To Our Brothers & Friends,

It is with great pleasure that we present the Fall 2019 edition of The Chi Phi Chakett. We hope that you enjoy reading and catching up with Chi Phi across the country.

At the 154th Congress in Indianapolis, our Brothers had the unbeknownst privilege of celebrating one last time with our dear Brother George MacDonald, Kappa Delta 1971, Iota Zeta 1989, Eta Theta 2011. George entered Chapter Eternal on September 10, 2019, after a remarkable forty years of dedication to our Fraternity. The impact which he had on both our Brotherhood and on individual Brothers throughout the years is immeasurable.

It is most fitting that this Congress also marked the beginning of the Educational Trust's Men of Virtue Campaign, a name and with a goal befitting of a Brother like George. With the Campaign's establishment of the Men of Virtue Fund, the Trust and our donors make available a pool of unrestricted funds to benefit educational programming, history and heritage preservation, and scholarships. The Fund supports the very programs and initiatives that George held in high regard as the backbone of Chi Phi and the meaning of Brotherhood.

Chi Phi's Men of Virtue have taken many forms over the years. From the first Administrator of NASA T. Keith Glennan, Omicron 1927, and Olympic Gold Medalist Greg Barton, Alpha-Tau 1983, to men like you, these Brothers have populated every field imaginable throughout our two centuries of existence. Artists, educators, politicians, athletes, soldiers, and scientists alike have all made their mark on Chi Phi and the world.

With our October 1 goal of raising \$60,000 for the Fund come and gone, we have been blown away by the response. One hundred of our Brothers, Friends, and partners came together to raise over \$69,000 as Founders of the Men of Virtue Fund.

These Founding Donors help to carry on George's legacy as we continue to promote that which was most dear to him; the betterment of our Brothers and promotion of Brotherhood. He knew, like many of you, that education about our heritage, risk management, and social responsibilities is key to ensuring the longevity of our Fraternity and the continual existence of each Chapter across the country.

It is our honor to dedicate this issue to George, a true Man of Virtue.

Faternally,

Robert K. Walker, Iota Delta 1970

Congress Recommits

TO SAFETY

This summer, I was fortunate enough to be part of a redefining moment in Chi Phi’s history. As a Voting Delegate for the Rho Delta Chapter at the 154th Congress in Indianapolis, I was slated to be a part of the Member Education Committee and was then elected to be the Chairman by the other undergraduate Committee members.

We were given the task of reviewing Chi Phi’s Personal Safety Policy and either editing it, or drafting a new document to bring Chi Phi up to date with NIC guidelines and other national fraternities.

The Fraternity’s Associate Director of Risk Management, Ryan Lugabihl, spent time with myself and the Committee carefully going over two new proposed documents. After much discussion and debate about how to properly address our

future, the Committee voted to propose the “Chi Phi Risk Management Policy.”

Despite a small hiccup involving a necessary change to our National Bylaws, Congress voted unanimously on Sunday morning to adopt the new Policy. This was a great relief to myself, after I stayed up a few hours later than most the night before the last congressional session, checking and double checking our motion, reading over our national bylaws,

and brainstorming answers to every possible point of inquiry.

The most striking change in this new Policy over our previous one is the prohibition of hard liquor on Chapter premises and at Chapter events, unless being served by a licensed and insured third-party vendor. This has become a step every NIC organization has made in an effort to prevent rapid intoxication at Fraternity events, and is one which has proven successful.

Other changes of note include the explicit inclusion of Alumni and Alumni organizations in the Policy, making it clear that even after graduation, our standards have not diminished.

I am proud of the efforts that Congress and Chi Phi have made to ensure the continued safety of our Brothers and Friends, and I look forward to the year to come.

Iota Delta Brother, Paleobiologist, Receives 2019 Cronkite Award

Since its establishment in 1990, the Walter Leland Cronkite, Jr. Award has been granted by the Grand Council to only nineteen Brothers whose humanitarian, social, or political achievement benefitted our country, educational system, or society. A governor, civil rights activist, Hollywood producer, US Senator, and Cronkite himself are among those honored these past three decades.

More than forty Iota Delta Brothers and their guests made a special appearance at the Congressional Banquet on June 22 to honor Chi Phi's nineteenth recipient: Ronald L. Richards, Iota Delta 1971.

Brother Richards is the first paleobiologist to be honored with the Cronkite Award. Since 1980, he has worked in various capacities with the Indiana State Museum in Indianapolis, working the way up to his current role as Senior Research Curator of Paleobiology. Among fifty-five years of experience with excavations are no fewer than

fourteen recoveries of mastodon fossils throughout Indiana.

In addition to his prolific fieldwork, Brother Richards has written extensively on Ice Age fauna with thirty works for the Indiana Academy of Science and seventy for other organizations, universities, geology clubs, and civic clubs in the state and nationwide. He has also served as a Grant Reviewer for the National Geographic Society and the National Science Foundation.

He has long credited his Chi Phi Brothers with fostering a love of

excavation when they explored caves near Indiana University's campus together. During his acceptance speech at the Congressional Banquet, Brother Richards recounted the adventures with his Iota Delta Chapter Brothers, many of whom were present to celebrate him. Through a career rooted in research and a commitment to better understanding of the world which once was in order to educate those around him, Brother Richards has displayed the Values of Chi Phi and a True Gentleman.

Brother Richards tapped into his caving side during his acceptance speech, wearing a headlamp throughout.

Please join The Chi Phi Educational Trust in recognizing our 2019 scholarship recipients.

Through the generous support of Brothers, Parents, and Friends of Chi Phi, the Educational Trust awarded a total of thirty-four (34) undergraduate and graduate scholarships. Monetary amounts of up to \$2,500 were granted to Brothers, both at the undergraduate and graduate levels. The scholarships are designed to be used toward tuition and/or any other educational expenses as needed to help these men achieve their inspiring academic endeavors.

It is impressive to note that this year's scholarship winners have declared majors in a variety of fields, including pre-med, computer science, biology, engineering, economics, finance, and business. Nearly all have or are currently serving as Chapter Officers as well as serving in various leadership roles within other organizations on campus. Many of the recipients have also logged a respectable number of community service hours with national and local organizations, while also having begun their professional journeys through summer internships and employment.

All scholarship applications are evaluated in the areas of: Grade Point Average, Leadership and Involvement, Community Service, Personal and Professional Aspirations, along with multiple letters of recommendation from professors, employers, and advisors. The Chi Phi Educational Trust Board of Trustees, Scholarship Committee, and National Office Staff take pride in recognizing the following Brothers who truly exemplify the values of Truth, Honor, and Personal Integrity:

Dear Chi Phi Donors,

I am writing to thank you for your generous donations to the Chi Phi Educational Trust. I am honored to be one of the recipients for a scholarship from the Trust toward my graduate studies.

This past May, I graduated from Rensselaer Polytechnic Institute (RPI) where I received my bachelor’s degree in biomedical engineering and mechanical engineering. In my first year of undergraduate studies, I joined the Theta Chapter of Chi Phi. Being a Brother of Chi Phi has been one of the best decisions I’ve made because it has helped me become acquainted with RPI, grow as a leader, better myself as an individual, create a network of esteemed people around the world, and form lifelong bonds with so many outstanding young men. The Brotherhood in Chi Phi is so amazing; during one of my semesters, I studied abroad in Sydney, Australia, where I constantly stayed in touch with my Brothers from RPI and met people from other Chapters. Nationally, each Chapter of Chi Phi has made so much progress in their own ways and I’m proud to read about the success of my fellow Brothers with all their endeavors.

Soon, I will be pursuing my master’s degree in biomedical engineering with a focus in bioimaging from the Swiss Federal Institute of Technology (ETH Zurich). I plan to work in the medical diagnostics field through the development, repair, and training of hospital imaging machines to help ensure early diagnoses of various ailments in a nonharmful and accurate way. Thanks to you, I will be able to help pay my tuition so that I can focus more on achieving my goal.

Because of your donations to the Chi Phi Educational Trust, students like me are able to lighten the financial burdens of higher education and we can concentrate on our academics and extracurricular involvement in Chi Phi. Thank you so much for your dedication to the Brotherhood, and I hope to one day help other Chi Phi students achieve their goals as you have helped me.

Sincerely,

Peter D’Almeida, Theta 2019

SCHOLARSHIPS

CHI PHI CHAKETT | FALL 2019

“Without Chi Phi, without my Brothers providing me with unconditional support to chase my dreams to create positive change in this world, without the numerous opportunities for

involvement in my Chapter, and without the core ideals that guide this organization as a whole, I would not be someone capable of pursuing my wide array of commitments.

Therefore, one can only imagine my complete and utter excitement in learning that this Brotherhood that I hold so near and dear to my heart had decided to even further help fuel my personal development. The extent of my gratitude is immeasurable, and I wish to assure the wonderful donors of the Chi Phi Educational Trust that their generosity is not only something I will hold with me for the rest of my life, but that I will ensure is used to make better the lives of people everywhere, especially those of my Brothers.”

- Akhil Mahant, Rho Theta 2022

“In my studies often times I’ve been told “No, you can’t study Actuarial Science and Pre-Medicine; they don’t fit together.” However, this scholarship means that I have support

that believes in my dreams and believes in my passions. Receiving this scholarship gives me hope that I can make change in the world, that I can be a more aware citizen, and a more able person who strives to repair what needs to be fixed. Thank you for your continued support and generosity.”

- Evan Schumacher, CMU Colony 2020

“As a Chi Phi Brother of the Phi Lambda Theta Chapter, I have carried the values of Truth, Honor, and Personal Integrity in everything I do. I believe that our Chi Phi values are

significantly aligned with my professional and personal goals as they guide me in the decisions and goals I make. Being a Chi Phi Brother means that I will always live my life striving to promote the values of Chi Phi, and for the understanding of a universal bond amongst all of us regardless of our background: no matter where we come from and no matter how ordinary we may be, we have extraordinary potential to become who we really want to be. Thank you for supporting me to reach my fullest personal and professional potential. Thank you for the generous support.”

- Carlos Flores, Phi Lambda Theta 2014

“Your generous donations of time, money, and wisdom to our Chapters each and every year helps to ensure that our historic Brotherhood can “achieve the victory of continual

existence.” Beyond the scholarships are the diverse and immersive educational programs that you all help to fund. From having the opportunity to represent the Psi Zeta Chapter at Congress to the Regional Ritual Retreats where I received a comprehensive look at the history and secrets of our Fraternity, each of these events has taught me to be a better Brother, better leader, and better man. By providing resources for students, like myself, to excel as leaders, students, and emerging professionals, your dedication toward our mission of “building better men” shines above all.”

- Harrison Hicks, Psi Zeta 2020

“This award is another example of just how much this Fraternity has given me in such a short amount of time. In less than three years, Chi Phi has provided me with support, connections,

great memories, and most importantly, true friendships that will last a lifetime. Even before being selected for this scholarship, this Fraternity has meant a great deal more to me relative to many others, especially Brothers who had grown up in Virginia, given my circumstances. It gave me a new home, and a new family that truly cares about me and wants me to succeed. This scholarship is even more evidence of that, and I am truly beyond appreciative of the donors and their trust in me to exemplify what it means to be a brother of Chi Phi every day until my last.”

- Austin Rule, Alpha 2020

“I am grateful to use this gift to continue to become a better man through Chi Phi as the Rho Delta Chapter’s Iota [Recruitment Chairman]. I hope that I can give back to this Fraternity by seeking

out potential New Members who will eventually find what I found in my first year as a Brother of Chi Phi— a fraternal bond. I believe it is through this relationship that Brothers are able to give back to this Fraternity so selflessly and in this sense, I too wish to bless someone with the experiences that Chi Phi gives its Brothers just as the donors of the Trust have blessed me with this scholarship.”

-Tyrell Snagg, Rho Delta 2023

"I would like to thank you for the opportunity to receive the Chi Phi Educational Trust Scholarship! Over the past couple of years as a member of the Chi Phi Fraternity,

I feel that I have been afforded the opportunity to grow greatly both as a student and as a person. Through the positions I have held, I have also been given the opportunity to better myself. As Steward of my Chapter, I have learned professional skills, such as being the liaison between the Brotherhood and our chef, as well as organizational skills both for day to day upkeep of our kitchen as well as larger events. As Chapter Zeta I have also been able to work on my ability to coordinate events with the entire Brotherhood. Being Zeta has been particularly rewarding for me because it has allowed me to pass on much of the tradition and history that binds everyone in Chi Phi together. Once again, I am very thankful to the Chi Phi Fraternity as a whole for all the growth it has allowed me to achieve personally, scholastically, and professionally."

—Calvin McKay, Mu 2020

We would also like to take a moment and offer a heartfelt thank you to our 2019 Scholarship Review Committee. The Educational Trust could not award these scholarships without your generously given time and dedication to ensuring that each application is reviewed thoroughly. So, once again thank you to not only our Scholarship Review Committee but also all of our generous donors for embodying the essence of what it truly means to "Build Better Men."

25 BROTHERS

GAIN CHI PHI'S OLDEST HONOR

Congratulations to our 2019 Sparks Memorial Medal recipients! These twenty-five men represent some of Chi Phi's top scholars. First awarded in 1925, the Sparks Memorial Medal is named for Edwin Erle Sparks, Alpha-Chi 1884, Iota 1884, and is the Chi Phi Educational Trust's oldest honor.

Awarded annually to the man in each Chapter with the highest academic standing, the Sparks Medal is a truly unique Chi Phi relic, incorporating representations from each of our three Founding Orders. The ribbon of scarlet and blue is symbolic of the ribbons affixed to charters issued by the Hobart Order. The medal itself is an embossed replica of the Princeton Order badge and bears the swords and stars emblematic of the Southern Order.

Brother Sparks proved himself to be a true Man of Virtue throughout his years as a Chi Phi and his professional career. He was an Initiate of our Alpha-Chi (then the Chi) Chapter at Ohio Wesleyan University, and after transferring to The Ohio State University, became a Charter Member of the Iota Chapter.

His life after graduation became dedicated to education; he received graduate degrees from Harvard University, University of Chicago, and Lehigh University. During his tenure as a professor of history and dean at the University of Chicago, he was selected to lead Pennsylvania State University as president in 1908. He served in that capacity until 1920, leading Penn State through a period of great growth and its transition as a military encampment throughout World War I.

His service to Chi Phi as well knew no bounds. He served as Grand Gamma in 1886-1888, Alpha of Congress in 1921, and as Editor of The Chakett from 1922 until his untimely death. While Editor, Brother Sparks visited each Chapter at least twice. Apparently still not satisfied with his commitments after his retirement, he proved to be critical to the founding of our Alpha Delta Chapter at Penn State in 1924, mere months before he entered Chapter Eternal.

The men receiving the 2019 Sparks Medal have carried on Brother Sparks's reputation as a Man of Virtue and as men dedicated to their education.

TO LIVE IN RITUAL

Over my year and a half as a brother of Chi Phi, I have experienced the "Xi Delta" way of daily life. Since becoming a New Member, I have had an interest in learning more about our Fraternity and not only what makes me a Xi Delta, but what makes me a Chi Phi. To me, the New Member process was only a glimpse into what this Fraternity is and what being a Chi Phi means.

This was the first year I was able to attend the Regional Ritual Retreat (RRR) and it has shown me a lot about being a Chi Phi, what it means to "Live in Ritual," and how to live up to our Values of Truth, Honor, and Personal Integrity. During the RRR at Oglethorpe University, I was able to learn some of the finer details and symbolism involved in each of our Rituals. My Chapter Brother Dalton Gadapee, Xi Delta 2022, and I even took home some needed Ritual equipment for Xi Delta.

We were also able to meet Mark LaRue, Iota 1982, who wrote The Creed of Chi Phi, and Brothers from other Chapters who showed me what living in Ritual meant to them. Truly, the hand of Brotherhood was extended to me. All of this has inspired me to begin the Chi Phi Goliard process.

Although it may be subtle at times, the way Brothers perform and live Ritual can change a lot about a Chapter. As Brothers, it is our duty to uphold our Ritual and live by our Values to improve ourselves and show others why Greek Life should remain intact. Yet, I know how hard this can be. And that's why the experiences at Regional Ritual Retreats and other programs where Brothers

can learn more about the importance of our Ritual and Values are so important. I encourage each of my Brothers to take a look at our Rituals or history and reflect on what it means to you.

Just as you must feed a warm fire to keep it going, we as Brothers must fan the flame of Chi Phi in our hearts so it may last forever.

Brothers McDougall, LaRue, and Gadapee at the Southeast RRR at Oglethorpe University. Brother LaRue gave a talk on his inspiration for writing our Creed and how its elements still hold true to this day.

Several weeks after Oglethorpe RRR, the Northeast RRR at Lehigh University had eighteen Chapters represented from as far as Texas and the West Coast.

A Unique Event in Chi Phi History

An event several years in the making, the Fraternity is excited to share the news that a new edition of the Three Star Book containing our Ritual is slated for publication in 2020!

This is a truly unique time in Chi Phi history, as there have only been several updates to the Three Star Book since it first appeared in a printed edition in 1902. With the recent introduction of expanded Ritual education and the Regional Ritual Retreats, the timing for a new edition could not be better.

In order to allow our Brothers to efficiently perform each of our Ceremonies, we plan to issue six copies of the Book to each Chapter. By providing them with the resources they need, we hope to see each Chapter grow in the spirit of Brotherhood.

Grand Zeta Matt Scheller, Psi 2007, has established a program in which you can immortalize your name in Chi Phi history by helping to fund the printing of the new edition. You can even receive your own, special edition copy as a donor.

To learn more about the new edition of the Three Star Book and immortalizing your name in Chi Phi history, contact Brother Scheller at scheller@chiphio.org.

GRAND REVELER

CHI PHI CHAKETT | FALL 2019

Remembering **THE GRAND REVELER**

On September 10, 2019, an era of Chi Phi history came to a close. Former Grand Eta and a truly great Chi Phi, George MacDonald, Kappa Delta 1971, Iota Zeta 1989, Eta Theta 2011, entered Chapter Eternal peacefully in hospice care after a long and valiant battle with cancer.

Few – if any – Greek organizations are as fortunate as Chi Phi to have had a man so knowledgeable and passionate serve as chief legal counsel. In his unprecedented sixteen years of service as Grand Eta, George set into motion policies and practices that still guide our Fraternity to this day. Under his tutelage, our Fraternity always had a man of fierce intelligence to guide us through the often-choppy waters of modern fraternal existence. From his ideas regarding insurance, to his forward-thinking approach to risk management, George benefited his Brothers in ways that most will never fully know.

But most importantly, George was the living embodiment of our Fraternity's unwritten motto. Whether you had known him for forty years, or had just met him for the first time, you were sure to be greeted with his sly, infectious smile, and a hearty handshake. By many, he will perhaps be remembered best as "The Grand Reveler" for his persistent good spirit and constant reminders that we are, after all, a social organization.

For four decades, Brother MacDonald dedicated himself to our Brotherhood in a multitude of roles, both on the local level and on the national stage. His Chi Phi "career" began with his Initiation into the Kappa Delta Chapter at University of Rochester in 1968. He was instrumental to Kappa Delta's return to campus in 1987 and served as an officer of the Alumni Association for many years.

Brother MacDonald's desire to drive Chapters to succeed was not limited to his own; when the Iota Zeta Chapter at George Mason University was Founded in 1987, he stepped in as an Advisor without hesitation. He did the same for the Eta Theta Chapter at University of Maryland, College Park in 2003 and helped establish the Sigma Theta Chapter at Towson University in 2015. He was also an avid proponent of the College of Excellence and served as a faculty volunteer throughout the 1990s.

Working with our undergraduate members was not the only way he defined himself throughout the years, as Brother MacDonald also found himself a driving force behind the National Capital Chi Phi Club in Washington, DC, just one of the ways which he ensured his Brothers had a social outlet. The Club today remains one of Chi Phi's longest standing and most active.

His presence at Chi Phi events across the country and his vast knowledge of the Fraternity did not go unnoticed; during the 1994 Congress in Rochester, the Delegates elected George

as Alpha of Congress. This would prove to be just the first National role he would take.

In 1997, Grand Alpha Jeff Velis, Alpha-Tau 1986, appointed Brother MacDonald to his first term as Grand Eta. The following two decades, much of it spent as the Fraternity's number two man, saw his service on the Grand Councils of four additional Grand Alphas: Steve Runkel, Omicron Delta 1975, Mu Zeta 1991; Ron Frank, Nu Delta 1983, Iota Zeta 1989, Delta Zeta 2000; Jim Soderquist, Alpha 1967, Epsilon 2014; and Bob Walker, Iota Delta 1970. Most recently, he served as a Member-at-Large from 2017 until his passing.

Throughout the changing times in Greek Life, Brother MacDonald always kept a level head and held Chi Phi on a steady course. When times changed and liability insurance became nearly impossible for fraternities to obtain, it was George who helped shepherd Chi Phi into the coverage we still use today. Suffice to say that his actions at that time helped protect our Brotherhood and our Brothers from a great deal of hardship.

The Chi Phi Educational Trust also found Brother MacDonald an invaluable resource and leader throughout his lifetime. In addition to serving as the Trust's Legal Counsel while Grand Eta, Brother MacDonald served as a member of the Board of Governors, as a Trustee, and as Treasurer. His leadership throughout a tumultuous time in the economy greatly contributed to the Trust's continued success.

He was always eager to lend an ear and advice to any Brother in need, no matter who or when, and his drive to work alongside our undergraduate Brothers to promote their health and safety was always at the forefront of his mind. In that spirit, in 2017 the 152nd Chi Phi Congress voted unanimously to establish the George M. MacDonald Risk Manager of the Year Award in his honor. This is just one tangible way in which George will be memorialized within our Brotherhood.

The true embodiment of a Gentleman and a Chi Phi, Brother MacDonald will be missed by all.

George's support of Chi Phi began at Kappa Delta in 1968 (right, in scarlet) and extended well beyond his college years.

FRATERNITY ROLLS OUT NEW PARTNERSHIP PROGRAM

Chi Phi is excited to announce that an undertaking by Grand Delta David J. Ebner, Delta Zeta 2008, has met with fruitful results. Brother Ebner has worked diligently to partner with corporations across the country to become our Fraternity's preferred vendors in an ongoing effort to increase non-dues revenue.

Our preferred vendors represent a wide array of industries, and each offers its own benefits to our members.

These partners have stepped up to help the Fraternity in our efforts and are our first partners in the new program. Although you are welcome to use any licensed vendor for these services, Chi Phi receives a higher royalty payment when we patronize these great partners.

Please consider them when you are shopping for services for your Chapter; each dollar spent with them means less dependence on our dues-based revenue.

We are especially thankful for these four companies which have signed a partnership deal with Chi Phi for the next year:

WE BELIEVE IN MEN OF VIRTUE.

As Greek life has evolved throughout the past two centuries, Chi Phi Fraternity has remained resolute in our mission to **Build Better Men**. Chi Phi's success and advancements in recent decades can be attributed to our uncompromising commitment to the words of the Chi Phi Creed that have guided generations of Brothers to live by the Chi Phi Way. Chi Phi's Creed is a constant reminder of our Founders' vision, values and principles that served as the foundations from which Chi Phi Fraternity and Chi Phi Educational Trust was built.

Although the Educational Trust was initially established to raise support for our scholarship program, the Fraternity has since evolved over time and has faced various turning points within this past century. Brothers, Alumni, family, friends and companies answered the call to help fellow Brothers, Chapters and Colonies in those times of need through gifts donated to the Educational Trust. The generous and unrestricted gifts

have helped the Educational Trust sustain funding for our scholarship program and also expand our support of new Chi Phi educational resources throughout the years.

Our Fraternity has reached a pivotal turning point today that may perhaps be our most defining moment yet in Chi Phi's history. Social fraternities continue to encounter unrelenting scrutiny and challenges on campuses across the country while undergraduate and graduate students currently face tremendous social, mental, academic and financial pressures that can negatively impact their college experience and their futures. Chi Phi's active members, Chapters and Colonies must navigate these challenges together as they strive to rise above the current climate. Our Fraternity's future is now at a crossroads, and it requires our attention as Brothers. Chi Phi will prevail as a leading social fraternity, despite the present-day culture we are immersed in, if we are prepared to answer

the call of our Brothers' needs once more through the provision of resources, training and support that will help them thrive as students and as global citizens.

WE BELIEVE that a stronger Chi Phi shall be our reward.

In response to the current challenges Fraternities face, including Chi Phi, the Educational Trust partnered with the Chi Phi Grand Council leadership to identify our Brothers', Chapters' and Colonies most pressing educational needs today. As a result, and in alignment with our Creed, the Educational Trust established the Men of Virtue Fund. The Men of Virtue Fund is reflective of the Educational Trust's renewed vision and educational priorities for our annual fund as Educational Trust Chairman and Men of Virtue Fund founding donor David L. Skelton, Omega 1980, further explained, "The educational needs of our Brothers and Fraternity today are extensive. The Educational Trust recognized that the development of a collaborative, comprehensive strategy was imperative to understand how we could best help and convey these priorities to our donors, Brothers and the larger Chi Phi community. Together, we have the opportunity and collective capability to support new and future generations of Brothers as they seek to become better students, leaders and citizens through Chi Phi's educational programs and initiatives. Increased unrestricted support from our Brothers and donors will provide the financial resources needed to sustain and enhance these programs in the years ahead, which will ultimately strengthen our Fraternity."

The Educational Trust was honored to announce the launch of our Men of Virtue Fund inaugural campaign at the 154th Congress this summer. As part of the launch, Educational Trust Chairman Brother Skelton outlined the Educational Trust's priority initiatives that will benefit from gifts made to the Men of Virtue Fund including leadership education programs, leadership travel grants, scholarship awards, staff resources as well as history and heritage programs.

Leadership Education Programs

The Educational Trust firmly believes in supporting our Officers' and Brothers' participation in Chi Phi's leadership education programs by ensuring that these programs are offered to our Brothers at no cost to them, with the exception of travel expenses. Transformative leadership programs, such as the Regional Leadership Alliance and Alphas and Thetas Academy, are at the forefront of helping equip our Brothers with relevant training sessions as well as mentorship and networking opportunities that will further empower our Chi Phi members

as they lead each Chapter and Colony. These programs provide the necessary guidance, counsel and connections that benefit so many of our Brothers as emerging leaders, students and citizens, and it is an experience that our Brothers will carry with them long after graduation. The impact of these programs is not only evident through our Brothers' compelling experiences as participants, but also through the record-breaking program attendance figures that are reported each year. Unrestricted gifts made to the Men of Virtue Fund will support the Educational Trust's efforts to meet the increasing demand for these programs that help our Brothers advance as leaders and strengthen our Chapters and Colonies.

Leadership Travel Grants

While Chi Phi hosts leadership education programs throughout the country and in cities that are centrally located, our Brothers must often travel in order to participate in these programs. When possible, our Brothers' own Chapters and Colonies will pay for travel expenses related to these programs, if they have the budget to cover these expenses. When a Chapter or Colony does not have the funds to cover travel fees, Brothers are faced with covering these significant expenses themselves. The Educational Trust is proud to offer leadership travel grants for Brothers who need financial support to help pay for these specific travel expenses through an application process. To date, all of these grant requests have been met. As participation in our leadership education programs increases, however, our Brothers' travel expenses will increase as well, and we

recognize that not all Chapters and Colonies will have the funds in the future to cover these fees. Unrestricted donations made to the Men of Virtue Fund will support the Educational Trust's leadership travel grants; ensuring that we eliminate any financial barriers that would prevent our Brothers from participating in Chi Phi's leadership education programs.

Scholarship Awards

Since our founding, the Educational Trust has always valued the opportunity to recognize our Brothers' academic achievements, leadership, service and contributions to our Fraternity through our scholarship program. Merit-based scholarship awards remain one of the Educational Trust's top funding priorities to this day. Tuition rates have increased more than 150% in the last 30 years and student debt is at an all-time high. Many of our undergraduate and graduate Brothers and their families carry a heavy burden in paying for their college education, at times taking on more work and making sacrifices to cover these expenses. Now, more than ever before, our Brothers need scholarship support.

The Educational Trust is uniquely positioned to help provide financial relief from high tuition bills and textbook fees while recognizing our Brothers' accomplishments through our own scholarship program. Our current scholarship awards range in monetary value starting at \$1,200 up to \$2,700. For many Brothers, an Educational Trust scholarship award can mean the difference between spending more time working one or two jobs outside of their school commitments and, instead, dedicating more time to their studies and their service through Chi Phi. For other Brothers, an Educational Trust scholarship award often helps reduce the size of their student loan debt. Ultimately, every Educational Trust scholarship recipient is positively impacted by our scholarships and the message of

genuine support that each award represents.

In light of the mounting financial pressures that our Brothers currently face as college students, there is an unprecedented need to increase our scholarship funding in the months and years ahead. While we are grateful for the sustained support that has helped fuel our scholarship program in previous decades, the Educational Trust is currently limited in the number of applicants we can support each year, due to funding needed for other educational priorities. At this time, the Educational Trust can only award scholarships to approximately 20% of our applicants each year. Through additional, unrestricted gifts made to the Men of Virtue Fund, the Educational Trust will have the capacity to increase the number of scholarships that we award to our deserving Brothers each year.

Staff resources

Chi Phi Fraternity staff dedicate countless hours and resources that guide our Chapters and Colonies, and at times, help them forge new paths when they are met with difficult and serious challenges. Chi Phi leadership consultants provide a wealth of support and counsel to Chapter and Colony Officers and Brothers, oftentimes visiting to offer onsite training and mentorship for Chi Phi Officers and members. Chi Phi staff also lead the planning efforts behind all of Chi Phi's educational programs that help fulfill our mission and instill Chi Phi's values within all of our Brothers. As Chi Phi's membership grows and our Chapters and Colonies press on, despite complex campus cultures, the Educational Trust acknowledges that an accessible team of Fraternity staff members is paramount to our Fraternity's future because of the educational resources that they continually provide our Brothers, Chapters and Colonies. As the driving force behind our Fraternity, unrestricted support raised through the Men of Virtue Fund will help support the efforts of Chi Phi staff as they work towards strengthening the bonds of Brotherhood within each Chapter and Colony.

History and Heritage Programs

Chi Phi has a storied legacy as the oldest social Fraternity in our country. As Brothers, our history and heritage initiatives remind us that our bond is strengthened by learning from our past as we pursue a brighter future for Chi Phi. In the words of Scholarship Committee member and Men of Virtue Fund founding donor Douglas Howie, Mu 1983, "Never forget where you came from. Once a Chi Phi always a Chi Phi until the very end."

The opportunity to better understand our Fraternity's evolution, accomplishments and Ritual is made possible through Chi Phi's distinguished Regional Ritual Retreat. Created

by a Chi Phi Brother more than four years ago and presented exclusively by Brothers and Alumni, the Regional Ritual Retreat is a compelling educational experience offered to our Brothers each year that deepens their understanding of Chi Phi and encourages them to live by the Chi Phi Way. Unrestricted gifts made to the Men of Virtue Fund will help ensure that the Regional Ritual Retreat continues in the future and that our Brothers may participate in this inspiring educational program at no cost to them, with the exception of travel.

Chi Phi has also made tremendous strides in the physical preservation of our past through an innovative digital archives project. The digital archives project is designed to protect and preserve more than 2 million Chapter documents, important relics and photos that are currently stored within the Greek Life Museum. While donors may allocate funding to preserve their own Chapter's collection, unrestricted gifts to the Men of Virtue Fund will help support the preservation of select national Fraternity documents and photos. These Chi Phi treasures will be featured as part of our Fraternity's digital database that will be accessible to current and future generations of Brothers, from anywhere in the world.

WE BELIEVE in the victory of continual existence.

Following the launch of the Men of Virtue Fund at Congress in June, more than 80 Brothers, Alumni, family, friends and companies have generously donated unrestricted gifts in support of the Fund's inaugural campaign. Together, these founding donors have contributed more than \$69,000 to date. It is evident through the donations received thus far that our Brothers, Alumni and Chi Phi community understand the significant needs of our Fraternity today, as expressed by Former Grand Alpha and founding donor to the Men of Virtue Fund Brother Richard Gilbert, Rho 1962: "Unrestricted gifts made to the Chi Phi Educational Trust need to increase to meet the growing number of educational priorities in our Fraternity. To that end, I chose to support the objectives of The Men of Virtue Fund with an unrestricted gift to the Fund."

In the months and the years ahead, unrestricted support will remain vital to our Fraternity's position as the nation's leading social fraternity. Our Brothers' access to expanded leadership education training, scholarship support, staff resources and our history and heritage programs will influence our Chapters and Colonies and will impact Chi Phi's future legacy. Grand Council member and Men of Virtue Fund founding donor Brother John Christian, Lambda 1980, further explained: "The Men of Virtue Fund supports targeted education programs which will help our

historic fraternity **Build Better Men**. That was the vision of our founders at Princeton 200 years ago, and that is a goal I embrace today. Our need for men of virtue in Chi Phi, in the modern era, is as great as ever. Our future as a college social fraternity is at stake. That's what motivates me to support this endeavor."

WE BELIEVE the hand of Brotherhood is always extended.

The Men of Virtue Fund's founding donors have provided a significant foundation of support for the most important educational needs of our Fraternity today. Building upon this momentum, the Men of Virtue Fund will serve as the Educational Trust's annual fund campaign; providing the Educational Trust an opportunity to continually highlight and raise unrestricted support for Chi Phi's educational priorities.

Our Founders sought for nothing less than the values that they established for the Brothers of Chi Phi and the Men of Virtue Fund offers an opportunity to uphold these values and honor the Chi Phi Creed as we continue to **Build Better Men** together just as Trustee and Men of Virtue Fund founding donor, Brother Ricardo Pérez, Theta Delta 1981 recently shared: "I see the focus of the Men of Virtue Fund campaign being on the core virtues expounded in the Chi Phi Creed for building "uncompromising values in Truth, Honor and Personal Integrity". It's a way for all of us to support these principles and virtues to ensure their legacy is sustained. I am proud to commit my personal support to the Men of Virtue Fund because these virtues unify us irrespective of Chapter or generation; they are long-lasting and are the primary bonds of strength of our Brotherhood."

WE BELIEVE in the future of Chi Phi.

Our Brotherhood continues with you. We invite you to consider joining your fellow Brothers and extending your own hand in support of our Brothers and our Fraternity's future through a gift to the Men of Virtue Fund. Gifts may be donated through the enclosed envelope or online at chiphio.org/donate.

Driving Toward a Promising Future

Despite the threat of inclement weather and a few intermittent rain showers throughout the day, players in the 9th Annual Watts Gunn Golf Tournament were not to be deterred. Chi Phi Alumni from across the country gathered at the Fort Golf Course in Indianapolis, Indiana, on June 20th to battle it out for the coveted Tournament trophy.

The day was filled with competitive enthusiasm, friendly banter, and a number of lost golf balls in various ponds throughout the course. Yet, through it all a team emerged victorious. Celebrating the win of this year's tournament were Dave Skelton, Omega 1980; Mike Dever, Eta 1978; Chris Shuler, Alpha Zeta 1984; and Blake Gober, Alpha Zeta 2004. Also not going home empty handed was Brother Jim Soderquist, Alpha 1967, who won a prize for both the "Longest Drive" and "Closest to the Pin" contests.

The highlight of the day, however, came later that evening as players and other esteemed Chi Phi Donors attended a reception at the NCAA Hall of Champions. It is here

that competitiveness was set aside and an environment of comradery was shared by all: Undergraduates, Alumni, members of the Educational Trust, Grand Council, and National Office Staff. After all, celebrating the Educational Programs that would continue to be supported for Chi Phi undergraduate Brothers to enjoy, such as Alphas and Thetas Academy and Regional Leadership Alliances, is enough to bring anyone together.

The Educational Trust would also like to offer a heartfelt thank you to all of our donors supporting and executing this event. It is with much gratitude that we recognize John Christian, Lambda 1980; Maclean Solutions; and OmegaFi. Thank you for your generous donation and continued support of the Watts Gunn Memorial Golf Tournament.

Golfers gear up before a slightly damp but enjoyable 18-hole round at The Fort Golf Course.

The Old Guard of the Mu Chapter held a reunion in Venice, Florida, this May. Seventeen Brothers and their spouses attended, ranging from the Classes of 1955 to 1970. There were a multitude of events throughout, but the best of course was their reminiscing and storytelling of their years at Stevens Institute of Technology.

Phil Abrahams, Nu Delta 2004, an Associate Ops Specialist with ESPN, received his second Emmy Award for his work with the network this year.

Dr. David H. Clements IV, Rho 2006, of Philadelphia was named to the list of Top Physicians Under 40 by the Pennsylvania Medical Society.

Kris Whitten, Sigma Delta 1970, a past Grand Eta and Trustee, and his 1968 Volkswagen Bug were previously featured in the Fall 2018 edition of The Chakett, and have since been picked up by the Wall Street Journal in its "My Ride" weekly column. This, of course, sparked an email chain among Sigma Delta Brothers who reminisced on the classics cars each of them used to own.

Dr. Jeff Hill, CPP, PMP, Omicron Delta 1982, Iota 1982, was named Payroll Man of the Year by the American Payroll Association.

Eddie Gruber, Nu Delta 2002, and his company OlsenCable.com began their first ad campaign as an "As Seen on TV" product in September.

Gary Konwinski, Kappa 1973, is celebrating twenty-two years of his "hobby" business, Quality Lapel Pins. With the help of his sons and wife, Brother Konwinski's business is now the largest promotional products provider in the Rocky Mountain Region.

Jason Ehrlich, Theta Delta 2009, founded Blue Sun Investment Group (bluesunig.com), a firm focused on commercial real estate assets. Brother Ehrlich now helps everyday investors get access to institutional-quality commercial real estate investment opportunities which may have otherwise been unavailable to them.

Dr. Chad Johns, Alpha-Chi 2002, was appointed to serve as Interim University Chaplain at Ohio Wesleyan University upon the retirement of Jon Powers, a Brother of the Alpha Sigma Phi Fraternity.

Dimitris "Moneyman" Magemeneas, Sigma 1990, has seen his social and leadership skills from his time at the University of Illinois pay off. His upcoming book on money management is due out in late November. In addition to his wealth management business, Brother Magemeneas is an Adjunct Professor at Cal State San Marcos.

Guy Seabrook Jr., Eta 1969, has written *In The Nam*, a novel based on a true story. A Chief Warrant Officer, Brother Seabrook flew spy planes for the CIA in Vietnam, Cambodia, and Laos, which gave him the inspiration for the work.

Alumni Brothers in Birmingham, Alabama, gathered each month this summer to celebrate Brotherhood and good times. Men from our Chapters at Alabama, Auburn, Clemson, Florida State, Florida, and West Georgia have all attended these events and hope for many more to come.

Lafayette Chi Phis Donate \$5,000

Thirty-two years ago, in 1987, the first group of us came together to form the "RhoBoys" Fantasy Football League in New York City. Our small group quickly grew into a twelve-team league.

It was not long after we began that a friend of **Dermot Murphy, Rho 1979**, joined us. A Sigma Chi from Bucknell University, **Craig Holland** quickly found himself the life of our party. He never was one to pass up a joke and quickly found his humorous writings much appreciated. Over time, we all grew to think of him as another Brother.

For the past fifteen seasons, we have met – and sat in our exact same seats – at Blondies Sports Bar for the draft (before Blondies, we generally weren't asked back for a second year).

2019 marks the third season of the League without Craig, who lost his battle with cancer in 2017. When Craig passed, we were left with deciding how best to honor the memory of a man who had lived such a life. We quickly decided that changing the name of our winner's cup to the Holland Cup was a must-do.

Sigma Delta Chapter Celebrates 50 Years at UC Davis

On Saturday, June 1, 2019, the Sigma Delta Chapter of Chi Phi Celebrated the 50th Anniversary of its Chartering at the University of California, Davis. A banquet that evening at Putah Creek Lodge was attended by 130 current members and Alumni of the Chapter. Informal gatherings in the afternoon at the Chapter house preceded the banquet and reunion. All told, some 700 Chi Phis have passed through the Chapter since its Chartering in 1969. The Chapter continues to be going strong, with about fifty Brothers currently on the rolls.

The reunion was a huge success. Aside from the opportunity to renew old friendships and acquaintances, Brothers came away with a renewed appreciation for what a significant force the Chi Phi Fraternity has been in their lives. How often do we get the opportunity to plant seeds that are still growing and flourishing a half century later?

Larry Magura, Sigma Delta 1969, Lambda 1969

in Memory of Bucknell Sigma Chi

That's when the League's winning team stepped forward with an incredible gesture; they donated their winnings in Craig's honor to CityLax.

Founded in 2005 by another Lafayette College graduate, CityLax brings lacrosse teams to underserved schools throughout New York City as a teaching mechanism for helping student athletes see the value of taking charge of their education, living a healthier lifestyle, and developing life skills for success.

The League victors in the last two seasons have followed through and given their winnings to CityLax as well. To date, the RhoBoys League has donated over \$5,000 to the organization.

The RhoBoys look forward to continuing our League and honoring Craig's memory for many seasons to come.

ALPHA-CHI CHAPTER AT OHIO WESLEYAN UNIVERSITY

The Alpha-Chi Chapter at Ohio Wesleyan University has been extremely busy this semester ramping up recruitment efforts with their eyes set on a large fall recruitment class. New and improved recruitment strategies were introduced when more than half of the Chapter moved into "The Oaks" early for a recruitment workshop run by John Fisher, Delta Pi 2013, from the National Office.

The recruitment workshop was a three-day event that really pushed our Brotherhood to think outside the box of more traditional and passive recruitment plans. Each session started with an icebreaker that pushed Brothers to not only challenge their comfort zone, but to also get to know their own Chapter better. These icebreakers also offered constructive insight on how to approach more direct recruitment methods. These ranged from brainstorming new ways to host more successful recruitment events on campus, to learning how to conduct a successful phone call to unaffiliated men on campus to set up one on one

meetings, to working with sororities to find Potential New Members. The Alpha-Chi Chapter has been able to put several of these new direct recruitment strategies into action.

One way that the Alpha-Chi Chapter has ramped up recruitment efforts is by working with sororities on campus. Our Chapter has sent representatives to meet with sororities to talk about how to improve the Chapter and to help build a new names list of men recommended by the sorority women. Our Chapter has also been able to host more one on one meetings between Brothers and Potential New Members. These meetings act as a way to gauge the interest of these men and as a way to get them to come to recruitment events. These new and active methods of recruitment combined with a slew of recruitment events point to hope of a larger New Member Class for the fall of 2019.

Fraternally,
Henry Tikkanen, Alpha-Chi 2022
Zeta of the Alpha-Chi Chapter

Derek Babbage, Alpha-Chi 2021, and Henry Tikkanen, Alpha-Chi 2022, met with the women of Ohio Wesleyan's Delta Zeta Chapter to discuss men on campus and hear their thoughts on some unaffiliated men.

ALPHA-PI CHAPTER AT IOWA STATE UNIVERSITY

Here at the Alpha-Pi Chapter, Chi Phi has flourished in multiple ways over 2019. Our Brothers have continued the tradition of being true gentleman in our philanthropic and community service efforts. The Chapter continued its commitment to community service by volunteering at numerous organizations across Ames. These include a food bank, picking up trash around the local streets, and at Reiman Gardens, the butterfly garden/ arboretum of the University.

Our Brothers single handedly raised over \$7,000 for Special Olympics of Iowa during the Polar Plunge Drive for Greek Week 2019, one of the highest totals for an organization on campus. This just goes to show the commitment our Brothers have to serving our community and raising money for causes close to our hearts.

We have also maintained the tradition of high academic standards among the Greek community. The Brothers' hard work resulted in a Chapter GPA of 3.18, good for 6th best among IFC fraternities. The improvement in GPA for our Chapter has been steady over the last two years thanks to multiple dedicated academic chairmen encouraging our Brothers to do well on tests and tutor other Brothers for academic prizes at the end of the semester.

While our academics have continued their tradition of excellence on campus, our Brotherhood has also grown in large part to our new housing facility just south of campus. As we moved into the house this August a group of sixteen men along with the help of our Advisors has transformed a beat up house into one of the nicest in the neighborhood. Our Brotherhood is stronger than ever as nightly dinners or volleyball games has cemented our love for the Fraternity and gives us all the warm feeling of what it means to be a Chi Phi.

This past year has been a long one for the Chapter but has made us grow stronger through any adversity thrown to us, ensuring in my opinion that the Alpha-Pi Chapter is here to stay on campus for decades to come.

Jacob Peake, Alpha-Pi 2021

IOTA DELTA COLONY AT INDIANA UNIVERSITY BLOOMINGTON

Undergraduates of Iota Delta with Brother White and residents of Indianapolis after working on a community garden in the city.

Iota Delta had the privilege of recolonizing at Indiana University in the spring of 2019! While hard at work to build both a sustainable and prosperous Chapter, we worked as well to serve our community to the best of our ability.

The Iota Delta Alumni Vice President, Jeremiah White, Iota Delta 2003, told our Colony about an opportunity to head north to Indianapolis to work on a community garden. Indianapolis has been ranked as one of the worst cities in the United States in regards to providing adequate healthy and locally grown food for its residents. These community gardens are targeted to generally low income urban areas in order to alleviate this lack of nutritious food for the community in question.

A number of Chi Phi members made the trip north to work on this garden. Luckily, it was a beautiful day for us as we met with some neighbors in the community and worked with them to develop a sustainable urban garden. These urban gardens have been getting a lot of media attention around the country and have done very well in serving their purpose.

In the coming months and years, Iota Delta looks forward to growing in membership but also in further participation in community service. We have a lot of motivated members who genuinely enjoy giving their time to those who are found in more unfortunate circumstances. We also look forward to maintaining the garden we started last spring.

PSI DELTA COLONY AT UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE

Last semester, the Psi Delta Colony at UNC Charlotte accomplished great things during our first full semester on campus. From our philanthropy and keynote speaker event we held last semester with the Gruver's coming to speak to our Greek life on campus about antihazing. We established a good footing and groundwork so far with our ambitions set high and so far, this semester has been no different.

We have kicked off our first fall semester with a great recruitment and philanthropy events. We pinned nine quality men who we cannot wait to welcome as Brothers later this fall. Whether it be our events or other Greek organizations, Brothers have been hard at work in the community. We've partnered with the Boys & Girls Club, getting Brothers out here to just spend the day with these kids and play with them makes all the difference. We've had multiple campus cleanups with other sororities and can't wait for our annual Pie a Chi Phi in November to raise money for the Second Harvest food bank.

Another thing we have been working to build even stronger is our Alumni connections. We have an amazing and supportive Alumni base that we have gotten to know most of over the past semester now. Our Alumni tailgate was an amazing opportunity to get some of the new guys out there and meet the men that came before them. From Alumni relations to philanthropy, what makes all this possible is Brotherhood and lasting friendships we have created so far.

SIGMA THETA CHAPTER AT TOWSON UNIVERSITY

The Spring 2019 semester was a time to remember at the Sigma Theta Chapter. We had the opportunity to welcome six men into The Brotherhood, and they have proven themselves to be a fantastic addition to the Chapter. Their impacts have been felt throughout the Chapter in multiple areas including community service, philanthropy, and Alumni events. One such event where they had a significant impact was Towson’s annual TigerTHON. The event was incredibly successful and raised over \$170,000 toward the Johns Hopkins Children’s Hospital.

I’m ecstatic to report that our Chapter received the National Award for Outstanding Alumni Event. On April 12, 2019, we hosted our first Alumni Crawdad Broil and it was an overwhelming success. The event had over fifty attendees, including multiple Alumni of the Chapter. This is the first time that we have won this award, and we hope to continue delivering outstanding Alumni events for our Chi Phi community. We would like to express our appreciation to **Ian McBride, Sigma Theta 2019**, for organizing the event and to **Emerson Schaeffer, Sigma Theta 2021**, and **Adam Berry, Sigma Theta 2021**, for using their culinary expertise to prepare the Cajun cuisine.

At the end of the semester, our Chapter installed fourteen Alumni. This graduating class included all but one of our Founding Fathers, so this was an important moment in our history. Fortunately, many of these new Alumni will be staying local to Towson, so they can continue attending Chapter events. We wish all of the new Alumni the best of luck in all of their future endeavors.

The Fall 2019 semester has started off very well for the Chapter. Our first four recruitment events attracted over twenty-five potential New Members, which is quite promising. We have multiple events planned throughout the semester including visiting the Eta Theta Chapter on November 2nd for the Michigan v. Maryland football game. We are all very excited to see how the rest of the term will turn out for us, and we look forward to reporting another successful semester.

In Scarlet and Blue,
Grayson Osborn, Sigma Theta 2019

Sigma Theta’s first major Alumni event was a major success and was even recognized during the 154th Congress.

RHO THETA CHAPTER AT ARIZONA STATE UNIVERSITY

In the city of Tempe, Arizona, the Rho Theta Chapter here at Arizona State University had a great spring semester to look back on. It was our first semester to have over 100 Brothers in the Chapter. As a senior here who joined the fall semester freshman year, seeing the Chapter finally break that 100-Brother mark was an exciting milestone to accomplish and be a part of.

Our Brothers put in a lot of work last semester when it came to our spring philanthropy. We hosted a week-long philanthropy that benefitted the Sojourner Center, which provides a safe haven from domestic violence for women and children. The philanthropy had several sororities participate, with fundraising events each day including penny wars and “Capture a Chi Phi,” where organizations competed to take the most photos with Brothers wearing letters all across campus. The main event of the week was a powderpuff football game on Thursday.

We were able to raise over \$3,000 for the Center and had a lot of fun in the process of doing so. Special thanks to Delta Gamma for being our winner last semester with their strong efforts, great participation, and generous donations along the way!

We look forward to another great year here at Arizona State University. The Chapter has plans to host our biggest philanthropy yet this year, and our strength in numbers as a Chapter continues to grow each semester. It is only forward from here for the Brothers in the Rho Theta Chapter, and we hope to hear great things from other Chapters across the country as well!
