alumni throughout the state for each of the three chapters concurrent with our annual solicitation of alumni association dues. As a result of this program, the Association was recently able to give each of the three chapters slightly over \$100 each as a small gift toward some of their special needs and motivate certain alums to make other direct gifts for worthwhile projects. Furthermore, as a result of consultations among the Association officers and the officers of the active chapters, we have arranged to form liaison groups between the Association and the active chapters. Such a committee already existed for the Theta Delta Chapter, since the formation of this type of committee was required for raising money for its new house.

We have now accomplished our objective of establishing similar committees for Xi Delta, headed by John Clements, Th D '54 and Nu Delta, headed by Lee Everhart, A'49. Each of these Brothers resides near the chapter he represents and will be available along with other representatives of the committees to consult with the chapters as requested. They will try to help their chapters in their development and will be active in any fund raising activities that may come about when the time is right for the Association to construct new and better facilities on their campuses. Furthermore, these groups will be the host committees when Association meetings are held in their area. In this regard, I might mention all Association meetings have heretofore been held at the Theta Delta Chapter House. In the spring of 1971, the Association meeting will be held at Xi Delta and in years thereafter the fall meetings will be rotated between FSU and Florida dependent on the home team in the annual Florida-Florida State "slugfest."

The members of the Florida Chi Phi Association realize their purpose is no longer solely to serve the Theta Delta Chapter, but rather to serve our

three Florida chapters with equal effort and intensity and to do all possible to further the name of Chi Phi throughout the State of Florida, even to the point of being instrumental in developing further chapters in this great State—A. C. Warrington IV, President, Florida Chi Phi Association.

## 'Award of Distinctive Merit' to Hoeveler, Kappa '42

GEORGE S. HOEVELER of Madison, Wisconsin was so honored for the best use of typography in effective communication.

This is the second consecutive year Brother Hoeveler has been honored in the Annual Awards Show for his creative design work in Food Service Magazine, published by E.I.P. Inc. He is Executive Art Director and was presented with the Award at the Society of Publication Designers Banquet in New York.

Show competition included over 1900 entrees submitted for judging by 600 magazines including Look, Redbook, Holiday, American Heritage, Esquire and Town and Country.

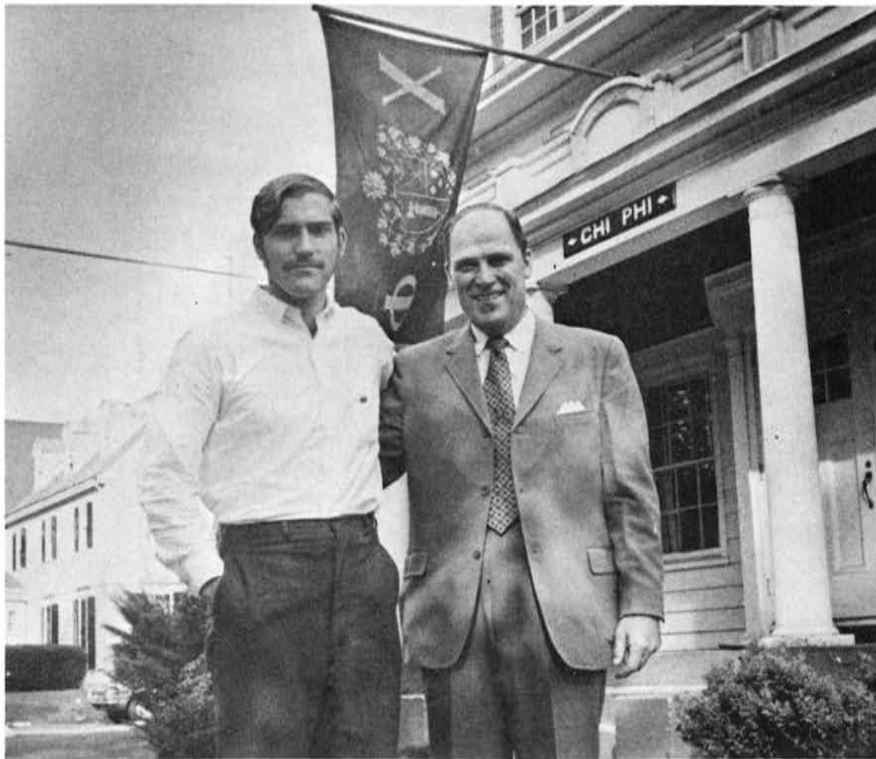

## Freedom Booklet is Published by Hackett

THE OHIO Information Committee, Columbus Ohio is an organization that battles political apathy by sparking state-wide registration and vote campaigns and presents the truth about important issues. Because of the inter-relationship between politics and economics they recently gratuitously issued a booklet written by Brother Warren T. Hackett. The booklet is the result of discussion groups he conducted during the past three years with high school seniors at Camp Enterprise, sponsored by Columbus (Ohio) Rotary.

A sampling of topics gives an insight into the material covered: "To Prosper Man Must be Free, The Law of Distribution, The Importance of Profit, The Law of Private Property."

Brother Hackett, Sigma '27, is Senior Vice President and Trust Officer of the Huntington National Bank, Columbus, Ohio. He is a long time trustee and former Treasurer of the Ohio Information Committee.

*The Jay Clymers*

### Harlon and Charles Stewart Both Wear 50 Year Badge

WHEN Charles G. Stewart, Iota '23 received his 50 year badge he joined ranks with his blood brother Harlon P. Stewart, Iota '17. Brother Charles said when receiving his badge, "Now both of us proudly wear our 50 year badges. Somehow I feel we have attained a record of a kind, especially when I realize that between us we account for more years than the age of Chi Phi."

Harlon was associated with Ever-sharp International, Inc. before his retirement. He resides in Huron, Ohio. Charles retired from Kennecott Copper Corp. in 1964 and now resides in Glen Gardner, New Jersey.

### UNC at Charlotte Colony Chartering to be Dec. 12

ALL ALUMNI are cordially invited to attend the installation of Psi Delta to be held at 3:30 p.m. at the Student Center on the UNC at Charlotte campus. The event will be celebrated with a reception and banquet at the Barringer Hotel, Charlotte starting at 6:30 p.m. on the 12th.

Further information and reservations may be obtained by writing Ronald Foster, Alpha, U.N.C. Station, Charlotte, N. C. 28213, or calling J. Darryl McCall, Jr., Th D '50 G '52 the chapter advisor, at (704) 596-5536.

### A Second Generation Chi Phi at PIK

OCTOBER 31ST was a big day for Mr. Jay Clymer of Wayne, Pennsylvania, and the trip to Rhode Island was well worth it. Mr. Clymer, a Bell Telephone Company employee, traveled with his wife to PIK Chapter to assist in the initiation of his son, Jay III.

Mr. Clymer, Sr. entered Penn State in 1941 and was initiated into Alpha Delta Chapter in 1942. He earned a Bachelor of Science degree in mechanical engineering and graduated in 1945. Jay, Jr. is currently a zoology major at URI and expects to graduate in 1973.

When asked if the initiation brought back any memories of his college days, Jay's dad quickly replied, "It sure did." It was a proud day for the Clymer's.

### Kappa Offers Classroom Space

SHORTLY AFTER the bombing at the University of Wisconsin Chi Phi and six other fraternities volunteered their living rooms as classrooms to replace space lost as a result of the destruction.

### Help! Help! Help!

1450 CHI PHIS are lost for lack of a current address. Check the list on pages 21-23 and help the Office of Council get these men on the mailing list again.

### Kentucky's First to be Chartered Feb. 20

THE COLONY at Morehead State University, Morehead, Kentucky will become a chapter early next year. The Council will present the charter at ceremonies starting at 3:30 p.m. on the 20th.

Morehead is easily reached by interstate highways out of Cincinnati, Ohio and Lexington, Ky. to the west and north, from Huntington and Charleston, West Virginia to the East, and Knoxville and Atlanta to the south.

Plans for many alumni to attend are being made. Information and reservations can be obtained by writing the Alpha, James S. Womack, UPO Box 1218, Morehead, Ky. 40351.

## ALUMNI NEWS

### GAMMA

**John A. Parsons '18**, Memphis, Tenn. was awarded honorary degree of Doctor of Laws by Lambuth College, Jackson, Tenn. on May 24, 1970.

**James C. Pittenger '68** graduated from the Concrete Industries Sales Training School April 10, 1970. He is an operational engineer for the Ready Mix Concrete Company of Knoxville, Tenn.

### DELTA

**Roger W. Wessels '64**, Falls Church, Va. received a Public Health Traineeship for the study of Hospital Administration at George Washington University.

### EPSILON

**R. Garnett Hall, Jr. '62** was selected and named to "America's Outstanding Young Men of 1970." He is with the United Virginia Bank/State Planters, Richmond, Va.

**M. Morton Howe, Jr. '59** was elected Assistant Vice President of Universal Leaf Tobacco Co., Inc., Richmond, Va. in October 1970.

### ZETA

**Sandor Babos '60** is attending the Air Force Command and Staff College (intermediate service school for officers), Maxwell AFB, Montgomery, Ala., and Troy State University for a Masters Degree in Counselling and Guidance.

# Sparks Memorial Awards for 1969-1970

## SECOND AWARD:

THOMAS J. LACONTE, Rho '70  
 THOMAS M. SNYDER, Omega '70  
 DAVID W. ALLEMEIER, Theta Delta '70  
 WILLIAM ROBERT JARVIS, Sigma Delta '70

LaConte

Wilcox

ALTHOUGH Brother Gregory L. Wilcox of Rho '70, never achieved the Sparks Memorial Medal, he graduated Cum Laude and was tapped by Phi Beta Kappa. He was second to Thomas J. LaConte, Rho '70, the winner in both 1968-69 and 1969-70. Brother LaConte also graduated Cum Laude and Phi Beta Kappa. Rho chapter, Lafayette College, is the first chapter in many years to boast of two Phi Beta Kappas.

The Sparks Memorial Medals were first awarded in 1925, in honor of Edwin Erle Sparks, who was President Emeritus of Pennsylvania State College at the time of his death in 1924. He was one of the great Chi Phis, and contributed generously of his time and talents to his fraternity as well as to the world of education.

Upon the adoption of a resolution introduced by Brother Alfred H. Hutchinson, the Congress of 1924 authorized the medal, the design of which is symbolic. The bar pin bears the fasces of Hobart Order. The medal is suspended by a scarlet and blue ribbon, the colors being identical with those which were affixed to the charters granted by the Hobart Order. The medal itself is an embossed replica of the old Princeton pin

## FIRST AWARD:

JOHN L. CROCKFORD, Alpha '71  
 ARTHUR DALE CANNADY, Epsilon '70  
 RICHARD H. LEIST, Zeta '70

and bears the symbolic swords and stars of the Southern Order. On the bar is a Greek word which means "Learning acquired by education."

This medal is awarded to the man in each chapter who has attained the highest scholastic standing for that year. The only stipulation in connection with this award is that the winner shall have been a member of the chapter during the entire school year. The faculties of the various colleges select the winners, and extracurricular activities are not considered except in case of a tie.

President's Club. Hartman has belonged to the club nine times previously. He is also a life member of the Million Dollar Round Table, and has won a number of annual National Quality Awards. An all-Southeastern Conference fullback at the University of Georgia in the mid-'30's, he is active in university alumni affairs and is prominent also in Athens political and community life.

# CHAPTER LETTERS

## Epsilon

SAMUEL W. PURVIANCE '71, *Alpha*

TWENTY-TWO BROTHERS returned after the summer break, a relatively small number compared to the size of past brotherhoods. Realizing the critical need for a successful rush a committee consisting of Tom Hay, Stan Barnett and Mike Head, was selected to head the rush effort. The results were terrific! On Nov. 8th, 21 excited pledges greeted the 22 members. The party that followed had to be one of the happiest in Epsilon's long history.

Two alumni, Hal McVey '57, president of the Epsilon Alumni Association and Garnet Hall '62, chapter advisor, helped tremendously in coordinating the rush effort, arranging for parties and lining up alumni contributions.

The traditional homecoming buffet was attended by more than 300 alumni, parents, freshmen and brothers. We won the competition and \$25 for the best decoration award, and our selection for homecoming queen, Miss Delores Figg was selected the Hampden-Sydney Homecoming Queen.

Lancaster P. Brown, a friend and honorary member of the chapter, was present and in good spirit and health, to greet all the returning alumni.

Senior Tom Hay from South Boston, Va., sophomore Mike Minter from Martinsville, Va., and junior Mike Head, Chesapeake, Va., are all starters on the varsity basketball five. Rick Anke, Hawley, Pa. is goalie for the varsity soccer team.

Just prior to Christmas recess, the chapter will host a party for the orphans in the area. Helping with the plans are Brothers R. I. Hubbard, '35, Faculty advisor Joe Trotter '35, Stanley Gamboris '62 and Bobby Saylor '59.

Here are some of Epsilon's 21-member pledge class. Plaque to the left of the door commemorates 100th anniversary of Epsilon celebrated in 1967.

## Mu Chapter

Stevens Institute of Technology

JOHN C. SCAFFARDT, *Zeta*

WE AT MU take pride in the accomplishments our chapter has achieved so far this year.

In the athletic department, Mu is in first place out of the ten fraternities on campus. The start of the school year saw us follow up our ping-pong championship with a resounding 13-7 victory for the softball championship.

Mu has always had good relations with its alumni. A newsletter is sent out twice a year to each alumnus and there are meetings at the house during the year. Also, there is a "Monte Carlo Night" where the house becomes a min-

ature casino and the alumni have a go at cracking the house bank. Not long after this event is our Alumni Ball which is usually well attended. This year, to show their appreciation for our hospitality, Mu Alumni held a "Lowenbrau" beer fest for the actives which turned out to be one of the best parties of the year.

One problem we are now facing is a new rushing system imposed upon us by the deans of the school. In the new system, brothers are not allowed in the dorms after 5:00 p.m. during the week with this rule standing even on weekends. This has limited our rushing time to the daytime with a night smoker once a week. However, with a strong rush by the newly initiated and older brothers alike, Mu is confident of another good pledge class.

With a strong brotherhood, enthusiasm and devotion, Mu Chapter keeps the Chi Phi tradition of being one of the best fraternities on campus.

## Rho Chapter

Lafayette College

WARREN D. COLE, *Zeta*

OVER THE PAST YEAR, Rho Chapter has experienced several changes. With the aid of a substantial grant from the Chi Phi Educational Trust, and the Rho Alumni Association, the anteroom to the chapter room was converted to a reference library and study area. Brothers Elv and Brainard provided the manpower to panel, carpet and furnish the library. As a pledge project, a basement room has been remodeled and furnished as an entertainment area. A juke box and lighting system add to

(Continued on page 14)

Chi Phis at Mu take their athletics seriously in this 1970 picture.

# THE CHI PHI EDUCATIONAL TRUST

## *A Progress Report 1969-1970*

THE ANNUAL REPORT of a Foundation can be dull reading. However, a look behind the cold figures on the Trust's accounting ledger will reveal the real good accomplished by the Trust and the many people affected in the course of one or two years.

The most significant development of the year was the establishment of the Herman C. Krannert Leadership Development program. Brother Krannert established the fund with a gift of \$15,000.00. Other major gifts to the Leadership fund were contributed by Brother and Mrs. William Akers, Jr., Eta '40, Ormond Beach, Florida; Brother Merritt Truax, Epsilon Delta '33, Salem, Oregon; and Brother Herbert Wilkinson, Pi (Iowa State) '17, DeWitt, Iowa. The leadership fund now totals over \$33,000.00. The first Leadership Seminar sponsored through the grant was conducted at Oglethorpe College, Atlanta, Georgia, in September 1970. The program is more fully described in an article on page 7.

The new Chairman of the Chi Phi Educational Trust is Brother Freeman Strickland, Omega '25. Brother Strickland is a retired Vice-President of the First National Bank of Atlanta. A long time Trustee, he was elevated to the chairmanship following the death of Brother John E. Oliver.

The Board of Governors of the Educational Trust recently elected Brother Jack C. Fraser, Eta '43, of Atlanta, to replace Brother Rutherford Ellis who died in 1969. Brother Fraser is Chairman of the Board of Genuine Parts Corporation of Atlanta and well qualified to serve as an administrator of the Trust.

*Freeman Strickland*

*Jack C. Fraser*

The other Trustees are: Brothers Henry G. Gildner, Alpha-Tau '24, partner Manley, Bennett McDonald and Company, Detroit; Wallace M. Jensen, Kappa '29, retired partner Touche, Ross & Company, Detroit; and Bates Block, Gamma '40 and Eta '42, Attorney associated with Hansell, Post, Brandon and Dorsey, of Atlanta. The Trustees normally meet two to three times annually.

The annual audit of the Trust for the year ending July 31, 1970 continues to reflect a steady growth in assets. The report does not account for all of the Krannert gift and the matching funds. A portion of the gifts will be recorded in the fiscal accounting year starting August 1, 1970.

### Chi Phi Educational Trust • Balance Sheet July 31, 1970

	<u>6,043.31</u>
<b>TOTAL</b>	<b>\$ 12,446.82</b>
<b>EXCESS RECEIPTS OVER DISBURSEMENTS TO SURPLUS</b>	<u>18,207.56</u>
	<u><u>\$ 30,654.38</u></u>

The Trust continued to expand its involvement in the traditional areas. The following capsule reports summarize the various activities:

**STUDENT LOANS:** Thirty-seven students have been granted loans during the past 18 months. Mostly the loans are granted to junior and senior brothers who have had emergencies develop. A typical situation is prolonged illness in the family, accompanied by large outlays for medical treatment.

**SCHOLARSHIPS:** Since January 1, 1969, the Trustees have awarded 18 scholarships in the amount of \$4,900.00. The smallest award was \$25.00, the largest \$750.00. Any Chi Phi may apply for a scholarship. The Trustees present the awards to applicants having definite financial need, however, need only is not sufficient. The applicant must be a better than average student with a good record of accomplishment in non-curricular activities as well.

**LIBRARY DEVELOPMENT:** A good reference library in every chapter is the goal of this program. Since its inception two years ago the following books have been donated to each chapter. Random House Dictionary, Rogets Thesaurus, Columbia Encyclopedia, Etiquette by Emily Post, and Fraternity Management Development Handbook. Additional reference works will be presented each year.

**STUDY AND LIBRARY FACILITIES FOR SELECTED CHAPTERS:** Each year the Trustees award grants to chapters for the development or the improvement of a library area or special study facility in the chapter house. During the past year Rho (Lafayette College); Theta Delta (Univ. of Florida) and Phi (Amherst College), created special study facilities in the chapter house which were partially financed by grants from the Trust. The typical grant has been \$350 to \$500.

**LOANS FOR HOUSING AND HOUSING IMPROVEMENTS:** A very large portion of the funds of the Trust is invested in first and second mortgage loans on chapter house properties. Chapters that have benefited from loans since the last published report are: Alpha-Tau (Michigan), Pi Delta (West Virginia), Omicron Delta (Miami Univ. of Ohio), Tau (Alabama), Theta Delta (Univ. of Fla.), Nu Delta (Florida State), and Xi Delta (Florida Institute of Technology).

In this period of tight money and high interest the Trust has been an important and sometimes the only available source of funds to both the established and the new chapters.

**HELP NOW NEEDED:** Requests for student loans are at an all time high. The shortage of summer jobs, rising unemployment and a tight money situation have created critical money shortages for many students. The result has been that the Trustees have had to turn down some requests in the past two months and limit the amount loaned to others. The normal flow back of funds from outstanding loans is normal but not adequate to meet present requests. Therefore, a gift to the Trust will help an undergraduate brother immediately and at the same time give you a tax deductible item before the end of 1970.

A form to accompany your 1970 gift to the Trust is located on the back cover.

## Your Gifts Made This Possible . . .

"WITH the generous assistance of the Chi Phi Educational Trust . . . I have been able to complete my studies at Rutgers leading to an MBA. Thank you again for your assistance."—J.B.E.

"PLEASE extend my appreciation to the Trustees of the Educational Trust for the scholarship grant to attend graduate school at Northwestern. It will enable me to complete my first year without having to borrow."—A.J.C.

AND a letter from an appreciative Brother at Penn State . . . "Enclosed is my FINAL payment on the loan that enabled me to complete my BS at Penn State . . . Thanks for helping make all this possible."—R.I.A.

## Chapter Letters

(Continued from page 11)

the party atmosphere. Under the direction of Alpha (and Civil Engineer) Malcolm, a section of the rear parking lot has been repaved to improve our basketball court.

Academically, Chi Phi placed sixth of 21 living groups on the Lafayette campus this past year. Brothers Wilcox (Alpha '70) and LaConte (Beta '70) both graduated Cum Laude and Phi Beta Kappa in June.

This year brought 150 coeds to Lafayette for a welcomed change of scenery. Other campus changes include an 'open' rushing policy.

In April we hosted the first Inter-Regional Conference for five other chapters. Rho Chapter welcomes these and other progressive changes.

### Alpha-Alpha

University of North Carolina

CHARLES H. HENRY, *Zeta*

IN AN EFFORT to become a more intricate facet in the community surrounding Chapel Hill, the brothers of Alpha-Alpha at the University of North Carolina at Chapel Hill began in November the initial steps on a threefold program of community service. The program is designed to encompass a tutorial program, veteran hospital visitation and a fund raising campaign.

The tutorial program in conjunction with Upward Bound in Orange and neighboring Chatham County will include more than the much needed scholastic help as it will offer the brothers as a liaison between the high school students and the teachers with careful precautions taken not to interfere in the student-teacher relationship. Chi Phis will travel about 35 miles to Chatham County on a weekly basis for one hour two afternoons per week to work with primarily black students.

For the second part of the program the Brothers have already begun weekly visits to the Veterans Administration Hospital in Durham to talk and relate to young soldiers many of whom were wounded in the Vietnam War. It is a fervent attempt to show the young men in service that college men are concerned with their lives.

Raising money during the Thanksgiving and Christmas vacations by selling light bulbs will give the fraternity an opportunity to make contributions to the Chapel Hill Civic Fund to promote recreational facilities in Chapel Hill.

As a fraternity, the Alpha-Alpha chapter is definitely making a contribution to the people and communities around the school's campus in an effort to be involved.

"I've been working on the railroad!" No, just the annual picture of the Epsilon chapter.

### Eta Delta Chapter

University of Southern California

MARK S. HASEY, *Zeta*

THE LAST YEAR has been one of tremendous growth for Eta Delta, with seventeen new initiates and nine pledges for Fall 1970. With these additions the house is now nearly full for the first time since its construction in 1964. The brothers are now in the process of remodeling the recreation room and laying a new kitchen floor with the generous financial assistance of the Southern California Alumni Association, especially Elmer Hoffman, Eta Delta '17. The present work adds to the remodeling of the Atrium and dining room completed last year.

Eta Delta will be led this fall by Alpha Byron Countryman, assisted by Beta, Greg Fast, Gamma Mike Fitzgerald, Delta, Pete Sliskovich, Epsilon, Gary Plunkett, and Zeta, Mark Hasey. Our social program will be run by Jack Grosz and the pledge program by Chuck Ruthroff.

Eta Delta is looking for a busy 1970-1971 school year with an active athletic program in which we hope to take a basketball championship, a full social calendar headlined by our annual Halloween costume ball, and renovated house facilities, while maintaining our high academic record.

TRUST GIFTS broaden the opportunity for service to future generations of students. Your gift today works forever.

### Rho Iota Kappa

University of Rhode Island

BOB EMERSON, *Zeta*

THE BIGGEST EVENT at PIK thus far this semester was brotherization. Assistant National Director, Dave Diferding was present as 15 new Brothers were added to the Chapter roll on October 31. This brought the end of a long pledge-training program.

The school year began with an outing at the home of Fred Jancewicz, our Regional Counselor. About 30 men attended the event which we hope will become an annual occurrence. Among the highlights of the afternoon was the collapsing of Fred's dock, which sent about 20 brothers and pledges plummeting into the waters of lake (Cochituate). Fred claims it wasn't planned, but we feel that it was a pretty sneaky way to get his dock fixed.

The 1970 Homecoming was the best in many years. The Chapter won a plaque for its Lawn display, the football team was victorious over UMASS, and the Homecoming Party was attended by more Brothers, rushees and alumni than any other party within memory.

The Chapter is again doing very well in the Intramural program at URI, and at this writing, has one more game to play before the championship is ours. Plans for the future include the annual Ladd school Christmas Party, another parents day, and president Bob DeSista has started the ball rolling on the reorganization of a PIK Parents Association.

## Alpha Theta Chi Chapter

University of Nebraska

STEVE SCHNEIDERWIND, *Zeta*

SEVENTY-FIVE YEARS AGO Alpha Theta Chi was founded at Nebraska. It was the sixth fraternity founded on this campus. From the very start Alpha Theta Chi was a leader. The campus newspaper, "The Daily Nebraskan", was started by Alpha Theta Chi. We helped organize the Innocents Society and originated Pershing Rifles. There are more Alpha Theta's listed in "Who's Who" than any other fraternity.

It's seventy-five years later and everything looks great. Rush week went very well. We took thirty-two fine pledges. Our house is filled and overflowing with 64 men living in the house and another 20 living throughout Lincoln.

This is our first year without a house mother. In her place we have a graduate assistant, Walt Radcliff and his wife, Vicki. Walt is a past Alpha of our chapter. He will definitely keep the house very lively. Walt arranged for several political candidates to speak at the house this fall. Speakers included both candidates for governor and one candidate for senator. These men were extremely interesting and informative.

The house service project should again be a large success. This project, called "People to the Polls," has been carried on for the past five years with fantastic support by the people of Lincoln. Anyone who needs a ride to the polls just calls Chi Phi and we provide the transportation.

Our intramural volleyball team is anxiously waiting for the season to open. Last year we went undefeated and easily captured the all-university championship. All starters from last year's team are back, so we should be even better this year. The bowling team is also ready to defend its all-university championship.

All eyes are on the Big Red of Nebraska. This is Nebraska's best team in years and hopes are high for a bowl bid. We have two football players in the house, Steve Cook and Doug Zanders.

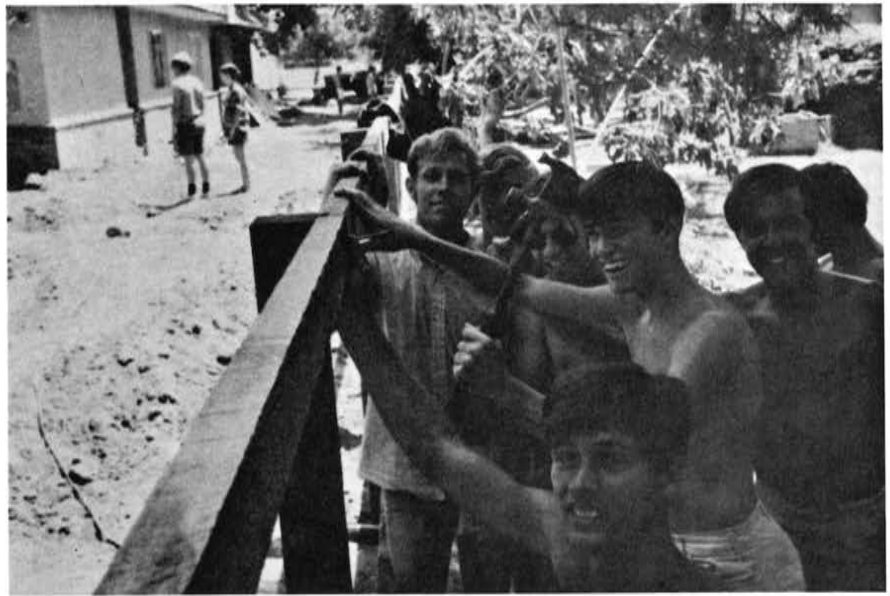

All the brothers of Alpha Theta Chi wish to thank our great mother's club for all their wonderful help they've given us.

## Mu Delta Chapter

Auburn University

DOUGLAS KENNEDY, *Zeta*

MU DELTA completed the most successful formal rush in its history September 24, pledging 18 men. Rush week featured a very successful rush party September 19 and various smokers and open house periods throughout the week. Some unique entertainment for the week

Men of Sigma Delta [University of California at Davis] drive a point home: if there's work to be done, do it!

included a country blues band concert and a turtle race.

Improvements on the house this year are significant. A reflection pond was completed in time for rush. The pond is 18 feet in diameter and was dug by the active members. A recreation and card room was also developed over the summer. The exterior of the house was repainted and the interior was completely re-decorated under the supervision of Brother "Dad" Diamond.

Many chapter alumni attended a big homecoming celebration October 24. Among those in attendance were Grady Lance, first initiate of the colony, and other founders. The chapter celebrated its third anniversary of its chartering with a steak and champagne dinner the previous Wednesday, October 21. The new chapter advisor is Brother Robert S. Young (Alpha '52).

## Sigma Delta Chapter

University of California-Davis

ROBERT FIGARI, *Zeta*

THIS OCTOBER, Chi Phi welcomed its third full year at the Davis Campus of the University of California. However, the brothers faced a strange situation upon their return to school. For the first time in the chapter's history the men could move directly into their bedrooms; there was no painting, no refurbishing, and no construction. After a few coats of floor polish and a rug shampoo, activities in the house settled down to the all but sacred business of work and play.

This past summer was certainly not scarred by inactivity. First on the list of summer priorities for the house

was the completion of the driveway and parking lot. As Spring Quarter 1970 ended, many of the brothers forestalled summer jobs to complete the job started in late May. "Headers" had to be completed for the driveway, fences had to be built, and the front yard landscaping had to be altered as a result of the new driveway and parking lot. When the driveway was finally completed at 4:45 p.m., June 25th (a full 15 minutes before the deadline given by the Davis Planning Commission) work projects did not come to a halt. Soon, under the supervision of Fred Hodgson, Sigma Delta '72 ("If Michael Angelo had a roller he could have done the Sistine Chapel over the weekend") men gathered in Davis to repaint the house. The only project now remaining is the construction of a bicycle parking frame by the side of the house.

A summer initiation and two swim parties served as vehicles for gatherings of Chi Phis and a welcome break from the monotony of work. Although school was out, brotherhood wasn't.

This fall the men of the Sigma Delta Chapter formally launch their fund raising campaign. Thanks to the great deal of work put in by Lambda alumnus, George Couper, tax deductible bonds are available in \$100.00 and \$1,000.00 denominations. Also a great deal of thanks must go to Brothers Frank Merlo, L '56 and Burton Olson, L '52, for their work in master minding the campaign. Aid and information furnished us by the Florida Chi Phi Alumni Association also was a tremendous help.

Such is the situation as Chi Phi (highest Grade Point Average on campus—3.3) returns for yet another great year at U. C. Davis.

## Omicron Delta Chapter

Miami University

R. K. SMITH, *Zeta*

FOR MANY YEARS we had been planning to convert the old carriage house behind our house into a party room. However, until recently planning was about all that we had been doing.

This year the senior members have committed themselves to making sure that the party room is finished before they graduate. Over the summer several of the brothers came down on various weekends to help reshingle the roof. This was the most important part of the work to be done since we had also planned to convert the upstairs portion into our chapter room.

When the University opened this September it was time for initiation, and since our pledges had decided (?) that they wanted to do something constructive for the house, we let them spend those many joy-filled hours scrubbing down the rafter in the ceiling. The next project was to install the insulation in the lower part. At the moment we are rewiring the lights and outlets. As soon as we are finished, and the local inspector approves, we will start putting up the paneling. Ma Jeckell informs us that somewhere in the general area of Cincinnati there is a gas heater which, when located and installed, will prevent us from freezing through the cold winter parties.

When everything is finished we should have a paneled 30 x 38 foot room with bar and a space for a band. After this stage is completed, we will start working on the Chapter room upstairs.

Thus, after several years of thinking

*Carriage house [right] is converted into a club room [below] by men of the chapter at Miami of Ohio. Most of the work was done by the members.*

*Jesse Owens, 4 time gold medal winner in the 1936 Olympics met with the members of Delta Xi chapter at West Virginia Wesleyan in October. Owens discussed youth in America today. Pictured from right to left are: Jesse Owens, Alpha; Jim Okonak, Larry Zaccagnini, Wayne Harrison. Back row; John Thompson, Art Sundheim.*

and planning the party room is finally moving towards completion. As our Alpha, Doug Ostanek, said, "All we had to do was to get the men of the chapter to realize that if they really wanted this party room they were just going to have to get out there and do the work. That realization, along with the help and encouragement from Mr. Jeckell, Mr. Martin, and the Cincinnati alumni has really started our plans along the way to becoming reality."

## XI Delta Chapter

Florida Institute of Technology

DENNIS W. WELCH, *Gamma*

THE CHAPTER moved into their new chapter house September first. Located on the shores of the beautiful Atlantic Ocean, the house consists of five efficiency apartments with a main house containing three bedrooms, along with a large gathering room. The house will comfortably hold twenty-five men.

The chapter initiated eighteen girls this term into their little sister organi-

zation—The Little Sisters of the Traid. Along with the little sisters program, other new chapter policies are: more emphasis on building pledge character and academic standing, and closer relations with the two other Florida chapters.

Some of our brothers have received honors and awards. They are: Robert Galletta, receiver of the 1969 Sparks Memorial Award; Robert Coleman who was elected Senior Class representative; Michael Schlager, who was elected the inter-fraternity Council treasurer; and Mark Kronisch, who was selected to attend the Armed Forces Computer Training School in North Carolina.

Xi Delta is presently defending its intramural football title. They were undefeated last year and hope to go on to even greater heights this year, with the glint of the President's All-Sports trophy in their eyes.

## Chi Phi Colony

### Morehead State University

GEORGE C. GIBSON, *Gamma*

THE COLONY at Morehead has secured a new house this year which houses six men according to university regulations. A large amount of concentrated effort has gone into improvements on this rented facility. It has three kitchens, three baths, five bedrooms, and three larger rooms.

The colony is now sending alumni newsletters out once a month to alumni brothers. Once again this year we have volunteered to fight forest fires for the National Forestry Service. The colony won first place at Morehead's homecoming in the float competition. The theme of this float was "Give Peace a Chance".

The colony has participated in intramural sports and now ranks second among all national fraternities on campus. Plans are now under way for the colony's chartering to take place on Feb. 20, 1971.

## Sigma Chapter

### University of Illinois

LARRY MAUCK, *Alpha*

AFTER a profitable operation of the chapter during the past school year the brothers of Sigma have set out to invest their profits in improving the chapter house. Currently the living room is being painted and the brothers are anxiously awaiting the arrival of the new living room furniture. We would like to stress that all of the funds for this project are from the profits the chapter realized last year.

Brother Differding's chapter visit in early October added to the spirit of the chapter and helped get things off on the right foot for the beginning of another school year.

The next issue of the CHAKETT will carry a more complete story on the chapter house improvements and hopefully a few pictures to accompany it.

# ALUMNI NEWS

(Continued from page 10)

## PHI

**David S. Rea** '69, Ann Arbor, Mich. is attending the University of Glasgow, Scotland on a Rotary International Foundation scholarship.

Season's  
Greetings  
1970

KEEP US IN  
CHARITY WITH  
ALL MANKIND

(from the Chi Phi Prayer)

THE COUNCIL  
OF THE  
CHI PHI FRATERNITY

# Works Forever

Most of us know the value of insurance. It is designed to cover our unexpected losses, and we willingly pay for such protection.

A gift to the Chi Phi Educational Trust is an insurance premium of sorts. In the last analysis, the programs and services of the Trust, described on pages 12 and 13 of this issue, provide better educational opportunities and facilities for a growing number of Chi Phi students and chapters. A gift to the trust will broaden the opportunity for service to the generations of students to come. What better way is there to insure?

The gift that established the Chi Phi leadership program is one brother's insurance premium. He is insuring against inept leadership.

With but a few weeks remaining in 1970, many of you may wish to share in the future by making a gift now. All gifts to the Chi Phi Educational Trust are Tax Deductible.

For additional information or the conveyance of your gift, use the form provided below.

*All gifts to the Trust  
are Tax Deductible.  
Make check payable to*

**THE CHI PHI  
EDUCATIONAL TRUST**  
*and mail to  
3330 Peachtree Rd. N.E.,  
Atlanta, Ga. 30326*
