# Brothers,

Another outstanding year for the Chi Phi Fraternity and Educational Trust is behind us, and we are already through the first fiscal quarter on a busy calendar.

Over the course of the past year we have had a constructive 153rd Congress, the restructuring of the National Staff and training of new Leadership Consultants, a successful Colonization at Central Michigan University, the Chartering of four Chapters, and the continued success and expansion of the Regional Ritual Retreat (RRR) program. The Educational Trust saw the continued impact on our Brotherhood through contributions from Brothers and friends. Though the past year was a difficult time to be a part of the Greek community, we have been able to live the Creed and our Values each day.

Our leadership programs continue to improve with support from Alumni and donors. For the first time ever, we were able to expand our annual Alphas Academy to offer programming for our Chapter Thetas as well. Adding to the eight success-filled years of a premier academy for our Presidents, we initiated a remarkable program for New Member Educators in conjunction with Alphas Academy.

As time moves along, we are still able to look back and focus on the brotherly bond we all share. This summer's RRR shed new light on our Ritual, Heritage, and the secret meaning of our Brotherhood for nearly 100 Brothers across the country. This year, we were able to expand RRR to three locations to provide this unique opportunity for more of our members to learn about what truly makes us Chi Phi and what has bound us together for nearly 200 years.

The Grand Council will meet in Atlanta at the beginning of December to review Fraternity business and discuss the progress of initiatives and programs undertaken at the National Office. Among the topics covered will be the restructuring of the National Staff, which resulted in the promotion of three employees into new roles. The piloting of our Total Member Education program has provided us with insight on the needs and wants of Chapters across the country as we continue to improve our curriculum.

The Educational Trust gathered at Congress and discussed our new fundraising plan for the upcoming years, with continued support of the Fraternity by funding scholarship, educational programming and Fraternity staff grants. The Educational Trust will next meet in New Orleans on November 16 for an Alumni Reception at Batch Bar and a Board Meeting on November 17. The Trust looks forward to sharing updates and camaraderie with our local Brothers as well as continuing to provide more resources for the years to come. We hope to see many of our Brothers in Louisiana!

We also hope that you can join us at the 154th Congress next summer at the JW Marriott in Indianapolis on June 21-23, 2019, and at the Annual Watts Gunn Memorial Golf Tournament on June 20. Details and hotel reservation information will be available after the first of the year. Until then, may the bonds of Brotherhood remain strong and resilient.

**A COMMITMENT TO**

**HIGH ACADEMIC STANDARDS**

This year, the Educational Trust recognized the achievement and potential of twenty-six exceptional undergraduate and graduate Brothers by awarding scholarships ranging from \$1,000 to \$2,700. This year's scholarship winners represented eleven different Chapters from across the country.

The Chi Phi Educational Trust scholarships are made available thanks to the generosity of our donors. Each year Alumni, undergraduate Brothers, parents, and friends of Chi Phi make an impactful investment in our hard-working Brothers as they pursue their educational goals. The scholarship program was able to award \$54,000 in scholarships directly to our Brothers this year because of our donors' continued support.

With 130 applicants who exemplified commitment to high academic standards, were proven leaders on their campus and in their communities,

and who represent Chi Phi in the best possible ways, choosing our twenty-six recipients was a true challenge. With so many Brothers deserving of awards, your support is more important than ever. Donations from Alumni like you help us award scholarships to more deserving Brothers each year. For more information on how to support our scholarship program, please visit [chiphil.org/scholarships](http://chiphil.org/scholarships).

The Educational Trust would like to thank our scholarship review committee who gave their time to read and review each completed application: Dan Ahearn, Theta Delta

1999; Robert Christopher, Pi 1954; Bob Finley, Lambda 1980; Douglas Howie, Mu 1983; Mario Lento, Xi Delta 2012; Jason Malone, Alpha-Chi 1997; Nicholas Medina, Lambda Zeta 2008; Terry Schrimsher, Tau 1988; Norman Sensinger, Rho 1959; Cory Thomas, Mu Delta 1986; Jesse Wentworth, Nu Delta 2002; and Sahil Patel, Gamma 2000.

**Congratulations to all of our 2018 Scholarship recipients!**

**To the Donors of the Chi Phi Educational Trust,**

I would like to thank you for your extremely generous donations that provide Brothers like myself the funds to further their education. The financial burden of college is lessened thanks to the Trust. I was overjoyed when I read the email explaining that I had been selected to receive the scholarship. I am going to use the money to pay for tuition and my books. I am a senior at Georgia Southwestern State University in Americus, Georgia. With this scholarship my senior year will nearly be paid for, and I am beyond grateful to have been selected for the Chi Phi Scholarship. Upon Graduation in May, I plan to join a law enforcement agency and become a police officer. I am currently looking into the Georgia State Patrol or the Warner Robins Police Department. Again, thank you for the kind contribution to a Brother furthering his education.

**Sincerely and Fraternaly,  
Caleb Daffron, Delta Pi 2019  
Georgia Southwestern State University**

**Dear Donors of the Chi Phi Educational Trust,**

I am writing this letter to give you my sincerest gratitude for awarding me with a scholarship from the Trust. With the receipt of these funds, I hope you know that you are assisting me immensely with the furtherment of my academic and professional career, and with the values of the Chi Phi Fraternity at large.

Joining my university's Chi Phi Chapter has been a hallmark event of my college career, and frankly, my whole life. Being an out of state student from far away, I will never forget how my Brothers immediately gave me a new home and a new family that made me feel valued, respected, and supported, just as I feel now being awarded this scholarship. I am most blessed to be a part of an organization that has so profoundly affected the direction of my life and my development into a kind, honorable, and successful man of integrity.

Although I am certainly in a position of privilege compared to many students, paying for school is still something that I must worry about and effectively plan for. This scholarship lifts some of that burden off of me and my family and allows me to focus more diligently on my academic and professional career. I will continue to work hard to pursue my ultimate goal, which is a successful career on Wall Street. The values that have been instilled in me and the experiences I have had as a member of Chi Phi will undoubtedly carry over into my future endeavors.

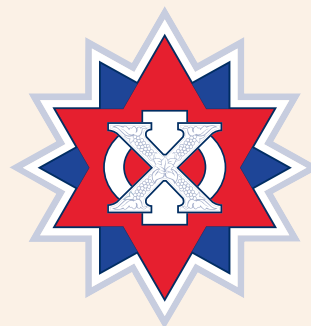

Again, I cannot thank you enough for the gift of this scholarship. I am truly honored and humbled, and I promise to one day help out the younger Brothers of Chi Phi, as well as many other people, as you have helped me.

**Respectfully,  
Vincent W. Donohue, Eta Theta 2020  
University of Maryland, College Park**

**To the Donors of the Chi Phi Educational Trust,**

It is an honor to be selected as a recipient of a scholarship this year from the Chi Phi Educational Trust. With the gift of this scholarship I will be able to purchase textbooks for my remaining year at my university. The generosity of the donors to the Educational Trust not only allows myself to afford my college expenses but so many more Chi Phi Brothers across the nation. As the price of receiving a college education continues to rise so does the support of Alumni of our great Fraternity. I hope one day to be in a position and return the favor and become a donor of the Trust. I am grateful to be selected as a scholarship recipient this year.

### Neel Scholarships

The Neel Scholarships were made possible by a generous gift from Ms. Eugenia Neel in honor of her parents Robert William Neel, Omega 1911, and Tommie Louise Park Neel and her brothers Robert William Neel Jr., Gamma 1941, and Joseph Lockhart Neel, Eta 1943. Preference is given to both undergraduate and graduate students attending a college or university in the state of Georgia and students from the state of Georgia.

### Spaur Scholarships

The Spaur Scholarships were made possible by a fund established by Colonel George Spaur, Epsilon Delta 1925. These scholarships are awarded to Brothers demonstrating outstanding leadership capabilities within and outside of their Chapters.

### Dear Donors of the Chi Phi Educational Trust,

I am honored and humbled to have been selected as a recipient of the Chi Phi Educational Trust Scholarship. I cannot begin to express the value of this scholarship over the course of this coming year as I begin the process of applying to medical school, and all I can say is: Thank You.

This gift shows me that others see and value the success I am having in the classroom, in the community, and in my athletic endeavors which encourages me to stick to the course and continue to represent our Fraternity in the highest regard. Most importantly, however, it validates the hard work that I feel I have put into improving the Psi Zeta Chapter, which ultimately reflects improvement of the Chi Phi Fraternity as a whole. From day one, I have striven to take on leadership positions and various roles within our Chapter and it is a great feeling to see that our national organization recognizes the value of this work.

I would like to thank you for your generous donations each year, which help make scholarships and other programs happen. Your donations truly bolster our Fraternity's mission of "building better men" by providing the resources for students, like myself, to excel academically and continue to develop as emerging professionals and members of this historic Brotherhood.

Again, I would like to wholeheartedly thank you for your time, donations, and effort. I wish the best of luck to each and every one of you and your families in your upcoming journeys through life.

**Fraternally,  
William Harrison Hicks, Psi Zeta 2020

### To the Brothers who support the Chi Phi Educational Trust,

In an age where institutional forces attempt to silence the worthy and meaningful work of Greek Life, it is important to note two key things: anti-fraternity dynamisms similar to ours were previously endured by our Brothers throughout the nineteenth century and that in our modern circumstances, Chi Phi stands alone in supporting and empowering its members to strive for absolute excellence. You, the Donors of the Chi Phi Educational Trust, are that aforementioned support that permit Brothers like myself to be able to shine in our studies, impact our campuses, and transform our Chapters.

I am honored to receive my third scholarship from the Trust and am humbled by the faith and support given to me by you. Now, as I begin my senior year of undergraduate studies at Oglethorpe University, I look back to all of the help the Trust has ensured through these undergraduate scholarships. The funds provided have helped me purchase books for my classes, cover outrageous lab fees, and supported me in paying the costs of over-enrolling my allotted units, which allows me to take 20+ credits of

classes each semester. Since I have been a Brother in the Rho Delta Chapter, I have learned that Brothers who study and take their academics seriously are Brothers who make the greatest impact within our Chapter. I will be the Theta (New Member Educator) for our Chapter this fall, and I plan to incorporate innovating measures to ensure that our New Members are not only succeeding in learning about Chi Phi but are taking strides in the right direction in regard to their academic pursuits. While this is not a promise, but perhaps a challenge I have created for myself and my Chapter, I hope that I can help the Rho Delta Brothers who apply for scholarships in the next cycle be highly competitive for scholarships come spring.

Although my bank accounts look much like what you could imagine a college student's bank account to look like, I hope to give back to the Trust in a significant way once I begin my professional career. Two days before writing this letter, I took my Medical College Admissions Test (MCAT) and took one more step towards becoming a physician. This was all made possible through your contributions and again, I thank you for your generosity and your enthusiasm in supporting me as a student, a future-professional, a Brother.

**Ramsaur Leadership Awards**

The Ramsaur Leadership Awards were endowed by Gray and Cordelia Ramsaur to recognize the outstanding leadership of Chi Phi Brothers, with preference being given to Brothers from Florida Chapters.

**Morris Family Scholarship Fund**

The Morris Family Scholarship Fund was made possible by Edward Lee Morris III, Nu 1989, to recognize a Chi Phi Brother exhibiting exceptional leadership on campus and high levels of academic success at an accredited university who also suffers financial hardship.

**SCHOLARSHIPS OFFERED THROUGH THE GENEROSITY OF OUR ALUMNI AND FRIENDS**

**To the kind Donors of the Chi Phi Educational Trust,**

Your generosity has truly touched my heart. The hand of Brotherhood extends through the ages and receiving this scholarship is the quintessential example of it. The money you have donated will be instrumental to me to lighten the financial burden of modern college tuition and I am eternally grateful for it. I appreciate you donating your time and money to an institution that has taught me so much about becoming an influential member of society. Thank you for recognizing my efforts to become a more aware citizen, a more able person, and a stronger Chi Phi. I await my own opportunity to reciprocate your kindness with impatience.

**Regards,  
Elias Sebti, Lambda 2019  
University of California, Berkeley**

**Dear Donors of the Chi Phi Educational Trust,**

I would like to thank you for choosing me as a recipient for the Chi Phi Educational Trust Scholarship. This scholarship money will allow me to continue my studies and participation in Chi Phi for the upcoming semester without having to stress out about finances. Being a part of Chi Phi has allowed my leadership, community service, and time management skills to flourish - continuing my participation in the Fraternity will ensure I pass down those skills to the New Members we

bring in. Furthermore, entering my third year at Schreiner University I will not only have my regular class load, but I will have to start studying for entry exams for medical school. Having this scholarship will allow me to devote more time to my studies without having to work as much to pay for school. I cannot express my gratitude enough for the opportunities this scholarship will bring to me for this school year.

**Thank you,  
Jacob Vargas, Iota Theta 2020  
Schreiner University**

**Donors to the Trust,**

I cannot thank you enough for bestowing this scholarship award upon me. I am humbled to be considered, even as a graduate student. I loved my time spent as part of the Chapter house in my undergraduate career, but I love even more now helping the Chapter, advising

my younger Brothers, and leading in the corporate world with the traits Chi Phi continues to instill in me.

The money will go to good use. My primary driver for going back to school was to grow in my leadership abilities and emotional intelligence. This award will go towards an add-on class provided by Emory to enhance one's cultural awareness and leadership skillset. It will allow me to be a better leader upon my return to Home Depot and allow me to more effectively spread our values of Truth, Honor, and Personal Integrity.

You all drive me to continue giving back to those around me. Even if the financial circumstances don't permit currently, I'll still be there to lend a helping hand for my Brothers, because, like you all, they always lend one to me.

# Taylor Named Lockheed V.P.

Richard Taylor, 36, has been named Lockheed Corporate President and Executive Vice President in an announcement made last week by Lockheed President Carl Kottchian. He is one of the youngest men to be elected to the history of the Lockheed corporation. Taylor, who joined Lockheed in 1959, will join Cortez as the new president of the Lockheed Aircraft Division. Taylor, a financial analyst, last April has been promoted to California

deputy L-1011 program manager. Dick will fill J. Fred Lashley's position as head of commercial programs. Lashley has been made Assistant to the President, in the announcement made by Kottchian. Dick joined Lockheed in June, 1959 as a co-op student trainee. Shortly after graduation he received a summa cum laude from Emory, with a bachelor of business administration degree. He was promoted to group supervisor in 1961. He joined the finance branch in 1962. He was promoted to group supervisor in 1964 and held a project control in increasingly responsible positions in finance and program management of C-5 projects.

# GENERATIONAL Transformational

The family of Richard Taylor, Gamma 1961, has created a living legacy that will benefit Chi Phi students for generations to come with an endowed scholarship to honor their father after his passing on February 3, 2014. The Richard Taylor Leadership Scholarship was a dream of Brother Taylor's, as education played a critical role in his success both professionally and personally; he was a huge advocate in ensuring that his own children had the chance to get a top-notch education.

become a tour de force of the Chapter and serve as Gamma, Delta, and eventually Alpha. He gained many lifelong friends during his time as an active member and in his later years often spoke about the time he spent with his Brothers.

While at Emory, he participated in an internship at Lockheed Aircraft. This internship exposed him to every facet of the company, providing a well-rounded perspective of every division. After he graduated from Emory in 1961, Brother Taylor took a position in the business finance division of Lockheed, which proved to be the beginning of a long and prosperous career. His strong work ethic earned him a promotion to General Business Manager on the C5 program in Marietta, Georgia. In 1971, he rose to a new appointment and managed the L-1011 program and later the Tri Star Program in California.

After obtaining his Executive MBA from Northwestern University, Brother Taylor became Elected Corporate Vice President – all of this by the time he was 37, making him one of the youngest executives to ever gain this post.

In 1984, he became the President of Lockheed's Information Systems Group, where he grew their technology business with several strategic acquisitions in the information technology sector. He retired in 1992 at the age of 55 and spent the following decade consulting with companies in his field.

Brother Taylor led a truly remarkable life and often spoke about the impact that both Chi Phi and Emory had on his personal life and career. If you are interested in honoring Brother Taylor by making a gift to his scholarship or if you are interested in learning more about establishing a scholarship through the Educational Trust, please contact Director of Development Laura Landry at [landry@chphi.org](mailto:landry@chphi.org) or 404-231-1824.

Brother Taylor and his wife June on their wedding day (above) and enjoying their retirement years (right)

The Richard Taylor Leadership Scholarship will provide an annual award to one or more students who exhibit outstanding leadership qualities, strong character of heart, and the grit to get things done. This scholarship will be available for any undergraduate or graduate Chi Phi in good standing, with priority given to those enrolled and active in the Gamma Chapter at Emory University. The first recipient will be named in June of 2019.

Brother Taylor was born in Cincinnati, Ohio, on January 23, 1939 to Robert Willey Taylor and Jane Margaret Roe and was the youngest of four boys. Before entering the 8th grade, his family relocated to Gainesville, Georgia. It was here that Richard attended Gainesville High School, where his peers elected him class president each year and student body president his senior year. It was also where he would meet his high school sweetheart, June Flanagan, with whom he would eventually spend 53 happily married years.

In 1957, Brother Taylor earned a full tuition scholarship at Emory University, where he became a member of the Gamma Chapter of Chi Phi in the spring of 1958. He would quickly

## REGIONAL RITUAL RETREATS CRUCIAL TO CHAPTER SUCCESS

The Regional Ritual Retreats of 2018 provided nearly 100 members with an opportunity to invest themselves in our heritage and Ritual and walk away as a valuable resource for our Brothers across the country. The Goliard Program has significant ties to RRR, as many of the Alumni facilitators are themselves Goliards and certified experts in our Ritual. The Goliard status, coveted among many, was conferred upon three Brothers at RRR this year: Grand Epsilon Matt Scheller, Psi 2007; Michael Davis, Alpha-Pi 2016; and Eric Weiss, Kappa Delta 2019.

Eric Weiss studies Computer Science and Mathematics at University of Rochester. He gained recognition as a Goliard during the Northeast RRR at Lehigh University, where he completed a proficiency exam and performed essential Ritual duties without written aid. Brother Weiss, the Chapter's Delta and former Epsilon, has been deeply affected by learning more about Chi Phi's heritage and Ritual and reflected on the experience after RRR.

Last year, I attended RLA where Grand Epsilon Matt Scheller, Psi 2007, gave a talk on Ritual. I was shocked to discover that our Fraternity has many of the classic secrets that my Chapter had never taught: Passwords, Unwritten Law, and even a secret handshake. My Pledge of secrecy and the entire New Member process suddenly made more sense as I finally got a glimpse of the secrets that I am bound to protect. I learned the full challenge that year at Congress after getting denied entry twice. Shortly before RRR, my fellow Congressional Delegate and I decided to join the Goliard Program. We believed that this would be an excellent opportunity to learn about all of the Ritual and history of our nearly 200-year-old Fraternity, and that it was crucial to incorporate Fraternity traditions into our struggling Chapter.

Now having gone through the program, I have a strong

foundation in Chi Phi Ritual and history and am excited to bring what I have learned to Chapters wishing to learn more. That said, I still have much to learn, and am looking forward to working with Fraternity leadership as well as other Goliards to continue my studies and to strengthen Ritual on a national level.

Chapters of the Chi Phi Fraternity, I strongly encourage sending a couple of Brothers to RRR, especially those who might be interested in the Goliard Program. Our Ritual is what binds us together and teaches us the Values we hold so dear. RRR not only teaches Ritual, but explains its continual relevance and importance, and leaves Brothers enthusiastic about our history and traditions. If we live by our Values and live our Ritual, we can show universities, the media, and the broader community that our Fraternity is a positive force built on Truth, Honor, and Personal Integrity.

**Are you interested in learning more about the Goliard Program and becoming a master of our Ritual?** Contact Heritage & Traditions Counselor Clark Kjolraug at [kjolraug@chphi.org](mailto:kjolraug@chphi.org).

*From all corners of the country*

**Brothers gathered in Atlanta this June for the 153rd Congress to debate, legislate, and govern the future of our Fraternity.** Congressional Delegates reelected Grand Alpha Robert K. Walker, Iota Delta 1970, for a second term, passed a balanced budget for the 2018-2019 year, appointed members to the Educational Trust’s Board of Governors, and took action to approve a pilot Total Member Education Program, an initiative at the heart of Brother Walker’s administration. Congress also voted to hold the 154th Congress in Indianapolis, Indiana, and the 155th Congress in Philadelphia, Pennsylvania.

In addition to the business conducted on the floor of Congress, both the Grand Council and Educational Trust met to conduct business of their own. Over the course of the weekend, the Grand Council made several pivotal decisions. Among the business brought to them was the Delta Xi Colony’s Petition to Charter. Without dissent, the Council voted to award the group from West Virginia Wesleyan College with their Charter after a fine presentation by Luke

Browne, Delta Xi 2019; Loran Meadows, Delta Xi 2019; and Avery Meadows, Delta Xi 2019.

Brother Walker also introduced a new member of Grand Council: Brody Stogdill, Alpha-Pi 2020, who now serves as Grand Iota, one of the Council’s two undergraduate members. Congress even welcomed a new Brother into our Fraternity, as the Rho Delta Chapter performed the Initiation Ceremony for their Faculty Advisor, Eli Arnold, Rho Delta 2018.

**Sparks Medal Recipient Recognized**

The Educational Trust first awarded the Sparks Medal in 1925 in honor of the late Edwin Erle Sparks, Alpha-Chi 1884, Iota 1884, the former President of Pennsylvania State University and an outspoken advocate for all things Chi Phi. The Sparks Medal is awarded annually to one Brother from each Chapter and Colony who has excelled in his academic pursuits.

Brother Niknafs is a Biology/Pre-Med major and has served as Rho Delta’s Gamma, Delta, and Theta and is a three-time Educational Trust Scholarship recipient.

“I was overjoyed to represent the Rho Delta Chapter at Congress; furthermore, to be in a common space with our most distinguished Brothers who have proudly represented Chi Phi for generations was an unbelievably humbling and inspiring experience. Being honored by Brother Dever and accepting the Sparks Medal in front of Chi Phi Brothers from every corner of the country is a memory I hope to never forget.”

# RETRACING WATTS GUNN'S FOOTPRINTS *at historic East Lake*

**Not to be outdone, Trustees fielded their own team for the Tournament, all of whom were Atlanta natives waiting for an opportunity to play at the storied East Lake Golf Club**

**Grand Council Team**

The 8th Annual Watts Gunn Memorial Golf Tournament, sponsored by Maclean Solutions, was held at the historic East Lake Golf Club on June 21. Established in 1904, East Lake Golf Club is the oldest golf course in Atlanta. In addition to hosting the PGA Tour Championship, The Ryder Cup, and a variety of other tournaments, East Lake was the home course of Chi Phi's very own Watts Gunn, Omega 1928.

Watts Gunn, known as the Southern Hurricane, made golfing history in 1925 in the U.S. Amateur, where he set the world record for international championship golf by winning fifteen straight holes in the first round of the thirty-six-hole match. Brother Gunn has been inducted into the Georgia Tech Athletic Hall of Fame, Georgia Sports Hall of Fame, Georgia Golf Hall of Fame, and Southern Golf Association Hall of Fame.

This year, twenty-seven Chi Phi Alumni and friends gathered in the early morning to follow in Watts Gunn's footsteps and see which team would take home the title of 2018 Watts Gunn Champions! After eighteen holes in the unrelenting heat, Clint Windom, Alpha Zeta 2002, and his three friends, Scott Harmon, Scott Hampton, and Philip Davenport, took home the win – all of whom traveled from Texas for the tournament!

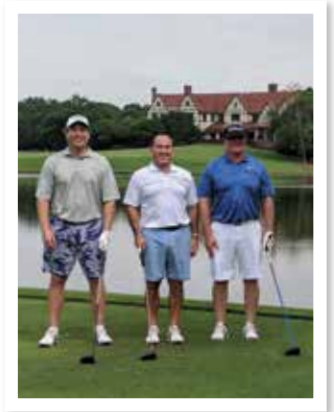

Besides vying for the tournament championship cup, each player battled it out to see who would take home the closest to the pin and longest drive trophies. This year the longest drive winner was friend of Chi Phi, Philip Davenport. Brett Shaw,

Epsilon 2016, won closest to the pin. These awards, along with the championship cup, were presented at the 2018 Chi Phi Leadership Dinner later that evening at the Buckhead Club.

Following the event, golfers gathered at Napoleon's Grill in Decatur, Georgia, where they enjoyed cold drinks, good food, and even better fellowship with Chi Phi Brothers. Thank you to Sean Keenan, Rho Iota Kappa 1992, owner of Napoleon's Grill, who orchestrated the perfect ending to a great day on the course.

All proceeds from the Watts Gunn Memorial Golf Tournament go directly toward leadership training, educational programming including RLAs and Alphas and Thetas Academy, and scholarships. Support like this would not be possible without our golfers and our Tournament sponsors. Thank you to everyone who made the Tournament's eighth year a special one!

The 9th Annual Watts Gunn Memorial Tournament will be held in conjunction with the 154th Congress in the Indianapolis area on Thursday, June 20, 2019. Start gathering your foursome to compete for the 2019 Watts Gunn trophy! More information about the course, sponsorship, and registration will be available soon. If you are interested in more information or you would like to sponsor the 2019 Watts Gunn Tournament, email [EducationalTrust@chiphil.org](mailto:EducationalTrust@chiphil.org).

FROM REFOUNDING FATHER TO TRUSTEE

# BUILDING SOMETHING IMPORTANT

**Fran Nolan, Kappa Delta 1990**, has been a Trustee for four years and currently serves as the Treasurer for the Educational Trust. Read on to learn more about his journey from an undergraduate at Kappa Delta to an officer on the Board of Trustees.

Q  
A

**Can you tell me about your undergraduate experience as Chi Phi Brother at University of Rochester?**

I joined Chi Phi in the spring of my freshman year. Back then, we were the Kappa Delta Colony; it was very small, and we spent a lot of time together. I served at various times as Beta, Alpha, and Scholarship Chair. The great thing about our group was that there was a real sense that we were building something important.

**How have you stayed involved as an Alumnus outside of the Trust?**

I've tried to stay connected with my Chapter by going back to Rochester at least once a year for just about every year since I've graduated. I helped establish the Chapter's House Corporation and I was proud to be part of the closing at which the House Corporation bought the farmhouse right across the Genesee River from campus where Chi Phi still lives today. I keep in touch with our Alumni Association President, Mike Zimmerman, Kappa Delta 1993, who's done a great job working with the Chapter and University.

**How did you become a Trustee?**

Several years back, I took the opportunity to join the Board of Governors, partly as a way to give back to the Fraternity, but mostly as a way to get together with my two Chapter Brothers George MacDonald, Kappa Delta 1971, and John Hutzler, Kappa Delta 1990, more often. I worked on the Scholarship Committee for several years until I left the Board of Governors to join the Board of Trustees. I've served as Secretary and Treasurer of the Board and I anticipate becoming the Vice Chairman of the Trust this November.

**What do you like the most about being involved with Chi Phi as a volunteer?**

My time with the Trust has been immensely rewarding: I've had the chance to hang out with George and John, as I'd hoped, but I've also gotten to know the other Trustees, all of whom are real Chi Phi gentlemen. The Fraternity's National Office has developed amazing programming for our undergraduate Brothers, and Trustees of the Educational Trust take very seriously our role in supporting the educational mission of the Fraternity. I love hearing what the National Office is planning to do for upcoming educational programs.

**What do you wish all Brothers knew about being a volunteer?**

After spending time with so many other volunteers on both the Trust and Grand Council – their love for the Fraternity, belief in its ideals, and dedication to its betterment are something I wish every Chi Phi Brother, active and Alumnus, could see for themselves.

If you are interested in finding out more about how to get involved as a volunteer visit [chiphil.org/alumni](http://chiphil.org/alumni).

# IT COULD HAVE BEEN ANY OF US

Photos courtesy of the US Department of the Interior

Looking out across the landscape filled with lush grass, wildflowers, and trees, one would never suspect the tragedy that occurred there just seventeen years ago. The only visible reminder of that day sits at the edge of a grove of hemlocks, the trees themselves now recovered from the damage they sustained. Now that the scars on the land have healed, there is only a boulder left to mark the impact site of United Airlines Flight 93 – the Sacred Ground. Though the physical reminders of the crash are gone, the wounds of loss are still fresh in the hearts of the friends and families of the heroes of Flight 93. For seventeen years, **Gordie Felt, Alpha-Chi 1985**, has sought to help heal those wounds through the establishment of the Flight 93 National Memorial. He knows well the feelings of loss; his brother Ed was one of the forty crewmembers and passengers who lost their lives when Flight 93 crashed.

### It Could Have Been Any of Us

“Ed and the 39 other passengers and crewmembers that were on Flight 93 were all in many ways very unique individuals from all over the world. But also, in many ways, they were just like the rest of us; they were parents, they were brothers, they were spouses. I think that part of the story of September 11, particularly Flight 93, is that it could have been any of us on that flight,” Brother Felt reflected.

It was the normalcy of the flight and of the people on it – college students, retirees, teachers, and Ed, who worked as a system engineer for a software company – which makes the heroic fight that the passengers made in their final moments all the more remarkable.

Among the many calls and recordings from Flight 93 on that day – including the Cockpit Voice Recorder which captured the final words of the passengers who breached the cockpit and attempted to retake the plane – is the final cell phone call from Flight 93, and the only one to reach a 911 operator, made by Ed. His last-minute call to ground personnel allowed the operator to contact emergency services in the next county over and inform them that a large, hijacked commercial flight had been taken down – a fact that had not yet even reached the military. Had anyone survived the crash, Ed’s final call to alert first responders to the scene would have been lifesaving.

### Memory

Within hours of first responders arriving from all over Somerset County, local citizens were the first to establish a memorial for the forty heroes. And they have been there with the Families of Flight 93 ever since.

“It’s been unbelievable,” according to Brother Felt. “That whole community has really become an extension of our greater Families of Flight 93. They have opened their arms to us as family members and accepted this Memorial with a certain degree of pride; they were the first ones who were there.”

The Families of Flight 93 has worked hand-in-hand with the local community, National Park Service, the National Park Foundation, and the Friends of Flight 93 (a similar organization to their own) to create the Flight 93 National Memorial. This September, seventeen years since the day that changed the United States, the final piece of the Memorial was put in place.

### Uncertainty

Though today the Flight 93 National Memorial is now complete, just a few short years ago it was nearly a vision unfulfilled. As the tenth anniversary of 9/11 approached, the government and civic organizations had hit a brick wall while fundraising for the Memorial. Unlike the other two sites that met with tragedy that day, Shanksville had neither the same federal funding as the Pentagon nor were corporations moving to back the Memorial like those which had lost employees at the World Trade Center. Simply put: They were out of money.

“We really were starting with nothing,” Brother Felt said while recalling the fundraising efforts they undertook. Though a small portion of the site was donated, the task of raising more than \$40 million for portions of the Memorial itself fell on the Families of Flight 93, the National Park Foundation, and other organizations.

### Creation

The Memorial is now an established site within a vast tract of parkland, but the area surrounding it is, in many ways, still as rural and difficult to access as it was in 2001. Approaching the site through the many winding roads of western Pennsylvania, visitors are welcomed by signs along the way directing them to the various historic covered bridges, the occasional tavern, and stone homes dating back to past centuries. Entering the gates of the Memorial requires that visitors still drive for several minutes before reaching the museum and visitors center, and the Sacred Ground itself still further.

The Tower of Voices was designed as imposing; the 93-foot-tall structure is the first piece of the Memorial that visitors see

Ed and Brother Felt with their mother Shirley in an undated family photo

when entering the site. Its stark, industrial appearance contrasts with the flowery, green environment that now surrounds it. Its height is no coincidence; architect Paul Murdoch built numbers into how the Tower memorializes the forty heroes of Flight 93. Forty chimes adorn the Tower, each measuring between five and ten feet long and weighing up to 150 pounds. Each chime creates its own unique sound as the wind passes through – each one with its own voice.

### Dedication

As the final piece of the Flight 93 National Memorial, the Tower of Voices provided a sort of closure, not only for the project itself, but for families, friends, and the community. Despite the chilly weather and steady rainfall during the dedication on September 9, a devoted showing of onlookers was present for the ceremony.

Brother Felt sensed the effect that this final ceremony had while watching with other spectators; families and friends of those on Flight 93, local residents, first responders, and complete strangers who came to show their support.

Speaking on behalf of the Families of Flight 93 that day was Calvin Wilson, brother-in-law of First Officer LeRoy Homer Jr. In the midst of describing the partnerships and friendships formed, the land purchased, and the money raised, Mr. Wilson reflected, “and then there’s the families. The Families of Flight 93. That wasn’t just a title for us; we are truly a family. We bickered, we hugged, we yelled, we screamed, but we had one goal in mind; and that was to make sure that our loved ones were remembered not only by name, but for their actions.”

“There is one individual,” he continued as he fought back emotion, “who has been like the father figure, the referee, our representative, across the nation, in the families, and in the executive group. He has represented us strong for fifteen years. This man has led us not from the front, not from the back, but at our sides. We can’t tell him enough how much we appreciate it and how much we love him, but we tried.” Mr. Wilson invited Brother Felt to the stage, where he was presented with a plaque as a thank you from the families for his efforts as President of the Families of Flight 93 for fifteen years.

Brother Felt and others were then led to the base of the Tower. There, family members and dignitaries officially dedicated the final piece of the Memorial and opened the chimes. As an ever-silent audience looked on, the winds sweeping through the field hit the Tower, which began its song for the first time.

### Future

With the Flight 93 National Memorial complete, Brother Felt’s work would seem finished; but this is far from true. As life moves forward and the Families of Flight 93 continues to work toward preserving the memories of the forty heroes, he intends to continue working at their sides to support the Memorial and the community which has formed around it. The memory of the selfless actions of Ed and the other thirty-nine heroes of Flight 93 will continue to inspire awe, humility, and reverence for generations to come.

“The thing I want you to take away today, is that I want you to understand that we need to continue with the spirit of the forty heroes. We can’t lay down, we must come together as a diversified, unbiased group, understand what the problem is, come up with the solution, and then act upon it.”

## *the* CHI PHI TRUST: BALANCE SHEET-

*Statement of  
financial position  
as of 6/30/2018*

In the 2017–2018 fiscal year, 723 Chi Phi undergraduates, Alumni, parents, and friends contributed over \$540,000 in cash and pledges. These gifts continue to provide staff support to our Chapters and Colonies, top-notch educational programming, and scholarships. We hope you will continue to help us Build Better Men.

**Greetings from California:**

When I joined Chi Phi in 1968 at what was to become the Sigma Delta Chapter at the University of California at Davis (my class was actually initiated at the Lambda Chapter at UC Berkeley because we were not chartered until mid-1969), I had recently bought a 1968 Volkswagen Bug. Soon after, some of us ordered Chi Phi decals for our cars, and mine was one of the first to be displayed.

50 years later, I'm still driving the Bug, and last month, to celebrate our 50th anniversary and help reduce air pollution, I had it converted to electric power.

You can see that the 50-year-old "University of California Davis Campus" decal is the worse for wear, but that the Chi Phi decal is as sharp as it was 50 years ago! So is the Brotherhood; some of us "older" Alumni are getting together on October 27 in Davis to have dinner and tell stories, some of which might actually be true!

Fraternally,  
**Kris Whitten, Sigma Delta 1970**

**Brother Whitten's reliable Bug, still sporting a Chi Phi decal after all these years**

**Hello Brothers:**

After 42 years of practicing and loving the practice of law, I retired in December 2015 and "resumed" my band career. I had played in rock bands in my teen years and came to Ohio State after my band played and recorded for some time in New York City.

Years at the "House on the Hill" were not without their musical aspects; singing mostly with Brothers Bill Andrews, Doug Metzger, and assorted New Members (and Brother "Turk" Baker on the recordings!) was mostly folk music, though "barber shop" also appeared from time to time.

After graduation and Law School at Notre Dame, I began my practice of law until about 2006, when that old interest in playing rock 'n' roll music was revived after a mere 40-year break! I have played with various bands since then, but most seriously since retirement. I am currently in two bands, though one works more than the other. Check out our site and see what an aging Chi Phi rocker does for fun! [www.thebeaux.com](http://www.thebeaux.com)

Fraternally,  
**Hans Stucki, Iota 1970**

**Brother Stucki and his bandmates from The Beaux**

**Mark Meeker, Iota 1988**

**Mark Meeker, Iota 1988**, is currently serving a two-year term as President of the Pace University School of Law Alumni Association. During his time leading the Association's Board of Directors, Mark has instituted a number of operational changes including advertising Board meetings in advance and inviting the law school community to attend, approving meeting minutes via email and posting them on the school's website, reviving all of the Board's standing committees, streamlining Board membership by enforcing attendance requirements, as well as creating a Board operating budget and Alumni Scholarship Fund. In addition, Mark is in his eighth year of running the Pace Law Alumni Network (P.L.A.N.), an independent group devoted to strengthening their alumni network through organizing quarterly networking events in Manhattan and White Plains. The P.L.A.N. Facebook group now boasts over 1,000 members.

**Carl Michel, Lambda Zeta 1999**, completed his term as the first president of the Loyola Law Young Alumni Board (2017-2018) and currently serves as President of the Irish Network New Orleans and Director of the Rotary Action Group for Family Safety.

**Dr. Aaron Palmore, Alpha-Chi 2006**, recently relocated to Charleston, South Carolina, where he is a Visiting Assistant Professor of Classics at the College of Charleston.

**Alan Robertson, Alpha 1972**, retired January 1 after forty years as an Educator/Principal, Supervisor, and Facilities/Construction Director. His second grandson was born this August. Brother Robertson is enjoying life between home in Tidewater, his grandchildren in Northern Virginia, and a Condo on the Chesapeake Bay.

**Eric Swindell, Nu 1991**, was promoted to Associate Dean of Graduate Education at the UTHealth Graduate School of Biomedical Sciences. Brother Swindell has worked at GSBS since 2015 and holds a PhD in Biochemistry from the Baylor College of Medicine.

**Brother Swindell, now Associate Dean of Graduate Education**

**David Jenkins, Delta Pi 2000**, completed his Doctorate of Education in Student Affairs Leadership from the University of Georgia in May 2018. In August 2018, he became the Director of First Year Experience at Georgia Southwestern State University.

It was a momentous occasion for the Alumni and undergraduates of the **Iota Chapter at the Ohio State University** when they marked 135 years of Brotherhood this fall. A cookout at "The House on the Hill" was rained on, but like any good Buckeye they continued the festivities indoors.

Saturday was spent celebrating Scarlet and Gray (and Blue!) when Ohio State took on Rutgers, home of the Delta Chapter. A Buckeye victory only added to the spirit of the occasion that evening when Brothers gathered for a celebratory banquet. Presentation of scholarships awards to Iota Brothers from the Educational Trust were only part of the event, which also included Alumni President Dan Dozer, Iota 1965, presenting a sweetheart charm to former Chapter Advisor Carrie Miller, who flew in from Houston for the occasion.

The evening wrapped up with Iota's traditional song circle, where they celebrated Brotherhood with some admittedly mixed vocal abilities. Farewells were said, and plans were already being made for the next blowout celebration for Iota's 140th.

Brothers sporting their new look after shaving their heads for St. Baldrick's

So far, 2018 has been a very successful year for the **Theta Chapter at Rensselaer Polytechnic Institute**. In April, the Brotherhood organized a campus-wide fundraising effort for the St. Baldrick's Foundation. We raised over \$9,000 as a Chapter and \$20,000 as a school community for childhood cancer research. We also had a large group of Brothers that shaved their head for the event to show solidarity. This was an improvement on what we did for St. Baldrick's last year, nearly doubling our fundraising as a Chapter. We plan to continue this upward trend this year with another fundraiser for the Foundation.

Along with our St. Baldrick's event, we also hosted our annual Adopt-A-Highway cleaning where we clean up a local street in Troy multiple times throughout the semester. We are very proud of our philanthropic achievements and feel it is one of our defining traits as a Chapter.

Over the summer, one of our well-respected Alumni, Nathan Rosengrant, Theta 2018, and his family took the initiative to see through the restoration of our Chapter House floors. This was a very large undertaking, and was a much-needed upgrade to the house. The new floors included a large staining of the Chi Phi letters. We are very proud of the work Nathan and his family did, and we will be reminded of their work for years to come.

Since moving back into our Chapter house "Vallamont" on the campus of **Lafayette College** last spring, **Rho Chapter** has been working hard toward our next goal of growing our membership.

This fall semester marks the first full, formal recruitment process we have been a part of since re-gaining full Chapter status from the College last fall. As such, we are working to recruit a new class of fine men to fill out our ranks and replace the large senior class which graduated this past spring. To this end, we have recruited a healthy sized class of New Members in the first weeks of the semester. We are looking forward to seeing them grow and develop into fully fledged Chi Phi men over the next few weeks and eagerly await their Initiation.

In addition to our recruitment efforts, Rho Chapter, in an effort to bolster our academic success, has initiated our academic team competition. This competition groups Brothers into teams, each with a similar average GPA, and helps Brothers work together to increase our academic success while providing for a spirit of brotherly competition. Rho Chapter has also taken the lead on campus in the realm of sexual assault and alcohol awareness programming. With the help of our amazing Alumnus Jerome Blakeslee, Rho 1970, who piloted the programming with the Chapter last year, we plan to roll it out to the rest of campus this fall.

This semester looks to be one of continued growth for the Chapter and one with many more opportunities for us to make our mark on campus as well as to strengthen the foundation of the Chapter.

Here at the **Alpha-Pi Chapter at Iowa State University** our fall semester is kicking off with a bang! The first weekend back at school our lotas (Recruitment Chairmen) helped coordinate formal recruitment and their hard work resulted in us having the largest New Member class since our re-founding back in 2015.

Our New Member class is a mixture of men who signed bids during last semester during informal summer and fall recruitment, along with this semester's formal recruitment. This is truly a remarkable achievement as it shows that Chi Phi at Iowa State is here to stay and thrive on campus.

That point is also reflected in the classroom, where our Spring 2018 GPA set an Alpha-Pi record. The Chapter's cumulative GPA was a whopping 3.18, which placed us in the top 10 of IFC fraternities on campus. This growth can be attributed to gaining committed New Members, a stellar

academic success plan, and a Brotherhood strong enough to help each other with classwork.

Finally, I would like to spotlight our philanthropy event happening later this fall, the Chi Phi Powderpuff Football Tournament. Our event seeks to highlight and raise money for Boys and Girls Club of America, but it also serves to get our name out there to the fraternity and sorority community as a Chapter that is committed to community involvement. That is echoed by the support of sororities who are making teams as I write this message, along with teams of unaffiliated women on campus who are not in a sorority but still support Chi Phi and BGCA.

This has truly been a great year for Chi Phi here at Iowa State University as our Chapter continues to grow in size and community involvement, and I am glad to call myself not only the Zeta of the Chapter, but a Brother in a Brotherhood unrivalled across the country.

This year **the Alpha Delta Chapter** celebrated a successful THON at **Penn State** with the community raising a grand total of more than \$10 million. Thousands from Penn State stood for 46 hours at the Bryce Jordan Center and danced For The Kids. The Penn State IFC/Panhellenic Dance Marathon, or THON, took place on February 16-18.

THON is a yearlong fundraiser that is dedicated to enhancing the lives of children affected by pediatric cancer. Over the course of a year, organizations at Penn State participate in fundraising efforts such as canning, canvassing, and other alternative fundraisers. This was also the first year that a new form of fundraising was implemented, called Donor Drive. This allows individuals to donate to THON directly and online. This all leads up to a 46 hour no sitting and no sleeping dance marathon.

This year, over 700 dancers were chosen to represent their respective organizations. Nick Lancaster, Alpha Delta 2018, was chosen to represent the Alpha Delta Chapter as a dancer. We are very proud of Nick, who stood for 46 hours, and his amazing achievement. This year, with our partner Omega Phi Alpha, we raised a total of \$52,751.44. This is a little over \$33,000 more than last year!

The men of the **Phi Lambda Theta Chapter at Bucknell University** are thrilled to introduce our latest New Member Class to the greater Fraternity. Although we have known them for just a short period of time, we feel confident that they are well equipped to continue our Chapter's tradition of academic excellence, involvement in campus life and extracurriculars, and commitment to inclusion and acceptance.

Inclusion is a primary early focus of our Chapter this year. At the end of the previous year the Chapter voted to create the Diversity and Inclusion Chair and Committee. The goal of this position is to further foster an environment which is open and accepting to people of all races, nationalities, ethnicities, sexual orientations, mental and physical abilities, socioeconomic levels, and political and theological backgrounds. For decades our Chapter has been on the forefront of acceptance and we are proud to take steps to continue to build on that legacy.

Although it is early in the school year, we are excited for the many exciting events that will take place this year, especially the Special Olympics, a Chi Phi tradition that is near and dear to our hearts. We are excited to continue this important tradition and many others as we work to be our best selves in every sense. We wish the other Chapters of Chi Phi the best of luck throughout the fall season!

Here at the **University of Texas at Dallas, the Psi Zeta Chapter** of the great organization known as Chi Phi is thriving. Recently, we had thirty-six great young men join Chi Phi, which is the largest New Member class we have ever had in the history of the Psi Zeta Chapter since our Chartering in 1998. This is definitely great for us, having lost so many great guys to graduation.

On the philanthropic side of things, we planned a large event for September 28 called "Kickin' it for the kids." This public event had teams registered for the price of \$30 each to compete in a tournament. All the proceeds went to the Boys and Girls Club in Richardson, Texas. Not only that, but the winner of the tournament received a donation to a charity of their choice. Needless to say, the entire Chapter is excited about the impact this event had on the community around us.

Over the summer, we won the Outstanding Alumni Newsletter Award, an award that distinguishes our Chapter from the rest because of the quality of our newsletters in Fall

**Creating a Better Future with Human Connections**

Taimur "Timmy" Iftikhar, Alpha-Chi 2020, studies Data Analytics and Economics at Ohio Wesleyan University, where he is in his junior year. Over the summer, Timmy interned for a non-profit organization called Human Connections in Bucerías, Nayarit, Mexico. Human Connections works with local artisans, each with a unique product that they produce. He was awarded grants from Ohio Wesleyan University to travel to Mexico and work with Human Connections.

"As an intern, I worked on two different projects; the first project was designing a framework for Human Connections, and the second was a community consulting project where I worked with a local artisan to help develop and expand her business. These products include things like jewelry, authentic carpet, and even food that is intrinsic to Mexican culture.

Seeing how intricate the work of artisans in Mexico is became a real benefit to me. Before this internship I did not truly value the work people did to sell goods on their own in a farmers market or on the streets. It has been quite an experience to realize the work that these people have to do to make their products.

Another thing I realized is the importance of responsible tourism. Quite often when we travel we forget the damage and the economic impact we are bringing to the place we are traveling to. We pollute the area and spend vast amounts of money buying stuff from big businesses. What we do not realize is the environmental damage we cause to the place and how these big businesses have a monopoly over locals, which leads to small businesses closing. After this internship, I will make sure that wherever I travel I take care not to pollute the place and to spend time looking at local businesses."

2017 and Spring 2018. As the Zeta of this Chapter, I am of course really happy with this result. It's really important to note that several members of the Fraternity also made key contributions to the success of these newsletters, and in that effort showed how we function as a Chapter.

All-in-all, I am extremely excited for the future of this Chapter in the coming week, month, year, and decade. I feel that we have definitely drawn up a great blueprint for success, and what the future holds is based on our execution of the instructions that blueprint holds.

**Brothers participated in the MS Walk back in April to benefit the National Multiple Sclerosis Society. The community's combined effort raised more than \$70,000**

The **Lambda Theta Chapter at University of Massachusetts Dartmouth** has had a great year. Though many Brothers were lost to disaffiliations at the beginning of the year, our Chapter was not hesitant to fill in the positions those Brothers held. It was intimidating at first, but many of our Brothers stepped up and took on a position, truly growing as an individual as the year progressed.

Something I'm particularly proud of this year is our success in participating in the MS Walk. The MS Walk is a national fundraiser whose goal is to end the life-changing condition known as Multiple Sclerosis. Brother Kyle Gagne set up our participation in the event, and we managed to raise over one-thousand dollars. It was truly inspiring to see the things we could accomplish working together as a Chapter.

In addition, this year we held one of our most successful Alumni events. We call it the "Alumni Games", where Alumni from the Chapter come and play a few sports

against the current Chapter. Per usual, the Chapter lost to the much stronger and older Alumni, however we had a great showing from both our Chapter and the Alumni alike. It was the perfect time for new Brothers to meet Alumni and bond with them over common interests.

Overall, this year has allowed our Chapter to grow and mature as a part of Chi Phi. Brothers appear more motivated than ever to work towards bettering both the Chapter as well as themselves. Our newly initiated Brothers show a lot of ambition and truly want to dive into the responsibilities of being a Chi Phi. I am excited and honored to witness these changes, and cannot wait to see what the future years of this Chapter hold in store.

### **Fraternally, Dylan Tocci Zeta of the Lambda Theta Chapter**

The fall term is well under way at **Arizona State University**, and when looking back since spring, it is clear that we have accomplished many things here at the **Rho Theta Chapter**. First, we now have an on campus Chapter House. This is something that even last year, we wouldn't have even thought was possible. The house, with letters on it, allows us to represent ourselves. Now, we finally have a place to all gather, hangout, and even hold philanthropy events.

During the spring semester there were a lot of activities that our Chapter took part in. The most fun was the Brotherhood retreat. It took place in Show Low, Arizona. It allowed us to get to know each other better. We also participated in many philanthropies where we competed in sports and other activities to raise money for certain charities.

Next, fall recruitment was a great success. We ended up with thirty-two New Members. It was great to meet all the new future Brothers whom we will share our college experience with.

A few of the Brothers also have achieved great things in the past year. For instance, Brother Jared Hoerle, Rho Theta 2021, was just added to the roster of the Arizona State's Division 1 Men's Hockey team.
