Young Donor Makes **LASTING IMPACT**

The MacLean Legacy Society recognizes individuals who make one of the deepest, most personal commitments to Chi Phi by making a deferred or estate gift of \$10,000 and higher to support their Chapter or another program of the Chi Phi Educational Trust. Please consider joining Brother Feinberg as one who has included Chi Phi among the people and places he values most. Bequests, charitable trusts and naming the Chi Phi Educational Trust as beneficiary of an insurance policy, IRA or retirement plan are among the many gift vehicles that provide a dramatic and long-lasting impact and qualify someone for membership in the MacLean Legacy Society.

To discuss, in confidence, the MacLean Legacy Society, the impact and the advantages of a deferred gift, contact:

Brother Adam Feinberg, Delta Zeta 1990 (pictured left) joined Chi Phi when the University of South Florida Chapter was reorganizing. Adam saw a great opportunity to start on the ground floor with men he liked and respected. Adam joined the MacLean Legacy Society this spring with a \$50,000 life insurance gift to support Chi Phi and Delta Zeta. He sat down for an interview with Senior Director of Development, **Elizabeth Knott**.

WHY DID YOU DECIDE TO JOIN CHI PHI?

Chi Phi was a start up at University of South Florida. The Delta Zeta Chapter was founded in April 1984 but was reorganized into a Colony again in 1988. I saw a great opportunity to be on the ground floor with a great bunch of guys who I liked and respected. I am still friends with all of them to this day. My roommate Chip Woodward had joined the semester before and I saw through him that it was so much more than the stereotypes that I had thought a "frat" was. It was in large part due to Chip and me getting out of my own way that allowed me to accept that pledge pin.

HOW HAS CHI PHI IMPACTED YOUR LIFE?

Academically, socially, and intellectually...it helped me grow beyond what words could describe. The leadership opportunities it afforded me were hard to imagine looking back at them all. Serving as Social and Philanthropy Chairs, Historian, New Member Educator and then Interfraternity Counsel VP after that, were all amazing roles in my youth. That being said they are all just titles. Taking each roll and getting behind the letter and the spirit of them was what defined me as a student leader and it took me to the next phase of my life, being a Chi Phi Chapter Leadership Consultant. Visiting and impacting other young men in 38 states at over 70 universities in the two years that followed was an incredible journey while I was on staff with Chi Phi. I have used the skills that I learned during this time to run branches and regions of multimillion-dollar companies such as Worldscape, TruGreen Landscape, Brinks Home Security, ADT and now Wesley Wood, a division of Service Experts.

I owe a great deal of my foundation in managing teams, networking, sales, management, operations, accounting and multi-tasking to my time with Chi Phi as an undergraduate. I now find myself a successful businessman looking back at how I got here and now it's my turn to give something back.

YOU ARE CONSIDERABLY YOUNGER THAN MANY PEOPLE WHO HAVE JOINED THE MACLEAN LEGACY SOCIETY. WHAT LED YOU TO DECIDE TO MAKE A GIFT TO SUPPORT CHI PHI BROTHERS?

I wanted to give back to Chi Phi and the Delta Zeta chapter in a way that was bigger than the \$100 or \$1,000 one or two times in my lifetime. All too often we look at a donation as a knee jerk reaction to feeling guilty for not giving in years past. I did not want to give a quick fix. I wanted to make it something greater than I could do in one shot but over my lifetime. I guess it takes the not four but forty to a whole new level. In short it seemed the right thing to make a donation each month toward this goal and the life insurance policy seemed to be the best way to make a long lasting contribution.

WHAT BROUGHT YOU TO MAKE A GIFT THROUGH AN INSURANCE POLICY?

After looking at all the ways to contribute and discussing this with my representative at Liberty Mutual and knowing how to manage my money I felt comfortable that I could afford to make a donation each month toward this goal and the life insurance policy seemed to be the best way to make a long lasting contribution.

IF YOU COULD OFFER ONE PIECE OF ADVICE TO TODAY’S ACTIVE BROTHERS, WHAT WOULD THAT BE?

I wish I had all day to talk to the actives again...This makes me think of a Volkswagen ad I saw years ago... “On the road of life there are passengers and there are drivers. Which are you?” You can be just a Brother of Chi Phi and have fun at the parties or set them up. You can show up to the philanthropic events or organize them. You can follow the path of the brother next to you or you can put your hat in the ring and run for Alpha...Follow the three L’s of Leadership: Listen, Learn, then Lead. Chi Phi can only set the scene and start the music, only YOU can choose to get up and dance or sit on the sideline. I owe a great deal of my foundation in managing teams, networking, sales, management, operations, accounting and multi-tasking to my time with Chi Phi as an undergraduate. I now find myself a successful businessman looking back at how I got here and now it’s my turn to give something back.

WHAT WOULD TELL OTHER ALUMNI CONSIDERING MAKING A SIMILAR GIFT?

I would challenge any and all my brothers to make a call to their insurance agent and see how much a month this would actually cost them. If you look at all that Chi Phi has given you and put a monthly payback amount to that, I think we could all find that money. Let’s give up one nice meal a month to give back to Chi Phi, an organization that has given so much to us.

STRIVE *for* EXCELLENCE

a message from the CHANGING LIVES CAMPAIGN CHAIRMEN

BROTHERS:

For the past four years, you have heard and read about how things are going better than ever for Chi Phi. You read that the Alphas Academy, which was ten years in the making, has finally come to fruition. You may have heard that the College of Excellence has made a comeback and is being used to train up-and-coming Chi Phi leaders.

If you have visited your home Chapter, no doubt you noticed the outstanding quality of the young men joining our ranks today. Many of our Alumni can now say their home Chapter is an active Chapter because it was one of the 19 Chapters newly started or restarted over the last four years.

As students, we wanted Chi Phi to be the premier Chapter on campus. As national leaders, we want Chi Phi to be the premier national fraternity. We deeply believe that no other membership organization can compete with the fraternity experience and we are deeply committed to providing Chi Phi Brothers with the premier fraternity experience at every level.

When we were elected to our respective roles and volunteered to chair the Changing Lives Campaign we both knew we had a bold vision for our historic organization. We also knew that we couldn't achieve our vision without help. While we both rely on skilled, dedicated board members and staff to assist us, the real power of Chi Phi is in our Alumni.

Alumni have donated their time, talent and treasure to make these last four years great. Without your vision, passion and commitment, none of the great things we talk about or write about in the Chakett could happen. In this edition you will see stories about scholarship winners, College of Excellence attendees, Chapter re-colonizations and more. All of that was done by you, our Alumni. It is with the utmost gratitude that we say thank you for making these last four years some of the best in our rich 189 year history.

We also ask all those who haven't heeded the call to renew your pledge to Chi Phi to do so now. We are in the last year of our Changing Lives Campaign and it's critical that we reach our \$10 million goal to continue our success. This campaign is an opportunity to help our Brothers realize their potential, to provide scholarships to the men of your Chapter, to educate the future leaders of our nation.

Throughout this edition of the Chakett you will find information about how you can add your name to the list of distinguished Alumni investing in the future of Chi Phi. We are excited to celebrate another successful year and to welcome more investors.

Fraternally Eternally,

CHI PHI STAFF *welcomes* FIVE NEW FACES

Recently, the National Fraternity Staff experienced some changes. **Michael Erickson, Upsilon 2010**; **Tyler Moyer, Phi Lambda Theta 2011**; and **David Ebner, Delta Zeta 2008** concluded their service as Field Executives. Their service to the Chapters and Colonies across the country was greatly appreciated by all. Brother Erickson has moved to Chicago, IL to work for Groupon as a Recruiting Coordinator. Brother Moyer has moved to Baltimore, MD to pursue his Doctorate in Biochemistry, Cell and Molecular Biology at Johns Hopkins University. Brother Ebner moved back to Tampa, FL to pursue his Master's of Fine Arts in Creative Writing. To fill the three vacancies, **Executive Director Michael Azarian, Psi Delta 1997** appointed three Brothers to work with the Chapters and Colonies across the country.

Lucas Da Pieve, Phi Delta 2013 joined the National Fraternity Staff as a Field Executive. Brother Da Pieve is a graduate of the University of Tennessee-Knoxville where he received his B.A. in Political Science and Spanish - Latin American Literature in 2013. He was born in Buenos Aires, Argentina and raised in Miami, FL. He was a founding father of the newly re-chartered Phi Delta Chapter and later served as Alumni Chairman, Gamma and Alpha.

Patrick Lee, Psi 2013 also joined the staff as a Field Executive in July. Brother Lee graduated in 2013 from Lehigh University in Bethlehem, PA with a B.A. in Economics with a minor in Entrepreneurship. He was born and raised in the Philadelphia suburb of Bucks County, PA. As an undergraduate, Brother Lee served Psi as Gamma, Alpha, and Accreditation Chairman.

Sean Gordon, Epsilon Delta 2013 filled out the team as the third Field Executive. Brother Gordon is a 2013 graduate of Oregon State

University with a B.S. in Finance. He was born in Seoul, South Korea, but grew up in Portland, OR and has experienced many real life scenes from the show Portlandia. During his time with Epsilon Delta, Brother Gordon was elected the Philanthropy Chairman, Alumni Chairman, and Alpha.

Brother Azarian also developed a new staff position to focus on the growth and development of the Fraternity. Barbre Berris, a member of Delta Zeta Sorority, joined the National Fraternity Staff as the Assistant Director of Member Services. Her primary responsibilities will focus on expanding to campuses where Chi Phi does not have a presence, growing Chi Phi's Member base, and strengthening Alumni Associations across the Country. Learn more about Chi Phi's focus on expansion on pages 23.

Originally from Tampa, Florida, **Nick Holmes, Theta Delta 2010** joins the Trust staff as the second Director of Development. Brother Holmes is a graduate of the University of Florida where he earned a bachelor's degree in public relations and became a founding father of the Theta Delta Chapter of Chi Phi. He was a respected leader in the Florida Greek community, serving as Alpha of Chi Phi as well as the Executive Vice President of Florida's Interfraternity Council.

Since his time in Gainesville, Brother Holmes completed three years of service for Teach for America, teaching underprivileged students in Charlotte, NC. Brother Holmes' specialization in education technology yielded impressive results with students who began well below grade level testing in core subjects. While in Charlotte, Brother Holmes also built valuable fundraising and management experience in the political sector as a manager of a State House campaign.

CHANGES *abound* TO CHI PHI EDUCATIONAL TRUST BOARDS

This year Chi Phi thanks three Governors and one Trustee for their years of dedicated service to our Brotherhood. As these Brothers complete their leadership, both Boards also welcome three new members.

BOARD OF GOVERNORS CHANGES

Brother Shawn Brown, Alpha Zeta 1996 is a technology consulting entrepreneur from Sugar Hill, Georgia. He owns Snap Technology, providing outsourced IT solutions to companies and schools. In fact, Brother Brown's business partner, Daniel Shaffer, is a Chi Phi Brother as well. These Alpha Zeta's demonstrate the lasting impact of Brotherhood after the undergraduate experience.

Brother Brown retired from the Board of Governors after four years of service. "Staying involved with the Fraternity was my way of giving back to an organization that has given me so much. When I pledged the Chi Phi Fraternity as a Freshman, I was looking for friendships and a party, but what I got was so much more. The Fraternity provided me with the guidance, friendships, leadership skills, ownership and a sense of belonging that helped transform me into the man I am today."

Most Chi Phi Actives were not born yet when **Brother Bob Walker, Iota Delta 1970** first took a national leadership position with Chi Phi. He has served the Fraternity on a national level for the past 24 years. Brother Walker has held several positions on the Grand Council including Grand Beta, Grand

Gamma, Grand Zeta and Member at Large. He has also served as the Dean of Faculty for Chi Phi's College of Excellence, and on the Board of Directors for the Indiana Chi Phi Alumni Association.

Brother Walker's influence is apparent in many areas of Chi Phi today. He has been a part of everything from nominating Grand Alphas to selecting National Directors. In fact, Brother Walker developed The Walter Cronkite Congressional Award for distinguished alumni.

Bob has now retired from the Board of Governors after two terms in addition to retiring from his successful career in printing. Brother Walker owned his own printing business for 25 years before stepping down.

"A great deal of the success I had in business is due to the skills I gained as an undergraduate," Brother Walker said. "I gained so much from Chi Phi during those years that it was important to give back in some manner for all that the Fraternity has done for me."

Brother Bob Klaffke, Alpha-Tau 1978, began his Chi Phi leadership as an undergraduate. He held the Beta, Zeta and Epsilon positions before gradu-

ating from the University of Michigan in 1978. His leadership experience with Chi Phi continued to the Alpha-Tau House Association board which he has served on for over a decade.

"I realized the extent to which Chi Phi was a formative influence in my life. I'm trying to pay it forward, so that today's students and recent graduates become tomorrow's leaders; both in their personal lives and with reference to Chi Phi," said Brother Klaffke.

Finishing his term on the Board of Governors, Brother Klaffke completes the trifecta of proven leadership on the undergraduate, local and national level. Bob has retired in Ann Arbor, MI after 25 years with the University of Michigan IT Services department.

Brother Fran Nolan, Kappa Delta 1990 served as his Chapter's scholarship chairman, Beta, and then Alpha while at the University of Rochester, but his leadership with Chi Phi was not finished at graduation. As president of his Chapter's housing corporation, Brother Nolan led the charge in the purchase of the Kappa Delta Chapter House in 2002. He also serves on a national level as a member of the Chi Phi Scholarship Committee, and now joins the Board of Governors.

Mike Dever, Eta 1978

Dan Turner, Alpha Zeta 1991

Sahil Patel, Gamma 2000

When not dedicating his time to Chi Phi, Brother Nolan works as a well-respected real estate attorney director in the Boston metro area. A dedicated husband and father of two, Fran also dabbles in home brewing.

Non-Profit leadership is second nature to **Brother Cory Thomas, Mu Delta 1986**. Since 1987, Brother Thomas has managed and fundraised for non-profit organizations, including his position as Chi Phi Director of Chapter Services from 1987 - 93. Now a banker in Birmingham, AL, Brother Thomas is excited to add Governor to his long list of Chi Phi involvement. Cory was a founding father of the Mu Delta Chapter at Auburn University and served as their first Chapter Alpha. He has also served on the Grand Council as the Grand Iota as well as the Grand Theta.

Brother Sahil Patel, Gamma 2000 joins the Board of Governors in addition to chairing the Chi Phi Scholarship Review Committee. He also dedicates time to his Chapter, sitting on the Gamma Trust at Emory University.

Brother Patel's leadership on the national level finds roots from his undergraduate experiences. While at Emory, Sahil served as his Chapter's social chair-

man and Alumni chairman, ultimately winning the Carl Gladfelter Undergraduate award before graduation.

With experience in corporate consulting, Sahil now runs ER Express, providing software solutions to improve patient experience at urgent care centers and emergency rooms. He is based out of Atlanta, GA with his wife and fellow Emory graduate, Katie, and three-year-old daughter Larkin Charlotte.

BOARD OF TRUSTEES CHANGES

Brother Sunny Handa, Xi Delta 1989 retired from the Trust after six years of service. Brother Handa has also served as House Corporation President and an Alumni Association officer for Xi Delta Chapter at Florida Institute of Technology.

Brother Dan Turner, Alpha Zeta 1991 has made a reputation for himself as one of the premier employment lawyers in the nation. Dan has been voted a "Super Lawyer" several years consecutively in addition to published work and serving as an adjunct professor for business law at his alma mater, Georgia State University. His expertise will be an excellent addition to the Trust when he joins the board this winter.

In his free time, Brother Turner serves as the treasurer on the Board of Trustees for Mount Vernon Presbyterian School in Atlanta, GA. He is also a dedicated cyclist and avid golfer.

Also a published and highly-regarded employment attorney, **Brother Perry Pirsch, Alpha Theta Chi 1994** joined the Board of Trustees this June. Prior to his national leadership with Chi Phi, Brother Pirsch has dedicated himself to his Chapter at the University of Nebraska in several different capacities. He has held positions from house parent, to a member of Alpha Theta Chi's Board of Trustees, including time spent on the Housing Corporation and Alumni Association's Board of Directors. Perry also has a published fiction work, *The River Lethe*.

Brother Mike Dever, Eta 1978 was also voted as a Georgia "Super Lawyer" since 2004. He is Friedman, Dever, and Merlin's senior litigator based in Atlanta, GA. Teaching law classes on the side at Georgia State University, Mike brings years of non-profit management and legal experience to the Trust.

CHANGING LIVES CAMPAIGN

REACHES \$8 MILLION AND IMPACTS
BROTHERS AROUND THE NATION

College of Excellence attendees spend a day in Atlanta Community

In 2009 the Chi Phi Educational Trust launched the \$10 Million Changing Lives Campaign. Today, over 1,700 Alumni, Actives, parents, and friends have pledged over \$8 million for academics, leadership, Chapter excellence and to preserve our Heritage. In 2011, at the 146th Congress, **Trust Chairman, Christopher Shuler, Alpha Zeta 1984** made the first public announcement of the campaign and **Al Warrington, IV, Theta Delta 1958** pledged \$1,600,000 to the historic effort.

"Chi Phi has been everything in my life. It was the motivation from the Fraternity that got me started. It launched my career and was so critical. I think it's important for everybody to realize how critical the Fraternity is to a young person giving them direction and guidance in

life," stated Warrington when asked why he pledged his support to the campaign.

Since the 146th Congress, donors have pledged an additional \$3 million to support the Changing Lives Campaign. Those gifts have come from donors in all 50 states and Washington, DC and represent 91 different Chi Phi Chapters and Colonies. Donors have funded the Alphas Academy, brought back the College of Excellence, expanded the Regional Leadership Alliances, established the Chi Phi Greek Life Museum and awarded 625 scholarships through the campaign.

"The Changing Lives Campaign is about taking Chi Phi to the next level. It's about ensuring we can impact the lives of young men for genera-

tions to come. It has been inspiring to watch Alumni make this investment in our Brothers. These investors have allowed our Brothers an unparalleled opportunity in college and paved the way for their future success," shared Campaign Co-Chairman and **Grand Alpha, Dr. James Soderquist, Alpha 1967**.

There are still opportunities to participate in this historic effort before the campaign comes to a close in June 2014. Alumni can volunteer to contact others about the campaign, become a Chapter Captain to assist in raising funds, make thank you calls and more. To invest in Chi Phi and add your name to the donor honor roll before the campaign ends in June 2014, visit www.chiphicampaign.com or contact the Campaign Office at 800.849.1824.

CEFS SERVE MANY NEEDS

Nearly 20 years ago **Dave Davis, Theta Delta 1973** proposed what was considered to be a radical idea for the Chi Phi Educational Trust. Dave asked the Trust to consider establishing special endowment funds for Chi Phi Chapters. He suggested naming the funds Chapter Excellence Funds (CEF) and thought alumni around the nation would jump at the chance to make a tax-deductible gift for their Chapter.

"I really viewed the CEFs as a win-win situation," said Dave. "Local organizations can work with the Trust, provide their donors with tax-deductible giving options and then use those funds for educational purposes or borrow them, repay their CEF and the Trust, and have those funds available for educational purposes in the future. How can you lose?" The Trust decided to test this concept with Dave's Chapter at the University of Florida. The Theta Delta Chapter Excellence Fund was an immediate success. Slowly these funds spread

to more and more Chapters. In 2011, as part of the Changing Lives Campaign, the Trustees decided that it was time to establish a fund for every Chi Phi Chapter.

"Our goal is to create a Chapter Excellence Fund of at least \$25,000 for every Chi Phi Chapter," noted **Trust Chairman Christopher Shuler, Alpha Zeta 1984**. "We want each Chapter to have resources available to them, through the Educational Trust, to award scholarships, conduct leadership retreats and send their promising members to educational programs.

Shuler continued, "We're making the investment in staff to help our Chapters raise money. We have true development professionals from OmegaFi that we're working with, and they stand ready to work directly with local Alumni and student leaders to enhance and maximize Chapter fundraising efforts."

Directors of Development, **Elizabeth Knott** and **Nick Holmes, Theta Delta 2010** have already worked with several Chapters to help fund a variety of programs and scholarships. Gamma and Iota Colonies worked with the Trust to raise funds as they prepared to return to campus. Gamma raised \$85,000 to fund scholarships and educational programs for future Chi Phi Brothers. Iota raised nearly \$50,000 to assist with educational training provided by CAMPUSPEAK for new Colony Brothers. Eta Chapter at the University of Georgia has raised nearly \$1.5 million through their CEF to build educational space in a new Chapter House. Alpha Chapter has raised over \$250,000 to provide scholarships to Brothers. The CEF can only be used for members of the Chapter. Each year Alumni and Actives work together to determine how to best spend the money. CEFs help provide local scholarships, send

Brothers to educational programs and build or renovate educational space in Chapter Houses. In the 2012-13 academic year CEFs provided \$484,550 in grants and scholarships.

"Chi Phi recognizes that to build better men, we must build better Chapters. Chapter strength has a direct impact on the quality of the undergraduate experience," stated **Grand Alpha Jim Soderquist, Alpha 1967**.

Many Alumni often ask, "why should I make a gift to my Chapter's Chapter Excellence Fund when I can make a gift directly to my Chapter or alma mater?"

There are four key reasons:

1. Your gift will be handled by responsible Trustees to ensure the money is used for its intended purpose and invested wisely.
2. Your gift establishes a long-term reserve for your Chapter to draw upon for educational purposes and future house construction and renovation loans.
3. Your gift is not "held hostage" or subject to intense bureaucracy the way it might be if it is subject to fickle rules and management styles of changing Alumni Advisors or university administrators.
4. Your gift is tax-deductible. Gifts to a chapter house corporation or Alumni Associations do not enjoy similar tax benefits.

The Chi Phi Educational Trust is committed to assisting each Chapter build their CEF through the Changing Lives Campaign. "We have already exceeded the \$2.1 Million goal for Chapter Excellence Funds set through the Changing Lives Campaign," explained Senior Director of Development **Elizabeth Knott**. "But we know the impact a CEF can have on the success of a Chapter. The Trust is committed to helping all Chapters raise at least \$25,000 for their CEF."

CEF HELPS IOTA RECOLONIZE

Dedicated Alumni are the key to success in many Chi Phi Chapters. That is certainly the case for one of the newest...Iota Colony at The Ohio State University. Iota was originally founded in 1883, but due to low membership closed their doors in 2005. Alumni continued to meet regularly and work to make the Chapter House financially stable. After years of hard work, the University approved the beginning of a new Iota Colony in the Spring of 2012. Alumni got to work immediately with **Deanne Walters**, Chi Phi Director of Member Services, to form a re-colonization plan. Due to the recent success of other Chi Phi Colonies, the Alumni Association hired CAMPUSPEAK for educational and recruiting services to help build the new Colony. CAMPUSPEAK provided a year of service which included assisting with on-campus recruiting and training new members of the Colony in proven recruitment, marketing, management and leadership techniques. Simultaneously, alumni worked with the Chi Phi Educational Trust to request a grant from their Chapter

Excellence Fund (CEF) to help pay CAMPUSPEAK educational expenses. The Trust approved a grant of \$13,750 for Iota Chapter. The Trust also enlisted Senior Director of Development, **Elizabeth Knott**, to help Iota Alumni develop a plan to raise additional money for the Iota CEF. Elizabeth and a team of 11 Alumni, lead by Iota Alumni Association President, **Dan Dozer**, **Iota 1965**, developed a 20 week plan to raise \$35,000 for the CEF. The Alumni team called on Brothers of all generations to invest in Iota Colony. Men from around the country answered the call and exceeded the goal with contributions totaling \$49,848. “These gifts are truly investments in the future of Iota Chapter. These CEF dollars not only helped re-found our Chapter; they are helping ensure we can send Brothers to leadership training events for years to come. We will also be able to provide scholarships and support to Brothers for generations. This effort changed the face of Chi Phi at Ohio State,” stated Dozer.

INITIATIVE WAYS CHAPTERS GROW CEFS

XI DELTA – FLORIDA INSTITUTE OF TECHNOLOGY

Several Chi Phi Chapters have been creative in finding ways to grow their Chapter Excellence Fund. In addition to working with Alumni and Actives for donations, Xi Delta Chapter House Corporation uses excess housing funds to grow the Xi Delta CEF. After paying off the Chapter House mortgage, the House Corporation found they were collecting excess funds and needed to invest the money.

“What better place to invest than back in our Brothers?” said Xi Delta Alumnus Sunny Handa, Xi Delta 1989. “The CEF is a perfect vehicle for the Xi Delta to ensure long-term success for our Chapter.” The House Corporation and Alumni Association have contributed over \$20,000 to the Xi Delta Chapter Excellence Fund which has already provided \$1,400 in scholarships for Xi Delta Actives.

IOTA DELTA – INDIANA UNIVERSITY

Iota Delta Chapter ceased operations in 2009, but Alumni have continued to raise funds to support the Chapter. Prior to closing, the Chapter worked with Kroger to sell gift cards to Alumni and friends. The Chapter purchased the cards for a discounted rate and received the difference when the cards were sold at full value. Each time the cards are reloaded the Chapter continues to receive a portion of the funds.

Alumni and friends don’t spend any extra money, but have helped contribute several thousand dollars to help Iota Delta re-charter and ensure future success.

DELTA ZETA – UNIVERSITY OF SOUTH FLORIDA

Delta Zeta Alumni are hosting a golf tournament on October 27, 2013 at The Claw at the University of South Florida to raise funds for their CEF. “We saw the success of the Watts Gunn Golf Tournament hosted by the Trust and thought we could do the same thing for our CEF,” stated Alumni Association President David Ebner, Delta Zeta 2008.

Delta Zeta Alumni and Actives have been actively working with community leaders and businesses to solicit tournament sponsorships. They hope to raise at least \$10,000 for the Delta Zeta CEF through the inaugural tournament.

ACADEMIC SUCCESS

GOAL: \$2.4 MILLION

RAISED: \$2,205,656

The Chi Phi Educational Trust recognized the 2013 scholarship recipients at the Congressional Awards Banquet and Scholarship Luncheon.

“I WANTED TO THANK CHI PHI DONORS FOR YOUR ENORMOUS GENEROSITY AND FOR BELIEVING IN MY EDUCATIONAL FUTURE.” — Brad Bartel, Kappa 2015

CHI PHI DONORS CHANGE 56 LIVES

The Chi Phi Educational Trust grants over \$100,000 annually in academic and leadership scholarships. These scholarships are made possible through generous donations from Alumni, Actives, parents, and friends. These gifts allow hundreds of active Brothers to pursue higher education and develop key leadership skills each year.

One very generous friend of Chi Phi, Ms. Eugenia Neel left a bequest of \$250,000 to create the Neel Scholarships. Ms. Neel wanted to assist Chi Phi men for generations and to honor her parents, **Brother Robert William Neel, Omega 1911** and Tommie Louise Park Neel, and her brothers, **Brother Robert William Neel Jr., Gamma 1941** and **Joseph Lockhart Neel, Eta 1943**. The Trust acknowledged 56 exceptional young men with \$50,000 in academic scholarships in 2013. With so many impressive young men to be considered, it was a difficult assignment for the Scholarship Review Committee to determine the 56 winners. Several scholarship winners expressed their gratitude to donors who made their award possible. **Brother Brad Bartel, Kappa 2015** stated, “I wanted to thank Chi Phi donors for your enormous generosity and for believing in my educational future. I will use this scholarship to assist with tuition for my summer classes. This money will facili-

tate my goal of one day attending medical school and becoming a surgeon.

This scholarship lessens the burden on my shoulders and more importantly motivates me and others to continue our hard work academically and fraternally.” Applicants hailed from 41 of Chi Phi’s 55 Chapters and included 21 Chapter Alphas and 19 Chapter Betas. Applicants had an average Grade Point Average of 3.45 and served as members of their campus student governments, on athletic teams and in the U.S. Military.

Applicants were also members of the Men of 1824 Advisory Council, former Field Executives, Congressional Delegates, Chapter Advisors and former Grand Council members. Majors ranged from English to Education, Business to Sociology, Pre-Med to Marketing. The Scholarship Review Committee comprised of twelve Brothers, reviewed the academic scholarship applications. The Committee, chaired by **Brother Sahil Patel, Gamma 2000**, spent six weeks evaluating the scholarship applications and assigning points for grade point average, Chapter leadership and involvement, community service and future aspirations. “I have served on the scholarship committee for sev-

eral years, so I know how hard it can be. Our Brothers are doing amazing things on our campuses and in our communities.” stated Brother Patel. “It’s no easy task to select 56 winners from this outstanding pool of candidates.

If you would like more information about how you can serve on the Academic Scholarship Review Committee or how you can establish a Chi Phi scholarship, please contact **Elizabeth Knott**, Senior Director of Development, at knott@chiphilife.org or 800.849.1824.

TAX-DEDUCTIBLE DOLLARS FOR FRATERNITY HOUSING

For many Chi Phi Alumni, their Chapter House was a home away from home. They learned how to do laundry, study for tests and get along with others in the fraternity house. It didn't matter if that was 1 Fraternity Row, Gainesville, Florida, 1824 Chakett Court, Bryan, Texas or 290 South Lumpkin Street, Athens, Georgia...Chi Phi was far more than just a place to sleep.

Contrary to media portrayals, the Chapter House serves a critical role in the academic success of our active Brothers. Students need access to study space and up-to-date technology in order to succeed in the classroom. While the IRS limits tax-deductible gifts to a fraternity house or house corporation, there are exceptions for educational space within a house. Chi Phi is committed to assisting our Brothers success and the Educational Trust has made housing grants possible through the Changing Lives Campaign.

The Educational Trust is permitted to make grants to build, renovate and operate space in the house that qualifies as educational if it is equivalent to that which is provided by the host university in its dormitories. These grants are made through the Chapter Excellence Fund which allows donors to receive a tax deduction for any gifts.

INTERESTED IN LEARNING MORE?

Grants can be made to build brand new space, as was the case for 9,000 square feet of the new Eta Chapter House, or grants can be made to update or renovate existing space. Additionally, Chapters can use CEF grants for ongoing housing operational costs for the life of the house. Chapters interested in offering a tax-deductible donation to donors and receiving a housing grant can contact Senior Director of Development, **Elizabeth Knott** at knott@chphi.org or 800.849.1824.

PRESERVING OUR HERITAGE

GOAL: \$2.4 MILLION

RAISED: \$3,347,903

CHI PHI GREEK LIFE MUSEUM MADE OFFICIAL AT CONGRESS

Chi Phi has been working on building a Greek Life Museum since the beginning of the Changing Lives Campaign. **Brother Dick Gilbert, Rho 1962** and **Brother Frank Uryasz, Alpha Theta Chi 1983** generously kicked off the efforts with combined gifts of \$90,000 to support the Museum.

Though construction of the museum space began in March 2013, the Chi Phi Greek Life Museum was officially launched at the 148th Chi Phi Congress in June when the formal agreement was signed by the **Grand Alpha James Soderquist, Alpha 1967** and **Trust Chairman, Christopher Shuler, Alpha Zeta 1984**. The Museum is housed at the William M. Byrd Chi Phi National Headquarters and will include curated displays highlighting the fraternal movement through the years. Patrons can also visit the Museum website www.greeklifemuseum.org to immerse themselves in electronic exhibits. Exhibits will be available to the public as well as Chi Phi Actives and Alumni and will chronicle the historical and cultural roles of Greek-letter organizations in the development of higher education in North America. The Greek Life Museum provides an opportunity to preserve, protect, and showcase the historic documents, photographs, and memorabilia of Greek-letter organizations. The Museum, an ongoing evolution, provides Members and non-members an opportunity to learn and marvel at the influence the fraternity world has had on America's culture and society. Displays boast the prominence of Chi Phi as one of the nation's greatest fraternal organizations.

Displays also house items of historical significance to the entire fraternity and sorority movement.

The Museum has developed a display showing the covers from the first Fraternal Publication – Chi Phi's very own Chakett. Visit the Greek Life Museum website to immerse yourself in eighty years of Chakett covers. See the evolution of the publication over those years and learn more about how the Chakett went from a member directory to the magazine it is today.

The Greek Life Museum also holds photos dating back to the late 1800's, letters documenting Chi Phi's founding and the patent application for the Chi Phi pin, the Chakett and pledge pin. Additionally, minute books, original membership cards, and historic material from many Chi Phi Chapters are available for exploration.

"The Greek Life Museum will further reveal that all Chi Phi's have a proud tradition and brotherhood they belong to. Having this archive, a living link to Fraternity and Chi Phi life, will provide an engaging view of how fraternities were formed and how they function today. All museums provide amazing value to their greater communities; our hope is that the Chi Phi Greek Life Museum will do the same and with Alumni support this will be a reality for all," stated Greek Life Museum Committee Chair **Senour Reed, Eta 1979**. Members of the Greek Life Museum Committee have spent months care-

fully outlining a plan for success for the Museum. The Committee has also spent countless hours carefully documenting and recording Chi Phi archives. This careful planning is laying the foundation for long-term success of the Museum. The Committee has targeted March 2014 as the Grand Opening.

HOW YOU CAN HELP

Since Chi Phi's founding in 1824, as the first gentleman's social fraternity, we have built a strong organization and helped create an entire movement. Fraternities play a key role in the lives of today's students. Chi Phi continues to provide training, guidance, personal development and values for a new generation of men. As the Fraternity continues to grow, we must preserve our heritage. Those who have been privileged to enjoy the Chi Phi experience now have the opportunity to endow future generations. Your contribution to the Greek Life Museum will make the difference. Your commitment to donate as generously as your circumstances permit will ensure future generations access to our rich history.

Alumni, Actives, parents, friends and corporate partners can make gifts to the Greek Life Museum by a variety of outright, pledged and planned giving methods. Pledges may be paid over one to five years. Contributions to the Chi Phi Educational Trust (tax id: 58-6035103) are tax-deductible to the extent permitted by law.

DONORS MORE THAN DOUBLE CHANGING LIVES CAMPAIGN UNRESTRICTED GOAL

Chi Phi donors have more than doubled the goal originally set for unrestricted support through the Changing Lives Campaign. The goal was \$1,500,000 and donors have given \$3,228,587 as of August 1, 2013. Unrestricted gifts are often the hardest to raise, and the fact that this goal has been surpassed by more than 100% is a testament to the belief so many Brothers have in providing for the long-term future of Chi Phi.

Unrestricted gifts allow for more flexibility and can be used to meet changing demands. These gifts have already been used to support editions of The Chakett, to fund leadership training programs, Chapter development visits and scholarships.

“These gifts will go on to meet the needs of future generations of Chi Phi men in ways that we cannot even think of today,” said Educational Trust Chairman, Christopher Shuler, Alpha Zeta 1984. “These gifts, really I should say these investments, are helping Chi Phi take the next step and realize our potential.”

LENDING A HELPING HAND

Brothers and facilitators spend a day giving back to the Atlanta community by volunteering at Piedmont Park.

BREAKING THE ICE

Brothers break the ice through a variety of getting to know you activities. Robbie Wilbanks, Rho Delta 2015 leads his team through a jump rope challenge. Brothers also had to lower a hula-hoop that mystically kept rising higher.

CHI PHI HOSTS COLLEGE OF EXCELLENCE

Emory University was once again home to the Chi Phi College of Excellence. Thirty-five Chi Phi Actives descended on campus July 24 through July 28 for five days of focused leadership training, service and a little fun along the way!

Brothers started the week off with steps to build a strong learning community through activities and challenges. They developed trust and explored what it means to be a revolutionary leader. College of Excellence attendees went on to discuss how values, ethics, and integrity connect with leadership.

Brothers spent part of the third day giving back to the Atlanta community through two different service projects. Brothers assisted with a cleanup and trail preservation project at Atlanta's Piedmont Park and others spent time working at the Atlanta Community Kitchen.

Both organizations were excited to have fraternity men assist with projects and welcomed Chi Phi back in the future.

The College of Excellence wrapped up with Brothers creating an action plan which will serve as their guidepost for the coming year and a graduation celebration. Throughout the week Brothers focused on leading with values, Chi Phi Ritual and what fraternity should look like.

"COE has allowed me to grow as a Chi Phi and develop my leadership skills," stated participant **Andrew Parker, Psi Zeta 2015**. "I have formed many new friendships with Brothers from all over the country. I will use what I learned at COE to do more for my Chapter and Chi Phi while inspiring others to do the same. I will carry the lessons I've learned

and experiences I've had at COE for the rest of my life." said **Robbie Wilbanks, Rho Delta 2015**.

"COE is a great platform for men that aren't officers yet, but want to run for positions in the next year," commented Director of Member Services, **Deanne Walters**. "This continues the education that is started at the Regional Leadership Alliances and builds towards the Alphas Academy."

The COE is made possible through the investment of Alumni, Actives, Parents and Friends. The Watts Gun Golf Tournament proceeds have been used to fund a portion of the 2012 and 2013 COE. Visit page 22 to learn more about the Watts Gunn Tournament.

Honoring a Past Grand Alpha AND HELPING BUILD BETTER MEN

by KRIS WHITTEN, SIGMA DELTA 1970

I first met **Fred Kieser, Theta 1962** in the fall of 1979 at my first meeting of the Chi Phi Grand Council in Atlanta. We had been appointed to the Council by Grand Alpha Bates Block, Gamma 1940, Fred as Grand Gamma and myself as Grand Eta. Fred was a big man, and as one of his friends put it, sometimes had a "bombastic" way of getting his point across. At first, I didn't know quite what to make of him, but soon realized that he was someone I liked and could count on.

Fred was a loyal friend and Chi Phi leader, so when I heard that he had died I decided it would be a good idea to see if others agreed that keeping his memory alive was a worthwhile idea. After receiving encouragement from Past Grand Alpha **Dick Gilbert, Rho 1962**, and current **Trust Chairman Christopher Shuler, Alpha Zeta 1984** I worked with the Trust to establish the Fred Kieser Memorial Leadership Fund.

The Kieser Memorial Leadership Fund will provide scholarships for Brothers to attend Chi Phi leadership training programs including the College of Excellence and Regional Leadership Alliances, both of which Fred played a key role in starting during his time on the Grand Council.

When he was appointed to the Grand Council, Fred already had a distinguished career in Chi Phi: as Alpha of the Theta Chapter at Rensselaer Polytechnic Institute, in 1962 Fred represented his Chapter before the Grand Council; as a longtime leader of Theta's Alumni, in the 1970s Fred spearheaded the renovation and revitalization of his Chapter; and as a Chi Phi Regional Counselor he helped supervise the Mu, Rho, Delta and Psi Chapters. Fred even had a unique claim to fame; he chaired the committee which reviewed a Congressional motion to admit women into Chi Phi in 1973.

Fred had a vast knowledge, experience and "can do" attitude that were appreciated by many. He really loved Chi Phi, and many times I saw Fred roll up his sleeves and get down into the trenches for the fraternity; both literally and figuratively.

The things Alumni and National Officers have to do are not always pleasant or easy, but sometimes we have to get into the fray to keep the Fraternity moving in the right direction. As an Alumnus of my Chapter, Sigma Delta at the University of California at Davis, I have appreciated Fred's help and insights on how to act as a leader. When I had the sad duty of representing the Fraternity as Grand Eta at a contentious Court of Congress, called to revoke a Chapter's Charter, Fred was right there to back me up.

Fred was also fun to be around. I like to describe him as a great combination of a savvy lawyer and a big kid. National service is not a veil of tears, and it is leaders like Fred who make it possible to get the work done, and have a good time doing it. Fred also had a really good rapport with undergraduates; he never forgot his days as Chapter Alpha, and seemed to relive that experience when he was talking with undergraduate Brothers. He worked hard in his time on the Council and Trust to establish leadership training programs for the undergraduate Chi Phis, like the College of Excellence.

Fred also helped revitalize Chi Phi Alumni groups around the country. In this he was aided and abetted by **Brother Bill Kitchen, Alpha 1949**, who served at different times as Grand Delta, Grand Epsilon and was the first Executive Director of the Trust. They were a team; if Kieser and Kitchen were coming to town to address your Alumni Association or Club, or to start a new one, look out! They knew how to do it, and would bend your ear and twist your arm to get the job done.

During his time as Grand Alpha, Fred also chartered or re-chartered several Chapters, including Alpha Sigma at Princeton and Upsilon at Hobart, which had been dormant for over 100 years. He and his predecessor, **Bates Block, Gamma 1940**, also supported Chi Phi efforts to colonize in the West, culminating with Fred presiding at the chartering in 1987 of Epsilon Zeta at California's Humboldt State University and Zeta Zeta at California State University, Sacramento.

As another friend of Fred's put it: "He was a principled man, he shall be remembered." The Kieser Memorial Fund seems a fitting way for Chi Phi to remember this principled man.

3rd Annual
WATTS GUNN TOURNAMENT
A SUCCESS

Friendly competition among Brothers certainly doesn't end at graduation. The third annual Watts Gunn Memorial Golf Tournament gave Alumni from across the country the chance to talk a little trash before the first tee box at the beautiful Bulle Rock Golf Course in Havre de Grace, MD.

After a hearty breakfast in the Bulle Rock Clubhouse, teams of four made their way around the links. A mild morning gave way to a humid, sunny afternoon that dried out the course and sped up the greens for the remainder of the round.

The challenging course conquered some of the Chi Phi Actives and staff, but the Alumni teams battled their way further under par to a dramatic finish. After 18 holes, the Educational Trust team came out on top of the leaderboard at six under par, nearly breaking the spirit of the Grand Council Team. **Brothers Chris Shuler, Alpha Zeta 1984; Mike Dever, Eta 1978; Eric Pittman, Alpha Zeta 1993; and Dave Skelton, Omega 1980;** earned top honors and the Watts Gunn Memorial Trophy.

"We had a great time beating the Grand Council this year, said **Brother Dave Skelton, Omega 1980.** "Now they have a year to spend on the driving range or finding a ringer before next year's tournament. But what's really important is that we added additional funds to the Total Membership Education Fund and can support another College of Excellence."

The winning trophy was presented at the annual Chi Phi Leadership Dinner aboard the Spirit of Baltimore, along with other top honors from the day. **Brother Billy Brown, Iota 2015** won the longest drive contest and Brother Chris Moskal, Eta Theta 2006 won the closest to the pin contest.

The annual Watts Gunn Memorial Golf Tournament has raised over \$75,000 for leadership

training programs including the College of Excellence over the past three years thanks to the generosity of sponsors. The Chi Phi Educational Trust thanks OmegaFi and Vital Solutions Inc. for their unmatched support in 2013.

The Chi Phi Educational Trust also sends great thanks to Alliance Bernstein Global Wealth Management, Psi, Eta Theta and Alpha Delta Alumni Associations, as well as the Chi Phi Grand Council and Central Payment for their generous support of this year's tournament. Hundreds of Chi Phi Brothers across the nation see the direct impact of these sponsors each year at leadership training programs. CHI PHI EXPANSION

Expansion is always a favorite topic of Chi Phis, both young and old. There is never a shortage of questions when the conversation turns to the topic of expansion. "Where are we going next?", "When are we re-colonizing that Chapter?", "Have you thought about going to this university?", and "Why aren't we at that university yet?"

There are, of course, answers to all these, and many other questions regarding expansion. Expansion is a top priority of both the National Fraternity Staff and Grand Council, demonstrated in the successful efforts by the Fraternity to newly start or restart 19 Chapters since 2008 across the country.

This fall, Chi Phi will plant our flag at Arizona State University. During the next twelve months, the staff will be working with Alumni from Nu (University of Texas – Austin), Alpha Theta Chi (University of Nebraska), and Mu Delta (Auburn University) to rebuild and strengthen these Chapters. To ensure continued expansion success, Chi Phi will continue to partner with CAMPUSPEAK. Through this partnership, the Fraternity will work directly with professional recruiters to assist with the recruitment of new undergraduate students to build a foundation to be a successful Colony and eventual Chapter, including recruitment coaching and leadership training.

As the Fraternity continues to look into the future, we must remember that in order to establish a successful Colony, we must not only find and recruit new men but also build a reputation and a lifestyle of which we can be proud. From our experience, we have learned to accomplish this, more than anything else, a Colony must have Alumni support. Those groups with strong Alumni who support, advise, and become involved with the Chapter Actives have thrived, whereas those without dedicated Alumni have struggled to overcome a variety of hurdles.

If you are interested in assisting with the development of the Arizona State University Colony or restarting the Nu, Alpha Theta Chi, and Mu Delta Chapters, including serving as an Alumni Advisor, or learning more about our future expansion efforts, please contact **Barbre Berris**, Assistant Director of Member Services at berris@chiphil.org.

Home Sweet home.

Alpha Delta Colony, Pennsylvania State University

Amidst the tree-lined streets of State College, PA, three-sixty East Hamilton Avenue sits as a shining gem to the men of Alpha Delta Colony. They celebrated the grand reopening of their renovated house on August third. Hundreds of Brothers from Alpha Delta came to explore the house they remembered while at Penn State. After a two-year capital campaign and a multimillion-dollar renovation, the house now boasts the latest in safety, security, and technology. Over three hundred loyal Alpha Delta Brothers provided the funds necessary to give the Brothers of today and tomorrow a wonderful experience.

Ken Jacobsen 1966, shares his drive for the campaign "When Brother Martin gave me a tour of the house in June of 2011 I was visibly shocked at the deterioration and vandalism that had taken place since I lived in the house. With the sale of the house being close to consideration, I am so proud of the fund raising, Colonization, and renovation efforts of so many dedicated Alumni. The many thousands of pro bono hours spent over the last two years have rendered us a beautifully refurbished house. I would encourage anyone having the time to get involved and 'Pay It Forward.' Believe me, it's a wonderful feeling that you'll never regret."

The event began with an official ribbon cutting from Andy W. Schultz Sr., Alpha Delta 1960, along with State College Mayor Ms. Elizabeth Goreham. Attendees then explored the house's new features and classic Chi Phi charm.

"It is remarkable to see how the Alumni committed their time and money to renovating the house in less than two years." Re-marked Executive Director Michael Azarian, Psi Delta 1997. He went on to say, "I am excited to see the heights these men take their newly renovated substance free Chapter House!"

You can view more pictures from the opening along with a short video of the ribbon cutting online at chphi.co/alphadelta.

In Their Own Words... STUDENTS EXPLAIN THE IMPACT OF DONATIONS

"Throughout my time as a Chi Phi I have been routinely impressed and amazed by the commitment of Alumni to bettering the Fraternity, bettering our individual Chapters, and above all helping our active undergraduate men to grow and learn. The scholarship that I have been awarded is all due to Chi Phi donors, and again I thank each of them. Their actions have helped Brothers nationwide through scholarships and awards to continue their education, and have also set an excellent example of ongoing Brotherhood. Knowing firsthand what good it can do, I hope one day to give back and help the next generation of Chi Phi men." — STEVEN HOWARD, OMEGA 2014, 2013 NEEL SCHOLARSHIP RECIPIENT

WHY I *Support* CHI PHI

By Adam Pannier, Pi Theta 2013, MEMBER OF THE MEN OF 1824 2013 CLASS

Attending a university where two percent of the student body joins a Greek organization, or roughly 200 students, gave eight friends and I the fuel to change the perception of Greek Life on our campus. Exploring our options with several national fraternities we came across the oldest, Chi Phi Fraternity.

Looking back to the presentation Executive Director Michael Azarian, Psi Delta 1997 and Director of Member Services Deanne Walters gave to our interest group; one of the key points was the involvement of the Chi Phi Educational Trust. I was in awe of the amount of scholarships and additional programming that was available and offered to students. I knew the desire for scholarships and other member benefits would aid as a selling tool during the recruitment process. After that presentation, the decision to start a Chi Phi Colony at the University of Wisconsin-La Crosse was an easy one.

During my first Regional Leadership Alliance in Indianapolis, I was introduced to an elite group of undergraduate Chi Phi's, the Men of 1824. These men are dedicated to contributing to Chi Phi as undergraduates and paying it forward for the next group of Brothers. Even though contributions can be low as \$2 a month it shows appreciation to those Alumni who are donating much larger sums and it adds up to real support for Brothers around the nation.

The Trust even rewards those Chapters with full roster participation to the Men of 1824. After seeing a full return on my investment from that one Regional Leadership Alliance, I encouraged everyone in our Colony to join the Men of 1824. Within our first year as a Colony we had 100% participation and were rewarded with a custom Chi Phi corn hole set. Now not only is a game of corn hole always being played at the house, it has also been a great recruiting tool.

Each year I see more and more returns on my small annual investment. This summer I was also lucky enough to receive a Chi Phi Educational Trust Scholarship, just another return on my investment. It has been an honor to be a Chi Phi Brother during my undergraduate studies, and as a member of the Men of 1824 I feel a connection to our Founding Fathers who started the first Chapter ever, similar to my journey that started just three short years ago.

CELEBRATING LONG TIME GLADFELTER CIRCLE MEMBERS

GLADFELTER CIRCLE

In 2001, the Trust established the Gladfelter Circle to honor donors who contribute \$2,000 or more each year. Since then 360 Gladfelter Circle-level gifts have been made to change the lives of Chi Phi Brothers. These leadership gifts have allowed Chi Phi to continue our path to excellence.

In 2012, a record 65 Alumni and friends made Gladfelter Circle gifts totaling \$635,000 in support. However, there are a special few who have committed to the Gladfelter Circle for the long-haul. The following Brothers have demonstrated their longstanding support of Chi Phi by remaining members of the Gladfelter Circle for 5 years or more:

MACLEAN LEGACY SOCIETY

TO MANY ALUMNI, IT IS IMPORTANT TO KNOW that the causes that are important to them will thrive and prosper long after their own death. Likewise, life's pressures and the uncertainty created by the current economic climate often prohibit generous Alumni and friends from fully supporting Chi Phi or their Chapter to the extent they might like. Planned or deferred giving provides a convenient mechanism to solve both situations.

Giving through a bequest, charitable trust or beneficiary designation on a life insurance policy or retirement account provides an opportunity for Alumni to defer making a significant gift until after their death or the death of a loved one. Often, these deferred gifts become game-changers due to the tremendous positive impact they make on an institution like Chi Phi.

The MacLean Legacy Society recognizes those generous Alumni and friends who have projected their love and support for Chi Phi and its mission beyond the horizon of their own mortality by making a deferred or estate gift of \$10,000 and higher.

As of August 1, 2013, the forty-six members of the MacLean Legacy Society are:

WAYS TO GIVE

Donors can support and change the lives of Chi Phi students and Chapters using a variety of outright, pledged, and deferred giving methods. Some of the more popular giving methods are outlined below.

CASH: Gifts made by cash, credit card, money order and check provide donors with a charitable deduction and provide immediate support to Chi Phi.

STOCK: Giving long-term, appreciated stock allows donors to avoid paying capital gains on the increase in the stock's value. Donors also typically receive a tax deduction for the full fair market value of the stock on the date of the gift.

PLEDGES: Many donors may choose to make their gift over a period of time, up to five years. Donors can determine whether they want to make their gift on an annual, semi-annual, quarterly or monthly basis using cash, check, a credit card or stock.

CORPORATE MATCHING: Many companies will match or multiply a donation made to the Chi Phi Educational Trust through their matching gift program. As a result, donors can double or triple their gift to the cause they support by simply completing their company's matching gift form.

BEQUEST: Donors establish a bequest by adding basic language to their Last Will and Testament or trust documents naming the Chi Phi Educational Trust as a beneficiary of a specific amount or percentage of their estate.

RETIREMENT PLAN: Name the Educational Trust as the beneficiary of all or a portion of your IRA, pension, 401(k), or other retirement plan.

LIFE INSURANCE: If you own life insurance policy that you no longer need, you can name the Chi Phi Educational Trust as the owner and beneficiary of the policy. If the policy has a cash value, you can take a charitable deduction approximately equal to its cash value. If you still pay annual premiums, you can deduct the premium payment each year.

CHARITABLE REMAINDER TRUST: When you create a charitable remainder trust, you give money, securities or other assets to a trust you create that will then pay you an income for life (or for a period of years). If you wish, the trust also can pay income to other beneficiaries of your choice. At the death of the final beneficiary, the remaining balance goes to the Chi Phi Educational Trust.

James C. Edgerton- "Edge" to so many of us-was a man of many talents. He lived his life with great passion and generosity, giving extraordinary gifts of his time and energy to the friends, causes, and interests he held dear.

In high school in Marcellus, New York, he was an Eagle Scout, member of the National Honor Society, athlete, band member, ham radio enthusiast, and

president of his class. He joined Chi Phi as a Member of the class of 1966. He also served as purchasing manager for the institute's Interfraternity Conference, and was active in the MIT Radio Society.

As an undergraduate, he quickly assumed a leadership position in the Fraternity. Along with other major physical plant projects on the relatively new-to-Beta chapter house, he made himself an expert on the intricacies of the house's antique wiring, helping to rewire the electrical system of 32 Hereford.

He earned his degree from MIT in Course 15 (management), and worked for Arthur Anderson's consulting practice for a time. In the 1970s, he served as general manager at Conographic Corporation, a technology startup launched by several friends. He continued with the company for a while after they were bought by Hughes, but eventually left to return to Massachusetts, where he owned three duplex rental properties in Arlington.

Edge never seemed to have a full-time job in the years following, but he continued to volunteer tremendous amounts of time to Chi Phi. As a recent Alumnus, he became treasurer of the Beta Chapter's alumni association in 1969. Decades later he was still dividing his time between making sure the Fraternity remained financially solvent and maintaining the historic Chapter house at 32 Hereford Street. He was a trusted adviser to the Rho Iota Kappa Chapter at the University of Rhode Island.

Edge served on the Grand Council of Chi Phi for 12 years, including six as Grand Alpha (1991-97), a term of service only equaled by two others in the organization's long history. During his tenure as president, he worked to build and re-establish chapters all over the country, and forged new policies and initiatives that made Chi Phi a model for other national fraternities. He earned a reputation as something of a "man of mystery," often showing up at Chi Phi events all over the country, and regaling those present with his encyclopedic knowledge of the Fraternity and its History.

He continued to be active in the MIT Radio Society, personally replacing the wiring at the society's station, aiding with the fundraising for a major equipment upgrade in the 1970s and helping to celebrate the station's 100th anniversary in 2009. He was also a charter member of the USS Saratoga Museum Foundation, and as a collector of period technology, he was keenly interested in the foundation's project to acquire and restore a 1950s era Navy aircraft carrier.

Although he never married, he was, in his way, a "family man." He was godfather to Brother Randy Berry, Beta 1968, youngest daughter, and clearly enjoyed his role as Uncle "Jim Edgerton" to all of Randy's kids.

Edge touched the lives of many people through his devotion to friends, intellectual curiosity, and dedication. May he rest in peace.

REMEMBERING CHI PHI AFTER YOUR DEATH: IT JUST TAKES TWO LINES

Making a gift to Chi Phi through a Last Will and Testament is easy. Individuals should instruct their attorney to add a provision to their Will naming the Chi Phi Educational Trust as a beneficiary of their estate.

THE FOLLOWING LANGUAGE IS APPROPRIATE:

I give, devise and bequeath [insert dollar amount or percent of estate] to the Chi Phi Educational Trust, (tax id#58-6035103) an unincorporated trust organized and existing under the laws of the State of Georgia, or its successor organization. Said Trust is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code and contributions to it are deductible under the provisions of federal income, gift and estate tax laws.

Individuals who have made the Chi Phi Educational Trust or their Chapter a beneficiary of their Last Will and Testament are asked to provide an attorney's letter or copy of this page from their Will so Chi Phi can acknowledge the donor's generosity and properly plan its future.

TO LEARN MORE OR TO HAVE A CONFIDENTIAL CONVERSATION ABOUT A PLANNED GIFT, CONTACT ELIZABETH KNOTT AT 404.231.1824 OR KNOTT@CHIPHI.ORG.

FAREWELL BROTHER

Brother Fred Kieser was born and raised in Metuchen, NJ. He graduated from Metuchen High School in 1958 and subsequently enrolled at Rensselaer Polytechnic Institute where he graduated in 1963 with a B.S. degree in Building Science. He met his wife to be, Barbara, while they were both students in high school. They were married prior to moving to Chapel Hill, NC where Fred attended and graduated from the School of Law at the University of North Carolina. He was awarded an LLB in 1966.

Unsure whether he wanted to be an attorney or an engineer as a career, he accepted an engineering job in Pittsburgh, PA with the Dravo Corp. Prior to moving to Pittsburgh, Fred and Barbara returned to Metuchen, NJ for Fred to take the New Jersey Bar Exam. They moved to Pittsburgh and spent about three months there before Fred was transferred by Dravo Corp. to Atikokan, Ontario, Canada as a project and field engineer in a new iron ore pelletizing plant. In 1968 Fred and his wife decided to move back home to Metuchen, NJ with Fred finally deciding that he wanted to pursue a career in practice of law.

Fred's first job as an attorney in New Jersey was at a legal defense law firm that represented Allstate. After three months he was appointed Deputy Attorney General for the State of New Jersey. In 1970 Fred established his private law practice in Metuchen with Barbara working as his secretary. Having enjoyed (maybe) his studies at RPI and the University of North Carolina, Fred pursued a Masters Degree at Seton Hall University in Taxation which was awarded to him in 1999.

Fred remained a practicing attorney in New Jersey until his death on August 18, 2012. There was, however, one break in his long term private legal career, and that was the result of his appointment in 2001 as a Superior Court Judge in Middlesex County, NJ. His term on the bench expired in 2008 and he returned to his private practice specializing in arbitration, mediation and special discovery cases. Fred and Barbara's daughter, Meredith, is now following in her Father's footsteps as a graduate of Fordham Law School in NYC and practicing as an attorney with a large law firm in central New Jersey.

Brother Kieser joined the Theta Chapter of the Chi Phi Fraternity at RPI in 1959. For many years after having established his private practice of law in Metuchen he served the Fraternity as President of the Theta Alumni Association. During that time Fred was twice instrumental in developing plans and acquiring the funds necessary to rehabilitate the Theta Chapter house. His successes at Theta to maintain a viable Chapter, and the close working relationships he developed with Theta Alumni and active members of the Chapter, fostered a new relationship between him and members of Chi Phi's national organization.

Fred was appointed Grand Gamma in 1978 and served in that capacity until 1982. In 1983 he was elected Grand Alpha and served in that leadership role until 1987. Following his second term as Grand Alpha, Fred was appointed to a five year term as a Trustee of The Chi Phi Educational Trust. During his term he was elected Chairman of the Trust. He became the driving force in planning for and implementing the undergraduate leadership program we know today as the Chi Phi College of Excellence (COE). Since its first session at Oglethorpe in Atlanta, GA, the COE has benefited hundreds of Chi Phi Brothers and helped insure the continuing success of our Fraternity. COE remains a premier leadership program among all fraternities and is a testament to Brother Kieser's love and devotion to Chi Phi.

Change Service Requested

To All Chi Phi Donors:

Throughout the past six years, I have been a Member of this fraternity. I have gained many things from this wonderful experience. Brothers, friends, networking opportunities, and leadership are only a few of the treasures that I will mention.

When I first joined, I never would have imagined that these experiences and connections would have given me this much opportunity. The goals I set in my undergraduate degree have now been achieved. It does not seem very long ago that I was at Georgia Southwestern State University two years deep into undergraduate studies, hoping to be in the shoes that I now wear. During those late hours in the Student Government Office along with the schoolwork, philanthropies, intramural sports, fundraisers, and brotherhood activities, I hoped that one day all of the hard work would pay off.

After I achieve my Doctorate in Physical Therapy at Mercer University, I will have many new goals. Goals that I hope will impact the lives of many. As I grow older with more experience and knowledge, I hope that I can provide as much motivation to others as Chi Phi has provided to me.

Thank you all for all of your help.

Sincerely,

Clayton Alan Connors
